Floor Amendment No. 1 to **HB 460**, by Representative LeMaster:

Amend printed copy of **HB 460** on page 24, after line 4, insert the following:

"Section 5. KRS 278.020 is amended to read as follows:

(1) No person, partnership, public or private corporation or combination thereof shall begin the construction of any plant, equipment, property or facility for furnishing to the public any of the services enumerated in KRS 278.010, except retail electric suppliers for service connections to electric-consuming facilities located within its certified territory and ordinary extensions of existing systems in the usual course of business, until such person has obtained from the public service commission a certificate that public convenience and necessity require such construction. Upon the filing of an application for such a certificate, and after any public hearing which the commission may in its discretion conduct for all interested parties, the commission may issue or refuse to issue the certificate, or issue it in part and refuse it in part. Unless exercised within one (1) year from the grant thereof, exclusive of any delay due to the order of any court or failure to obtain any necessary grant or consent, the authority conferred by the issuance of the certificate of convenience and necessity shall be void, but the beginning of any new construction or facility in good faith within the time prescribed by the commission and the prosecution thereof with reasonable diligence shall constitute an exercise of authority under the certificate.

(2) No utility shall exercise any right or privilege under any franchise or permit, after the exercise of that right or privilege has been voluntarily suspended or discontinued for more than one (1) year, without first obtaining from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity authorizing the exercise of that right or privilege.

(3) No utility shall apply for or obtain any franchise, license or permit from any city or other governmental agency until it has obtained from the commission, in the manner provided in subsection (1) of this section, a certificate of convenience and necessity showing that there is a demand and need for the service sought to be rendered.

(4) No person under the jurisdiction of the commission shall acquire or transfer ownership of or control, or the right to control, any utility, by sale of assets, transfer of stock or otherwise, or abandon the same, without prior approval by the commission. The commission shall grant its approval if the person acquiring the utility has the financial, technical, and managerial abilities to provide reasonable service.

(5) No individual, group, syndicate, general or limited partnership, association, corporation, joint stock company, trust or other entity (an "acquiror"), whether or not organized under the laws of this state, shall acquire control, either directly or indirectly, of any retail electric supplier furnishing retail electric service in this state, without having first obtained the approval of the commission. Any such acquisition of control without such prior

authorization shall be void and of no effect. As used in this subsection, the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a retail electric supplier, whether through the ownership of voting securities, by effecting a change in the composition of the board of directors, by contract or otherwise. Control shall be presumed to exist if any such individual or entity, directly or indirectly, owns ten percent (10%) or more of the voting securities of the retail electric supplier. This presumption may be rebutted by a showing that such ownership does not in fact confer control. Application for any such approval or authorization shall be made to the commission in writing, verified by oath or affirmation, and be in such form and contain such information as the commission requires. The commission shall approve any such proposed acquisition when it finds that the same is to be made in accordance with law, for a proper purpose and is consistent with the public interest. The commission may make such investigation and hold such hearings in the matter as it deems necessary, and thereafter may grant any application under this subsection in whole or in part and with such modification and upon such terms and conditions as it deems necessary or appropriate. The commission shall grant, modify, refuse or prescribe appropriate terms and conditions with respect to every such application within sixty (60) days after the filing of the application therefor or on a later date mutually acceptable to the commission and the acquiror. In the absence of any such action within such period of time, any such proposed acquisition shall be deemed to be approved.

(6) Subsection (5) of this section shall not apply to any acquisition of control of any:

(a) Retail electric supplier which derives a greater percentage of its gross revenue from business in another jurisdiction than from business in this state if the commission determines that the other jurisdiction has statutes or rules which are applicable and are being applied and which afford protection to ratepayers in this state substantially equal to that afforded such ratepayers by subsection (5) of this section;

(b) Retail electric supplier by an acquiror who directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, such retail electric supplier, including any entity created at the direction of such retail electric supplier for purposes of corporate reorganization; or

(c) Retail electric supplier pursuant to the terms of any indebtedness of the retail electric supplier, provided the issuance of such indebtedness was approved by the commission.

(7) If any provision of this section or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this section which can be given effect without the invalid provision or application, and to that end the provisions are declared to be severable."

However, a failure to comply with this paragraph shall not subject a person to any of the penalties provided by KRS 424.990 unless such failure continues for a period of ten days after notice to comply has been given him by registered letter.

(b) When an advertisement is for the purpose of informing the public or the members of any class of persons that on or before a certain day they may or shall file a petition or exceptions or a remonstrance or protest or objection, or resist the granting of an application or petition, or present or file a claim, or submit a bid, the advertisement shall be published at least once, but may be published two or more times, provided that one publication occurs not less than seven days nor more than twenty-one days before the occurrence of the act or event.

Said consent may be limited to water, gas or sewage service, and the authority of the water district to serve the area of the incorporated city shall be limited by the exclusion of any type of service from the consent given. *Any city which has been included in the boundaries of a water district for ten (10) or more years shall be deemed to have given its consent to the service, whether water, gas, or electric, which has been provided for such period.* [~~; Provided, however, That~~] The acquisition by a water district of an existing franchise for a water, gas, or sewage distribution system within such a city, whether by purchase, assignment or otherwise, shall be deemed to constitute the consent of the city which granted the franchise in the first instance, but only for the purpose of operating the type of distribution system for which the franchise was granted.

(2) The commission may contract with any city which is not included within the boundaries of the district for the purpose of furnishing water, gas or sewage services to the residents of such city and may contract with any city for the purpose of obtaining water, gas or sewage services for the use of the district.

The principal *and any interest earnings of the trust fund* shall at no time lapse to the general fund [~~and shall continue to be invested. Interest accrued to the fund during the previous year shall be available for disbursement by the cabinet for human resources upon the authorization of the low-income energy assistance trust fund board as provided for in KRS 42.568~~].

(4) The trust fund and all accumulated interest shall be disbursed over a period of time not exceeding ten (10) years from the adoption of this Act. Interest accumulated during the 1987-88 fiscal year shall immediately be available for disbursement. Fifty thousand dollars ($50,000) of the interest shall be allocated to the legislative research commission for consultant costs for a study of energy conservation and weatherization programs as directed by the 1988 general assembly. The remainder of the accumulated interest shall be made available to the cabinet for human resources with fifty percent (50%) of the interest allocated to weatherization services to

low income households and fifty percent (50%) of the interest allocated to low income energy assistance services. The funds to be available for expenditure in any fiscal year shall be appropriated by the general assembly from the trust fund as provided in KRS 48.300.

Section 2. KRS 42.566 is amended to read as follows:

(1) *The funds appropriated by the general assembly shall be expended in a manner consistent with the judgments and settlements, as amended, which produced the oil overcharge refunds, as follows:*

(a) The sum of five hundred thousand dollars ($500,000) or eight percent (8%) of the amount appropriated each fiscal year, whichever is greater, shall be distributed annually to the energy cabinet for expenditure in the institutional conservation program established pursuant to Part G of Title III of the Energy Policy and Conservation Act, 42 U.S.C. Section 6371 et seq. The source of these funds shall be deemed to be the trust funds produced by the Stripper Well litigation, In Re Department of Energy Stripper Well Exemption Litigation, D.C. Kan., M.D.L. No. 378, and the Diamond Shamrock litigation, Diamond Shamrock Refining Co. v. Standard Oil of Indiana, D.C. Ind., Civil Action No. C-84-1432, and interest accumulated thereon.

(b) The balance of the trust funds appropriated for expenditure in any fiscal year shall be distributed to the cabinet for human resources and allocated as follows:

1. Forty percent (40%) of the trust funds received by the cabinet in any fiscal year shall be allocated to the cabinet's program for weatherization of low-income households established pursuant to Part A of the Energy Conservation and Existing Buildings Act of 1976, 42 U.S.C. Section 6861 et seq.; and

2. Sixty percent (60%) of the trust funds received by the cabinet in any fiscal year shall be allocated to the cabinet's program for energy crisis or prevention services for low-income households established pursuant to the Low-Income Home Energy Assistance Act of 1981, 42 U.S.C. Section 8621 et seq. [~~The cabinet for human resources shall prepare and submit a plan to the board for the expenditures of those moneys available from the trust fund on or before April 15 of each year.~~

Section 3. KRS 42.572 is amended to read as follows:

The *state office for investment and debt management* [~~board~~] shall prepare and submit to the legislative research commission a report by July 30 of each year on the operational and financial status of the fund [~~and shall include in such report the plan as approved by the governor for expenditures of moneys available from the trust fund~~].

Section 4. The following KRS sections are repealed:

42.562 Low-income energy assistance trust fund board..

42.564 Review of investments — Estimate of funds available.

42.568 Withdrawal of funds.

42.570 Limitation on expenditures.

42.574 Administrative regulations.

Section 5. Whereas, the U.S. Department of Energy and the United States District Court for the District of Columbia have specifically determined that the perpetual trust established in 1986 Acts Chapter 262 is not an appropriate vehicle to disburse oil overcharge refunds and the U.S. Department of Energy has further determined that limitation of expenditures of oil overcharge refunds generated by the Stripper Well litigation to low-income consumers is not consistent with the restitutionary provisions of the Stripper Well Settlement Agreement; and

Whereas, certain imminent cuts in federal spending affecting the Commonwealth's programs to provide weatherization services to low income families and energy crisis and prevention services for low-income households without heat will substantially reduce the funds available to the cabinet for human resources to provide such services during the current fiscal year; and

Whereas, the changes made to the trust fund in this Act would create administrative problems if not made effective immediately, an emergency is declared to exist and this Act shall become effective upon its passage and approval by the Governor.

SCR 1. A CONCURRENT RESOLUTION directing a study of weatherization and energy conservation programs in the Commonwealth.

WHEREAS, recent energy projections by government and private organizations point to an alarming increase in American dependency on imported oil and warn of a pending energy crisis; and

WHEREAS, federal funding for energy conservation programs has dwindled to the point that the Kentucky Energy Cabinet is currently operating the three conservation programs funded by the United States Department of Energy: the state Energy Conservation Plan Program, the Energy Extension Service, and the Energy Conservation for Institutional Buildings Program on only twenty-five percent (25%) of the dollars that were available for those programs in 1981; and

WHEREAS, federal cuts have also been made in the Weatherization Assistance Program which is of particular concern to the General Assembly since low-income households which benefit from this program have yet to recover from the energy crisis created by the 1973 Arab oil embargo; and

WHEREAS, it is thus becoming increasingly important to ensure that all resources available to the Commonwealth to promote energy conservation and provide weatherization assistance are utilized to the fullest extent possible.

NOW, THEREFORE,

Be it resolved by the Senate of the General Assembly of the Commonwealth of Kentucky, the House of Representatives concurring therein:

Section 1. That the Program Review and Investigations Committee conduct a detailed study of the state's energy conservation and weatherization programs. The study shall include but not be limited to the following:

(1) An evaluation of both program and cost effectiveness of all state-administered energy conservation and weatherization programs and a comparative analysis of other selected states' programs;

(2) Identification of private energy conservation and weatherization programs which could be successfully duplicated on a state level or coordinated with existing state programs;

(3) Consideration of consolidation of some or all state energy conservation and weatherization programs;

(4) Recommendations on how the state's Weatherization Assistance Program could be better coordinated with the Low-Income Home Energy Assistance Program; and

(5) Recommendations on what the future focus of the state's energy conservation and weatherization programs should be and how these programs could be made more cost effective, provide more services, leverage more dollars and better target program clientele.

Section 2. That the Program Review and Investigation Committee secure, with the approval of the Legislative Research Commission and as budgeted by the 1988 General Assembly, the services of an independent consultant or consultants to assist in the evaluation of the state's various energy conservation and weatherization programs. The Program Review and Investigations Committee shall identify those areas of research to be conducted by the consultant or consultants which may include program policy, management procedure, program operations, and the work product of these programs.

Section 3. That the consultant or consultants submit a final report to the Program Review and Investigations Committee on or before April 1, 1989.

Section 4. That the Program Review and Investigations Committee submit a full report including the findings of the consultant or consultants, to the Interim Joint Committee on Energy on or before July 1, 1989.

Section 5. Staff services to be utilized in completing this study are estimated to cost thirty thousand dollars ($30,000) and shall be provided from the regular Legislative Research Commission budget subject to the limitations and other research responsibilities of the commission.

The Committee on Judiciary-Criminal reported **HB 351** with Committee Amendments attached thereto, and **HB 352** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

Upon receipt of notification, the court shall cause the person to be brought before it and may continue the order of treatment and rehabilitation, or may order confinement in the county jail for not more than one (1) year or a fine of not more than five hundred dollars ($500), or both. HJR 60, A JOINT RESOLUTION creating a task force for the study of waste management in Kentucky.

WHEREAS, in 1984 Kentucky industries produced approximately 9,227,400 tons of hazardous waste, transported 67,098 tons to other states for treatment or disposal, and received 39,723 tons from other states for treatment or disposal; and

WHEREAS, there are approximately 107 permitted solid waste landfills and 400 public and private waste haulers to manage the approximately 3,425,780 tons of solid waste produced in Kentucky each year; and

WHEREAS, in October 1986 the U.S. Congress enacted the Superfund Amendments and Reauthorization Act requiring each state to draft a plan by October 1989 for an adequate future capacity to manage hazardous waste or face a cut-off of federal money to clean-up hazardous waste dumpsites on the Superfund National Priority List; and

WHEREAS, Kentucky has ten hazardous waste dumpsites on the National Priority List, four of which are estimated to cost a total of $40,200,000, ninety percent of which will be paid for under the federal Superfund leaving ten percent to be paid by the state; and

WHEREAS, the nature and characteristics of hazardous and solid waste require technical and complex regulation which is inappropriate for statutory enactment and must therefore be carried out through regulations; and

WHEREAS, developing a regulatory program for the safe management of hazardous and solid waste could be best accomplished in a spirit of cooperation between state regulators, the public, and the regulated community;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Legislative Research Commission shall appoint the following members to serve on a task force for the study of waste management: five members of the General Assembly, three of whom serve on the Interim Joint Committee on Agriculture and Natural Resources; a representative of the Economic Development Cabinet; a representative of the Natural Resources and Environmental Protection Cabinet; a representative of the Kentucky County Judges Association; a representative of the Kentucky Chamber of Commerce; a representative of the waste incineration industry; a representative of the waste landfilling industry;

a representative of the public utility industry; a representative of the coal industry; two representatives of groups active in the environmental community; and two members from the state-at-large with technical expertise in waste.

Section 2. That the purpose of the task force shall be to discuss approaches for the safe management of hazardous and solid waste in a non-adversarial forum. The task force shall provide for the exchange of ideas and technical knowledge, and discussion of public concerns between state regulators, the regulated community and the public. The task force shall advise the General Assembly on ways in which the state can regulate hazardous and solid waste to best protect the health and welfare of the public, address the concerns of local communities, and yet, not overregulate industry.

Section 3. That the task force shall review and encourage the state's emphasis on waste reduction and waste minimization. This policy will consider the combination of options which state and local programs can use to encourage waste reduction and sound resource management such as: training and technical assistance to the regulated community, the public, and local officials; development of a comprehensive plan and planning process for waste minimization and waste management in Kentucky consistent with Kentucky's plans and programs for overall economic development and balanced growth; equitable and timely enforcement of state waste management laws and regulations; and regulatory programs which encourage regional approaches to waste management as well as integration with local and area waste management plans.

Section 4. That the task force shall report any findings and recommendations to the Legislative Research Commission by September 30, 1989.

Section 5. Staff services to be utilized in completing this study are estimated to cost $20,000. These staff services shall be provided from the regular Commission budget and are subject to the limitations and other research responsibilities of the Commission.

HB 455, AN ACT relating to tolls.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 175.520 is amended to read as follows:

(1) The authority, while having the right to control tolls under this chapter or any lease, and the department, while having such right under this chapter or any such lease, are hereby authorized to fix, revise, charge and collect tolls for the use of each turnpike project and the different parts or sections thereof. *The authority or the department shall not charge or collect tolls from state police vehicles, local police and fire department officials and emergency vehicles operated by ambulance services while such vehicles are being operated in an official capacity, in both emergency and non-emergency situations, on a turnpike project. To receive the exemption contained in this subsection, an ambulance service shall be licensed by the cabinet for human resources.*

(2) The authority, with the approval of the department, is hereby authorized to contract with any person, partnership, association or corporation desiring the use of any part of a project, including the right of way adjoining the paved portion, for placing thereon telephone, telegraph, electric light or power lines, service stations, garages, stores, hotels, motels, and restaurants, or for any other purpose except for tracks for railroad or railway use, and to fix the terms, conditions, rents and rates of charges for such use. A sufficient number of service stations shall be authorized to be established in each service area along any such turnpike to permit reasonable competition by private business in the public interest.

(3) During any period when tolls are under the control of the authority, such tolls shall be so fixed and adjusted in respect of the aggregate of tolls from the turnpike project or projects in connection with which the bonds of any issue shall have been issued under the provisions of this chapter as to provide funds sufficient, with any other available funds, to pay (a) the cost of maintaining, repairing and operating such turnpike project or projects, unless such cost or any part thereof is being paid by the department as authorized in this chapter, and (b) the principal of and the interest on such bonds as the same shall become due and payable, and to create reserves for such purposes. Such tolls shall not be subject to supervision or regulation by any other department, commission, board, bureau or agency of the Commonwealth. The tolls and all other revenues derived from the turnpike project or projects in connection with which the bonds of any issue shall have been issued, except such part thereof as may be necessary to pay such cost of maintenance, repair and operation and to provide such reserves therefor as may be provided for in the proceedings authorizing the issuance of such bonds or the trust indenture securing the same, shall be set aside in a sinking fund or funds which are hereby pledged to and charged with the payment of the principal of and the interest on such bonds as the same shall become due and the redemption price or the purchase price of bonds retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge

is made; the tolls or other revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act; and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the proceedings nor any trust indenture by which a pledge is created need be filed or recorded except in the records of the authority and the department. The use and disposition of moneys to the credit of any such sinking fund shall be subject to the provisions of the proceedings authorizing the issuance of such bonds or of such trust indenture. Except as may otherwise be provided in such proceedings or in such trust indenture, any such sinking fund shall be a fund for all bonds provided to be payable therefrom without distinction or priority of one (1) over another.

(4) Notwithstanding any of the foregoing provisions of this section, the department may, by separate proceedings ancillary to the proceedings of the authority authorizing the issuance of revenue bonds or revenue refunding bonds under the provisions of this chapter, covenant to pay all or any part of the cost of maintaining, repairing and operating any project constructed under the provisions of this chapter, and the department may, in such proceedings, covenant to make up all or any part of any deficiency in the fund or funds pledged to and charged with the payment of the principal of and the interest on such bonds from any funds or tax revenues available for general purposes of the department and not required by law to be devoted to some other purpose, and, inasmuch as such project will have been constructed by agreement with the department for the use and benefit of the Commonwealth and will eventually become the property of the Commonwealth, any such covenant shall have the force of contract between the Commonwealth and the holders of such revenue bonds or revenue refunding bonds.

(5) Notwithstanding any of the foregoing provisions of this section, the authority may, in the proceedings authorizing the issuance of revenue bonds or revenue refunding bonds for any turnpike project or projects under the provisions of this chapter or in the trust agreement securing such bonds, pledge to the payment of such bonds all motor fuel taxes and surtaxes collected by the Commonwealth on gasoline and other motor fuels consumed on such project or projects (except the two-sevenths (2/7) of said motor fuel taxes provided by KRS 138.220 to be set aside for the construction, reconstruction and maintenance of rural and secondary roads) and paid over to the authority by the department as revenues of such project or projects, and covenant to deposit such motor fuel taxes from time to time in the sinking fund or funds pledged to the payment of such bonds. In determining the amount of motor fuel consumed on any turnpike project the department shall divide the total miles traveled on such project by passenger automobiles, single unit trucks, and semitrailer trucks and buses as determined by the department by the average number of miles per gallon of motor fuel consumed by each of those classes of motor vehicle on the following basis:

If the circuit court of the county has but one (1) judge, the appointment shall be made by the judge. If the court has two (2) or more judges, the appointment shall be made by joint action of the judges, at the general term. The person appointed to the office of friend of the court shall serve at the pleasure of, and subject to removal by, the appointing authority. The person appointed shall be a licensed practicing attorney. He shall take the constitutional oath of office and shall give bond in such sum as may be fixed by the appointing judge or judges.

(2) It shall be the duty of the friend of the court to supervise and enforce the payment of sums ordered or adjudged by the circuit court in divorce actions to be paid for the care and maintenance of minor children. All persons who have been ordered or adjudged by the court, in connection with divorce actions, to make payments for the care and maintenance of children, shall, if so ordered by the court, make such payments to the friend of the court, and he shall see that the payments are properly applied in accordance with the order or judgment. However, if the court so directs, the payments may be made through the juvenile session of district court of the county; in such case the friend of the court shall render such assistance as may be required in keeping records concerning such payments and in the enforcement of delinquent payments, and the circuit court may direct that a designated amount or portion of the funds appropriated by the fiscal court for expenses of the friend of the court be paid to the juvenile session of district court as reimbursement for the expenses incurred by the juvenile session of district court in connection with the handling of such payments. The friend of the court shall promptly investigate all cases where payments have become delinquent, and when necessary shall cause the delinquent person to be brought before the court for the purpose of compelling payment. He shall ascertain the facts concerning the care, custody, and maintenance of children for whom payments are being made, and shall report to the court all cases in which the children are not receiving proper care or maintenance, or in which the person having custody is failing to furnish proper custody. He shall make such other reports to the court as the court may require.

(3) In any action for divorce where the parties have minor children, the friend of the court, if requested by the trial judge, shall make such investigation as will enable him to ascertain all facts and circumstances that will affect the rights and interests of the children and will enable the court to enter just and proper orders and judgment concerning the care, custody and maintenance of the children. He shall make a report to the trial judge, at a time fixed by the judge, setting forth his recommendations as to the care, custody and maintenance of the children. He may request the court to postpone the final submission of any case to give him a reasonable time in which to complete his investigation.

(4) The friend of the court shall have authority to secure the issuance by the court of any order, rule or citation necessary for the proper enforcement of orders and judgments in divorce actions concerning the custody, care and maintenance of children. In performing his duties under subsection (3) of this section he shall attend the taking of depositions within the county, and shall have authority to cross-examine the witnesses; in the case of depositions taken on interrogatories, he may file cross interrogatories. He shall be duly notified of the time and place of the taking of depositions in all divorce actions where the parties have minor children, and shall attend the taking of all such depositions when he deems it necessary for the protection of the minor children, or when he may be directed by the court to attend.

(5) The friend of the court shall not directly or indirectly represent any party to a divorce action except as he is herein authorized to represent the minor children of parties to a divorce action, but if an allowance is made for the support of a spouse and an infant child or children, he may proceed to enforce the payment of the allowance made to the spouse also.

(6) The fiscal court of any county which has authorized the appointment of a friend of the court under this section shall, by resolution, fix a reasonable compensation for the friend of the court and make a reasonable allowance for his necessary expenses, equipment and supplies, payable out of the general fund of the county, upon approval of the judge or judges appointing him. *The circuit court may supplement the funding of the office of friend of the court by the imposition of a service fee equaling a percentage of each payment ordered to be paid to the friend of the court in or relating to a divorce action. The amount of any service fee which may be imposed shall be established by order of the appointing authority described in subsection (1) of this section and shall not exceed five percent (5%) of each payment ordered to be made to the friend of the court. A service fee established pursuant to this subsection shall be paid by the party making the court-ordered payment to the friend of the court.*

(i) There has been an adjudication of paternity before the death of the child; or

(ii) There has been an adjudication of paternity after the death of the child based on clear and convincing proof and the evidence in such adjudication shall have demonstrated that the father openly treated the child as his, and the father did not follow a consistent policy of refusing to support the child on the ground of non-paternity.

(2) The terms and conditions set out in this section shall also apply in actions brought pursuant to KRS 411.130 and 411.135.

Section 4. KRS 394.090 is amended to read as follows:

Every will shall be revoked by the marriage of the person who made the will, except:

(1) A will made in exercise of a power of appointment when the estate thereby appointed would not, in default of such appointment, pass to the heir, personal representative, or next of kin of the person who made the will;

(2) A will that expressly provides that it is intended that a subsequent marriage shall not revoke the will.

(3) A will that expressly provides for the person who later becomes the spouse of the deceased and is married to the testator on the date of death.

SECTION 5. A NEW SECTION OF KRS CHAPTER 395 IS CREATED TO READ AS FOLLOWS:

(1) A fiduciary may, prior to filing a periodic or final settlement and prior to a distribution of assets, file with the court a proposed settlement. The proposed settlement shall be set for hearing and notice given as for any other settlement except that beneficiaries of the estate shall also receive notice from the fiduciary by mail at least ten (10) days prior to the hearing date. The proposed settlement shall set forth all assets and disbursements previously made and shall indicate assets on hand and anticipated to be received subsequent to the date of the proposed settlement and prior to the filing of the periodic or final settlement, and shall further indicate the manner in which the remaining and anticipated assets are proposed to be distributed. The proposal may set forth which assets are to be distributed in kind and to whom, which assets may be liquidated for distribution of cash or for payment of debts, costs of administration or pecuniary legacies. The proposal may also indicate claims proposed to be allowed or disallowed, in whole or in part and may also indicate fees and commissions proposed to be paid to the fiduciary and his attorney. Evidence and vouchers need not accompany the proposal unless required by the court upon exceptions filed. At the hearing, if no exceptions are filed, the proposal, if made according to law, shall be approved. If exceptions are filed, other evidence besides that reported may be heard, and the court shall upon the whole case, reject, confirm, alter or amend the proposal. Following the entry of an order of approval or of an order of amendment, the fiduciary shall disburse the assets in accordance therewith. Following the distribution the fiduciary shall file a settlement accompanied by evidence and vouchers showing that distribution was effected in conformity with the court order. If it appears to the court that the distribution was in conformity the court shall confirm the settlement and, if the settlement is final, discharge the fiduciary and his surety, without further hearing or notice to any person.

(2) An aggrieved party may, no later than thirty (30) days from the entry of the order upon the proposed settlement, institute an adversary proceeding in circuit court pursuant to KRS 24A.120(2).

Section 6. KRS 395.270 is amended to read as follows:

Two (2) [~~Five (5)~~] months must run after the date of the qualification of the first personal representative of a decedent's estate before an action shall be commenced against any executor or administrator thereof except against an executor de son tort. Any action brought in violation of this section shall be dismissed with costs, except that an alleged creditor whose claim has been denied in writing by the fiduciary may commence action immediately after receipt of such denial.

Section 7. KRS 395.620 is amended to read as follows:

(1) The district judge shall make a written report of the settlement, showing each item of debit and credit, and the general result, and return it, with all evidence heard and vouchers filed, to the circuit clerk. The clerk shall note it of record, and indorse on it the time of filing, and set a date for a hearing on the report.

(2) A settlement filed in conformity with an approved proposed settlement made under Section 5 of this Act need not be set for hearing.

SECTION 8. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

(1) All claims against a decedent's estate which arose before the death of the decedent, excluding claims of the United States, the state of Kentucky and any subdivision thereof, whether due or to become due, absolute or contingent, liquidated or unliquidated, founded on contract, tort, or other legal basis, if not barred earlier by other statute of limitations, are barred against the estate, the personal representative, and the heirs and devisees of the decedent, unless presented within six (6) months after the appointment of the personal representative, or where no personal representative has been appointed, within two (2) years after the decedent's death.

(2) Nothing in this section shall affect or prevent:

(a) To the extent of the security only, any proceeding to enforce any mortgage, pledge, lien or other security interest securing an obligation of the decedent or upon property of the estate; or

(b) To the limits of the insurance protection only, any proceeding to establish liability of the decedent or the personal representative for which he is protected by liability insurance.

SECTION 9. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

Claims against a decedent's estate shall be presented as follows:

(1) The claimant may deliver or mail to the personal representative a written statement of the claim indicating its basis, the name and address of the claimant, and the amount claimed, or may file a written statement of the claim, in the form prescribed by rule, with the clerk of the court. If presentment shall be made by filing a written statement of the claim with the clerk of the court, the claimant shall certify as provided in the rules of civil procedure that a copy of the written statement has been given or mailed to the personal representative and his attorney. The claim shall be deemed presented on the first to occur of receipt of the written statement of claim by the personal representative, or the filing of the claim with the court. If a claim is not yet due, the date when it will become due shall be stated. If the claim is contingent or unliquidated, the nature of the uncertainty shall be stated. If the claim is secured, the security shall be described. Failure to describe correctly the security, the nature of any uncertainty, and the due date of a claim not yet due does not invalidate the presentation made.

(2) In an action pending against the decedent at the time of his death, which action survives at law, the substitution of the personal representative for the decedent, or motion therefor shall constitute the presentation of a claim. Such claim shall be deemed to have been presented from the time of substitution, or motion therefor.

SECTION 10. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

Upon any claim being presented in the manner described in subsection (1) of Section 9 of this Act, the personal representative may require by written request mailed to the claimant, the affidavit of the claimant or other satisfactory evidence that such claim is justly due, that no payments have been made thereon, and that there are no offsets against same, to the knowledge of the claimant; or if any payments have been made, or any offsets exist, that their nature and amount be shown by the evidence or stated in the affidavit.

SECTION 11. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

No action shall be brought against a personal representative on a claim against decedent's estate unless the claimant shall have first presented his claim in the manner described in Section 9 of this Act. The foregoing limitation shall be in addition to that limitation on the commencement of an action against a personal representative set forth in KRS 395.270.

SECTION 12. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

(1) No claim shall be barred by a statute of limitations which would expire during the period commencing with the decedent's death and ending six (6) months thereafter if such claim is presented within six (6) months after the decedent's death. This subsection shall not apply with respect to any statute of limitations imposed by this Act.

(2) For purposes of any statute of limitations, the proper presentment of a claim under Section 9 of this Act is equivalent to commencement of an action on the claim.

SECTION 13. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

(1) As to claims presented in the manner described in Section 9 of this Act within the time limit prescribed in Section 8 of this Act, the personal representative may mail a notice to any claimant stating that the claim has been allowed or disallowed. If, after allowing or disallowing a claim, the personal representative changes his decision concerning the claim, he shall notify the claimant. The personal representative may not change a disallowance of a claim after the time for the claimant to commence an action on the claim has run and the claim has been barred. Every claim which is disallowed in whole or in part by the personal representative is barred so far as not allowed unless the claimant commences an action against the personal representative not later than sixty (60) days after the mailing of the notice of disallowance or partial allowance if the notice warns the claimant of the impending bar. Failure of the personal representative to mail notice to a claimant of action on his claim for sixty (60) days after the time for original presentation of the claim has expired has the effect of a notice of allowance, except that upon petition of the personal representative and upon notice to the claimant, the court at any time before payment of such claim may for cause shown permit the personal representative to disallow such claim.

(2) A judgment against a personal representative to enforce a claim against a decedent's estate is an allowance of the claim.

(3) In the case of a disallowance of a claim which has not matured or which is contingent or unliquidated, the personal representative may consent to an extension of the sixty (60) day period imposed by subsection (1) of this section for the commencement of an action on a disallowed claim, or to avoid injustice, the court, on petition, may order an extension of the sixty (60) day period, but in no event shall the extension run beyond the applicable statute of limitations.

SECTION 14. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

If an estate is solvent the personal representative, with the consent of all successors of the decedent whose interests would be affected, may waive any defense of limitations available to the estate. If the defense is not waived, no claim which was barred by any statute of limitations at the time of the decedent's death shall be allowed or paid.

SECTION 15. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

(1) Upon the expiration of six (6) months from the date of his appointment, the personal representative may proceed to pay the claims allowed against the estate in the order of priority prescribed, after making appropriate provision for exemptions and allowances provided by law, for claims already presented which have not yet been allowed and for unbarred claims which may yet be presented, including costs and expenses of administration. By petition to the court in a proceeding for the purpose, a claimant whose claim has been allowed but not paid as provided herein may secure an order directing the personal representative to pay the claim to the extent that funds of the estate are available for the payment.

(2) The personal representative at any time may pay any just claim which has not been barred, with or without formal presentation, but he is personally liable to any other claimant whose claim is allowed and who is injured by such payment if:

(a) The payment was made before the expiration of the time limit stated in subsection (1) of this section and the personal representative failed to require the payee to give adequate security for the refund of any of the payment necessary to pay other claimants; or

(b) The payment was made, due to the negligence or willful fault of the personal representative, in such manner as to deprive the injured claimant of his priority.

SECTION 16. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

Unless otherwise provided in any judgment against the personal representative:

(1) An allowed claim not based on a contract making a provision for interest:

(a) Shall not bear interest for the period commencing with the date of the decedent's death and ending sixty (60) days after the time for original presentation of the claim has expired; and

(b) Shall bear interest at the legal rate after the period specified in subsection (1)(a) of this section provided the claimant has demanded the payment of interest in the written statement of the claim delivered or mailed to the personal representative or filed with the clerk of the court as provided in Section 9 of this Act.

(2) An allowed claim based on a contract making a provision for interest shall bear interest from the date of the decedent's death in accordance with the contract provision.

SECTION 17. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

(1) If the applicable assets of the estate are insufficient to pay all claims in full, the personal representative shall make payment of claims in the following order:

(a) Costs and expenses of administration; then

(b) Funeral expenses; then

(c) Debts and taxes with preference under federal law and other laws of this state; then

(d) All other claims.

(2) No preference shall be given in the payment of any claim over any other claim of the same class, and a matured claim shall not be entitled to a preference over unmatured claims.

SECTION 18. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

Payment of a secured claim shall be upon the basis of the amount allowed if the creditor surrenders his security; otherwise payment shall be upon the basis of one (1) of the following:

(1) If the creditor exhausts his security before receiving payment, unless precluded by other law, upon the amount of the claim allowed less than the fair value of the security; or

(2) If the creditor does not have the right to exhaust his security or has not done so, upon the amount of the claim allowed less the value of the security determined by converting it into money according to the terms of the agreement pursuant to which the security was delivered to the creditor, or by the creditor and personal representative by agreement, arbitration, compromise or litigation.

SECTION 19. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

(1) If a claim which will mature at a future time or a contingent or unliquidated claim matures or becomes certain before the distribution of the estate, and if the claim has been allowed it shall be paid in the same manner as matured and absolute claims of the same class.

(2) In other cases the personal representative or, on petition of the personal representative or the claimant in a special proceeding for the purpose, the court may provide for payment as follows:

(a) If the claimant consents, he may be paid the present or agreed value of the claim, taking any uncertainty into account;

(b) Arrangement for future payment, or possible payment, on the happening of the contingency or on liquidation may be made by creating a trust, giving a mortgage, obtaining a bond or security from a distributee, or otherwise.

SECTION 20. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

In allowing a claim the personal representative may deduct any counterclaim which the estate has against the claimant. In determining a claim against an estate a court shall reduce the amount allowed by the amount of any counterclaims and, if the counterclaims exceed the claim, render a judgment against the claimant in the amount of the excess. A counterclaim, liquidated or unliquidated, may arise from a transaction other than that upon which the claim is based. A counterclaim may give rise to relief exceeding in amount or different in kind from that sought in the claim.

SECTION 21. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

No execution may issue upon nor may any levy be made against any property of the estate under any judgment against a decedent or a personal representative, but this section shall not be construed to prevent the enforcement of mortgages, pledges or liens upon real or personal property in an appropriate proceeding.

SECTION 22. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

When a claim against the estate has been presented in any manner, the personal representative may, if it appears for the best interest of the estate, compromise the claim, whether matured or unmatured, absolute or contingent, liquidated or unliquidated.

SECTION 23. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

If any assets of the estate are encumbered by mortgage, pledge, lien, or secured interest, the personal representative may pay the encumbrance or any part thereof, renew or extend any obligation secured by the encumbrance or convey or transfer the assets to the creditor in satisfaction of his lien, in whole or in part, whether or not the holder of the encumbrance has presented a claim, if it appears to be for the best interest of the estate. Payment of an encumbrance does not increase the share of the distributee entitled to the encumbered assets unless the distributee is entitled to exoneration.

SECTION 24. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

If a personal representative pays to a creditor an undue portion of his demand or to a distributee or devisee a part or all of his share of the estate, under a mistake as to the solvency of the estate or otherwise, he may recover from the creditor, distributee or devisee the amount of the overpayment, with interest.

SECTION 25. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

(1) All assets of estates being administered in this state are subject to all claims, allowances and charges existing or established against the personal representative wherever appointed.

(2) If the estate either in this state or as a whole is insufficient to cover all exemptions and allowances determined by the law of the decedent's domicile, prior charges and claims, after satisfaction of the exemptions, allowances and charges, each claimant whose claim has been allowed either in this state or elsewhere in administrations of which the personal representative is aware, is entitled to receive payment of an equal proportion of his claim. If a preference or security in regard to a claim is allowed in another jurisdiction but not in this state, the creditor so benefited shall receive payment out of local assets only upon the balance of his claim after deducting the amount of the benefit.

(3) In case the exemptions and allowances, prior charges and claims of the entire estate exceed the total value of the portions of the estate being administered separately and this state is not the state of the decedent's last domicile, the claims allowed in this state shall be paid their proportion if local assets are adequate for the purpose, and the balance of local assets shall be transferred to the domiciliary personal representative. If local assets are not sufficient to pay all claims allowed in this state the amount to which they are entitled, local assets shall be marshalled so that each claim allowed in this state is paid its proportion as far as possible, after taking into account all payments on claims allowed in this state from assets in other jurisdictions.

SECTION 26. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

(1) Unless otherwise provided in the contract, a personal representative is not individually liable on a contract properly entered into in his fiduciary capacity in the course of administration of the estate unless he fails to reveal his representative capacity and identify the estate in the contract.

(2) A personal representative is individually liable for obligations arising from ownership or control of the estate or for torts committed in the course of administration of the estate only if he is personally at fault.

(3) Claims based on contracts entered into by a personal representative in his fiduciary capacity, on obligations arising from ownership or control of the estate or on torts committed in the course of estate administration may be asserted against the estate by proceeding against the personal representative in his fiduciary capacity, whether or not the personal representative is individually liable therefor.

(4) Issues of liability as between the estate and the personal representative individually may be determined in a proceeding for accounting, surcharge or indemnification or other appropriate proceeding.

SECTION 27. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

After assets of an estate have been distributed and subject to Section 28 of this Act, an undischarged claim not barred may be prosecuted in a proceeding against one (1) or more distributees. No distributee shall be liable to claimants for amounts received as exempt property or allowances, or for amounts in excess of the value of his distribution as of the time of distribution. As between distributees, each shall bear the cost of satisfaction of unbarred claims as if the claim had been satisfied in the course of administration. Any distributee who shall have failed to notify other distributees of the demand made upon him by the claimant in sufficient time to permit them to join in any proceeding in which the claim was asserted against him loses his right of contribution against other distributees who have not been notified.

SECTION 28. A NEW SECTION OF KRS CHAPTER 396 IS CREATED TO READ AS FOLLOWS:

No cause of action on any claim not otherwise barred by the provisions of Section 8 of this Act and subsection (1) of Section 13 of this Act, or any other applicable statute of limitations, shall be brought against the personal representative or against any distributee after the expiration of two (2) years from the date of the order of discharge of the personal representative. The foregoing limitation shall not preclude an action by any claimant against the personal representative for fraud, misrepresentation or inadequate disclosure related to the settlement of the decedent's estate.

Section 29. KRS 413.180 is amended to read as follows:

(1) If a person entitled to bring any action mentioned in KRS 413.090 to 413.160 dies before the expiration of the time limited for its commencement and the cause of action survives, the action may be brought by his personal representative after the expiration of that time, if commenced within one year after the qualification of the representative.

(2) If a person dies before the time at which the right to bring any action mentioned in KRS 413.090 to 413.160 would have accrued to him if he had continued alive, and there is an interval of more than one year between his death and the qualification of his personal representative, that representative, for purposes of this chapter, shall be deemed to have qualified on the last day of the one-year period.

[~~(3) If a person against whom an action mentioned in KRS 413.090 to 413.160 may be brought dies before the expiration of the time limited for its commencement and the cause of action survives, an action may be commenced against his personal representative, devisee, or heirs, or all, after the expiration of that time, and within one year after the qualification of his personal representative. If there is no personal representative, the action may be brought against his heirs or devisees, or both, after the expiration of the time limited for bringing it, and within one year after his death.~~]

Section 30. KRS 424.340 is amended to read as follows:

The [~~circuit~~] clerk *of the probate court* shall, at least once each month, cause to be published in the newspaper meeting the requirements of KRS 424.120, a notice setting forth all fiduciary appointments made since the last publication and including at least the following information: the name and address of the decedent or ward, the name and address of the fiduciary, the date of the fiduciary's appointment, and the name and address of the attorney representing the fiduciary, if any, and the date by which claims of creditors must be *presented* [~~filed~~]. The clerk may charge each fiduciary a fee not to exceed the actual proportionate cost of said notice. Publication of this notice shall neither enlarge nor reduce the obligation of a creditor to present a timely claim, nor the liability of the fiduciary or distributee to pay the same.

Section 31. KRS 395.455 is amended to read as follows:

(1) Where the exemption of the surviving spouse alone, or together with preferred claims paid by a widow or by the widower where the wife's estate is legally liable for payment, equals or exceeds the amount of probatable assets, the court may order that administration of the estate be dispensed with and such assets be transferred to the surviving spouse or to a person designated by such surviving spouse to receive all or part of such assets. The court may so order in both testate and intestate estates and without requiring the renunciation of a will or the giving of bond.

(2) If the court is satisfied that no probatable estate will pass through the hands of the personal representative, it may order that no letters of administration be issued and in the case of a testate estate that the will be probated only.

(3) Where a surviving spouse has waived his or her right to the exemption accorded by law in favor of a person who has paid preferred claims in an amount equalling or exceeding the amount of probatable assets or who is legally entitled to such payment, or where there is no surviving spouse and such person has made such payment or is legally entitled thereto, the court may order that the administration of the estate be dispensed with and such assets transferred to such person. The court may so order without requiring the giving of bond.

(4) For purpose of this section, the exemption of the surviving spouse is such exemption as has been created by KRS 391.030 and preferred claims are those listed in *Section 17 of this Act* [~~KRS 396.090~~] and in the order thereof.

Section 32. KRS 413.090 is amended to read as follows:

Except as provided in *Section 28 of this Act*, KRS 413.110, [~~413.200, 413.210,~~] 413.220, 413.230 and 413.240, the following actions shall be commenced within fifteen (15) years after the cause of action first accrued:

(2) An action upon a recognizance, bond or written contract.

(3) An action upon the official bond of a sheriff, marshal, clerk, constable or any other public officer, or any commissioner, receiver, curator, personal representative, guardian, conservator, or trustee appointed by a court or authority of law.

(4) An action upon an appeal bond or bond given on a supersedeas, attachment, injunction, order of arrest or for the delivery of property or for the forthcoming of property, or to obey or perform an order or judgment of court in an action, or upon a bond for costs, or any other bond taken by a court or judge or by an officer pursuant to the directions of a court or judge, in an action or after judgment or decree, or upon a replevin, sale or delivery bond taken under execution or decree, upon an indemnifying bond taken under a statute, or upon a bond to suspend a proceeding, or upon a bond or obligation for the payment of money or property or for the performance of any undertaking.

"KRS 395.605 is amended to read as follows:

(1) Upon the sworn application of any fiduciary, that the fiduciary is the sole beneficiary of any estate, the court may dispense with the requirements of this chapter regarding settlement of fiduciaries accounts and may dispense with the requirements of a surety for the fiduciary and shall accept from the fiduciary an informal settlement. The informal settlement shall be made, under oath, by the fiduciary and shall state that the estate was solvent; that all legal claims and debts have been paid, or if not paid, the manner in which said claims and debts have been provided for; that all inheritance, estate or similar death taxes have been paid and a duplicate or photocopy of such tax releases shall be attached, if available; that all court

(3) In the event that one or more of the beneficiaries of the estate is under a disability, the court may allow the filing of an informal settlement if the court is of the opinion that the best interests of the person under the disability would be served.

HJR 57. A JOINT RESOLUTION authorizing and establishing a task force to study and recommend a state debt capacity model and debt limits.

WHEREAS, it is the responsibility of the legislature to appropriate tax dollars wisely and carefully; and

WHEREAS, Kentucky is nationally ranked 10th from the highest in net tax-supported debt per capita and 7th from the highest in net tax-supported debt as a percent of personal income; and

WHEREAS, it is anticipated that bonding will be of great demand in the future, and Kentucky has no statutory or constitutional limit on revenue bond debt, it is incumbent upon the Legislature as the steward of public funds, to determine safe levels of debt for which future generations of Kentuckians will be responsible; and

WHEREAS, a debt capacity model, which provides an indicator of the debt burden upon the citizens of Kentucky and the relationship of our state debt to revenues, would provide the legislature with a tool for judging the level of debt incurred;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth Kentucky:

Section 1. That the General Assembly should establish a task force to study and recommend a state debt capacity model and debt limits. The task force shall consist of: two legislators, one legislative staff member, and one economist, appointed by the Legislative Research Commission; the director of the Office of Investment and Debt Management, the secretaries (or their appointees) of the Revenue Cabinet and the Finance and Administration Cabinet, and the chairman of the Governor's Financial Policy Council. Section 2. This task force should report its findings to the Legislative Research Commission no later than January 1, 1989, for referral to the appropriate committee of jurisdiction to prepare legislation establishing a state debt capacity model and debt limits. Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 109 IS CREATED TO READ AS FOLLOWS:

(1) If the private sector undertakes any of the solid waste management functions of a county, multi-county area, or a waste management district, as provided for in the solid waste management plan requirements of KRS Chapters 109 and 224, the functions undertaken shall be construed to be essential government services rendered by the private sector in lieu of a governmental unit.

(2) For the period of time that any solid waste management function is undertaken by the private sector pursuant to a solid waste management plan, the private sector shall have the exclusive right to undertake that function.

(3) In order that the solid waste management functions undertaken by the private sector properly conform to the state and local solid waste management policies and provisions set out in KRS Chapters 109 and 224 as implemented by the solid waste management plans, the exclusive right conferred by subsection (2) of this section shall be conditioned upon compliance with all state and local laws and regulations in effect when that right is first acquired and as amended.

The Committee Substitute to **HB 429** is as follows:

HB 429, AN ACT relating to solid waste management.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.855 is amended to read as follows:

(1) No permit shall be issued until a complete application has been submitted to and approved by the cabinet and notice of the application for a waste site or facility has been published, *as provided for in subsections (3) and (4) of this section,* at the expense of the applicant in a manner reasonably calculated to inform that portion of the public which is most likely to be affected by the operation of the proposed waste site or facility. The publication shall take place after the cabinet has made a preliminary determination of the application.

(2) *For permit applications to construct or operate a solid waste landfill or permit applications to modify an existing solid waste landfill, the cabinet shall, upon first receiving the applications require immediately the general public notice provided for in subsections (3) and (4)(a) to (d) of this section and upon determining that the application is administratively complete and at the time technical review begins, give special notice of the application to the county judge executive or mayor of an urban county government and members of the fiscal court or urban county council of the county or urban county government in which the landfill is or will be located. The special notice shall be in the form of an executive summary of the application. Also, at the time technical review begins, the cabinet shall again require the general public notice provided for in subsections (3) and (4)(a) to (d) of this section with the additional information that the executive summary shall be available from the office of the county judge executive or mayor of an urban county government. Upon request by a county judge executive or mayor of an urban county government or a member of fiscal court or an urban county council, the cabinet shall explain the application in a manner that is complete and expeditious. The cabinet shall notify the county judge executive or mayor of an urban county government if there will not be a public hearing on the applications. If there will be a public hearing the cabinet shall notify the county judge executive or mayor of an urban county government fifteen (15) days prior to the hearing date.*

(3) At a minimum, publication shall be made at least once by advertisement in a daily or weekly newspaper of general circulation in the locality where the proposed site is to be located.

(4)[~~(3)~~] The contents of the public notice of an application for a waste site or facility shall include the following:

(a) The name and address of the applicant;

(b) A brief description of the activity for which a permit is being sought;

(c) A description of the proposed location;

(d) The name and address of this cabinet; and

(e) The following statement: "Any person who may be aggrieved by the issuance of a permit for this proposed waste site or facility may file with the cabinet a petition which sets forth the grounds of the objection and demand a hearing pursuant to KRS 224.081(2)." Such hearing shall be held within the county where the waste site or facility is proposed.

(5)[~~(4)~~] No permit shall be issued until at least thirty (30) days have expired following publication of the application. The applicant for a permit must establish the date of publication by a verified affidavit from the newspaper which publishes the advertisement. If a hearing is requested, no permit shall be issued prior to a completed hearing. In the case of hazardous waste landfills and other sites or facilities for the land disposal of hazardous waste no permit shall be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to subsection *(6)*[~~(5)~~] of this section.

(6)[~~(5)~~] The fiscal court of the county, urban-county government, or governing body of an incorporated municipality wherein a hazardous waste landfill or other site or facility for the land disposal of hazardous waste is proposed, shall conduct a public hearing after public notice has been given in accordance with KRS Chapter 424 and shall vote to approve or disapprove the hazardous waste landfill or other site or facility for the land disposal of hazardous waste within thirty (30) days after the hearing described in subsections *(4)*[~~(3)~~] and *(5)*[~~(4)~~] of this section. If no hearing is requested under the provisions of subsections *(4)*[~~(3)~~] and *(5)*[~~(4)~~] of this section, the fiscal court, urban-county government, or governing body of an incorporated municipality shall conduct such public hearing and vote to approve or disapprove the hazardous waste landfill or other site or facility for the land disposal of hazardous waste within sixty (60) days following publication of the application. In making a determination the fiscal court, urban-county government, or governing body of an incorporated municipality shall consider the social and economic impacts of the proposed hazardous waste landfill or other site or facility for the land disposal of hazardous waste on the affected community, including changes in property values, community perception and other psychic costs; costs and availability of public services, facilities and improvements required to support the landfill or other site or facility and protect public health, safety and the environment; and the relationship of the proposed hazardous waste landfill or other site or facility for the land disposal of hazardous waste to local planning and existing development. After a fiscal court or urban-county government or governing body of an incorporated municipality has voted to approve or disapprove a hazardous waste landfill or other site or facility for the land disposal of hazardous waste, the court, urban-county government, or governing body of an incorporated municipality shall so notify the cabinet in writing within ten (10) days. If a hazardous waste landfill or other site or facility for the land disposal of hazardous waste is disapproved by the court, urban-county government, or governing body of an incorporated municipality, the reasons for disapproval shall be set forth clearly and concisely, and so recorded in the minutes. No permit shall be issued by the cabinet if a fiscal court, urban-county government or governing body of an incorporated municipality disapproves the hazardous waste landfill or other site or facility for the land disposal of hazardous waste in the manner prescribed herein.

(7)[~~(6)~~] The provisions of subsection *(6)*[~~(5)~~] of this section shall not apply to a proposed regional integrated waste treatment and disposal demonstration facility.

SECTION 2. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The cabinet may, as a permit condition, require a manifest system.

Section 3. KRS 224.866 is amended to read as follows:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first notifying the cabinet and obtaining construction and operation permits from the cabinet. The cabinet

shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste site or facility or a regional integrated waste treatment and disposal demonstration facility be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to KRS 224.855*(6)*[~~(5)~~], except when the landfill is part of a regional integrated waste treatment and disposal demonstration facility. The cabinet shall not issue a construction permit to a regional integrated waste treatment and disposal demonstration facility until it has been issued a certificate of environmental safety and public necessity. A person desiring a construction permit shall file an application on forms supplied by the cabinet which shall contain such information as the cabinet deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the cabinet. The applicant shall not initiate construction at the proposed site of a new facility for the storage, treatment or disposal of hazardous waste until notice has been given to that portion of the public most likely to be affected by the operation of the proposed facility pursuant to KRS 224.855(1) to *(5)*[~~(4)~~] and until a construction permit for said facility has been issued by the cabinet. The cabinet may consider past performance in this or related fields by the applicant. The cabinet, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in paragraphs (b) and (c) of this subsection; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855*(6)*[~~(5)~~]; in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to KRS 224.2203.

(2) The cabinet may prohibit the land disposal of any hazardous wastes. The criteria and list of hazardous waste to be prohibited by the cabinet from land disposal shall be identical to any such criteria and list promulgated by the United States Environmental Protection Agency pursuant to the Resource Conservation and Recovery Act of 1976, as amended, (Public Law 94-580). The land disposal of hazardous waste may be permitted for methods determined by the cabinet to be protective of human health and the environment for as long as the waste remains hazardous.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased and an estimate of the cost of post-closure care. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The cabinet shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall assure that the funds needed to close the facility are available by establishing assurance through one (1) or more of the following mechanisms: cash, certificates of deposit, irrevocable credit or other sureties satisfactory to the cabinet and the mechanism shall be established by agreement with the cabinet. The agreement shall provide that disbursement is permissible only upon written approval of the cabinet and whenever, on the basis of any information, the cabinet determines that the owner or operator is in violation of any of the closure requirements for the facility, that the cabinet shall have the right to use part or all of the closure fund to carry out the closure requirements. The financial institution, surety company or escrow agent shall release these funds upon receiving a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. Upon determination that closure has been satisfactorily accomplished, the cabinet shall release the applicant from further financial responsibility for closure;

(b) Any applicant for a hazardous waste disposal permit shall file with the cabinet as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The cabinet shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the amount of the post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of thirty (30) years after facility closure. The post-closure monitoring and maintenance fund shall be cash, irrevocable credit or other sureties satisfactory to the cabinet and shall be established by an agreement with the cabinet. The agreement shall provide that whenever, on the basis of any information, the cabinet determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the cabinet shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The funds shall be released upon receipt of a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of thirty (30) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the cabinet be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the cabinet may authorize the release of the funds to the applicant in writing. Any funds remaining in the account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant; and

(c) All applicants for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the cabinet for the purpose of corrective action on and off-site and satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one (1) or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the cabinet. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until termination. The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars ($2,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be three million dollars ($3,000,000) per occurrence with an annual aggregate of six million dollars ($6,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The cabinet shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of thirty (30) years after closure of the facility, and may apply to the cabinet for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least thirty (30) years. Upon receipt of such application the cabinet shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The cabinet shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the cabinet may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

(5) In any case where the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the federal Bankruptcy Code or where jurisdiction cannot be obtained with reasonable diligence in any

state court or any federal court over an owner or operator likely to be insolvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this section may be asserted directly against the guarantor providing such evidence of financial responsibility. In the case of any action pursuant to this subsection, such guarantor shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if any action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

(6) The total liability of any guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this section. Nothing in this subsection shall be construed to limit any other federal statutory, contractual or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subsection shall be construed to diminish the liability of any person under section 107 or 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 or other applicable law.

(7) For the purpose of this subsection, the term guarantor means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this section.

Section 4. KRS 224.868 is amended to read as follows:

(1) (a) For purposes of this section and KRS 224.876(7), special wastes are those wastes of high volume and low hazard which include but are not limited to mining wastes, utility wastes (fly ash, bottom ash, scrubber sludge), sludge from water treatment facilities and waste water treatment facilities, cement kiln dust, gas and oil drilling muds and oil production brines. Other wastes may be designated special wastes by the cabinet;

(b) Disposal sites or facilities for special wastes shall be exempt from the provisions of KRS 224.866 and the provisions of KRS 224.896, 224.897 and 224.2203 to 224.2215 but may be regulated by the cabinet consistent with the Resource Conservation and Recovery Act of 1976, as amended (Public Law 94-580) and regulations issued pursuant thereto unless the special waste received is listed or meets the criteria of a hazardous waste in regulations pursuant to KRS 224.864(3). If the special waste is a hazardous waste as specified in regulations pursuant to KRS 224.864(3), the site or facility shall be required by the cabinet to comply with the provisions of KRS 224.866 but shall not be subject to the requirements of KRS 224.855*(6)*[~~(5)~~];

(c) Generators of special wastes shall register with the cabinet and be subject to the provisions of KRS 224.864, except for generators of coal mining wastes which shall be regulated pursuant to the provisions of KRS Chapter 350; and

(d) The cabinet may promulgate special waste regulations that recognize the distinct differences between the category of special wastes and other hazardous and solid wastes due to the fact that special wastes have large volume but low hazardousness. The cabinet's regulations for the generation, transport, record keeping, reporting, treatment, storage and disposal shall reflect those distinct differences. The cabinet's regulations shall recognize and incorporate where appropriate and if consistent with the policies of KRS 224.864 to 224.874 any deadline extensions, studies, and specialized requirements for specific kinds of special wastes that are or may be undertaken at the federal or other levels of government.

(2) Generators of waste oil shall be exempt from the provisions of KRS 224.864 and 224.866 so long as waste oil is not specified as a hazardous waste in regulations pursuant to KRS 224.864(3) but may be regulated by the cabinet consistent with the Resource Conservation and Recovery Act of 1976, as amended (Public Law 94-580) and regulations issued pursuant thereto.

HB 430, AN ACT relating to solid waste.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 109 IS CREATED TO READ AS FOLLOWS:

A county may grant to a solid waste site or facility which serves the county solid waste planning area the exclusive right to dispose of solid waste generated outside of the planning area. A county may condition the grant upon the payment by the facility of a fee based upon the amount of solid waste received from outside *of the planning area. The fee shall be used for the following purposes:*

(1) A percentage of the fee shall be deposited to a fund which, with all accrued earnings, shall be used for the purpose of acquiring future solid waste landfill capacity to replace the capacity taken by the solid waste received from outside the planning area;

(2) A percentage of the fee shall be used to pay for the government expenses fairly apportioned to support the transportation and disposal of solid waste received from outside the planning area;

(3) A percentage of the fee shall be deposited to a fund which, with all accrued earnings, shall be held by the county to cover the expenses which may arise in response to facility post-closure environmental emergencies; and

(4) No less than five percent (5%) of the fee shall be paid to the cabinet quarterly to reimburse the cabinet for technical assistance in regulating solid waste received from outside the planning area.

The Committee Substitute to **HB 430** is as follows:

HB 430, AN ACT relating to solid waste.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 68.178 is amended to read as follows:

(1) The fiscal court of any county may license off-site waste management facilities located within the county with the imposition of a license fee at a percentage rate not to exceed two percent (2%) per annum of the gross receipts of such a waste management facility owned or operated by self-employed individuals, partnerships, or corporations. The proceeds from the license fee shall be used to defray the general revenue requirements of the county where the facility is located. For purposes of assessing the licensing fee provided for in this section, off-site waste management shall consist of establishing and operating a facility whose principal purpose is treatment, storage, disposal, or a combination of these activities but shall not include those treatment, storage, or disposal activities which occur incidental to or which are not otherwise distinguishable from a broader manufacturing operation at the site of said operation.

(2) *(a) The fiscal court of a county or the urban county council of an urban county government may license a solid waste landfill located within the county or urban county area. The license fee may be set at not less than one cent (1) but no more than fifty cents (50) per ton of waste received by the landfill or set at up to five percent (5%) of gross receipts of the landfill.*

(b) The license fee as set may be increased by an amount up to one-quarter (1/4) of the base fee per ton or on gross receipts of waste received at the landfill which originates from outside of the planning area. For purposes of this section planning area shall mean those areas within Kentucky as indicated in solid waste management plans filed with the cabinet by a county, multi-county area, or waste management district. However, before a fee differential may be imposed the county or urban county government shall demonstrate that the differential is reasonably related to additional government services which must be undertaken because of the landfilling of non-planning area waste. This demonstration may be made by showing an unplanned for reduction in waste disposal capacity and a need to provide for future disposal capacity or impacts on roads, litter control or emergency services.

(c) The proceeds from the license fee shall be used to defray the government services provided to the landfill, necessary clean-up operations or emergency responses related to operation of the landfill or transporting waste to the landfill, necessary maintenance, improvement or construction of roads, and for the general revenue requirements of the county or urban county government where the landfill is located.

(d) Five percent (5%) of the license fee shall be remitted annually to the natural resources and environmental protection cabinet until July 30, 1990. The cabinet shall use the amount received for state solid waste management activities. Ten percent (10%) shall be remitted annually in equal shares to all counties and urban county governments in the planning area served by the landfill from where the fees originated which shall be used for local solid waste planning and plan implementation. Counties or urban county governments desiring to impose the fee provided for herein are authorized to accept payments in lieu of the fee under duly-executed contracts between

the county and the permitted site or facility. The fee provided for in this subsection shall be in lieu of the provisions of subsection (1). Special waste, as defined in KRS 224.868, except for waste from sanitary wastewater treatment facilities shall be exempt from this Act.

(3) In the case of hazardous waste facilities involving land disposal, including a regional integrated waste treatment and disposal demonstration facility as defined in KRS Chapter 224, the rate levied under this section shall be not more than five percent (5%) per annum of the gross receipts and shall be calculated so as to produce sufficient revenue to compensate the county for any additional costs incurred by it from having a hazardous waste facility located in its jurisdiction, including, but not limited to the loss of ad valorem property tax revenues from the property on which the facility is located, the loss of ad valorem property tax revenues from abutting properties or other affected properties, the cost of providing any additional emergency services, the cost of monitoring air, surface water, ground water to the extent that other monitoring data is not available, and other costs established as being associated with the facility and for which the county is not otherwise compensated.

SECTION 2. A NEW SECTION OF KRS CHAPTER 109 IS CREATED TO READ AS FOLLOWS:

(1) A county or urban county government may employ an enforcement representative to ensure compliance with applicable regulations of the cabinet relating to construction and operation of solid waste landfills. The local government representative shall possess at least minimum qualifications required of representatives of the cabinet performing similar functions.

(2) The cabinet shall promulgate regulations for local government inspection of solid waste landfills and enforcement procedures. The regulations shall include but not be limited to, requiring local enforcement representatives to report violations of state solid waste landfill laws and regulations immediately to the cabinet and requiring the cabinet to respond to the report within seventy-two (72) hours of its receipt.

(3) A county or urban county government which elects to implement a local inspection and enforcement program for solid waste landfills shall finance the program from the license fees provided for in this Act.

HB 432, AN ACT relating to county control of solid waste disposal.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 109.041 is amended to read as follows:

(1) In addition to all other powers enumerated in Chapter 67 and other sections of the Kentucky Revised Statutes, counties, acting by and through their fiscal courts, may plan, initiate, acquire, construct and maintain solid waste management facilities and promulgate rules and regulations with respect thereto in accordance with this chapter. It is hereby determined and declared that in the implementation, acquisition, financing and maintenance of solid waste management facilities, and in the enforcement of their use, counties will be performing state functions duly delegated to them for the public welfare. In such regard, the right of counties to condemn land necessary for the acquisition of solid waste management facilities pursuant to the Eminent Domain Act of Kentucky and to exercise the police power in respect thereto is confirmed. Any county may contract with third parties for the management by public or private means of solid waste within the county*; and in the performance of the duties contracted for, third parties shall be performing state government functions delegated to the county.*

(2) *A county may, for the purpose of implementing the county solid waste management plan, establish regulatory controls for the solid waste management services in the planning area. These controls may include, but are not limited to, regulating the solid waste stream entering a solid waste site or facility in regards to daily volume, composition, and origin; and regulating the transportation of waste to a facility including means of transport, routes of transport, and hours of operation for receipt of waste at a facility. However, any regulatory controls established under this subsection shall be consistent with state and federal laws.*

(3) No sanitary landfill shall be acquired and constructed until the construction thereof has been approved in writing by the department. Planning for sanitary landfills shall be conducted only in accordance with the policy set forth in KRS 109.011(7).

(4)[~~(3)~~] Except as provided in KRS 109.062, no county or waste management district shall prohibit or

otherwise restrict the resource recovery of materials by:

(a) Any resource recovery operation in existence in the county or district on the effective date of the mandatory program; or

(b) Any person supplying material to resource recovery operations on the effective date of the mandatory program; or

(c) Any new resource recovery operation that reclaims the same type of materials as resource recovery operations included in paragraph (a) of this subsection; or

(d) Any new suppliers to resource recovery operations included in paragraphs (a) and (c) of this subsection; or

(e) Any resource recovery operation for glass, plastic or metal beverage containers, unless a commitment has been made by a local government or other political subdivision of the state, by ordinance or contract, to a solid waste project consistent with the provisions of this chapter, that is dependent upon the resource recovery of glass, plastic or metal beverage containers to meet its financial obligations for said project, and such commitment has been made prior to the operation of any other such resource recovery facility in the county or district; or

(f) Any other resource recovery operation within the county or district not included in paragraphs (a) through (e) of this subsection or the supply of materials to such operation unless it is established that such operation would jeopardize the ability of a local government or other political subdivision of the state to meet financial obligations incurred in the maintenance, operation, or amortization of capital acquisition costs for a solid waste management facility.

(5)[~~(4)~~] Notwithstanding any other provision of the Kentucky Revised Statutes to the contrary, no county or waste management district shall regulate special wastes as defined in KRS 224.868 or solid waste from agricultural or mining operations.

(6)[~~(5)~~] Any county undertaking the planning, implementation, construction, installation, acquisition and financing of a solid waste management facility pursuant to this chapter shall have the authority set forth in Chapter 58 of the Kentucky Revised Statutes concerning the financing of such solid waste management facility including the authority to promulgate, enforce and collect reasonable rates, rentals and charges for the use of such solid waste management facility.

(7)[~~(6)~~] Bonds authorized to be issued by any county pursuant to the authority of this chapter for the financing of solid waste management facilities may be sold at either private or public sale as may in the sound discretion of the county be in the best interests of the county.

(8)[~~(7)~~] Any county undertaking solid waste management pursuant to the provisions of this chapter may contract with any person for the provision of solid waste management services. A county may contract with any city to provide solid waste management services or may delegate the responsibility for solid waste management within incorporated areas to a city when the city agrees to assume such responsibility. In connection with solid waste management, any county may enter into contracts with any person for any term of years.

(9)[~~(8)~~] Counties are authorized to charge a reasonable fee to haulers for the handling of their waste at a solid waste management facility approved by the department.

(10)[~~(9)~~] Counties are authorized to sell or market materials and energy recovered from solid waste and to enter into long-term contracts guaranteeing supply to insure markets for the sale of recovered products.

(11)[~~(10)~~] In carrying out the provisions of this chapter, counties shall be subject to standards set by regulations promulgated by the department on waste management pursuant to KRS Chapter 224.

(12)[~~(11)~~] No county or waste management district shall prohibit long-term contracts by ordinance or other means.

(13)[~~(12)~~] Counties are expressly authorized in addition to the powers enumerated in KRS Chapter 65 and this chapter to contract with one another in order to regionalize solid waste management to the maximum extent practicable.

The Committee Substitute to **HB 432** is as follows:

HB 432, AN ACT relating to county control of solid waste disposal.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

The general assembly of the Commonwealth of Kentucky hereby finds, determines and declares, as follows:

(1) That Congress enacted the Hazardous and Solid Waste Amendments of 1984 establishing a clear bias against the disposal of hazardous waste in or on the land, and prohibits land disposal of a hazardous waste unless the Environmental Protection Agency determines that the prohibition is not necessary to protect human health and the environment and further recognized the environmental hazards of disposing of limited quantities of hazardous waste into solid waste landfills absent adequate design considerations.

(2) That in 1983 the U.S. Office of Technology Assessment published a comprehensive report which concluded that current land disposal technologies cannot guarantee the containment of hazardous wastes and protection of groundwater supplies.

(3) That a majority of Kentucky is underlaid by geology which is permeable and of little protection to groundwater resources from the contaminates, including hazardous waste, which can leach from a landfill disposal site.

(4) That Congress and the U.S. EPA have expressed the intention, in regards to environmental protection, that each state should be able to regulate to protect the environment in ways that are specific to the needs of each state and that each state does regulate the disposal of small amounts of hazardous waste differently.

(5) That waste flowing into solid waste landfills contains limited quantities of hazardous waste commingled with non-hazardous waste which produces a waste stream that is impossible to separate the hazardous components from non-hazardous contents.

(6) It is therefore the purpose of this Act to require all waste streams coming into Kentucky for land disposal to be demonstrated to be free of limited quantity hazardous waste components or that such waste streams be regulated in the same manner as Kentucky waste generators by being required to dispose of the waste in a landfill meeting strict design standards for groundwater protection.

SECTION 2. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) Any solid waste landfill in existence as of the effective date of this Act and accepting waste generated from outside of the boundaries of the Commonwealth shall demonstrate, within thirty (30) days of the effective date of this Act, to the cabinet that:

(a) The site or facility conforms to the restrictions contained in subsection (3) of this section; or

(b) The waste accepted for disposal from outside of the boundaries of the Commonwealth does not contain limited quantity generator hazardous waste.

(2) After the effective date of this Act, all new solid waste landfills, with the exception of inert or residual landfills, shall meet the design, operating, monitoring, and record-keeping requirements for contained landfills as defined in accordance with regulations promulgated by the cabinet. Special waste, as defined in KRS 224.868, except for waste from sanitary wastewater treatment facilities shall be exempt from this Act.

(3) Limited quantity generator hazardous waste as defined by the cabinet and its regulations shall not

be disposed of in a solid waste landfill unless the landfill meets the record-keeping, groundwater monitoring, leachate collection and control systems, and liner system requirements of the regulations promulgated by the cabinet for contained landfills.

(4) The cabinet shall implement procedures to assist limited quantity hazardous waste generators to dispose of such waste in compliance with the requirements of this Act. Such procedures shall include assistance in the development of limited quantity waste collection and disposal programs, and maintenance of a list of solid waste landfills which meet the requirements of this Act.

The Committee Title Amendment to **HB 432** is as follows:

Amend printed copy of **HB 432** delete "AN ACT relating to county control of solid waste disposal.";

And insert "AN ACT relating to solid waste."

HB 547, AN ACT relating to hazardous waste.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.876 is amended to read as follows:

(1) The general assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes, including disposal, treatment, recycling, storage, and transportation. The intent of the general assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management and to leave the primary burden and responsibility for hazardous waste management on private industry; and further to finance assistance and coordination by imposing assessments on the generators of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities necessarily undertaken by state agencies on the users of those products associated with hazardous waste generation.

(2) The natural resources and environmental protection cabinet is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.

(3) In addition to all specific responsibilities contained elsewhere in this chapter, the cabinet shall:

(a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances as defined in KRS 224.877 into the environment. The cabinet shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized. The provisions of KRS 45.705 to 45.720 may be suspended by the cabinet if necessary to respond to an environmental emergency.

(b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.

(c) Identify, investigate, classify, contain, or clean up any release, threatened release, or disposal of a hazardous substance where responsible parties are economically or otherwise unavailable to properly address the problem and the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.

(4) The cabinet shall have the authority to finance the non-federal share of the cost for clean up of sites under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, (Public Law 96-510).

(5) The cabinet shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section. Any expenditures recovered shall be placed in the hazardous waste management

fund.

(6) It is the expressed purpose of this section to accomplish effective hazardous waste management that results in a reduction of the generation of hazardous wastes within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste management to those industries whose products are reasonably related to the production of hazardous waste.

(7) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste management assessment to be determined pursuant to this section according to the quantity by volume of hazardous waste generated, except that no assessment shall be levied against generators for any quantity of "special wastes" or waste oil. The assessment shall be reported and paid to the revenue cabinet on a quarterly basis on or before the twentieth (20th) day of the month after the end of each quarter. The payment shall be accompanied by a report or return in such form as the revenue cabinet may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the amount of the assessment to be levied upon said business under this section shall be reduced by the amount of the federal assessment or tax upon said business; provided, however, that the reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal moneys are available to carry out the duties imposed by subsection (3) of this section the assessment shall cease to be levied and collected until such time as federal moneys are no longer available to the Commonwealth for said purposes. The assessment shall be charged against generators of hazardous waste until June 30, *1990* [~~1988~~], and after such date no further hazardous waste management assessment shall be charged against generators.

(8) The assessment on generators shall be determined according to the following criteria for off-site treatment and disposal; the assessment for onsite treatment and disposal shall be one-half (1/2) of the amount as would be assessed for off-site treatment and disposal except that onsite waste disposal facilities that incinerate, detoxify, solidify, neutralize or recycle hazardous waste shall be exempt unless the process involves the landfilling of hazardous waste.

(a) When the waste is destined for long-term containment without treatment, the assessment shall be two cents (2) per gallon initially, and shall increase by one cent (1) annually up to five cents (5) per gallon in 1983 and remain at five cents (5) thereafter if the waste is liquid, or two dollars and fifty cents ($2.50) per cubic yard if the waste is solid. Long-term containment includes disposal in a landfill, long-term storage, and other types of disposal specified by the cabinet;

(b) When a waste not suitable for a long-term containment is chemically treated, resulting in a material which is suitable for long-term containment but is still hazardous, the assessment shall be one cent (1) per gallon if the waste is a liquid or one dollar ($1) per cubic yard if the waste is solid;

(c) When the waste is destined for chemical treatment resulting in a material which is not hazardous as determined by testing criteria promulgated by the cabinet, the assessment shall be five mills ($.005) per gallon if the waste is liquid or fifty cents (50) per cubic yard if the waste is solid; and

(d) When the waste is destined for destructive treatment by incineration or other means, the assessment shall be five mills ($.005) per gallon if the waste is liquid or fifty cents (50) per cubic yard if the waste is solid.

(9) Except for waste brought into the state by a company affiliated with the company receiving the waste, any person who transports hazardous waste into the state for land disposal or treatment which is generated outside of the state shall pay an assessment to the hazardous waste facility which first receives the waste for storage, treatment, or land disposal. The assessment rate shall be identical to the rate described in subsection (8)(a) to (d) of this section. The facility shall remit the assessment to the revenue cabinet on a quarterly basis on or before the twentieth (20th) day of the month after the end of each quarter. The payment shall be accompanied by a return as the revenue cabinet shall prescribe.

(10) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails or refuses to file a return or furnish any information requested in writing by the cabinet, the revenue cabinet may, from any information in its possession, make an estimate and issue an assessment against such generator or hazardous waste facility and add a penalty of ten percent (10%) of the amount

of the assessment so determined. This penalty shall be in addition to all other applicable penalties in this chapter.

(11) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the revenue cabinet, then, unless it is shown to the satisfaction of the revenue cabinet, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the revenue cabinet shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.

(12) If the assessment imposed by this chapter, whether assessed by the revenue cabinet, or the generator, or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the revenue cabinet.

(13) There is hereby created within the state treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The fund shall be deposited in an interest bearing account. The revenue cabinet shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the state treasury shall be deposited in the hazardous waste management fund. When the state treasurer certifies to the cabinet that the balance of the hazardous waste management fund exceeds six million dollars ($6,000,000), assessments shall not be collected until the state treasurer certifies to the revenue cabinet that the balance in the hazardous waste management fund is less than three million dollars ($3,000,000).

(14) Upon request of the secretary, moneys accumulated in the hazardous waste management fund shall be released in amounts necessary to accomplish the performance of the duties imposed by subsection (3) of this section. However, moneys from the fund shall not be used when federal moneys are available to carry out said duties except when immediate action is required to protect public health or the environment in which case the cabinet shall actively pursue reimbursement of the fund by any available federal moneys.

(15) If any person, responsible for a release or threatened release of a hazardous substance, fails to take response actions or to make reasonable progress in completing response actions ordered by the cabinet, then the cabinet may bring an action to compel performance or may take appropriate response actions and order the responsible person to reimburse the cabinet for the actual costs incurred by the cabinet.

(16) If disposal activities have occurred at a hazardous waste site, then the cabinet shall record in the office of the county clerk in the county in which a waste site is situated a notice containing a legal description of the property that discloses to any potential transferee that the land was used to dispose hazardous waste and that further information on the hazardous waste site may be obtained from the cabinet.

(17) No person shall affect the integrity of the final cover, liners, or any other components of any containment system after closure of a hazardous waste site on or in which hazardous waste remains without prior written approval of the cabinet.

The Committee Amendment No. 1 to **HB 547** is as follows:

Amend printed copy of **HB 547** on page 6, line 12, by inserting after the word "company" the first time it appears on line 12 the following: "*to an affiliated manufacturing facility of*";

And on page 6, line 12, by placing a bracket before "affiliated" and a bracket after "with" and striking through "affiliated with".

WHEREAS, the necessity for flood control on the Licking River and its tributaries has long been of great concern to the citizens of northern Kentucky; and

WHEREAS, the citizens of northern Kentucky need to examine the potential of the Licking River Basin as an alternative source of water supply in anticipation of projected population growth in the northern Kentucky region, and as an additional source of potable water during periods of extreme pollution of the Ohio River; and

WHEREAS, the United States Army Corps of Engineers cannot commence a detailed evaluation of the Licking River Basin until late 1989; and

SB 169, AN ACT relating to hazardous waste and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 224.855 is amended to read as follows:

(1) No permit shall be issued until a complete application has been submitted to and approved by the cabinet and notice of the application for a waste site or facility has been published at the expense of the applicant in a manner reasonably calculated to inform that portion of the public which is most likely to be affected by the operation of the proposed waste site or facility. The publication shall take place after the cabinet has made a preliminary determination of the application.

(2) At a minimum, publication shall be made at least once by advertisement in a daily or weekly newspaper of general circulation in the locality where the proposed site is to be located.

(3) The contents of the public notice of an application for a waste site or facility shall include the following:

(a) The name and address of the applicant;

(b) A brief description of the activity for which a permit is being sought;

(c) A description of the proposed location;

(d) The name and address of this cabinet; and

(e) The following statement: "Any person who may be aggrieved by the issuance of a permit for this proposed waste site or facility may file with the cabinet a petition which sets forth the grounds of the objection and demand a hearing pursuant to KRS 224.081(2)." Such hearing shall be held within the county where the waste site or facility is proposed.

(4) No permit shall be issued until at least thirty (30) days have expired following publication of the application. The applicant for a permit must establish the date of publication by a verified affidavit from the newspaper which publishes the advertisement. If a hearing is requested, no permit shall be issued prior to a completed hearing. In the case of hazardous waste *incinerators*, landfills and other sites or facilities for the land disposal of hazardous waste no permit shall be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to subsection (5) of this section.

(5) The fiscal court of the county, urban-county government, or governing body of an incorporated municipality wherein a hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste is proposed, shall conduct a public hearing after public notice has been given in accordance with KRS Chapter 424 and shall vote to approve or disapprove the hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste within thirty (30) days after the hearing described in subsections (3) and (4) of this section. If no hearing is requested under the provisions of subsections (3) and (4) of this section, the fiscal court, urban-county government, or governing body of an incorporated municipality shall conduct such public hearing and vote to approve or disapprove the hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste within sixty (60) days following publication of the application. In making a determination the fiscal court, urban-county government, or governing body of an incorporated municipality shall consider the social and economic impacts of the proposed hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste on the affected community, including changes in property values, community perception and other psychic costs; costs and availability of public services, facilities and improvements required to support the *incinerator*, landfill or other site or facility and protect public health, safety and the environment; and the relationship of the proposed hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste to local planning and existing development. After a fiscal court or urban-county government or governing body of an incorporated municipality has voted to approve or disapprove a hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste, the court, urban-county government, or governing body of an incorporated municipality shall so notify the cabinet in writing within ten (10) days. If a hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste is disapproved by the court, urban-county government, or governing body of an incorporated municipality, the reasons for disapproval shall be set forth clearly and concisely, and so recorded in the minutes. No permit shall be issued by the cabinet if a fiscal court, urban-county government or governing body of an incorporated municipality disapproves the hazardous waste *incinerator*, landfill or other site or facility for the land disposal of hazardous waste in the manner prescribed herein.

(6) *The provisions of subsection (5) of this section shall not apply to:*

(a) A proposed regional integrated waste treatment and disposal demonstration facility and any on-site remedial action facility authorized pursuant to the Comprehensive Environmental Response Compensation and Liability Act as amended;

(b) An existing hazardous waste incinerator having all required permits or authorizations as of the effective date of this Act, provided however, that subsection (5) of this section shall apply to any incinerator unit proposed for construction at an existing facility for which construction commenced after the effective date of this Act and to proposed hazardous waste incinerators for which a permit application has been filed but has not been issued as of the effective date of this Act; and

(c) On-site incineration of hazardous waste by the generator of such waste at the site of the waste generation including waste generated at another facility owned and operated by that generator, or wholly owned subsidiary.

[~~The provisions of subsection (5) of this section shall not apply to a proposed regional integrated waste treatment and disposal demonstration facility.~~]

Section 2. KRS 224.866 is amended to read as follows:

(1) No person shall engage in the storage, treatment, recycling or disposal of hazardous waste without first notifying the cabinet and obtaining construction and operation permits from the cabinet. The cabinet shall promulgate regulations establishing standards for such permits but in no case shall a permit to construct or operate a hazardous waste site or facility or a regional integrated waste treatment and disposal demonstration facility be issued unless it can be demonstrated that the proposed facility can be integrated into the surroundings in an environmentally compatible manner, including but not limited to insuring that hydrologic, seismologic, geologic and soil considerations have been adequately addressed in the permit application and in an operational plan. In no case shall a permit to construct a hazardous waste *incinerator,* landfill or other site or facility for the land disposal of hazardous waste be approved or issued prior to notification of the cabinet by the local unit of government of its actions pursuant to KRS 224.855(5)[~~, except when the landfill is part of a regional integrated waste treatment and disposal demonstration facility~~]. The cabinet shall not issue a construction permit to a regional integrated waste treatment and disposal demonstration facility until it has been issued a certificate of environmental safety and public necessity. A person desiring a construction permit shall file an application on forms supplied by the cabinet which shall contain such information as the cabinet deems necessary and provide evidence that the hazardous waste shall be treated, stored or disposed of in the manner prescribed by the cabinet. The applicant shall not initiate construction at the proposed site of a new facility for the storage, treatment or disposal of hazardous waste until notice has been given to that portion of the public most likely to be affected by the operation of the proposed facility pursuant to KRS 224.855(1) to (4) and until a construction permit for said facility has been issued by the cabinet. The cabinet may consider past performance in this or related fields by the applicant. The cabinet, in making a determination to issue, deny or condition a construction permit, shall consider the following:

(a) An evaluation of alternatives, to include other locations and other treatment, storage, and disposal approaches, different from those proposed, available to the applicant;

(b) An evaluation of the public health, safety, and environmental aspects of the proposals;

(c) An evaluation of the social and economic impacts of the proposed action on the affected community, to include, at a minimum, changes in property values, community perception and other psychic costs, and the costs and availability of public services, facilities and improvements required to support the facility and protect public health, safety and the environment;

(d) An evaluation of mitigation measures to alleviate problems identified in paragraphs (b) and (c) of this subsection; and

(e) The relationship of the proposal to local planning and existing development.

Except that in the case of hazardous waste *incinerators,* landfills or other sites or facilities for the land disposal of hazardous waste the provisions of paragraphs (c) and (e) of this subsection shall be determined by the local unit of government pursuant to KRS 224.855(5); in the case of a regional integrated waste treatment and disposal demonstration facility the provisions of paragraphs (c) and (e) of this subsection shall be determined by the siting board established pursuant to KRS 224.2203.

(2) The cabinet may prohibit the land disposal of any hazardous wastes. The criteria and list of hazardous waste to be prohibited by the cabinet from land disposal shall be identical to any such criteria and list promulgated by the United States Environmental Protection Agency pursuant to the Resource Conservation and Recovery Act of 1976, as amended, (Public Law 94-580). The land disposal of hazardous waste may be permitted for methods determined by the cabinet to be protective of human health and the environment for as long as the waste remains hazardous.

(3) In conjunction with the application for permits under this section the applicant shall establish adequate financial responsibility as follows:

(a) The applicant shall file as part of his application for a permit to construct the facility an estimate of the cost of closing the facility after its capacity is reached or operations have otherwise ceased and an estimate of the cost of post-closure care. In the case of storage facilities, the cost of closing shall include the cost of properly disposing of the hazardous waste stored. The cabinet shall evaluate this cost estimate and either accept the estimate as made or shall revise it in accordance with acceptable guidelines, using, where available, actual data on closure costs associated with similar existing facilities. Before a permit to operate can be issued the applicant for any hazardous waste permit shall assure that the funds needed to close the facility are available by establishing assurance through one (1) or more of the following mechanisms: cash, certificates of deposit, irrevocable credit or other sureties satisfactory to the cabinet and the mechanism shall be established by agreement with the cabinet. The agreement shall provide that disbursement is permissible only upon written approval of the cabinet and whenever, on the basis of any information, the cabinet determines that the owner or operator is in violation of any of the closure requirements for the facility, that the cabinet shall have the right to use part or all of the closure fund to carry out the closure requirements. The financial institution, surety company or escrow agent shall release these funds upon receiving a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more closure violations. Upon determination that closure has been satisfactorily accomplished, the cabinet shall release the applicant from further financial responsibility for closure;

(b) Any applicant for a hazardous waste disposal permit shall file with the cabinet as part of his application an estimate of the annual cost of post-closure monitoring and routine maintenance at the site. The cabinet shall evaluate the cost estimate, and, after such modification as may be necessary in light of its evaluation, shall give notice of acceptance of the cost estimate. This cost estimate which will be referred to as the annual post-closure operating cost will then be used to determine the amount of the post-closure monitoring and maintenance fund to be used for monitoring and maintenance for a period of a minimum of thirty (30) years after facility closure. The post-closure monitoring and maintenance fund shall be cash, irrevocable credit or other sureties satisfactory to the cabinet and shall be established by an agreement with the cabinet. The agreement shall provide that whenever, on the basis of any information, the cabinet determines that the owner or operator of the facility is in violation of any of the post-closure monitoring and maintenance requirements, the cabinet shall have the right to use part or all of the funds to carry out the post-closure monitoring and maintenance for the facility. The funds shall be released upon receipt of a forfeiture order of the cabinet issued pursuant to an appropriate administrative hearing considering one (1) or more post-closure monitoring and maintenance violations. One (1) year after closure and annually, thereafter, for a period of thirty (30) years, the applicant who has carried out all necessary post-closure maintenance and monitoring requirements may upon application to the cabinet be reimbursed out of the post-closure monitoring and maintenance fund an amount equal to the estimated costs for monitoring and routine maintenance for that year. Request for release of funds for reimbursement must be accompanied by an itemized list of costs incurred. Upon determination that the expenditures incurred are in accordance with the approved plan or otherwise justified the cabinet may authorize the release of the funds to the applicant in writing. Any funds remaining in the account following a termination hearing in which the applicant is released of further responsibility will likewise be released to the applicant; and

(c) All applicants for any hazardous waste permit must provide evidence of financial responsibility in an amount and for a time period specified by the cabinet for the purpose of corrective action on and off-site and satisfying claims arising out of injury to persons or property resulting from the release or escape of hazardous waste into the environment. Such financial responsibility may be established by one (1) or a combination of evidence of liability insurance, self-insurance, or other evidence of financial responsibility acceptable to the cabinet. The level of self-insurance shall not exceed ten percent (10%) of equity, and financial responsibility must be maintained during the entire operation of the facility and until termination. The minimum liability coverage for sudden occurrences, exclusive of legal defense costs, for a storage, treatment or disposal facility shall be one million dollars ($1,000,000) per occurrence with an annual aggregate of two million dollars

($2,000,000). The minimum liability coverage for nonsudden occurrences, exclusive of legal defense costs, for a hazardous waste facility involving land disposal shall be three million dollars ($3,000,000) per occurrence with an annual aggregate of six million dollars ($6,000,000). Combined coverage for sudden and nonsudden occurrences shall be no less than the combined totals herein set forth for separate coverage.

(4) The cabinet shall promulgate regulations establishing minimal standards for closure, post-closure monitoring and maintenance, and termination of sites for the disposal of hazardous waste. Any person who obtains a disposal permit for hazardous waste shall be responsible for the post-closure monitoring and maintenance of the permitted facility for a minimum of thirty (30) years after closure of the facility, and may apply to the cabinet for termination of the responsibility for post-closure monitoring and maintenance at any time after the site has been closed for at least thirty (30) years. Upon receipt of such application the cabinet shall provide notice to the public and to the owner or operator and an opportunity for a hearing on the termination of the site. In this proceeding the burden shall be on the applicant to prove by clear and convincing evidence that additional post-closure monitoring and maintenance is not necessary for adequate protection of public health or the environment. The cabinet shall determine either that post-closure monitoring and maintenance of the site is no longer required in which case the applicant shall be relieved of such responsibility; or that additional post-closure monitoring and maintenance of the site as specified in a plan of operation is still required, in which case the cabinet may order appropriate remedial measures, impose restrictive covenants as to future use of the property involved, or otherwise condition termination as may be necessary for adequate protection of public health and the environment.

(5) In any case where the owner or operator is in bankruptcy, reorganization, or arrangement pursuant to the federal Bankruptcy Code or where jurisdiction cannot be obtained with reasonable diligence in any state court or any federal court over an owner or operator likely to be insolvent at the time of judgment, any claim arising from conduct for which evidence of financial responsibility must be provided under this section may be asserted directly against the guarantor providing such evidence of financial responsibility. In the case of any action pursuant to this subsection, such guarantor shall be entitled to invoke all rights and defenses which would have been available to the owner or operator if any action had been brought against the owner or operator by the claimant and which would have been available to the guarantor if an action had been brought against the guarantor by the owner or operator.

(6) The total liability of any guarantor shall be limited to the aggregate amount which the guarantor has provided as evidence of financial responsibility to the owner or operator under this section. Nothing in this subsection shall be construed to limit any other federal statutory, contractual or common law liability of a guarantor to its owner or operator including, but not limited to, the liability of such guarantor for bad faith either in negotiating or in failing to negotiate the settlement of any claim. Nothing in this subsection shall be construed to diminish the liability of any person under section 107 or 111 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 or other applicable law.

(7) For the purpose of this subsection, the term guarantor means any person, other than the owner or operator, who provides evidence of financial responsibility for an owner or operator under this section.

Section 3. Whereas the need for proper control and review of disposal of radioactive and hazardous wastes as provided in this Act is a present need, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

(d) 1. In providing substitute coverage required under paragraph (c) of this subsection the association may offer either to reissue the terminated coverage or to issue an alternative policy.

(e) 1. Alternative policies adopted by the association shall be subject to approval by the commissioner. The association may adopt alternative policies of various types for future issuance without regard to any particular impairment or insolvency.

2. Alternative policies shall contain at least the minimum statutory provisions required in this state and provide benefits that shall not be unreasonable in relation to the premium charged. The association shall set the premium in accordance with a table of rates which it shall adopt. The premium shall reflect the amount of insurance to be provided and the age and class of risk of each insured, but shall not reflect any changes in the health of the insured after the original policy was last underwritten.

3. Any alternative policy issued by the association shall provide coverage of a type similar to that of the policy issued by the impaired or insolvent insurer, as determined by the association.

(f) If the association elects to reissue terminated coverage at a premium rate different from that charged under the terminated policy, the premium shall be set by the association in accordance with the amount of insurance provided and the age and class of risk, subject to approval by the commissioner or by a court of competent jurisdiction.

(g) The association's obligations with respect to coverage under any policy of the impaired or insolvent insurer or under any reissued or alternative policy shall cease on the date such coverage or policy is replaced by another similar policy by the policyholder, the insured, or the association.

(7) Premiums due for coverage after entry of an order of liquidation of an insolvent insurer shall belong to and be payable at the direction of the association, and the association shall be liable for unearned premiums due to policy or contract owners arising after the entry of such order.

(9) In carrying out its duties under subsections (2) and (3) of this section, the association may, subject to approval by the court:

(a) Impose permanent policy or contract liens in connection with any guarantee, assumption, or reinsurance agreement, if the association finds that the amounts which can be assessed under this subtitle are less than the amounts needed to assure full and prompt performance of the association's duties under this subtitle, or that the economic or financial conditions as they affect member insurers are sufficiently adverse to render the imposition of such permanent policy or contract liens to be in the public interest; and

(b) Impose temporary moratoriums or liens on payments of cash values and policy loans, or any other right to withdraw funds held in conjunction with policies or contracts, in addition to any contractual provisions for deferral of cash or policy loan value.

(10) If the association fails to act within a reasonable period of time as provided in subsections (2)(a)2., (3), and (4) of this section, the commissioner shall have the powers and duties of the association under this subtitle with respect to impaired or insolvent insurers.

The association may require an assignment to it of such rights and cause of action by any payee, policy or contract owner, beneficiary, insured, or annuitant as a condition precedent to the receipt of any right or benefits conferred by this subtitle upon such person.

(b) The subrogation rights of the association under this subsection shall have the same priority against the assets of the impaired or insolvent insurer as that possessed by the person entitled to receive benefits under this subtitle.

(c) In addition to paragraphs (a) and (b) of this subsection, the association shall have all common law rights of subrogation and any other equitable or legal remedy which would have been available to the impaired or insolvent insurer or holder of a policy or contract with respect to such policy or contract.

(14) The association may:

(a) Enter into such contracts as are necessary or proper to carry out the provisions and purposes of this subtitle;

Section 5. KRS 304.42-090 is amended to read as follows:

(1) For the purpose of providing the funds necessary to carry out the powers and duties of the association, the board of directors shall assess the member insurers, separately for each account, at such time and for such amounts as the board finds necessary. Assessments shall be due not less than thirty (30) days after prior written notice to the member insurers and shall accrue interest at eight percent (8%) per annum on and after the due date.

(2) There shall be *two (2)* [~~three (3)~~] classes of assessments:

(a) Class A assessments shall be made for the purpose of meeting administrative costs and other *expenses and examinations conducted under the authority of KRS 304.42-120(5). (3) (a) The amount of any Class A assessment shall be determined by the board and may be made on a *pro rata or non-pro rata basis. If pro rata, the board may provide that it be credited against future Class B assessments. A non-pro rata assessment shall not exceed one hundred fifty dollars ($150) per member insurer in any one (1) calendar year. Such assessment shall be credited against future insolvency assessments and shall not exceed one hundred and fifty dollars ($150) per member insurer in any one (1) calendar year. The amount of any Class B or C assessment shall be allocated for assessment purposes among the accounts in the proportion that the premiums received by the impaired or insolvent insurer on the policies covered by each account for the last calendar year preceding the assessment in which the impaired or insolvent insurer received premiums bears to the premiums received by such insurer for such calendar year on all covered policies~~];

(b) *Class B assessments against member insurers for each account and subaccount shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies or contracts covered by each account and subaccount for the three (3) most recent calendar years for which information is available preceding the year in which the insurer became impaired or insolvent bears to such premiums received on business in this state for such calendar years by all assessed member insurers.*

1. Class B assessments for the life insurance and annuity account shall be made as follows:

a. The subaccount or subaccounts representing the kinds of business written by the impaired or insolvent insurer shall be assessed an amount not to exceed one percent (1%) of member insurers' average premiums as described in subsection (5) of this section.

The second assessment shall be an amount not to exceed one percent (1%) of member insurers' average premiums as defined in subsection (5) of this section, so that the subaccount or subaccounts subject to the initial assessment shall not be assessed in any one (1) calendar year more than two percent (2%) of member insurers' average premiums as defined in subsection (5) of this section.

c. If the previous two (2) assessments are inadequate to carry out the association's responsibilities, the association shall make a third assessment, which shall apply only to the subaccounts which were subject only to the second assessment. The third assessment shall be an amount not to exceed one percent (1%) of member insurers' average premiums as defined in subsection (5) of this section, so that the subaccount or subaccounts subject to the third assessment shall not be assessed in any one (1) calendar year more than two percent (2%) of member insurers' average premiums as defined in subsection (5) of this section. [~~Class C assessments against~~

~~member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies covered by each account for the calendar year preceding the assessment bears to such premiums received on business in this state for the calendar year preceding the assessment by all assessed member insurers~~]; *and*

(c) [~~Class B assessments for each account shall be made separately for each state in which the impaired or insolvent domestic insurer was authorized to transact insurance at any time, in the proportion that the premiums received on business in such state by the impaired or insolvent insurer on policies covered by such account for the last calendar year preceding the assessment in which the impaired or insolvent insurer received premiums bears to such premiums received in all such states for such calendar year by the impaired or insolvent insurer. The assessments against member insurers shall be in the proportion that the premiums received on business in each such state by each assessed member insurer on policies covered by each account for the calendar year preceding the assessment bears to such premiums received on business in each state for the calendar year preceding assessment by all assessed member insurers; and~~

~~(d)~~] Assessments for funds to meet the requirements of the association with respect to an impaired or insolvent insurer shall not be made until necessary to implement the purposes of this subtitle. Classification of assessments under subsection (2) of this section and computation of assessments under this subsection shall be made with a reasonable degree of accuracy, recognizing that exact determinations may not always be possible.

(4) The association may abate or defer, in whole or in part, the assessment of a member insurer if, in the opinion of the board, payment of the assessment would endanger the ability of the member insurer to fulfill its contractual obligations. In the event an assessment against a member insurer is abated, or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other member insurers in a manner consistent with the basis for assessments set forth in this section.

(5) *(a) The total of all assessments upon a member insurer for each subaccount under the life and annuity account shall not in any one (1) calendar year exceed two percent (2%) and for the health account shall not in any one (1) calendar year exceed two percent (2%) of such insurer's average premiums received in this state on the policies and contracts covered by the subaccounts and account during the three (3) calendar years preceding the year in which the insurer became an impaired or insolvent insurer. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one (1) year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this subtitle.*

(b) The board may provide in the plan of operation a method of allocating funds among claims, whether relating to one (1) or more impaired or insolvent insurers, when the maximum assessment will be insufficient to cover anticipated claims [~~The total of all assessments upon a member insurer for each account shall not in any one (1) calendar year exceed two percent (2%) of such insurer's premiums received in this state during the calendar year preceding the assessment on the policies covered by the account. If the maximum assessment, together with the other assets of the association in either account, does not provide in any one (1) year in either account an amount sufficient to carry out the responsibilities of the association, the necessary additional funds shall be assessed as soon thereafter as permitted by this subtitle~~].

(6) The board may, by an equitable method as established in the plan of operation, refund to member insurers, in proportion to the contribution of each insurer to that account, the amount by which the assets of the account exceed the amount the board finds is necessary to carry out during the coming year the obligations of the association with regard to that account, including assets accruing from net realized gains and income from investments. A reasonable amount may be retained in any account to provide funds for the continuing expenses of the association and for future losses if refunds are impractical.

(7) It shall be proper for any member insurer, in determining its premium rates and policy owner dividends as to any kind of insurance within the scope of this subtitle, to consider the amount reasonably necessary to meet its assessment obligations under this subtitle.

(8) The association shall issue to each insurer paying an assessment under this subtitle, other than a Class A assessment, a certificate of contribution, in a form prescribed by the commissioner, for the amount of the assessment so paid. All outstanding certificates shall be of equal dignity and priority without reference to amounts or dates of issue. A certificate of contribution may be shown by the insurer in its financial statement as an asset in such form and for such amount, if any, and period of time as the commissioner may approve.

Section 6. KRS 304.42-110 is amended to read as follows:

(b) When an impairment is declared and the amount of the impairment is determined, serve a demand upon the impaired insurer to make good the impairment within a reasonable time. Notice to the impaired insurer shall constitute notice to its shareholders, if any. The failure of the insurer to promptly comply with such demand shall not excuse the association from the performance of its powers and duties under this subtitle;

(c) In any liquidation or rehabilitation proceeding involving a domestic insurer, be appointed as the liquidator or rehabilitator. If a foreign or alien member insurer is subject to a liquidation proceeding in its domiciliary jurisdiction or state of entry, the commissioner, *may* [~~shall~~] be appointed conservator.

(2) The commissioner may suspend or revoke, after notice and hearing, the certificate of authority to transact insurance in this state of any member insurer which fails to pay an assessment when due or fails to comply with the plan of operation. As an alternative the commissioner may levy a forfeiture on any member insurer which fails to pay an assessment when due. Such forfeiture shall not exceed 5 percent (5%) of the unpaid assessment per month, but no forfeiture shall be less than one hundred dollars ($100) per month.

(3) Any action of the board of directors or the association may be appealed to the commissioner by any member insurer if such appeal is taken within thirty (30) days of the action being appealed. Any final action or order of the commissioner shall be subject to judicial review *as set forth in subtitle 2 of this chapter* [~~in a court of competent jurisdiction~~].

(4) The liquidator, rehabilitator, or conservator of any impaired insurer may notify all interested persons of the effect of this subtitle.

Such report to the board of directors shall contain all significant details of the action taken or the report received from another commissioner;

(c) To report to the board of directors when he has reasonable cause to believe from any examination, whether completed or in process, of any member company that such company may be an impaired or insolvent insurer;

(d) To furnish to the board of directors the NAIC *insurance regulatory information system information* [~~Early Warning Tests~~] developed by the National Association of Insurance Commissioners, and the board may use the information contained therein in carrying out its duties and responsibilities under this section. (5) The board of directors may, upon majority vote, request that the commissioner order an examination of any member insurer which the board in good faith believes may be an impaired or insolvent insurer. Within thirty (30) days of the receipt of such request, the commissioner shall begin such examination. The examination may be conducted as a National Association of Insurance Commissioners examination or may be conducted by such persons as the commissioner designates. The cost of such examination shall be paid by the association and the examination report shall be treated as are other examination reports. In no event shall such examination report be released to the board of directors prior to its release to the public, but this shall not preclude the commissioner from complying with subsection (1) of this section. The commissioner shall notify the board of directors when the examination is completed. The request for an examination shall be kept on file by the commissioner but it shall not be open to public inspection prior to the release of the examination report to the public.

(6) The board of directors may, upon majority vote, make recommendations to the commissioner for the detection and prevention of insurer insolvencies.

(7) The board of directors shall, at the conclusion of any insurer insolvency in which the association was obligated to pay covered claims, prepare a report to the commissioner containing such information as it may have in its possession bearing on the history and causes of such insolvency. The board shall cooperate with the boards of directors of guaranty associations in other states in preparing a report on the history and causes for insolvency of a particular insurer; and may adopt by reference any report prepared by such other associations.

Section 4. KRS 287.095 is amended to read as follows:

(1) *Before* [~~At least sixty (60) days prior to~~] a change *occurs* [~~occurring~~] in the outstanding voting *securities* [~~stock~~] of any bank or trust company which will result in control or in a change in the control of the bank or trust company, *each* [~~the~~] proposed acquiring party [~~or parties~~] shall *file a report with* [~~report such facts to~~] the commissioner *unless the party is, or as a result of the change of control will become, a bank holding company as defined in KRS 287.900. No proposed change which is required to be reported to the commissioner pursuant to this subsection may be effected unless and until the commissioner approves the change. (c) The public convenience and advantage will not be served by the acquisition.

(2) As used in subsection (1) of this section, the term "control" means the power to directly or indirectly direct or cause the direction of the management or policies of the bank or trust company. A change in ownership of voting *securities* [~~stock~~] which would result in direct or indirect ownership by a stockholder or an affiliated group of stockholders of *twenty-five percent (25%) or more* [~~less than ten percent (10%)~~] of the outstanding voting *securities, or the power to vote ten percent (10%) or more of the outstanding voting securities if a stockholder or affiliated group of stockholders is the largest stockholder after the transaction,* [~~stock~~] shall [~~not~~] be considered a change of control. If there is any doubt as to whether a change in the outstanding voting *securities* [~~stock~~] is sufficient to result in control thereof or to effect a change in the control thereof, such doubt shall be resolved in favor of reporting the facts to the commissioner.

(3) *If* [~~Whenever~~] a bank makes a loan or loans, secured, or to be secured, by twenty-five percent (25%) or more of the outstanding voting *securities* [~~stock~~] of a bank, the president or other chief executive officer of the lending bank shall promptly report *the* [~~such~~] fact to the commissioner upon obtaining knowledge of *the* [~~such~~] loan or loans, except that no report need be made *if* [~~in those cases where~~] the borrower has been the owner of record of the *securities* [~~stock~~] for a period of one (1) year or more, or the *securities* [~~stock is~~] that of a newly organized bank prior to its opening.

(4) The reports required by subsections (1)[~~, (2)~~] and (3) of this section shall contain the following information to the extent that it is known by the person making the report:

(a) The number of shares involved;

(e) The purchase price;

(f) The total number of shares owned by the seller (or transferors), the purchasers (or transferees) and the beneficial owners both immediately before and after the transaction; and in the case of a loan:

1. The name of the borrower;

2. The amount of the loan; and

3. The name of the bank issuing the *securities* [~~stock~~] securing the loan and the number of shares securing the loan.

In addition to the foregoing, such reports shall contain such other information as may be available to inform the commissioner of the effect of the transaction upon control of the bank or trust company whose *securities are* [~~stock is~~] involved.

(5) Whenever such a change as described in subsection (1) of this section occurs, each bank or trust company shall report promptly to the commissioner any changes or replacement of its chief executive officer or of any director occurring in the next twelve-month period, including in its report a statement of the past and current business and professional affiliations of the new chief executive officer or directors.

(1) No bank or trust company shall permit any person to become indebted to it or to become obligated as guarantor or surety to it in an amount exceeding twenty per cent (20%) of its capital stock actually paid in and its actual amount of surplus, unless such person pledges with it good collateral security or executes to it a mortgage upon real or personal property which at the time is of more than the cash value of the indebtedness or obligation above all other encumbrances; but in no event shall the indebtedness or obligation of any person exceed thirty percent (30%) of the paid-in capital and actual surplus of the bank or trust company.

(2) No bank or trust company shall permit any of its directors or executive officers to become indebted to it or become obligated as guarantor or surety to it in an amount which exceeds that which any other person is authorized by this section to become indebted or obligated. [~~Such indebtedness, which term includes granting a line of credit, or obligation, is permitted if:~~

~~In no event may a bank or trust company permit any one (1) of its directors or executive officers, or any related interest of that person, to become indebted or obligated to it in an amount that, when aggregated with all other indebtednesses or obligations of that person, and all related interests of that person, exceeds five hundred thousand dollars ($500,000), except by complying with the requirements of this subsection.~~

(3) For purposes of subsection (2) of this section:

(a) The term "indebtedness" or "obligation" does not include an indebtedness of five thousand dollars ($5,000) or less arising by reason of any general arrangement by which a bank or trust company acquires charge or time credit accounts or makes payments to or on behalf of participants in a bank credit card plan, check credit plan, interest bearing overdraft credit plan or similar open-end credit plan if the indebtedness does not involve prior individual clearance or approval by the bank or trust company other than for the purposes of determining authority to participate in the arrangement and compliance with any dollar limit under the arrangement, and the indebtedness is incurred under terms that are not more favorable than those offered to the general public;

(b) As used in this section, "executive officer" means a person who participates or has authority to participate, other than in the capacity of a director, in major policymaking functions of the bank or trust company, whether or not the officer has an official title, the title designates the officer an assistant, or the officer is serving without salary or other compensation. The chairman of the board, the president, every vice-president, the cashier, the secretary, and the treasurer of a bank or trust company are considered executive officers, unless the officer is excluded, by resolution of the board of directors or by the bylaws of the bank or trust company, from participation, other than in the capacity of a director, in major policymaking functions of the bank or trust company, and the officer does not actually participate therein; and

(c) As used in this section, "related interest" means any corporation, partnership, trust (business or otherwise), association, joint venture, pool syndicate, sole proprietorship, unincorporated organization, or any other form of business entity not specifically listed herein that is controlled by a person or a political or campaign committee that is controlled by a person or the funds or services of which will benefit a person. 2. Controls in any manner the election of a majority of the directors of the entity or committee; or

3. Has the power to exercise a controlling influence over the management or policies of the entity or committee.]

(4)[~~(5)~~] Except as otherwise provided in this section, the same security, both in kind and amount, shall be required from stockholders as from nonstockholders.

(5)[~~(6)~~] The discount of bills of exchange drawn against actually existing value, and the purchase or discounting of commercial or business paper actually owned by the person negotiating such paper shall not be considered as borrowed money within the meaning of this section in fixing the limit of indebtedness or obligation of any person selling or negotiating such paper to a bank.

(b) "Bank holding company," "company," and "control" have the meanings accorded them in the federal Bank Holding Company Act of 1956, as amended (12 U.S.C. section 1841, et seq.). "Control" may be acquired by acquisition of voting securities, by purchase of assets, by merger or consolidation, by contract, or otherwise;

(d) *"Kentucky deposits" means the total deposits and member accounts held by federally insured banks, savings and loan associations, savings banks and credit unions in the state* [~~"Deposit" has the meaning accorded it in the Federal Deposit Insurance Act, as amended, and regulations promulgated thereunder; excluded, however, from deposits are all interbank deposits and all deposits in foreign branches and international banking facilities,~~] as shown in the reports made by *such institutions* [~~all banks~~] to their respective supervisory authorities.

(e) A bank holding company shall be deemed to be located or have its principal place of business in the state or other jurisdiction in which the total deposits of all the bank holding company's banking subsidiaries are largest.

(f) A bank which is the result of a merger, consolidation or conversion shall be deemed to have been in existence since the earliest date any of the constitutent institutions to the merger, consolidation or conversion came into existence.

The provisions of this subsection shall not prohibit the organization of a one (1) bank holding company for the purpose of acquiring control of a bank even if the bank was chartered after July 13, 1984, and has been in existence less than five (5) years at the time of the acquisition.

(3) No individual or bank holding company wherever located may acquire control of any bank or bank holding company if, upon the acquisition, the individual or bank holding company would control banks in

(b) Provided, however, a bank holding company wherever located, may acquire control of a bank holding company which has its principal place of business in this state and which controls more than three (3) banks located in this state under conditions approved by the commissioner which would require the following:

1. That an acquisition made under this subsection shall be limited to only one (1) acquisition;

2. That the banks acquired in excess of the three (3) bank per year limitation included in this acquisition shall be counted against future acquisitions during the remaining five (5) year period provided in this subsection; and

3. That the total bank acquisitions by a bank holding company shall not exceed in the aggregate fifteen (15) banks during the five (5) year period provided in this subsection.

(5) The limitations set forth in this section or any other provision of this chapter or any regulation promulgated thereunder, as now in effect or amended after July 13, 1984, shall not apply to the acquisition of a bank if, in his discretion, the commissioner, if the bank is organized under the laws of this state, or the comptroller of the currency, if the bank is a national bank, determines that an emergency exists and the acquisition is appropriate in order to prevent the probable failure of the bank which is closed or is in danger of closing.

(6) (a) Any bank holding company having its principal place of business in a state *other than* [~~which is contiguous to~~] this state may acquire control of any bank or bank holding company having its principal place of business in this state, if the state wherein the bank holding company has its principal place of business shall authorize the acquisition of control of a bank or bank holding company in that state by a bank holding company having its principal place of business in this state under conditions substantially no more restrictive than those imposed by this section.[~~;~~]

~~(c) For the purposes of this subsection, a bank holding company shall be deemed to be located or have its principal place of business in the state or other jurisdiction in which the total deposits of all the bank holding company's banking subsidiaries are largest.~~]

(7) The provisions of this section shall not be construed to prohibit or restrict the merger or consolidation of banks or bank holding companies having their principal places of business in the same county and the operation by the merged or consolidated corporation of the banks, nor to prohibit the sale of any bank or bank holding company to, and the purchase thereof by, any other bank or bank holding company with its principal place of business in the same county and the operation of the bank as a branch so long as the provisions of KRS 287.180(4) have been satisfied.

(8) Banks located in this state which are controlled by a bank holding company, may consolidate any administrative, management or operational activity directly relating to banking into one (1) designated affiliated bank located in this state, which bank shall be responsible for maintaining appropriate records necessary for examination of that activity by state or federal regulatory authorities.

(a) The terms of the acquisition are in accordance with the laws of this state;

(b) The financial condition, or the competence, experience and integrity of the acquiring company or its principals are such as will not jeopardize the financial stability of the acquired bank or bank holding company;

(c) The public convenience and advantage will be served by the acquisition; and

(d) No federal regulatory authority whose approval is required has disapproved the transaction because it would result in a monopoly or substantially lessen competition.

(2) A non-refundable fee shall accompany each application and shall be set by the commissioner in accordance with KRS 287.480.

(3) The commissioner may examine or elect to participate in a joint examination, with the applicable federal or state regulatory agency, of any holding company or nonbank subsidiary of the holding company that controls or is affiliated with a state-chartered bank.

(4) The commissioner may enter into cooperative agreements with federal or state regulatory authorities to examine an out-of-state bank that is controlled by a Kentucky bank holding company or is controlled by a bank holding company which includes a state-chartered bank, or accept reports of examinations of such out-of-state banks from federal or state regulatory authorities in lieu of conducting examinations.

(5) The commissioner may enter into cooperative agreements with federal or state regulatory authorities to exchange confidential information and reports of examination relating to interstate acquisitions of banks and bank holding companies.

(6) The cost of an examination shall be assessed against and paid by the company examined. The assessment for the examination shall be calculated in the same manner as that used for bank examinations.

SECTION 15. A NEW SECTION OF KRS CHAPTER 287 IS CREATED TO READ AS FOLLOWS:

As used in this chapter, unless the context requires otherwise:

(1) "Cash dispensing machine" means an electronic terminal other than a point-of-sale terminal or full function electronic terminal which dispenses United States currency. An electronic terminal that dispenses only scrip, coupons or similar items is not a cash dispensing machine.

(2) "Customer" means, with respect to a bank, a depositor or borrower of the bank who effects an electronic fund transfer.

(3)"Electronic fund transfer" means any transfer of funds or account information, other than a transaction originated by check, draft or similar paper instrument, that is initiated through an electronic terminal, telephone, or computer or magnetic tape, for the purpose of ordering, instructing, or authorizing a bank to debit or credit one (1) or more customer accounts. The term includes, but is not limited to, point-of-sale transfers, automated teller machine transactions, direct deposits or withdrawals of funds, and transfers initiated by telephone.

(4) "Electronic terminal" means an electronic device through which a customer may initiate an electronic fund transfer. The term includes, but is not limited to, point-of-sale terminals, automated teller machines, and cash dispensing machines.

(5) "Full function electronic terminal" means an electronic terminal which accepts paper based deposits.

(6) "Paper based deposits" means deposits effected through the transfer or delivery by a customer of paper currency, coin or check, draft or similar paper instrument.

(7) "Point-of-sale terminal" means an electronic terminal which effects a point-of-sale transaction and which

does not accept paper based deposits and either dispenses goods or non-banking services or is located on the premises of an enterprise or business engaged in the providing of goods or non-banking services.

(8) "Point of sale transaction" means an electronic fund transfer initiated through a point-of-sale terminal from a customer's account to an account at any bank to effect payment for the purchase of goods or services.

(9) "Public electronic terminal" means an electronic terminal other than a point-of-sale terminal or a telephone which is deployed in a public place for use by members of the general public.

SECTION 16. A NEW SECTION OF KRS CHAPTER 287 IS CREATED TO READ AS FOLLOWS:

(1) Subject to the provisions of subsection (2) of this section, a bank may own, establish, use or share or operate electronic terminals located anywhere within or outside of this state and the electronic terminals shall not be considered branches within the meaning of this chapter.

(2) A bank may use or share, but shall not own or establish, except as the lessor in a financing lease with an unaffiliated lessee, a full-function electronic terminal or cash dispensing machine, located in this state outside of the geographic area within which the bank may establish or operate a branch.

(3) Subject to the provisions of subsections (4), (5) and (6) of this section, a bank may effect electronic fund transfers upon receipt of any order, instruction or authorization to do so from its customers.

(4) A bank shall not accept paper-based deposits initiated at any electronic terminal which is located in this state outside of the geographic area within which the bank may establish or operate a branch.

(5) A bank shall not effect an electronic fund transfer of funds from the account of a customer to an account at another bank initiated at a full-function electronic terminal, cash dispensing machine or public electronic terminal which is located in this state outside the geographic area within which the bank may establish or operate a branch.

(6) A bank shall not effect any of the following types of electronic funds transfers if they are initiated at a point-of-sale terminal located in this state outside the geographic area within which the bank may establish or operate a branch:

(a) The transfer of funds except in connection with a point-of-sale transaction; or

(b) The dispensing of cash to a customer, except in connection with a point-of-sale transaction.

(7) No later than January 31 of each year, any bank organized under this chapter shall give the commissioner a written report listing any electronic terminal which the bank first used, shared or operated during the preceding year. The report shall set forth the type and location of the electronic terminal and any other information the commissioner may request. If an electronic terminal is established, used, shared or operated by two (2) or more banks, the giving of the report required by or on behalf of any one (1) of the banks, listing all of the banks which have established, used, shared or operated the electronic terminal, shall constitute compliance with this section for all the banks.

(8) Notwithstanding the provisions of this section or any other law, a bank may effect any electronic fund transfer or establish, own, operate, share or use an electronic terminal to the extent allowed national banking associations by the laws of the United States.

SECTION 17. A NEW SECTION OF KRS CHAPTER 287 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section, "trust business" means the exercise of all rights, powers, and duties of a bank or trust company as provided in this chapter, including but not limited to acting as trustee, guardian, executor, administrator, conservator, agent, custodian or arising from having been named or designated as one (1) or more of the foregoing in any will or other writing whenever executed.

(2) If a bank holding company causes an affiliate or subsidiary it controls, which is qualified to conduct trust business in this state, to succeed to part or all of the trust business of any other affiliate or subsidiary,

also so qualified in this state, of the same bank holding company, the successor shall act in place of the predecessor with all the rights, powers, and duties which were granted to or imposed on the predecessor.

(3) The rights, powers and duties of the predecessor affiliate or subsidiary remain unimpaired and continue in the successor, from the time of the taking effect of the succession, irrespective of the date when the relation was established, and irrespective of the date of any related trust agreement or of the date of death of any decedent whose estate is being so administered. Nothing done in connection with the succession shall effect a removal, renunciation or resignation from the executorship, trusteeship, or any other fiduciary relationship.

(4) The successor shall notify the commissioner in writing of such succession. This writing shall serve as notice to the department as to the identity of the successor. Furthermore, in all instances where the predecessor was acting pursuant to order of court, the successor shall notify the court in writing of the succession.

Section 18. KRS 291.115 is amended to read as follows:

(1) Stockholders in investment companies shall be liable equally and ratably, and not one for the other, for all contracts and liabilities of the company to the extent of the amount of their stock at par value, in addition to the amount of such stock.

(2) Persons holding stock as fiduciaries shall not be personally liable as stockholders, but the estates in their hands shall be liable the same as the property of other stockholders.

(3) No transfer of stock shall release any such liability existing at the time of the transfer if the action to enforce such liability is commenced within two (2) years from the time of transfer.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) Effective for the tax year beginning January 1, 1988 and until the state treasurer certifies that the assets of the bluegrass state games exceed twenty million dollars ($20,000,000), any individual who is entitled to a tax refund sufficient to make a designation under this section may designate an amount, not to exceed the amount of the refund, to be paid to such program. In the case of a joint return, each spouse may designate that a portion of the refund shall be paid to said programs. Such designation shall not increase or decrease the income tax liability of any taxpayer, but it shall reduce the income tax refund of such taxpayer or spouse by the amount or amounts designated.

(2) The tax designation authorized in this section shall be clearly and unambiguously printed on the first page of the state individual income tax return.

(3) The secretary of revenue shall annually certify by December 1 all such designated amounts to be paid by the state treasurer. The treasurer shall annually remit by the following January 1 such funds to the appropriate official designated by the governing body of the games.

The Committee on Counties and Special Districts reported **HB 564**, with Committee Amendment attached thereto, and **HB 496**, with Committee Substitute attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 564, AN ACT relating to counties.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 66.310 is amended to read as follows:

(1) No county may contract an indebtedness which, together with all other indebtedness of the county, is in excess of one-half of one percent (.5%) of the value of the taxable property therein, as determined by the next preceding complete assessment, and issue valid bonds therefor, without having first secured the written approval of the state local finance officer. Any other bonds to be issued or reissued by any county may be submitted for approval as hereinafter provided. When the fiscal court of any county has petitioned the state local finance officer under KRS 66.320 for assistance in formulating a plan for reorganizing its debt structure, or has received the approval of any issue or reissue of county bonds voluntarily as provided in this section, all bonds thereafter issued or reissued by the county must be approved as provided in this section.

(2) Without the approval of the state local finance officer a county may not lease, as lessee, a building or public facility that has been or is to be financed at the county's request or on its behalf through the issuance of bonds by another public body or by a nonprofit corporation serving as an agency and instrumentality of the county for that purpose, unless such bonds if issued by the county itself as its own general obligations, would be exempt under the provisions of subsection (1). If such approval is required, the state local finance officer shall hold a hearing for the purpose of considering the terms of the lease upon the same basis as is provided under subsection (3), and interested parties shall have the same right of appeal as is therein provided. This subsection does not apply to leases entered into before July 1, 1964, nor to renewals thereafter of leases entered into before that date, nor to bonds referred to in this subsection if the same shall have been sold prior to that date, whether or not actually delivered to the purchaser or purchasers thereof before that date.

(3) The state local finance officer shall hold a hearing for the purpose of determining whether any issue or reissue of bonds submitted to him for approval should be approved or disapproved. The state local finance officer shall withhold his approval if he believes the financial condition and prospects of the county do not warrant a reasonable expectation that interest and principal maturities can be met when due without seriously restricting other expenditures of the county; if, in his discretion, the issue or reissue of bonds will not serve the best interests of both the county issuing same and a majority of its creditors; or if it appears that the bonds or the issuance thereof will be invalid. *The state local finance officer shall assess the life-span of bonded projects and, when necessary, require the local jurisdiction to provide an independent assessment of the useful life of the project. The state local finance officer shall not approve those projects in which the debt service payments are required over a longer time period than the useful life of the project. Counties seeking approval for bonded projects involving roads or bridges shall submit a description of the project to the transportation cabinet for review of its useful life expectancy. The transportation cabinet shall perform the reviews at no charge and forward its review to the state local finance officer within thirty (30) days of receipt.* If the state local finance officer is petitioned by any county to approve the issuance of bonds to refund outstanding county bonds, and if the state local finance officer is unable to find that the bonds sought to be refunded were in their entirety validly issued, he shall nevertheless find that bonds may be issued validly for the purpose of refunding the bonds, in equivalent or lesser par principal amount, provided that the interest rate to be borne by the refunding bonds shall be such as to make possible their liquidation within their life at no greater average annual cost to the county than would be required to liquidate, within the same number of years, the portion of the outstanding indebtedness found to be valid at the interest rate borne by it before refunding.

(4) The state local finance officer shall give at least two (2) weeks' notice of the hearing herein above required to the county judge/executive of the county proposing to issue such bonds, and the county judge/executive shall cause a copy of said notice to be published pursuant to KRS Chapter 424. In the case of bonds proposed to be issued for the purpose of refunding currently outstanding bonds, the state local finance officer shall in addition cause a notice of the hearing to be published pursuant to KRS Chapter 424 and at least ten (10) days, exclusive of Sundays and holidays, prior to the date set for the hearing in a financial newspaper or periodical having general circulation among bondholders and bond dealers and said notice shall be paid for by the executive department for finance and administration out of its appropriation. Any party having a material interest shall have an opportunity to be heard and to present evidence. The state local finance officer shall make a record of the proceedings of such hearing and shall prepare a written decision approving or disapproving the issuance of the proposed bonds. Any interested party or taxpayer may within fifteen (15) days, exclusive of Sundays and holidays, appeal to the commission from the decision of the state local finance officer. The commission, upon the basis of the record prepared by the state local finance officer, and of any additional evidence which may be introduced, shall pass upon the decision of the state local finance officer.

(5) Within thirty (30) days, exclusive of Sundays and holidays, after a decision by the commission any interested party or taxpayer of the county, upon filing bond for costs, may appeal to the Franklin Circuit Court or, in the case only of bonds proposed to be issued for the purpose of funding floating indebtedness, to either the Franklin Circuit Court or to the circuit court of the county proposing to issue said bonds. Appeal shall be taken by filing with the clerk of the court a copy of the record of the proceedings and decision of the state local finance officer and the decision of the commission. The commission, the fiscal court, the taxpayers of the county, and, in the case of funding or refunding bonds, the creditors whose claims or bonds are proposed to be funded or refunded, shall be made parties to the appeal. Summons shall be served and class representatives designated as provided in the Rules of Civil Procedure. To facilitate adjudication the state local finance officer is hereby required, on payment of a reasonable fee therefor to be fixed by the state local finance officer, to supply a certified copy of such records to any party. The case shall be advanced on the docket of the circuit court and shall be heard and decided as in the case of a declaratory judgment, except that all findings of fact of the state local finance officer and of the commission shall be final if supported by any substantial evidence, provided, however, that in the case only where the question of the validity of the indebtedness proposed to be funded or refunded is in issue, additional evidence relating to the validity

of such indebtedness may be presented.

(6) An appeal may be taken from the circuit court to the Court of Appeals in the manner provided in the Rules of Civil Procedure.

(7) In case no appeal is taken from the approval of a bond issue by the state local finance officer or the commission as provided in this section, said decision as to the legality of such bonds shall be res adjudicata in any subsequent case or cases raising such question of legality. When bonds are approved as provided in this section, they shall not be required to be approved as provided in KRS 66.210 and 66.220.

(8) Record of the approval of bonds as provided in this section shall be made in the minutes of the next meeting of the fiscal court of the county issuing the bonds so approved, and copies of all decisions of the state local finance officer and of the commission shall be filed with the secretary of state.

On or before September 1, 1988, the fiscal court shall fix the maximum annual compensation for the sheriff, within the limitations provided herein, for calendar year 1988 and for the remaining years in the sheriff's current term, notwithstanding any other provisions of this section which may be inconsistent*

herewith. This subsection shall also apply to sheriffs in counties containing a city of the first class and in counties having an urban-county form of government, except that the maximum annual salary for such sheriffs shall be fixed by an order entered upon the order book of the circuit court and signed by the chief judge thereof, instead of by the fiscal court.

(3) In counties containing a city of the first class and in counties having an urban-county form of government, the amount, if any, allowed for the necessary office expenses of each officer shall be fixed by an order entered upon the order book of the circuit court, and signed by the chief judge thereof. The department for local government may extend the time for filing the statement and making the payment for a period not exceeding ten (10) days in any month.

(5)[~~(4)~~] The salary of each officer and his deputies and assistants and his office expenses shall be paid semimonthly by the state treasurer upon the warrant of the department for local government made payable to the officer. If seventy-five percent (75%) of the amount paid into the state treasury in any month by any of such officers is not sufficient to pay the salaries and expenses of his office for that month, the deficit may be made up out of the amount paid in any succeeding month; but in no event shall the amount allowed by the department for local government to any officer for salaries and expenses exceed seventy-five percent (75%) of the amount paid to the department for local government by the officer during his official term.

(6)[~~(5)~~] In counties containing a city of the first class and in counties having an urban-county form of government, the number of deputies and assistants allowed to each officer and the compensation allowed to each deputy and assistant shall be fixed at reasonable amounts upon motion of each officer by an order entered upon the order book of the circuit court and signed by the chief judge thereof. A certified copy of the orders, and of any subsequent changes made therein, shall, as soon as entered, be forwarded to the department for local government.

Section 5. KRS 64.530 is amended to read as follows:

(1) Except as provided in subsections (5) and (6) of this section, the fiscal court of each county shall fix the compensation of every county officer and employe except the officers named in KRS 64.535 and the county attorney and jailer. The fiscal court may provide a salary for the county attorney.

(2) For the purposes of this section, justices of the peace and constables in all counties shall be deemed to be county officers and deputies or assistants of county officers shall be deemed to be county employes, but employes of county boards or commissions which are now authorized by law to fix the compensation of their employes shall not be deemed to be county employes for the purposes of this section.

(3) In the case of officers compensated from fees, or partly from fees and partly by salary, the fiscal court shall fix the maximum compensation that any officer except the officers named in KRS 64.535 may receive from both sources. The fiscal court may also fix the number of deputies and assistants, and the compensation thereof, and the maximum amount that the officer may expend each year for expenses of his office.

(4) In the case of county officers elected by popular vote and the county attorney, in the event the fiscal court provides him a salary, the monthly compensation of the officer and of his deputies and assistants shall be fixed by the fiscal court not later than the first Monday in May in the year in which the officers are

elected, and the compensation of the officer shall not be changed during the term but the compensation of his deputies or assistants may be reviewed and adjusted by the fiscal court not later than the first Monday in May of any successive year upon the written request of the officer. The fiscal court may, upon the written request of the officer, increase or decrease the number of permanent or temporary deputies and assistants authorized to the office at any time after the beginning of the term of the officer. The fiscal court shall fix the compensation of deputies and assistants hired during the term of the officer at the time of their employment, and their compensation may be reviewed and adjusted at the same time as that of other deputies and assistants. On or before August 1, 1966, the fiscal court shall fix the salary provided herein for the county attorneys for the term commencing in January, 1966, notwithstanding any other provisions of this section which may be inconsistent herewith.

(5) Nothing in this section shall apply to property valuation administrators or their deputies, assistants and expenses, in any county, or to the circuit court clerk, county clerk, sheriff, jailer, and their deputies, assistants and expenses, in counties having a population of 75,000 or more.

(6) Justices of the peace serving on a fiscal court in any county, and county commissioners serving on a fiscal court in any county other than one containing a city of the first, second, third or fourth class, shall be paid for their services, out of the county treasury, not to exceed the maximum compensation allowable under KRS 64.527. The fiscal court shall fix the amount to be received within the above limit, but no change of compensation shall be effective as to any member of a fiscal court during his term of office. The compensation of county commissioners serving on fiscal courts in counties containing a city of the first class shall not exceed nine thousand six hundred dollars ($9,600) per year, in counties containing cities of the second class it shall not exceed nine thousand dollars ($9,000) per year and in counties containing cities of the third or fourth class it shall not exceed twenty percent (20%) more than the annual compensation paid in the county for the calendar year immediately preceding 1974, and all of said annual salaries shall be payable monthly. Justices of the peace and county commissioners shall not receive any compensation for their services on the fiscal court, other than as provided by this section; provided, however, justices of the peace and county commissioners may receive no more than three thousand six hundred dollars ($3,600) annually or three hundred dollars ($300) per month as an expense allowance for serving on committees of the fiscal court. The fiscal court shall fix the amount to be received within the above limit, but no change of compensation except as provided in KRS 64.285 shall be effective as to any member of a fiscal court during his term of office.

(7) Notwithstanding subsections (1) and (3) of this section, the maximum annual compensation of the sheriff shall be fixed by the fiscal court not later than the first Monday of May in the year in which the sheriff is elected, and the compensation of the sheriff shall not be changed during the term, exclusive of adjustments to reflect changes in the purchasing power of the dollar as computed by the department for local government. The maximum set by the fiscal court shall be no less than the amount computed by the department for local government pursuant to KRS 64.527 and shall be no greater than the amount computed by the department for local government pursuant to subsection (2) of Section 2 of this Act. On or before September 1, 1988, the fiscal court shall fix the maximum annual compensation, within the limitations provided herein, for calendar year 1988 and for the remaining years in the sheriff's current term, notwithstanding any other provisions of this section which may be inconsistent herewith.

Section 6. KRS 64.535 is amended to read as follows:

(1) The county clerk *and* [,] county judge/executive [~~and sheriff~~] of each county shall receive a maximum monthly salary of one-twelfth (1/12) of fourteen thousand three hundred dollars ($14,300) to be paid solely out of the statutory fees and salaries received by him during the calendar year.

In such hearing the judge shall hear additional evidence in extenuation, mitigation, and aggravation of punishment, including the record of any prior criminal convictions and pleas of guilty or pleas of nolo contendere of the defendant, or the absence of any prior conviction and pleas: provided, however, that only such evidence in aggravation as the state has made known to the defendant prior to his trial shall be admissible. Upon the conclusion of the evidence and arguments the judge shall impose the sentence or shall recess the trial for the purpose of taking the sentence within the limits prescribed by law. If the trial court is reversed on appeal because of error only in the presentence hearing, the new trial which may be ordered shall apply only to the issue of punishment;

(b) In all cases in which the death penalty may be imposed and which are tried by a jury, upon a return of a verdict of guilty by the jury, the court shall resume the trial and conduct a presentence hearing before the jury. Such hearing shall be conducted in the same manner as presentence hearings conducted before the judge as provided in paragraph (a) of this subsection, including the record of any prior criminal convictions and pleas of guilty or pleas of nolo contendere of the defendant. Upon the conclusion of the evidence and arguments, the judge shall give the jury appropriate instructions, and the jury shall retire to determine whether any mitigating or aggravating circumstances, as defined in subsection (2) of this section, exist and to recommend a sentence for the defendant. Upon the findings of the jury, the judge shall fix a sentence within the limits prescribed by law.

(b) Mitigating circumstances:

3. The victim was a participant in the defendant's criminal conduct or consented to the criminal act;

4. The capital offense was committed under circumstances which the defendant believed to provide a moral justification or extenuation for his conduct even though the circumstances which the defendant believed to provide a moral justification or extenuation for his conduct are not sufficient to constitute a defense to the crime;

8. The youth of the defendant at the time of the crime.

(3) The instructions as determined by the trial judge to be warranted by the evidence or as required by KRS 532.030(4) shall be given in charge and in writing to the jury for its deliberation. HB 18, AN ACT relating to sales and use taxes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 139.470 is amended to read as follows:

There are excluded from the computation of the amount of taxes imposed by this chapter:

(1) Gross receipts from the sale of, and the storage, use or other consumption in this state of, tangible personal property the gross receipts from the sale of which, or the storage use or other consumption of which, this state is prohibited from taxing under the Constitution or laws of the United States, or under the Constitution of this state;

(2) Gross receipts from sales of, and the storage, use or other consumption in this state of:

(a) Nonreturnable and returnable containers when sold without the contents to persons who place the contents in the container and sell the contents together with the container; and

(b) Returnable containers when sold with the contents in connection with a retail sale of the contents or when resold for refilling;

As used in this section the term "returnable containers" means containers of a kind customarily returned by the buyer of the contents for reuse. All other containers are "nonreturnable containers";

(3) Gross receipts from the sale of, and the storage, use or other consumption in this state of, tangible personal property used for the performance of a lump sum, fixed fee contract of public works executed prior to February 5, 1960;

(4) Gross receipts from occasional sales of tangible personal property and the storage, use or other consumption in this state of tangible personal property, the transfer of which to the purchaser is an occasional sale;

(5) Gross receipts from sales of tangible personal property to a common carrier, shipped by the seller via the purchasing carrier under a bill of lading, whether the freight is paid in advance or the shipment is made freight charges collect, to a point outside this state and the property is actually transported to the out-of-state destination for use by the carrier in the conduct of its business as a common carrier;

(6) Gross receipts from sales of tangible personal property sold through coin-operated bulk vending machines, if such sale amounts to twenty-five cents (25) or less, provided the retailer is primarily engaged in making such sales and maintains records satisfactory to the cabinet. As used in this subsection, "bulk vending machine" means a vending machine containing unsorted merchandise which, upon insertion of a coin, dispenses the same in approximately equal portions, at random and without selection by the customer;

(7) Gross receipts from sales to any cabinet, department, bureau, commission, board, or other statutory or constitutional agency of the state and gross receipts from sales to counties, cities or special districts as defined in KRS 65.005. This exemption applies only to purchases of property or services for use solely in

the government function. A purchaser not qualifying as a governmental agency or unit is not entitled to the exemption even though such purchaser may be the recipient of public funds or grants;

(8) (a) Gross receipts from the sale of sewer services, water and fuel to Kentucky residents for use in heating, water heating, cooking, lighting, and other residential uses. As used in this subsection, "fuel" shall include, but not be limited to, natural gas, electricity, fuel oil, bottled gas, coal, coke and wood. Determinations of eligibility for the exemption shall be made by the revenue cabinet;

(b) In making such determinations of eligibility, the cabinet shall exempt from taxation all gross receipts derived from sales classified as "residential" by a utility company as defined by applicable tariffs filed with and accepted by the public service commission. Where the service is classified as residential, use other than for "residential" purposes by the customer will not negate the exemption;

(c) The exemption does not apply where charges for sewer service, water and fuel are billed to an owner or operator of a multi-unit residential rental facility or mobile home and recreational vehicle park other than residential classification; and

(d) The exemption applies also to residential property which may be held by legal or equitable title, by the entireties, jointly, in common, as a condominium, or indirectly by the stock ownership or membership representing the owner's or member's proprietary interest in a corporation owning a fee or a leasehold initially in excess of ninety-eight (98) years; and

(9) Any rate increase for school taxes and any other charges or surcharges added to the total amount of a residential telephone bill.

(10) Gross receipts from sales to an out-of-state agency exempt from tax in its state of residence when that agency gives proof of its tax exempt status to the seller and the seller maintains a file of such proof.

The Committee Substitute to **HB 18** is as follows:

Section 1. KRS 139.260 is amended to read as follows:

For the purpose of the proper administration of this chapter and to prevent evasion of the sales tax it shall be presumed that all gross receipts are subject to the tax until the contrary is established. (b) Holds the permit provided for in KRS 139.250*;*[~~,~~] and [~~who,~~]

The seller is also relieved if the purchaser is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose.

(3) If the cabinet later finds that the seller exercised good faith according to the provisions of subsection (2) of this section but that the purchaser used the property in a manner that would not have qualified for resale status, the cabinet shall hold the purchaser liable for the remittance of the tax and may apply penalties provided in KRS 139.990.

Section 3. KRS 139.400 is amended to read as follows:

For the purpose of the proper administration of this chapter and to prevent evasion of the use tax and the duty to collect the use tax, it shall be presumed that tangible personal property sold by any person for delivery in this state is sold for storage, use or other consumption in this state until the contrary is established. The burden of proving the contrary is upon the person who makes the sale unless he takes from the purchaser a certificate to the effect that the property is *either:*

(2) "Good faith" on the part of the seller shall be demonstrated by the seller *if he:*

(a) Accepts a properly completed resale certificate;

(b) Maintains a file of such certificate in accordance with KRS 139.720; and

(c) Determines [~~determining~~] that the kind of property being sold to the purchaser is normally offered for resale in the type business operated by the purchaser and that the property, if delivered by the seller, is delivered to the purchaser's business address. The seller is also relieved if the purchaser is unable to ascertain at the time of purchase whether the property will be sold or will be used for some other purpose.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) Notwithstanding any other provision of this chapter, within thirty (30) days after the effective date of this Act, the cabinet shall list the following substances as hazardous wastes for the purposes of regulation of the generation, treatment, storage, and disposal of the wastes under the delegated authority of the resource conservation and recovery act, 42 U.S.C. 6901 et seq.: GB (isopropyl methyl phosphonoflouridate); VX (O-ethyl-S-(2-diisopropylaminoethyl) methyl phosphonothiolate); and H (bis(2-chloroethyl) sulfide) and related compounds.

(2) In addition to the requirements of KRS 224.866(1), the cabinet shall consider the criteria set forth in this subsection in making a determination to issue, deny or condition a permit for any person desiring a permit to construct or operate a hazardous waste site or facility for treatment, storage or disposal of any of the substances identified in subsection (1) of this section. The applicant shall affirmatively demonstrate, and the cabinet shall find prior to issuance, conditional issuance or denial of the permit, that:

(a) The proposed treatment or destruction technology has been fully proven in an operational facility of scale, configuration, and throughput comparable to the proposed facility, for a period of time sufficient to provide assurance of ninety-nine and ninety-nine millionths percent (99.999999%) destruction or neutralization of each substance proposed to be treated or destroyed;

(b) Monitoring data from a comparable facility reflects the absence of emissions from stack or fugitive sources, including but not limited to the products of combustion and incomplete combustion, which alone or in combination present any risk of acute or chronic human health effect or adverse environmental effect; and

(c) Provision has been made for development and funding of sufficient training, coordination and equipment for state and local emergency response personnel, including the health, police, fire and emergency response fields, to assure the ability of the community to respond to releases from such a facility, including development and funding of an evacuation plan by the applicant which demonstrates the capability of removing individuals from the largest area at risk from a worst-case release.

Section 2. If any provision of this Act or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of the Act which can be given effect without the invalid provision or application, and to this end the provisions of this Act are severable.

HB 656, AN ACT relating to surface coal mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.010 is amended to read as follows:

As used in this chapter unless the context requires otherwise:

(1) "Surface coal mining operations" means activities conducted on the surface of lands in connection with a surface coal mine and surface impacts incident to an underground coal mine. Such activities include excavation for the purpose of obtaining coal including such common methods as contour, strip, auger, extended depth secondary recovery systems, mountaintop removal, box cut, open pit, and area mining, the use of explosives and blasting, and in situ distillation or retorting, leaching or other chemical or physical processing, and cleaning, concentrating or other processing or preparation, and the loading of coal at or near the mine site. Such activities shall not include the extraction of coal by a landowner for his own noncommercial use from land owned or leased by him; the extraction of coal as an incidental part of federal, state or local government financed

highway or other construction under regulations established by the cabinet; the extraction of, or intent to extract, two hundred fifty (250) tons or less of coal by any person by surface coal mining operations within twelve (12) successive calendar months; the extraction of coal incidental to the extraction of other minerals where coal does not exceed sixteen and two-thirds percent (16 2/3%) of the tonnage of minerals removed for purposes of commercial use or sale; or coal exploration subject to KRS 350.057. Surface coal mining operations shall also include the areas upon which such activities occur or where such activities disturb the natural land surface. Such areas shall also include any adjacent land the use of which is incidental to any such activities, all lands affected by the construction of new roads or the improvement or use of existing roads to gain access to the site of such activities and for haulage, and excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas and other areas upon which are sited structures, facilities, or other property or materials on the surface resulting from or incident to such activities. This definition includes the terms "strip mining" of coal and the "surface effects of underground mining" of coal as used in this chapter;

(2) "Strip mining" means the breaking of the surface soil in order to facilitate or accomplish the extraction or removal of minerals, ores, or other solid matter; any activity or process constituting all or part of a process for the extraction or removal of minerals, ores, and other solid matter from its original location; and the preparation, washing, cleaning, or other treatment of minerals, ores, or other solid matter so as to make them suitable for commercial, industrial, or construction use; but shall not include the extraction of coal by a landowner for his own noncommercial use from land owned or leased by him; the extraction of coal as an incidental part of federal, state or local government financed highway or other construction under regulations established by the cabinet; the extraction of, or intent to extract, two hundred fifty (250) tons or less of coal by any person by surface coal mining operations within twelve (12) successive calendar months; the extraction of coal incidental to the extraction of other minerals where coal does not exceed sixteen and two-thirds percent (16 2/3%) of the tonnage of minerals removed for purposes of commercial use or sale; coal exploration subject to KRS 350.057; nor shall it include the surface effects or surface impacts of underground coal mining;

(3) "Surface coal mining and reclamation operations" means surface coal mining operations and all activities necessary and incident to the reclamation of such operations as required by this chapter;

(4) "Overburden" means material of any nature, consolidated or unconsolidated, excluding topsoil, which lies above a natural deposit of coal and also means such material after removal from its natural state in the process of surface coal mining;

(5) "Area of land affected" means any area of land or water upon which surface coal mining and reclamation operations are conducted or located or are to be conducted or located;

(6) "Operations" means surface coal mining operations, all of the premises, facilities, roads and equipment used in the process of producing coal from a designated area or removing overburden for the purpose of determining the location, quality or quantity of a natural coal deposit or the activity to facilitate or accomplish the extraction or the removal of coal;

(7) "Method of operation" means the method or manner by which the cut or open pit is made, the overburden is placed or handled, water is controlled and other acts are performed by the operator in the process of uncovering and removing the coal;

(8) "Operator" means any person, partnership or corporation engaged in surface coal mining and reclamation operations;

(9) "Person" means any persons, partnership, corporation, association, society, joint stock company, firm, company or other business organization;

(10) "Cabinet" means the natural resources and environmental protection cabinet;

(11) "Secretary" means the secretary of the natural resources and environmental protection cabinet;

(12) "Reclamation" means the reconditioning of the area affected by surface coal mining operations under a plan approved by the cabinet;

(13) "Degree" when used in this chapter shall mean from the horizontal, and in each case shall be subject to a tolerance of five percent (5%) of error;

(14) "Bench" means the ledge, shelf or terrace formed in the contour method of strip mining;

(15) "Fill bench" means that portion of the bench which is formed by depositing overburden beyond the cut section;

(16) "Approximate original contour" means that surface configuration achieved by backfilling and grading of the mined area so that the reclaimed area, including any terracing or access roads, closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls and spoil piles eliminated; water impoundments may be permitted where the cabinet determines that they are in compliance with KRS 350.455;

(17) "Certification" by a qualified registered professional engineer as required by this chapter and regulations promulgated hereunder means a good faith representation to the best of his or her knowledge and belief, based on adequate knowledge of the requirements of this chapter and regulations promulgated hereunder, related experience, best professional judgment, accepted engineering practices and recognized professional standards, and standard practice as it relates to direct participation by the registered professional engineer or supervision of the registered professional engineer's employes or subordinates. Such certification shall not be construed to constitute a warranty or guarantee.

(18) "No more stringent than" means that administrative regulations which have been or in the future are promulgated by the cabinet, or policies, standards, or procedures adopted by the cabinet, either formally or informally, shall allow those who are subject to this chapter to operate and conduct their operations in the same manner as if they were operating in a state which has not accepted and is not administering its own program pursuant to the federal Surface Mining Control and Reclamation Act of 1977, PL 95-87; it further means that if another state has accepted and is administering its own program pursuant to the Surface Mining Control and Reclamation Act of 1977, PL 95-87, and has adopted as a part of its permanent program, statutes or administrative regulations which allow operators in the state to perform in a less costly or more efficient manner, the administrative regulations adopted under this chapter shall allow operators to operate in a like manner.

SECTION 2. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

To conform the current administrative regulations issued by the cabinet pursuant to this chapter, the cabinet shall undertake a comprehensive review of the administrative regulations issued by it pursuant to this chapter and shall compare its administrative regulations with those issued by the federal office of surface mining reclamation and enforcement and by all states contiguous to Kentucky and shall, prior to July 1, 1989, promulgate amendments to its regulations consistent with the legislative intent contained in Section 1 of this Act, and in KRS 350.465(a) and KRS 350.069. Nothing contained herein shall be interpreted as being inconsistent with, superceding, modifying, or amending other chapters of the Kentucky Revised Statutes.

The Committee Amendment No. 1 to **HB 656** is as follows:

Amend printed copy of **HB 656** on page 6, line 21, by inserting "*coal producing*" before "*state*";

And on line 24, by inserting after "*PL 95-87*", the following: "*if said regulations would allow operators to perform in a less costly or more efficient manner*";

And on page 7, line 16, by deleting "*1989*" and replacing it with "*1991*".

HB 657, AN ACT relating to surface coal mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.093 is amended to read as follows:

(1) As determined by regulations of the cabinet, time and distance limits shall be established requiring

backfilling, grading and planting to be kept current, such that all reclamation efforts proceed in an environmentally sound manner and as contemporaneously as practicable under regulations promulgated by the cabinet. All backfilling and grading shall be completed before necessary equipment is moved from the operation; provided however that the cabinet may for good cause approve the moving of equipment before all backfilling and grading is completed.

(2) (a) The cabinet may allow an operator to defer the time criteria of contemporaneous reclamation requirements on specified areas if the operator can demonstrate that said deferment is necessary to address at least one (1) of the following:

1. Adverse condition including weather, labor and other conditions clearly beyond the operator's control;

2. Other bona fide mining operations carried out on a strip mined area, pursuant to KRS 350.080;

3. Coal marketing problems.

(b) Application for a deferment pursuant to this section shall be in the form prescribed by the cabinet. The applicant has the burden in establishing the need for such deferment. The applicant must demonstrate that reclamation on the site is contemporaneous as of the date of the request for deferment and that distance requirements for contemporaneous reclamation will be met during the period of the deferment. Approval of the deferment request shall be made in writing. The approval shall state that the deferment is justified and that no environmental damage will occur during the period of deferment. Reclamation deferments may be approved for a period reasonably related to the specified conditions justifying the deferment, but in no event shall the aggregate deferral period exceed thirty (30) months, nor shall the deferral extend beyond the expiration date of the permit. The cabinet shall periodically reexamine and update the amount of the bond on the permit area so that the amount of the bond is sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture.

(3) If the operator or other person desires to conduct drift mining or other underground mining upon the premises or use the openings for haulageways or other lawful purposes, the operator may designate locations to be used for such purposes at which places it will not be necessary to backfill as herein provided for until such drift or other underground mining or other use is completed, during which time the bond on file for that portion of the operation shall not be released. That portion of such locations shall be described and designated on the map attached thereto; provided, that where the operator or other person wishes to combine surface operations with underground mining operations to assure maximum practical recovery of coal resources, the cabinet may grant a variance, pursuant to regulations promulgated by the cabinet, for specific areas within the reclamation plan from the requirement that reclamation efforts proceed pursuant to subsection (1) of this section so as to permit underground mining operations prior to reclamation.

(4) The cabinet may release in whole or in part the reclamation bond or deposit for a particular operation if the cabinet is satisfied that the reclamation covered by the bond or deposit or portion thereof has been accomplished as required by this chapter. Such bond releases shall be made in accordance with the following schedule:

(a) When the operator completes the backfilling, regrading, and drainage control of a bonded area in accordance with his approved reclamation plan, the release of sixty percent (60%) of the bond or collateral for the applicable permit area.

(b) After revegetation has been established on the regraded mined lands in accordance with the approved reclamation plan *additional bond or collateral for the applicable permit shall be released.* When determining the amount of bond to be released after successful revegetation has been established, the cabinet shall retain that amount of the bond for the revegetated area which would be sufficient for a third party to cover the cost of reestablishing revegetation; such amount shall be retained for the period specified for operator responsibility for reestablishing revegetation. No part of the bond or deposit shall be released under this subsection so long as the lands to which the release would be applicable are contributing suspended solids to streamflow or runoff outside the permit area in excess of requirements set by this chapter or until soil productivity for prime farm lands has returned to levels of yield equivalent to those of unmined land of the same soil type in the surrounding area under equivalent management practices as determined from such soil surveys as may be required to be included in the permit application. Where a sedimentation pond is to be retained as a permanent impoundment, the portion of bond may be released under this subsection so long as provisions for sound future maintenance by the operator or the landowner have been made with the cabinet.

(c) When the operator has completed successfully all surface coal mining and reclamation activities, the release of the remaining portion of the bond, *or collateral,* but not before the expiration of the period specified for operator responsibility. Provided, however, that no bond shall be fully released until all reclamation requirements of this chapter are fully met.

(5) *Upon satisfying the requirements of subsections (4)(a), (b), or (c) of this section the permittee may file, or the cabinet shall initiate, an application for total or partial bond release.*

(a) A permittee shall have the right to begin public advertisement of its request for bond release at the time it files its request for such release. The cabinet may undertake, at permittee expense, public advertisement of any cabinet initiated bond release. All public advertisements of bond release applications, whether authorized by the permittee or the cabinet, must begin within sixty (60) days after either the filing of a bond release request by the permittee or the initiation of a bond release by the cabinet. Public advertisement shall occur at least once a week for four (4) successive weeks in a newspaper of general circulation in the locality of the surface coal mining operation.

(b) The public advertisement required by this subsection shall include: the permit number and permit approval date, notification of the precise location of the land affected, the number of acres, the type and amount of the bond filed and the portion sought to be released, the type and appropriate dates of reclamation work performed, a description of the results achieved as they relate to the operator's approved reclamation plan, and the name and address of the cabinet to which written comments, objections, or requests for public hearings and informal conferences on the specific bond release may be submitted. Proof of such advertisement shall be placed with the bond release application within thirty (30) days after such advertisement.

(c) Within thirty (30) days of filing of any bond release request, the permittee shall submit copies of letters which it has sent to adjoining property owners, local governmental bodies, planning agencies, sewage and water treatment authorities, and water companies in the locality in which the surface coal mining and reclamation operation took place, notifying them of the intention to seek release from the bond. For bond releases initiated by the cabinet, the cabinet may undertake the notification requirements set forth in this subsection.

(d) Upon the filing of an application for bond release by a permittee, or the initiation of such release by the cabinet, the cabinet shall notify, within thirty (30) days of such filing or initiation, [~~Upon application by a permittee for total or partial bond release, the cabinet shall notify~~] the municipality where the surface coal mining operation is located, pursuant to regulations promulgated by the cabinet.

(6) *Upon the filing of any partial or total bond release request by a permittee* [~~(a) Upon receipt of the notification and request~~], the cabinet shall within thirty (30) days conduct an inspection and evaluation of the reclamation work involved. Such evaluation shall consider, among other things, the degree of difficulty to complete any remaining reclamation, whether pollution of surface or subsurface water is occurring, the probability of continuance of future occurrence of such pollution, and the estimated cost of abating such pollution.

(7) The cabinet shall notify the permittee in writing of its decision to release or not to release all or part of the performance bond or deposit within *thirty-five (35) days following the last public advertisement required by subsection (5) of this section, provided that* [~~sixty (60) days from the filing of the request, if~~] no public hearing is held pursuant to subsection *(9)* [~~(7)~~] of this section*;*[~~,~~] and if there has been a public hearing held pursuant to subsection *(9)* [~~(7)~~] of this section, within thirty (30) days thereafter.

(8)[~~(b)~~] If the cabinet disapproves the application for release of the bond or portion thereof, the cabinet shall notify the permittee, in writing, stating the reasons for disapproval and recommending corrective actions necessary to serve said release and allowing opportunity for a public hearing. *Provided, however, that in no event shall the cabinet disapprove an application for bond release or take action to forfeit a bond based upon failure to pay penalties or fines, if the reclamation requirements of this chapter have been fully met.*

(9)[~~(7)~~] Any person having a valid legal interest which might be adversely affected by release of the bond, and the responsible officer or head of any governmental agency so designated by cabinet regulations, shall have the right to file written objections to the proposed bond release with the cabinet, and to request a hearing in accordance with procedural regulations promulgated by the cabinet.

SB 38, AN ACT relating to the Kentucky Educational Savings Plan Trust.

WHEREAS, the present and future well being of the Commonwealth of Kentucky is closely related to the educational level and the level of skills of the citizens of the Commonwealth and it is in the best interests of the Commonwealth that programs be enacted and supported by public funds to the extent necessary, to encourage and make possible the attainment of the highest level of education by the citizens of Kentucky; and

HB 441. AN ACT relating to workers' compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 342 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby created in the state treasury the coal workers' fund, hereinafter referred to as the "fund," to be administered by the Kentucky workers' compensation funding commission.

(2) Money in the fund shall be used for the payment of workers' compensation awards made pursuant to this chapter for injuries and diseases resulting from employment in the coal mining industry in accordance with the apportionment provisions in this chapter.

Section 2. KRS 342.122 is amended to read as follows:

(1) (a) For the purpose of funding and pre-funding the liabilities of the special fund, financing the administration and operation of the division of special fund, financing the administration and operation of the Kentucky workers' compensation funding commission, and financing the expenditures for all programs in the labor cabinet except the division of employment standards and mediation and the office of labor-management relations, as reflected in the enacted budget of the Commonwealth enacted by the general assembly, a special fund assessment at the rate of twenty-three and three-tenths percent (23.3%) is hereby imposed upon the amount of workers' compensation premiums received on and after November 1, 1987, by every insurance carrier writing workers' compensation insurance in the Commonwealth and by every group of self-insurers operating under the provisions of KRS 342.350(4) and there is hereby imposed on and after November 1, 1987, a special fund assessment at the rate of twenty-three and three-tenths percent (23.3%) against the premium, as defined in KRS 342.0011, of every employer carrying his own risk.

(b) In addition to the assessment imposed in paragraph (a) of this subsection, an additional *coal workers' fund* [~~special fund~~] assessment at the rate of forty percent (40%) is hereby imposed upon the amount of workers' compensation premiums received on and after November 1, 1987, by every insurance carrier writing workers' compensation insurance in the Commonwealth and by every group of self-insurers operating under the provisions of KRS 342.350(4), from employers engaged in the severance or processing of coal. Likewise, on and after November 1, 1987, an additional assessment at the rate of forty percent (40%) of premium shall be paid by every employer engaged in the severance or processing of coal who is carrying his own risk.

All funds generated from these assessments shall be credited to the coal workers' fund.

(c) *Any taxpayer engaged in the severing or processing of coal within this Commonwealth may elect to pay, in lieu of the insurance premium assessments provided for in paragraphs (a) and (b) of this subsection, an assessment at the following rates:*

1. Fifty cents (50) per ton of all coal severed or processed from an underground mine;

2. Thirty cents (30) per ton of all coal severed or processed from a surface mine.

The assessment shall be reported on the same form and paid in the same manner as the tax imposed under the provisions of KRS Chapter 143. The assessment shall be paid to the revenue cabinet which in turn shall deposit the funds collected to the credit of the coal workers' fund within the Kentucky workers' compensation funding commission. The terms "coal," "severed," "severing," "taxpayer," "reporting period" and "processing," and any other terms applicable to the administration of the provisions of this paragraph, shall mean the same as such terms defined in KRS Chapter 143. Any other provisions of KRS Chapter 143 necessary to the administration of the provisions of this paragraph, including the penalties imposed under the provisions of KRS 143.990, are hereby adopted.

(d) Each taxpayer, electing to make payments pursuant to paragraph (c) of this subsection, shall notify the Kentucky workers' compensation funding commission of his election to make the payments at least one hundred eighty (180) days before the payments would become due. The election to pay the assessment subject to the provisions of paragraph (c) of this subsection shall remain in force at least one (1) year from the date the payments become due. Each taxpayer shall notify the Kentucky workers' compensation funding commission at least one hundred eighty (180) days before electing to discontinue making payments under paragraph (c) of this subsection.

(e) The assessments imposed in this chapter shall be in lieu of all other assessments or taxes on such premiums.

(2) On October 31, 1988, and each October 31, thereafter, the funding commission shall determine the amount of premiums reported and assessments imposed in subsection (1) of this section for such past period as appropriate. If the funding commission determines that the special fund assessment rate imposed to produce seventy million dollars ($70,000,000) or the additional special fund assessment rate imposed to produce forty million dollars ($40,000,000) are likely to produce more or less than seventy million dollars ($70,000,000) or forty million dollars ($40,000,000) during the next annual period, the commission shall, based upon such determination, calculate such adjustments to each rate as shall be necessary to provide seventy million dollars ($70,000,000) and forty million dollars ($40,000,000) respectively during the next annual period beginning on April 1 of each year. On or before March 1 of each year, the commission shall notify each insurance company writing workers' compensation insurance in the Commonwealth, every group of self-insurers, and each employer carrying his own risk of the adjusted rates which shall become effective on April 1, of each year, unless modified by the general assembly. *The assessment rates imposed in paragraph (c) of subsection (1) of this section shall not exceed fifty cents (50) per ton of coal.*

(3) All assessments imposed by *subsection (1)(a) of* this section, *except assessments imposed upon employes engaged in the severance or processing of coal,* shall be paid to the Kentucky workers' compensation funding commission and shall be credited to the benefit reserve fund within the Kentucky workers' compensation funding commission. *Assessments imposed upon employes engaged in the severance or processing of coal shall be credited to the coal workers' fund.*

(4) Such assessments shall be paid quarterly not later than the thirtieth (30th) day of the month following the end of the quarter in which the premium is received. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.

(5) The assessments [~~herein~~] imposed *in subsections (1)(a) and (b) of this section* may be collected by the insurance carrier from his insured, provided however, the insurance carrier shall not collect from the employer any amount exceeding the assessments imposed pursuant to this section. Each statement from an insurance carrier presented to an insured reflecting premium and assessment amounts shall clearly identify and distinguish the amount to be paid for premium and the amount to be paid for assessments. No insurance carrier shall collect from an insured an amount in excess of the assessment percentages in effect at the time the statement of the premium is sent to the insured.

(6) The funding commission, as part of the collection and auditing of the special fund assessments required herein, shall annually require each insurance carrier and each group self-insurer to provide a list of employers which it has insured or which are members and the amount collected from each such employer. Additionally, the funding commission shall require each entity paying a special fund assessment to report the SIC code for each employer and the amount of premium collected from each SIC code. An insurance carrier or group self-insurer may require its insureds or members to furnish the SIC code for each of their employes, provided however, the failure of any employer to furnish said codes shall not relieve the insurance carrier or group self-insurer from the obligation to furnish same to the funding commission. The division of unemployment insurance is hereby directed to make available the SIC codes assigned in its records to specific employers to aid in the reporting and recording of the special fund assessment data.

(7) Each self-insured employer, group self-insurer or insurance carrier shall provide any information and submit any reports the revenue cabinet or the funding commission may require to effectuate the provisions of this section. In addition, the funding commission may enter reciprocal agreements with other governmental agencies for the exchange of information necessary to effectuate the provisions of this section.

(8) The special fund *and the coal workers' fund* shall be required to maintain a central claim registry of all claims to which *they were* [~~it is~~] named a party giving each such claim a unique claim number and thereafter recording the status of each claim on a current basis. Such registry shall be established by January 26. 1988, for all claims on which payments were made since July 1, 1986, or which were pending adjudication since July 1, 1986, by audit of all claim files in the possession of the special fund *or the coal workers' fund.*

(9) The fund heretofore designated as the subsequent claim fund is abolished and there is substituted therefor the special fund as herein set out and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.

The Committee Substitute to **HB 441** is as follows:

(b) In addition to the assessment imposed in paragraph (a) of this subsection, an additional *coal workers' fund* [~~special fund~~] assessment at the rate of forty percent (40%) is hereby imposed upon the amount of workers' compensation premiums received on and after November 1, 1987, by every insurance carrier writing workers' compensation insurance in the Commonwealth and by every group of self-insurers operating under the provisions of KRS 342.350(4), from employers engaged in the severance or processing of coal. Likewise, on and after November 1, 1987, an additional assessment at the rate of forty percent (40%) of premium shall be paid by every employer engaged in the severance or processing of coal who is carrying his own risk.

All funds generated from these assessments shall be credited to the coal workers' fund.

(c) *Any taxpayer engaged in the severing or processing of coal within this Commonwealth may elect to pay, in lieu of the insurance premium assessments provided for in paragraphs (a) and (b) of this subsection, an assessment at the following rates:*

1. Fifty cents (50) per ton of all coal severed or processed from an underground mine;

2. Thirty cents (30) per ton of all coal severed or processed from a surface mine.

The assessment shall be reported on the same form and paid in the same manner as the tax imposed under the provisions of KRS Chapter 143. The assessment shall be paid to the revenue cabinet which in turn shall deposit the funds collected to the credit of the coal workers' fund within the Kentucky workers' compensation funding commission. The terms "coal," "severed," "severing," "taxpayer," "reporting period" and "processing," and any other terms applicable to the administration of the provisions of this paragraph, shall mean the same as such terms defined in KRS Chapter 143. Any other provisions of KRS Chapter 143 necessary to the administration of the provisions of this paragraph, including the penalties imposed under the provisions of KRS 143.990, are hereby adopted.

(d) Each taxpayer, electing to make payments pursuant to paragraph (c) of this subsection, shall notify the Kentucky workers' compensation funding commission of his election to make the payments at least one hundred eighty (180) days before the payments would become due. The election to pay the assessment subject to the provisions of paragraph (c) of this subsection shall remain in force at least one (1) year from the date the payments become due. Each taxpayer shall notify the Kentucky workers' compensation funding commission at least one hundred eighty (180) days before electing to discontinue making payments under paragraph (c) of this subsection.

(e) The assessments imposed in this chapter shall be in lieu of all other assessments or taxes on such premiums.

(2) On October 31, 1988, and each October 31, thereafter, the funding commission shall determine the amount of premiums reported and assessments imposed in subsection (1) of this section for such past period as appropriate. If the funding commission determines that the special fund assessment rate [~~imposed to produce seventy million dollars ($70,000,000)~~] or the *coal workers'* [~~additional special~~] fund assessment rate [~~imposed to produce forty million dollars ($40,000,000)~~] are likely to produce more or less than *is required to satisfy awards and claims payable from the respective funds* [~~seventy million dollars ($70,000,000) or forty million dollars ($40,000,000)~~] during the next annual period, the commission shall, based upon such determination, calculate such adjustments to each rate as shall be necessary to provide *adequate funding* [~~seventy million dollars ($70,000,000) and forty million dollars ($40,000,000) respectively~~] during the next annual period beginning on April 1 of each year. On or before March 1 of each year, the commission shall notify each insurance company writing workers' compensation insurance in the Commonwealth, every group of self-insurers, and each employer carrying his own risk of the adjusted rates which shall become effective on April 1, of each year, unless modified by the general assembly. *The assessment rates imposed in paragraph (c) of subsection (1) of this section shall not exceed fifty cents (50) per ton of all coal severed or processed from an underground mine and thirty cents (30) per ton of all coal severed or processed from a surface mine.*

(3) All assessments imposed by *subsection (1)(a) of* this section, *except assessments imposed upon employers engaged in the severance or processing of coal,* shall be paid to the Kentucky workers' compensation funding commission and shall be credited to the benefit reserve fund within the Kentucky workers' compensation funding commission. *Assessments imposed upon employers engaged in the severance or processing of coal shall be credited to the coal workers' fund.*

(4) Such assessments shall be paid quarterly not later than the thirtieth (30th) day of the month following the end of the quarter in which the premium is received. Employers carrying their own risk and employers defined in KRS 342.630(2) shall pay the annual assessments in four (4) equal quarterly installments.

(5) The assessments [~~herein~~] imposed *in subsections (1)(a) and (b) of this section* may be collected by the insurance carrier from his insured, provided however, the insurance carrier shall not collect from the employer any amount exceeding the assessments imposed pursuant to this section. Each statement from an insurance carrier presented to an insured reflecting premium and assessment amounts shall clearly identify and distinguish the amount to be paid for premium and the amount to be paid for assessments. No insurance carrier shall collect from an insured an amount in excess of the assessment percentages in effect at the time the statement of the premium is sent to the insured.

(6) The funding commission, as part of the collection and auditing of the special fund assessments required herein, shall annually require each insurance carrier and each group self-insurer to provide a list of employers which it has insured or which are members and the amount collected from each such employer. Additionally, the funding commission shall require each entity paying a special fund assessment to report the SIC code for each employer and the amount of premium collected from each SIC code. An insurance carrier or group self-insurer may require its insureds or members to furnish the SIC code for each of their employes, provided however, the failure of any employer to furnish said codes shall not relieve the insurance carrier or group self-insurer from the obligation to furnish same to the funding commission. The division of unemployment insurance is hereby directed to make available the SIC codes assigned in its records to specific employers to aid in the reporting and recording of the special fund assessment data.

(7) Each self-insured employer, group self-insurer or insurance carrier shall provide any information and submit any reports the revenue cabinet or the funding commission may require to effectuate the provisions of this section. In addition, the funding commission may enter reciprocal agreements with other governmental agencies for the exchange of information necessary to effectuate the provisions of this section.

(8) The special fund *and the coal workers' fund* shall be required to maintain a central claim registry of all claims to which *they were* [~~it is~~] named a party giving each such claim a unique claim number and thereafter recording the status of each claim on a current basis. Such registry shall be established by January 26, 1988, for all claims on which payments were made since July 1, 1986, or which were pending adjudication since July 1, 1986, by audit of all claim files in the possession of the special fund *or the coal workers' fund.*

(9) The fund heretofore designated as the subsequent claim fund is abolished and there is substituted therefor the special fund as herein set out and all moneys and properties owned by the subsequent claim fund are transferred to the special fund.

HB 476, AN ACT relating to unemployment compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

(2) When twenty-five (25) or more workers are simultaneously separated for an indefinite period of time from employment in one establishment, the employer may furnish to authorized representatives of the department for employment services, information with respect to such workers on a "mass separation notice," provided, however, that the employer has, by prior agreement, arranged with an authorized representative or the aforesaid agency for the submission of a "mass separation notice" in lieu of individual separation notices.

(g) As a part-time staff employe of the general assembly, or any temporary, part-time or seasonal employe of the Commonwealth or political subdivision thereof if not required to be covered employment pursuant to section 3309 of the Internal Revenue Code, as amended, as a requirement of section 3304 of that code, as amended, for approval of the state's unemployment insurance law;

(5) Except as provided in paragraph (d) of subsection (1) of KRS 341.050 service performed in the employ of any other state or any political subdivision thereof, or of the United States government or an instrumentality of the United States exempt by federal law from the contributions imposed by this chapter, except that to the extent that the Congress of the United States shall permit states to require instrumentalities of the United States to make payments into an unemployment fund under a state unemployment insurance law, all the provisions of this chapter shall be applicable to such instrumentalities, and to services performed for such instrumentalities, in the same manner, to the same extent and on the same terms as to all other employing units, individuals and services; provided that if this state shall not be certified for any year by the secretary of labor of the United States under section 3304 of the Internal Revenue Code, the payments required of such instrumentalities with respect to such year shall be refunded from the fund in the same manner and within the same period as is provided in KRS 341.330 with respect to contributions erroneously collected;

(6) Service with respect to which unemployment compensation is payable under an unemployment compensation system established by an act of Congress. The secretary may enter into agreements with the proper agencies under such act of Congress to provide reciprocal treatment to workers who have, after acquiring potential rights to benefits under this chapter, acquired rights to unemployment compensation under such act of Congress, or who have, after acquiring potential rights to unemployment compensation under such act of Congress, acquired rights to benefits under this chapter;

(a) The service is of a character similar to that performed in foreign countries by employes of the United States government or of an instrumentality thereof; and

(b) The secretary finds that the United States secretary of state has certified to the United States secretary of the treasury that the foreign government, with respect to whose instrumentality exemption is claimed, grants an equivalent exemption with respect to similar service performed in the foreign country by employes of the United States government and of instrumentalities thereof;

(9) Service performed as a student nurse in the employ of a hospital or a nurses' training school by a worker who is enrolled and is regularly attending classes in a nurses' training school chartered or approved pursuant to the laws of this state; and service performed as an intern in the employ of a hospital by a worker who has completed a four (4) years' course in a medical school chartered or approved pursuant to the laws of this state;

(10) Service performed by a worker for an employing unit as an insurance agent or as an insurance solicitor, if all such service performed by such worker for such employing unit is performed for remuneration solely by way of commission;

(11) Service performed by a worker under the age of eighteen (18) in the delivery or distribution of newspapers or shopping news, not including delivery or distribution to any point for subsequent delivery or distribution;

(12) Service not in the course of the employing unit's trade or business performed in any calendar quarter by a worker, unless the cash remuneration paid for such service is fifty dollars ($50) or more and such service is performed by an individual who is regularly employed by such employing unit to perform such service. For the purpose of this subsection, an individual shall be deemed to be regularly employed by an employing unit during a calendar quarter only if:

(a) On each of some twenty-four (24) days during such quarter such individual performs for such employing unit for some portion of the day service not in the course of the employing unit's trade or business; or

Section 3. KRS 341.145 is amended to read as follows:

(1) The secretary may enter into arrangements with the appropriate agencies of other states or of the federal government, or both, for the purpose of assisting the secretary and such agencies in the payment of benefits and the furnishing of services to unemployed or underemployed workers. Such arrangements may provide that the respective agencies shall, for and on behalf of each other, act as agents in effecting registrations for work, notices of unemployment, and any other certifications or statements relating to a worker's claim for benefits; in making investigation, taking depositions, holding hearings, or otherwise securing information relating to benefit eligibility and payments; and in such other matters as the secretary considers suitable in effectuating the purpose of these administrative arrangements.

(2) The secretary may enter into arrangements with the appropriate agencies of other states or the federal government whereby workers performing services in this and other states for a single employing unit under circumstances not specifically provided in KRS 341.050, or under similar provisions in the unemployment compensation laws of such other states, shall be deemed to be engaged in employment performed entirely within this state or within one of such other states.

(3) (a) The secretary shall participate in any arrangements for the payment of benefits on the basis of combining an individual's wages and employment covered under this chapter with his wages and employment covered under the unemployment compensation laws of other states or the federal government which are approved by the United States secretary of labor in consultation with the state unemployment compensation agencies as reasonably calculated to assure the prompt and full payment of benefits in such situations and which include provisions for applying the base period of a single state law to a claim involving the combining of an individual's wages and employment covered under two or more state unemployment compensation laws, and avoiding the duplicate use of wages and employment by reason of such combining. Reimbursements to another state or the federal government, paid from the fund pursuant to this subsection, shall be deemed to be benefits for the purposes of this chapter and charged to employers' reserve accounts in accordance with the provisions of subsections (2) and (3) of KRS 341.530 to the extent of calculations made on wages paid during the base period established by KRS 341.090 and wages paid after such base period; provided, however, benefits based on a period previous to the base-wage period established by KRS 341.090 shall be charged to the pooled account. Provided, that if the secretary of labor determines that the charging of reimbursements provided above is inconsistent with the requirements of the federal unemployment tax act, charges of such reimbursements shall then be made in accordance with regulations prescribed by the secretary.

(b) In order that such reciprocal arrangements, when entered into, may be effectuated, wages for insured work under an employment security law of another state or of the federal government shall be deemed to be wages earned in covered employment from a subject employer for the purpose of determining his benefits under this chapter.

(4) Notwithstanding any other provision of this chapter, benefits shall not be denied or reduced to an individual solely because he files a claim in another state (or a contiguous country with which the United States has an agreement with respect to unemployment compensation) or because he resides in another state (or such a contiguous country) at the time he files a claim for benefits.

(5) To the extent permissible under the laws and Constitution of the United States, the secretary is authorized to enter into or cooperate in arrangements or reciprocal agreements with appropriate and duly authorized agencies of other states or the U.S. secretary of labor or both, whereby:

(a) Overpayments of unemployment benefits, as determined under this chapter, shall be recoverable (after due notice and opportunity for appeal has been provided to the claimant) by offset from unemployment benefits otherwise payable under the unemployment compensation law of another state in either the current or any subsequent benefit year, in an amount equivalent to the amount of overpayment determined under this chapter, provided the department certifies to the other state the facts involved and that the claimant is liable to repay the benefits and the department requests the other state to recover the benefits; and

(b) Overpayments of unemployment benefits, as determined under the unemployment compensation law of another state, shall be recoverable (after such state has provided due notice and opportunity for appeal to the claimant) by offset from unemployment benefits otherwise payable under this chapter in either the current or subsequent benefit year, in an amount equivalent to the amount of overpayment determined by such other state, provided such state certifies to the department the facts involved and that the individual is liable to repay the benefits and the state requests the department to recover the benefits; and

(c) Provided there is in effect a reciprocal agreement between this state and the U.S. secretary of labor, as authorized by section 303 (g)(2) of the social security act, the overpayment of unemployment benefits or allowances for unemployment provided under a federal program administered by this state shall be recoverable by offset from benefits otherwise payable under this chapter or any such federal program. Such agreement shall also suffice to permit the offset from unemployment benefits, otherwise payable under a federal program administered by this state, the overpayment of unemployment benefits paid under this chapter.

If another state also has in effect a like agreement with the U.S. secretary of labor, then these provisions for cross-offset of state and federal unemployment benefits shall apply to benefits otherwise payable under this chapter, the laws of the other state or any federal unemployment program administered by either state.

Section 4. KRS 341.250 is amended to read as follows:

(1) Any employing unit that becomes subject to this chapter within any calendar year shall be considered a subject employer during the whole of that calendar year, except as specifically provided elsewhere in this section or this chapter.

(2) Except as provided in subsections (3) and (5) of this section, a subject employer shall cease to be a subject employer only as of the first day of January of any calendar year if he files with the department, on or before the fifteenth day of April of that year, a written application for termination of coverage, and the covered employment performed for such subject employer within the preceding calendar year was not sufficient to render an employing unit a subject employer under KRS 341.070. The secretary may, however, after notifying such employer in writing at his last known address, terminate the coverage of any subject employer as of the first day of January of any calendar year if such subject employer has had no individuals in covered employment in this state at any time during the three preceding calendar years, and the balance of such employer's reserve account may be immediately transferred to the pooled account.

(3) (a) Any employing unit not otherwise subject to this chapter that files with the department its written election to become a subject employer for not less than two calendar years shall, with the written approval of such election by the secretary, become subject hereto to the same extent as all other subject employers, as of the date stated in such approval, but not with respect to the period previous to such date. Such subject employer shall cease to be subject hereto as of January 1 of any calendar year subsequent to such two calendar years, only if on or before April 15 of such year, it has filed with the department a written notice to that

effect.

(b) Any employing unit for which services that do not constitute covered employment are performed, may file with the department a written election that all such services performed by individuals in its employ in one or more distinct establishments or places of business shall be considered to constitute covered employment by a subject employer for all the purposes of this chapter for not less than two calendar years. Upon written approval of such election by the secretary, such services shall be considered to constitute covered employment from and after the date stated in such approval, but not with respect to the period previous to such date. Such services shall cease to be considered covered employment subject hereto as of January 1 of a calendar year subsequent to such two (2) calendar years, only if on or before April 15 of such year such employing unit has filed with the department a written notice to that effect.

(c) Any employing unit having service performed in covered employment solely by reason of paragraph (h) of subsection (1) of KRS 341.050 may terminate such service as "covered employment" as of the first day of January of any calendar year if such service does not meet the provisions of paragraphs (e), (f) or (g) but only if on or before April 15 of such year, the employing unit has filed with the department a written request to terminate service as "covered employment."

(4) An employing unit that becomes a subject employer under subsection *(7)* [~~(5)~~] of KRS 341.070, shall become subject as of the date of acquisition.

(5) Notwithstanding the provisions of subsections (1), (2), and (3) of this section any subject employer whose entire reserve account has been transferred to a successor in interest as provided for in KRS 341.540 shall immediately cease to be a subject employer and shall thereafter become a subject employer only upon his future employment experience.

Section 5. KRS 341.260 is amended to read as follows:

(1) Contributions shall accrue and become payable by each subject employer for each calendar year in which he is subject to this chapter. Such contributions shall be based upon wages paid during such calendar year for covered employment. Such contributions shall become due and be paid at the offices of the department in Frankfort by each subject employer to the department for the fund in accordance with such regulations as the secretary prescribes, and shall not be deducted in whole or in part from the wages of workers in his employ. In the payment of any contributions, a fractional part of a cent shall be disregarded, unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

(2) Any contractor, who is or becomes a subject employer under the provisions of this chapter, who contracts with any subcontractor, who also is or becomes a subject employer under the provisions of this chapter, shall withhold sufficient moneys on said contract to guarantee that all contributions, penalties, and interest are paid upon completion of said contract, or shall require of said subcontractor a good and sufficient bond guaranteeing payment of all contributions, penalties and interest due or to become due with respect to wages paid for employment on said contract. Failure to comply with the provisions of this section shall render said contractor directly liable for such contributions, penalties and interest due from said subcontractor and the wages paid by said subcontractor shall be deemed wages paid by the said contractor with respect to the same periods for all purposes under this chapter, and liens of the same nature are attachable and enforceable in the same manner as liens under KRS 341.310 and 341.315. *A person, employing unit, or entity who enters into a verbal or written agreement with another, or between whom there exists an implied contract based upon the circumstances, conduct, or acts or relations of the parties (a) to have work performed consisting of the removal, excavation or drilling of soil, rock or mineral, or the cutting or removal of timber from land, or (b) to have work performed of a kind which is a customary or a recurrent part of the work of the trade, business, occupation or profession of such person or entity, shall for the purposes of this subsection be deemed a contractor, and such other person or entity a subcontractor. This subsection shall not apply to the owner or lessee of land principally used for agriculture.*

Section 6. KRS 341.272 is amended to read as follows:

(1) Notwithstanding any section of this chapter to the contrary, on or after July 15, 1984, any new domestic corporation, or any foreign corporation authorized to do business in this state, or any foreign corporation active in conjunction with a domestic corporation in a joint venture, partnership or other legal entity engaged in the contract construction trades shall pay contributions equal to the maximum rate of contributions payable under the rate schedule in effect for any given calendar year as determined by KRS 341.270; and, such maximum

rate of contributions shall remain in effect until the employer has employed persons in this state for not less than twelve (12) consecutive calendar quarters ending as of September 30 immediately preceding the computation date. Thereafter, such employer's contribution rate shall be determined in accordance with the provisions of subsection (4) of KRS 341.270.

(2) On or after January 1, 1989, any new domestic or foreign proprietorship or partnership engaged in the contract construction trades shall be subject to the provisions of subsection (1) of this section.

Section. 7. KRS 341.310 is amended to read as follows:

(1) A lien on a parity with state, county, and municipal ad valorem tax liens, and superior to the lien of any mortgage or other encumbrance heretofore or hereafter created is hereby created in favor of the cabinet upon all property of any subject employer from whom contributions, interest or penalties are or may hereafter become due. [~~This lien shall be for a sum equal to the amount at any time due from each subject employer to the cabinet on account of contributions, interest and penalties thereon.~~] The lien shall commence from such time as *any assessment becomes delinquent and it shall continue until the amount of the original assessment and any subsequent assessments of liability for contributions, interest, penalties or fees are fully paid. The lien shall attach to all interest in property, either real or personal, then owned or subsequently acquired by the person against whom the assessment is made. The cabinet may file notice of the lien with the county clerk of any county or counties in which the subject employer's business or residence is located, or in any county in which the subject employer has interest in property and such notice shall be recorded in the same manner as notices of lis pendens are and the file shall be designated "miscellaneous state tax liens." Such recordation shall constitute notice of both the original assessment and all subsequent assessments of liability against the same subject employer. Upon request, the cabinet shall disclose the specific amount of liability at a given date to any interested party legally entitled to such information. The notice, when so filed, shall be conclusive notice to all persons of the lien on the property having legal situs in that county, except that nothing in this chapter shall be construed to alter or change in any way the law relative to the rights and duties of a holder in due course as provided in KRS Chapter 335, Art. 3, or affect the rights of any person taking the property or a lien thereon for value without actual or constructive notice. The clerk shall be entitled to a fee of five dollars ($5) for filing the lien, and said fee shall become a part of the lien as an added cost of the delinquent subject employer to be paid by him as a part of the amount necessary to release the lien and shall not be the responsibility of the Commonwealth.* [~~the contributions, interest or penalties become due~~]

(2) [~~The secretary may file notice of this lien with the county clerk of any county where the subject employer has property, giving the name of the subject employer, his address, and the amount of the lien. The clerk shall file same in the same manner as lis pendens are filed. The files shall be designated "Miscellaneous State Tax Liens." The notice, when so filed, shall be conclusive notice to all persons of the lien on the property having legal situs in that county, except that nothing in this chapter shall be construed to alter or change in any way the law relative to the rights and duties of a holder in due course as provided in KRS Chapter 355, Art. 3, or affect the rights of any person taking the property or a lien thereon for value without actual or constructive notice. The clerk shall be entitled to a fee of $1.25 for filing the lien, and said fee shall become a part of the lien as an added cost of the delinquent subject employer to be paid by him as a part of the amount necessary to release the lien, and in no event shall the Commonwealth, or the department be required to pay same.~~

~~(3)~~] In addition and as an alternative to any other remedy, the secretary may enforce the lien by petition in the name of this state to the Franklin Circuit Court, if the ministerial acts necessary to enforce the lien by the sale of the liened property or any part of it are performed by the appropriate officers of the circuit court of the county in which the property is situated under the direction of and reporting to the Franklin Circuit Court. The manner of enforcement shall be the same as that provided for the enforcement of other tax liens.

(3)[~~(4)~~] (a) The secretary may issue a certificate of release of lien upon the furnishing of a corporate surety bond satisfactory to the secretary by such employing unit in the amount of one hundred and twenty-five percent (125%) of the sum of such contributions, interest and penalty, for which lien is claimed, conditioned upon the prompt payment of such contribution, together with interest and penalty thereon, by such employing unit to the cabinet in accordance with the provisions set forth in such bond.

(b) The secretary may issue a certificate of partial release of any part of the property subject to the lien if he finds that the fair market value of that part of such property remaining subject to the lien is at least equal to the amount of all other liens upon such property plus double the amount of the liability for contributions, interest and penalties thereon remaining unsatisfied.

(c) The secretary may issue a certificate of partial release of any part of the property or individual piece of property subject to the lien if he finds that the interest of the Commonwealth in the property to be so released has no value.

Section 8. KRS 341.330 is amended to read as follows:

(1) Not later than five (5) years after the date on which any contributions, *interest* or penalties were paid, an employing unit which has paid such contributions, *interest* or penalties may make application for an adjustment in connection with subsequent contribution payments, or for a refund thereof because such adjustment cannot be made*; except that no such application may be made in connection with any payment made as a result of any administrative determination affecting that employing unit's liability, contribution rate, or amount of contributions where no application for review by the commission was made as provided in subsection (2) of KRS 341.430, or where such review was made but no such adjustment was determined by the commission to be due.*

(2) If such contributions, *interest* or penalties or any portion thereof were erroneously collected, the employing unit shall be allowed to make an adjustment thereof, without interest, in connection with subsequent contribution payments by it; or, if such adjustment cannot be made, such amount shall be refunded, without interest, from the funds into which such contributions, *interest* or penalties were paid.

(3) For like cause and within the same period adjustment or refund may be so made by the secretary on his own initiative.

Section 9. KRS 341.390 is amended to read as follows:

There shall be deducted from the benefit rate determined for a worker in accordance with subsection (2) of KRS 341.380:

(1) Eighty percent (80%), adjusted to the nearest multiple of one dollar ($1), of the amount of wages earned by such worker during the week of unemployment with respect to which he claims benefits. *For the purpose of this subsection, wages shall also include amounts earned by benefit claimants in self employment;*

(2) The amount of remuneration which the worker has received or is receiving with respect to such week of unemployment (adjusted to the nearest multiple of one dollar ($1)) in the form of remuneration in lieu of notice; and

(3) (a) The amount of compensation payable to an individual for any week which begins after March 31, 1980, and which begins in a period with respect to which such individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment under a plan maintained or contributed to a chargeable or base-period employer shall be reduced (but not below zero) by an amount equal to the amount of such pension, retirement or retired pay, annuity, or other payment which is reasonably attributable to such week; except that the secretary may provide for limitations on the amount of any such deduction to take into account contributions made by the worker for the pension, retirement or retired pay, annuity, or other similar periodic payment.

(b) No reduction shall be made under this section by reason of the receipt of a pension if the services performed by the worker during the base period (or remuneration received for such services) for such employer did not affect the worker's eligibility for, or increase the amount of, such pension, retirement or retired pay, annuity, or other similar periodic payment. The conditions specified by this subsection shall not apply to pensions paid under the Social Security Act or the Railroad Retirement Act of 1974 (or the corresponding provisions of prior law). Payments made under such acts shall be treated solely in the manner specified by paragraph (a) of this subsection.

(c) If Public Law 94-566 or Public Law 96-364 or the federal act which amends either for any cause shall become inoperative in its application, or stayed pendente lite, as to deductions of such compensation, then, subsection (3) of this section, by virtue of that fact, shall likewise and to the same extent, become inoperative as to such deductions.

Section 10. KRS 341.415 is amended to read as follows:

(1) Any person who has received any sum as benefits under this chapter *or any other state's unemployment insurance statutes or any United States department of labor unemployment insurance benefit program providing the secretary has signed a reciprocal agreement with such other state or the United States department of labor as provided in KRS 341.145,* while any condition for the receipt of such benefits was not fulfilled in his case, or while he was disqualified from receiving benefits, shall, in the discretion of the secretary, either have such sum deducted from any future benefits payable to him under this chapter or repay the department for the fund a sum equal to the amount so received by him. If after due notice the recipient of such sum fails to remit or arrange for remittance of the sum, the sum may be collected in the manner provided in subsection (2) of KRS 341.300 for collection of past due contributions and any sums so collected shall be credited to the pooled account. Unless there has been a false statement, misrepresentation, or concealment of material information[~~,~~] by a recipient of benefits, there shall be no recoupment or recovery of an improperly paid benefit, *except by deduction from any future benefits payable to him under this chapter,* if the benefit was paid as a result of departmental error. *For purposes of this section, overpayments as a result of a reversal of entitlement to benefits in the appeal or review process shall not be construed to be the result of departmental error.*

(2) At or after the commencement of an action under subsection (1) of this section attachment may be had against property of the recipient of improperly paid benefits in the manner provided in subsection (3) of KRS 341.300.

(3) A lien on a parity with state, county, and municipal ad valorem tax liens, is hereby created in favor of the department upon all property of any recipient of improperly paid benefits. This lien shall be for a sum equal to the amount of the overpayment finally determined. The lien shall commence from such time as the recipient has exhausted or abandoned the appeal procedure set forth in this chapter and the amount of the overpayment is finally fixed. A notice of lien may be filed in the same manner as that provided for in KRS 341.310.

(4) Any amount paid to a person as benefits, which he has been found liable to repay or to have deducted from future benefits under subsections (1), (2) and (3) of this section, which has neither been repaid nor so deducted within a period of five (5) years following the last day of the benefit year within which it was paid, may be deemed to be uncollectible and shall be permanently charged to the pooled account, except that if such payment was made by reason of fraudulent representations, no future benefits shall be paid such person within a period of ten (10) years of the last day of the benefit year within which such payments were made at which time these amounts may be declared uncollectible. Nothing in this subsection shall be deemed to affect collection of improperly paid benefits pursuant to a judgment or other legal remedy.

(5) In the event benefits have been paid as a result of false statement, misrepresentation or concealment of material information by a recipient of benefits and have not been repaid by the recipient within one calendar year from the date of the first notice, interest at the rate of one and five tenths percent (1.5%) per month or any part thereof shall be imposed on and added to the unpaid balance each successive month, providing due notice has been given to the recipient. Such interest shall be paid into the unemployment compensation administration account.

Section 11. KRS 341.430 is amended to read as follows:

(1) The commission may on its own motion affirm, modify, or set aside any decision of a referee on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The commission may remove to itself or transfer to another referee the proceedings on any claims pending before a referee.

(2) An application for review by the commission of any administrative determination affecting an employing unit's liability, contribution rate, *or* amount of contributions[~~, or claim for refund~~] may be filed by such employing unit within twenty (20) days after notice of such determination was mailed to such employing unit's last known address.

(3) Any proceedings before the commission shall be heard and determined by the entire commission composed of three (3) members, except that no member of the commission shall participate in any case in which he is an interested party, and the chairman shall act alone in the absence or disqualification of any other member. The commission shall promptly notify the parties to any proceedings of its findings and decisions.

Section 12. KRS 341.540 is amended to read as follows:

(1) Any employing unit which succeeds to or acquires the organization, trade or business of a subject employer shall assume the resources and liabilities of the predecessor's reserve account, including *interest* [~~penalties~~], and shall continue the payment of all contributions and *interest* [~~penalties~~] due under this chapter, except that the successor or acquirer shall not be required to assume the liability of any delinquent contributions and *interest* [~~penalties~~] of a predecessor or predecessors unless the cabinet notifies the successor or acquirer of such delinquency within six (6) months after the department has notice of the succession or acquisition.

(2) The liability for delinquent contributions and *interest* [~~penalties~~] imposed upon the successor or acquirer by subsection (1) of this section shall be secondary to the liability of the predecessor or predecessors and if the delinquency has been reduced to judgment the order of execution on such judgment shall be as follows:

(a) Against the assets, both real and personal, of the predecessor or predecessors;

(b) Against the assets, both real and personal, of the business acquired; and

(c) Against the assets, both real and personal, of the successor or acquirer.

(3) Notwithstanding the provisions of subsection (1), any employing unit which succeeds to or acquires a portion of the organization, trade or business from a subject employer, and who is, or by reason of such succession or acquisition becomes, a subject employer, shall assume the position of such employer with respect to the resources and liabilities of such reserve account in proportion to the extent of such succession or acquisition as *proposed* [~~agreed upon~~] by the parties in interest *to the secretary for his approval or disapproval* [~~and approved by the secretary~~], and the taxable payroll, benefit charges and the potential benefit charges shall likewise be assumed by the successors or acquirers in interest in a like proportion. *In the absence of an approved agreement the secretary may, not sooner than three (3) calendar months following the date of succession or acquisition, establish the extent of succession based upon the proportion of gross payroll reported by the predecessor in the most recently completed calendar quarter preceding the date of succession or acquisition for workers employed by the successor subsequent to that date; or upon such other basis as may be set forth in regulation.*

(4) (a) The contribution rate of a successor or acquirer employing unit, whether in whole or in part, which was a subject employer prior to such succession or acquisition, shall not be affected by the transfer of the reserve account for the remainder of the rate year in which such succession or acquisition occurred.

(b) The contribution rate of a successor or acquirer employing unit, *either in whole or in part,* which was not a subject employer prior to such succession or acquisition [~~of a predecessor's reserve account, either in whole or in part~~], shall be, for the calendar year in which such succession or acquisition occurred, the same rate as that of its predecessor.

(c) The contribution rate for a successor or acquirer employing unit, which was not a subject employer prior to the simultaneous succession to or acquisition of two (2) or more predecessor reserve accounts, either in whole or in part, shall be the rate determined in accordance with the provisions of KRS 341.270, by combining the reserve accounts succeeded to or acquired as they existed as of the computation date for determining rates for the calendar year in which such succession or acquisition occurred.

(d) The contribution rate of a successor or acquirer employing unit which succeeds to or acquires, either in whole or in part, a predecessor's reserve account after a computation date but prior to the beginning of the calendar year immediately following such computation date shall be the rate determined, in accordance with KRS 341.270, by effecting the transfer of such reserve account as of the computation date immediately preceding the date of such succession or acquisition.

Section 13. KRS 341.570 is amended to read as follows:

(1) In any civil action to enforce the provisions of this chapter or in which the commission or the cabinet is an interested party, the commission or the cabinet may be represented by any qualified attorney who is designated by the secretary for that purpose. The expenses and compensation of such special attorney and any experts employed in connection with such proceedings shall be considered a proper cost of the administration of this chapter.

(2) All criminal actions for violation of any provision of this chapter, or of any rules or regulations issued under it, shall be prosecuted by the attorney general of this state, or, at his request and under his direction,

by the county attorney, *or commonwealth attorney,* of any county in which the employing unit has a place of business or the violator resides.

The Committee Substitute to **HB 476** is as follows:

HB 476. AN ACT relating to unemployment compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 341.055 is amended to read as follows:

(f) In a position which, under or pursuant to the state law is designated as a major nontenured policymaking or advisory position, or a policymaking or advisory position the performance of the duties of which ordinarily does not require more than eight (8) hours per week or by reason of service on any appointed state or local board or commission; or

(g) As a part-time staff employe of the general assembly, or any temporary, part-time or seasonal employe of the Commonwealth or political subdivision thereof if not required to be covered employment pursuant to section 3309 of the Internal Revenue Code, as amended, as a requirement of section 3304 of that code, as amended, for approval of the state's unemployment insurance law;

(5) Except as provided in paragraph (d) of subsection (1) of KRS 341.050 service performed in the employ of any other state or any political subdivision thereof, or of the United States government or an instrumentality of the United States exempt by federal law from the contributions imposed by this chapter, except that to the extent that the Congress of the United States shall permit states to require instrumentalities of the United States to make payments into an unemployment fund under a state unemployment insurance law, all the

provisions of this chapter shall be applicable to such instrumentalities, and to services performed for such instrumentalities, in the same manner, to the same extent and on the same terms as to all other employing units, individuals and services; provided that if this state shall not be certified for any year by the secretary of labor of the United States under section 3304 of the Internal Revenue Code, the payments required of such instrumentalities with respect to such year shall be refunded from the fund in the same manner and within the same period as is provided in KRS 341.330 with respect to contributions erroneously collected;

(6) Service with respect to which unemployment compensation is payable under an unemployment compensation system established by an act of Congress. The secretary may enter into agreements with the proper agencies under such act of Congress to provide reciprocal treatment to workers who have, after acquiring potential rights to benefits under this chapter, acquired rights to unemployment compensation under such act of Congress, or who have, after acquiring potential rights to unemployment compensation under such act of Congress, acquired rights to benefits under this chapter;

(8) Service performed in the employ of a foreign government (including service as a consular, or other officer or employe or a nondiplomatic representative), or of an instrumentality wholly owned by a foreign government if:

(a) The service is of a character similar to that performed in foreign countries by employes of the United States government or of an instrumentality thereof; and

(b) The secretary finds that the United States secretary of state has certified to the United States secretary of the treasury that the foreign government, with respect to whose instrumentality exemption is claimed, grants an equivalent exemption with respect to similar service performed in the foreign country by employes of the United States government and of instrumentalities thereof;

(9) Service performed as a student nurse in the employ of a hospital or a nurses' training school by a worker who is enrolled and is regularly attending classes in a nurses' training school chartered or approved pursuant to the laws of this state; and service performed as an intern in the employ of a hospital by a worker who has completed a four (4) years' course in a medical school chartered or approved pursuant to the laws of this state;

(10) Service performed by a worker for an employing unit as an insurance agent or as an insurance solicitor, if all such service performed by such worker for such employing unit is performed for remuneration solely by way of commission;

(11) Service performed by a worker under the age of eighteen (18) in the delivery or distribution of newspapers or shopping news, not including delivery or distribution to any point for subsequent delivery or distribution;

For the purpose of this subsection, an individual shall be deemed to be regularly employed by an employing unit during a calendar quarter only if:

(a) On each of some twenty-four (24) days during such quarter such individual performs for such employing unit for some portion of the day service not in the course of the employing unit's trade or business; or

(b) Such individual was regularly employed (as determined under paragraph (a) above) by such employing unit in the performance of such service during the preceding calendar quarter;

(13) Service performed in any calendar quarter in the employ of any organization exempt from income tax under section 501(a) of the Internal Revenue Code (other than an organization described in section 401(a)), or under section 521 of the Internal Revenue Code, if the remuneration for such service is less than fifty dollars ($50);

(14) Service performed in the employ of an international organization;

(a) By a student who is enrolled and is regularly attending classes at such school, college or university; or

(b) By the spouse of such a student, if such spouse is advised, at the time such spouse commences to perform such service, that:

1. The employment of such spouse to perform such service is provided under a program to provide financial assistance to such student by such school, college, or university; and

2. Such employment will not be covered by any program of unemployment insurance;

(17) Service performed by an individual who is enrolled at a nonprofit or public educational institution which normally maintains a regular faculty and curriculum and normally has a regularly organized body of students in attendance at the place where its educational activities are carried on, as a student in a full-time program, taken for credit at such institution, which combines academic instruction with work experience, if such service is an integral part of such program, and such institution has so certified to the employer, except that this subsection shall not apply to service performed in a program established for or on behalf of an employer or group of employers;

(18) Service performed in the employ of a hospital, if such service is performed by a patient of the hospital, as defined in KRS 341.067;

(20) Service defined in KRS 341.050(1)(d) and (e) performed *for* [~~in~~] a facility conducted for the purpose of carrying out a program of rehabilitation for individuals whose earning capacity is impaired by age or physical or mental deficiency or injury or providing remunerative work for individuals who because of their impaired physical or mental capacity cannot be readily absorbed in the competitive labor market by an individual receiving such rehabilitation or remunerative work; or as part of an unemployment work-relief or work-training program assisted or financed in whole or in part by any federal agency or an agency of a state or political subdivision thereof by an individual receiving such work relief or work training; or in a custodial or penal institution by an inmate of such institution.

Section 2. KRS 341.145 is amended to read as follows:

(1) The secretary may enter into arrangements with the appropriate agencies of other states or of the federal government, or both, for the purpose of assisting the secretary and such agencies in the payment of benefits and the furnishing of services to unemployed or underemployed workers. Such arrangements may provide that the respective agencies shall, for and on behalf of each other, act as agents in effecting registrations for work, notices of unemployment, and any other certifications or statements relating to a worker's claim for benefits; in making investigation, taking depositions, holding hearings, or otherwise securing information relating to benefit eligibility and payments; and in such other matters as the secretary considers suitable in effectuating the purpose of these administrative arrangements.

(2) The secretary may enter into arrangements with the appropriate agencies of other states or the federal government whereby workers performing services in this and other states for a single employing unit under circumstances not specifically provided in KRS 341.050, or under similar provisions in the unemployment compensation laws of such other states, shall be deemed to be engaged in employment performed entirely

within this state or within one of such other states.

(3) (a) The secretary shall participate in any arrangements for the payment of benefits on the basis of combining an individual's wages and employment covered under this chapter with his wages and employment covered under the unemployment compensation laws of other states or the federal government which are approved by the United States secretary of labor in consultation with the state unemployment compensation agencies as reasonably calculated to assure the prompt and full payment of benefits in such situations and which include provisions for applying the base period of a single state law to a claim involving the combining of an individual's wages and employment covered under two or more state unemployment compensation laws, and avoiding the duplicate use of wages and employment by reason of such combining. Reimbursements to another state or the federal government, paid from the fund pursuant to this subsection, shall be deemed to be benefits for the purposes of this chapter and charged to employers' reserve accounts in accordance with the provisions of subsections (2) and (3) of KRS 341.530 to the extent of calculations made on wages paid during the base period established by KRS 341.090 and wages paid after such base period; provided, however, benefits based on a period previous to the base-wage period established by KRS 341.090 shall be charged to the pooled account. Provided, that if the secretary of labor determines that the charging of reimbursements provided above is inconsistent with the requirements of the federal unemployment tax act, charges of such reimbursements shall then be made in accordance with regulations prescribed by the secretary.

(b) In order that such reciprocal arrangements, when entered into, may be effectuated, wages for insured work under an employment security law of another state or of the federal government shall be deemed to be wages earned in covered employment from a subject employer for the purpose of determining his benefits under this chapter.

(4) Notwithstanding any other provision of this chapter, benefits shall not be denied or reduced to an individual solely because he files a claim in another state (or a contiguous country with which the United States has an agreement with respect to unemployment compensation) or because he resides in another state (or such a contiguous country) at the time he files a claim for benefits.

(5) To the extent permissible under the laws and Constitution of the United States, the secretary is authorized to enter into or cooperate in arrangements or reciprocal agreements with appropriate and duly authorized agencies of other states or the U.S. secretary of labor or both, whereby:

(a) Overpayments of unemployment benefits, as determined under this chapter, shall be recoverable (after due notice and opportunity for appeal has been provided to the claimant) by offset from unemployment benefits otherwise payable under the unemployment compensation law of another state in either the current or any subsequent benefit year, in an amount equivalent to the amount of overpayment determined under this chapter, provided the department certifies to the other state the facts involved and that the claimant is liable to repay the benefits and the department requests the other state to recover the benefits; and

(b) Overpayments of unemployment benefits, as determined under the unemployment compensation law of another state, shall be recoverable (after such state has provided due notice and opportunity for appeal to the claimant) by offset from unemployment benefits otherwise payable under this chapter in either the current or subsequent benefit year, in an amount equivalent to the amount of overpayment determined by such other state, provided such state certifies to the department the facts involved and that the individual is liable to repay the benefits and the state requests the department to recover the benefits; and

(c) Provided there is in effect a reciprocal agreement between this state and the U.S. secretary of labor, as authorized by section 303 (g)(2) of the social security act, the overpayment of unemployment benefits or allowances for unemployment provided under a federal program administered by this state shall be recoverable by offset from benefits otherwise payable under this chapter or any such federal program. Such agreement shall also suffice to permit the offset from unemployment benefits, otherwise payable under a federal program administered by this state, the overpayment of unemployment benefits paid under this chapter.

If another state also has in effect a like agreement with the U.S. secretary of labor, then these provisions for cross-offset of state and federal unemployment benefits shall apply to benefits otherwise payable under this chapter, the laws of the other state or any federal unemployment program administered by either state.

Section 3. KRS 341.250 is amended to read as follows:

(1) Any employing unit that becomes subject to this chapter within any calendar year shall be considered

a subject employer during the whole of that calendar year, except as specifically provided elsewhere in this section or this chapter.

(2) Except as provided in subsections (3) and (5) of this section, a subject employer shall cease to be a subject employer only as of the first day of January of any calendar year if he files with the department, on or before the fifteenth day of April of that year, a written application for termination of coverage, and the covered employment performed for such subject employer within the preceding calendar year was not sufficient to render an employing unit a subject employer under KRS 341.070. The secretary may, however, after notifying such employer in writing at his last known address, terminate the coverage of any subject employer as of the first day of January of any calendar year if such subject employer has had no individuals in covered employment in this state at any time during the three preceding calendar years, and the balance of such employer's reserve account may be immediately transferred to the pooled account.

(3) (a) Any employing unit not otherwise subject to this chapter that files with the department its written election to become a subject employer for not less than two calendar years shall, with the written approval of such election by the secretary, become subject hereto to the same extent as all other subject employers, as of the date stated in such approval, but not with respect to the period previous to such date. Such subject employer shall cease to be subject hereto as of January 1 of any calendar year subsequent to such two calendar years, only if on or before April 15 of such year, it has filed with the department a written notice to that effect.

(b) Any employing unit for which services that do not constitute covered employment are performed, may file with the department a written election that all such services performed by individuals in its employ in one or more distinct establishments or places of business shall be considered to constitute covered employment by a subject employer for all the purposes of this chapter for not less than two calendar years. Upon written approval of such election by the secretary, such services shall be considered to constitute covered employment from and after the date stated in such approval, but not with respect to the period previous to such date. Such services shall cease to be considered covered employment subject hereto as of January 1 of a calendar year subsequent to such two (2) calendar years, only if on or before April 15 of such year such employing unit has filed with the department a written notice to that effect.

(c) Any employing unit having service performed in covered employment solely by reason of paragraph (h) of subsection (1) of KRS 341.050 may terminate such service as "covered employment" as of the first day of January of any calendar year if such service does not meet the provisions of paragraphs (e), (f) or (g) but only if on or before April 15 of such year, the employing unit has filed with the department a written request to terminate service as "covered employment."

(4) An employing unit that becomes a subject employer under subsection *(7)* [~~(5)~~] of KRS 341.070, shall become subject as of the date of acquisition.

(5) Notwithstanding the provisions of subsections (1), (2), and (3) of this section any subject employer whose entire reserve account has been transferred to a successor in interest as provided for in KRS 341.540 shall immediately cease to be a subject employer and shall thereafter become a subject employer only upon his future employment experience.

Section 4. KRS 341.260 is amended to read as follows:

(1) Contributions shall accrue and become payable by each subject employer for each calendar year in which he is subject to this chapter. Such contributions shall be based upon wages paid during such calendar year for covered employment. Such contributions shall become due and be paid at the offices of the department in Frankfort by each subject employer to the department for the fund in accordance with such regulations as the secretary prescribes, and shall not be deducted in whole or in part from the wages of workers in his employ. In the payment of any contributions, a fractional part of a cent shall be disregarded, unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

(2) Any contractor, who is or becomes a subject employer under the provisions of this chapter, who contracts with any subcontractor, who also is or becomes a subject employer under the provisions of this chapter, shall withhold sufficient moneys on said contract to guarantee that all contributions, penalties, and interest are paid upon completion of said contract, or shall require of said subcontractor a good and sufficient bond guaranteeing payment of all contributions, penalties and interest due or to become due with respect to wages paid for employment on said contract. Failure to comply with the provisions of this section shall

render said contractor directly liable for such contributions, penalties and interest due from said subcontractor and the wages paid by said subcontractor shall be deemed wages paid by the said contractor with respect to the same periods for all purposes under this chapter, and liens of the same nature are attachable and enforceable in the same manner as liens under KRS 341.310 and 341.315. *A person, employing unit, or entity who enters into a verbal or written agreement with another, or between whom there exists an implied contract based upon the circumstances, conduct, or acts or relations of the parties (a) to have work performed consisting of the removal, excavation or drilling of soil, rock or mineral, or the cutting or removal of timber from land, or (b) to have work performed of a kind which is a customary or a recurrent part of the work of the trade, business, occupation or profession of such person or entity, shall for the purposes of this subsection be deemed a contractor, and such other person or entity a subcontractor. This subsection shall not apply to the owner or lessee of land principally used for agriculture.*

Section 5. KRS 341.272 is amended to read as follows:

(1) Notwithstanding any section of this chapter to the contrary, on or after July 15, 1984, any new domestic corporation, or any foreign corporation authorized to do business in this state, or any foreign corporation active in conjunction with a domestic corporation in a joint venture, partnership or other legal entity engaged in the contract construction trades shall pay contributions equal to the maximum rate of contributions payable under the rate schedule in effect for any given calendar year as determined by KRS 341.270; and, such maximum rate of contributions shall remain in effect until the employer has employed persons in this state for not less than twelve (12) consecutive calendar quarters ending as of September 30 immediately preceding the computation date. Thereafter, such employer's contribution rate shall be determined in accordance with the provisions of subsection (4) of KRS 341.270.

(2) On or after January 1, 1989, any new domestic or foreign proprietorship or partnership engaged in the contract construction trades shall be subject to the provisions of subsection (1) of this section.

Section 6. KRS 341.310 is amended to read as follows:

(1) A lien on a parity with state, county, and municipal ad valorem tax liens, and superior to the lien of any mortgage or other encumbrance heretofore or hereafter created is hereby created in favor of the cabinet upon all property of any subject employer from whom contributions, interest or penalties are or may hereafter become due. [~~This lien shall be for a sum equal to the amount at any time due from each subject employer to the cabinet on account of contributions, interest and penalties thereon.~~] The lien shall commence from such time as *any assessment becomes delinquent and it shall continue until the amount of the original assessment and any subsequent assessments of liability for contributions, interest, penalties or fees are fully paid. The lien shall attach to all interest in property, either real or personal, then owned or subsequently acquired by the person against whom the assessment is made. The cabinet may file notice of the lien with the county clerk of any county or counties in which the subject employer's business or residence is located, or in any county in which the subject employer has interest in property and such notice shall be recorded in the same manner as notices of lis pendens are and the file shall be designated "miscellaneous state tax liens." Such recordation shall constitute notice of both the original assessment and all subsequent assessments of liability against the same subject employer. Upon request, the cabinet shall disclose the specific amount of liability at a given date to any interested party legally entitled to such information. The notice, when so filed, shall be conclusive notice to all persons of the lien on the property having legal situs in that county, except that nothing in this chapter shall be construed to alter or change in any way the law relative to the rights and duties of a holder in due course as provided in KRS Chapter 355, Art. 3, or affect the rights of any person taking the property or a lien thereon for value without actual or constructive notice. The clerk shall be entitled to a fee of five dollars ($5) for filing the lien, and said fee shall become a part of the lien as an added cost of the delinquent subject employer to be paid by him as a part of the amount necessary to release the lien and shall not be the responsibility of the Commonwealth.* [~~the contributions, interest or penalties become due~~]

(2) [~~The secretary may file notice of this lien with the county clerk of any county where the subject employer has property, giving the name of the subject employer, his address, and the amount of the lien. The clerk shall file same in the same manner as lis pendens are filed. The files shall be designated "Miscellaneous State Tax Liens." The notice, when so filed, shall be conclusive notice to all persons of the lien on the property having legal situs in that county, except that nothing in this chapter shall be construed to alter or change in any way the law relative to the rights and duties of a holder in due course as provided in KRS Chapter 355, Art. 3, or affect the rights of any person taking the property or a lien thereon for value without actual or constructive notice. The clerk shall be entitled to a fee of $1.25 for filing the lien, and said fee shall become a part of the lien as an added cost of the delinquent subject employer to be paid by him as a part of the amount necessary to release the lien, and in no event shall the Commonwealth, or the department be required to pay same.~~

(3)] In addition and as an alternative to any other remedy, the secretary may enforce the lien by petition in the name of this state to the Franklin Circuit Court, if the ministerial acts necessary to enforce the lien by the sale of the liened property or any part of it are performed by the appropriate officers of the circuit court of the county in which the property is situated under the direction of and reporting to the Franklin Circuit Court. The manner of enforcement shall be the same as that provided for the enforcement of other tax liens.

(3)[~~(4)~~] (a) The secretary may issue a certificate of release of lien upon the furnishing of a corporate surety bond satisfactory to the secretary by such employing unit in the amount of one hundred and twenty-five percent (125%) of the sum of such contributions, interest and penalty, for which lien is claimed, conditioned upon the prompt payment of such contribution, together with interest and penalty thereon, by such employing unit to the cabinet in accordance with the provisions set forth in such bond.

(b) The secretary may issue a certificate of partial release of any part of the property subject to the lien if he finds that the fair market value of that part of such property remaining subject to the lien is at least equal to the amount of all other liens upon such property plus double the amount of the liability for contributions, interest and penalties thereon remaining unsatisfied.

(c) The secretary may issue a certificate of partial release of any part of the property or individual piece of property subject to the lien if he finds that the interest of the Commonwealth in the property to be so released has no value.

Section 7. KRS 341.330 is amended to read as follows:

(1) Not later than five (5) years after the date on which any contributions, *interest* or penalties were paid, an employing unit which has paid such contributions, *interest* or penalties may make application for an adjustment in connection with subsequent contribution payments, or for a refund thereof because such adjustment cannot be made*; except that no such application may be made in connection with any payment made as a result of any administrative determination affecting that employing unit's liability, contribution rate, or amount of contributions where no application for review by the commission was made as provided in subsection (2) of KRS 341.430, or where such review was made but no such adjustment was determined by the commission to be due.*

(2) If such contributions, *interest* or penalties or any portion thereof were erroneously collected, the employing unit shall be allowed to make an adjustment thereof, without interest, in connection with subsequent contribution payments by it; or, if such adjustment cannot be made, such amount shall be refunded, without interest, from the funds into which such contributions, *interest* or penalties were paid.

(3) For like cause and within the same period adjustment or refund may be so made by the secretary on his own initiative.

Section 8. KRS 341.390 is amended to read as follows:

There shall be deducted from the benefit rate determined for a worker in accordance with subsection (2) of KRS 341.380:

(1) Eighty percent (80%), adjusted to the nearest multiple of one dollar ($1), of the amount of wages earned by such worker during the week of unemployment with respect to which he claims benefits. *For the purpose of this subsection, wages shall also include amounts earned by benefit claimants in self employment provided such earnings otherwise meet the definition of wages as contained in KRS 341.030*;

(2) The amount of remuneration which the worker has received or is receiving with respect to such week of unemployment (adjusted to the nearest multiple of one dollar ($1)) in the form of remuneration in lieu of notice; and

(3) (a) The amount of compensation payable to an individual for any week which begins after March 31, 1980, and which begins in a period with respect to which such individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment under a plan maintained or contributed to a chargeable or base-period employer shall be reduced (but not below zero) by an amount equal to the amount of such pension, retirement or retired pay, annuity, or other payment

which is reasonably attributable to such week; except that the secretary may provide for limitations on the amount of any such deduction to take into account contributions made by the worker for the pension, retirement or retired pay, annuity, or other similar periodic payment.

(b) No reduction shall be made under this section by reason of the receipt of a pension if the services performed by the worker during the base period (or remuneration received for such services) for such employer did not affect the worker's eligibility for, or increase the amount of, such pension, retirement or retired pay, annuity, or other similar periodic payment. The conditions specified by this subsection shall not apply to pensions paid under the Social Security Act or the Railroad Retirement Act of 1974 (or the corresponding provisions of prior law). Payments made under such acts shall be treated solely in the manner specified by paragraph (a) of this subsection.

(c) If Public Law 94-566 or Public Law 96-364 or the federal act which amends either for any cause shall become inoperative in its application, or stayed pendente lite, as to deductions of such compensation, then, subsection (3) of this section, by virtue of that fact, shall likewise and to the same extent, become inoperative as to such deductions.

Section 9. KRS 341.415 is amended to read as follows:

(1) Any person who has received any sum as benefits under this chapter *or any other state's unemployment insurance statutes or any United States department of labor unemployment insurance benefit program providing the secretary has signed a reciprocal agreement with such other state or the United States department of labor as provided in KRS 341.145*, while any condition for the receipt of such benefits was not fulfilled in his case, or while he was disqualified from receiving benefits, shall, in the discretion of the secretary, either have such sum deducted from any future benefits payable to him under this chapter or repay the department for the fund a sum equal to the amount so received by him. If after due notice the recipient of such sum fails to remit or arrange for remittance of the sum, the sum may be collected in the manner provided in subsection (2) of KRS 341.300 for collection of past due contributions and any sums so collected shall be credited to the pooled account. Unless there has been a false statement, misrepresentation, or concealment of material information[,] by a recipient of benefits, there shall be no recoupment or recovery of an improperly paid benefit, *except by deduction from any future benefits payable to him under this chapter*, if the benefit was paid as a result of departmental error. *For purposes of this section, overpayments as a result of a reversal of entitlement to benefits in the appeal or review process shall not be construed to be the result of departmental error.*

(2) At or after the commencement of an action under subsection (1) of this section attachment may be had against property of the recipient of improperly paid benefits in the manner provided in subsection (3) of KRS 341.300.

(3) A lien on a parity with state, county, and municipal ad valorem tax liens, is hereby created in favor of the department upon all property of any recipient of improperly paid benefits. This lien shall be for a sum equal to the amount of the overpayment finally determined. The lien shall commence from such time as the recipient has exhausted or abandoned the appeal procedure set forth in this chapter and the amount of the overpayment is finally fixed. A notice of lien may be filed in the same manner as that provided for in KRS 341.310.

(4) Any amount paid to a person as benefits, which he has been found liable to repay or to have deducted from future benefits under subsections (1), (2) and (3) of this section, which has neither been repaid nor so deducted within a period of five (5) years following the last day of the benefit year within which it was paid, may be deemed to be uncollectible and shall be permanently charged to the pooled account, except that if such payment was made by reason of fraudulent representations, no future benefits shall be paid such person within a period of ten (10) years of the last day of the benefit year within which such payments were made at which time these amounts may be declared uncollectible. Nothing in this subsection shall be deemed to affect collection of improperly paid benefits pursuant to a judgment or other legal remedy.

(5) In the event benefits have been paid as a result of false statement, misrepresentation or concealment of material information by a recipient of benefits and have not been repaid by the recipient within one calendar year from the date of the first notice, interest at the rate of one and five tenths percent (1.5%) per month or any part thereof shall be imposed on and added to the unpaid balance each successive month, providing due notice has been given to the recipient. Such interest shall be paid into the unemployment compensation administration account.

(6) The deduction from future benefits specified in subsection (1) of this section shall be limited to twenty-five percent (25%) of the benefit amount otherwise payable under this chapter. The rate of deduction from benefits payable by another state or the United States of America shall be determined by the applicable state or federal statute.

Section 10. KRS 341.430 is amended to read as follows:

(1) The commission may on its own motion affirm, modify, or set aside any decision of a referee on the basis of the evidence previously submitted in such case, or direct the taking of additional evidence, or may permit any of the parties to such decision to initiate further appeals before it. The commission may remove to itself or transfer to another referee the proceedings on any claims pending before a referee.

(2) An application for review by the commission of any administrative determination affecting an employing unit's liability, contribution rate, *or* amount of contributions[~~, or claim for refund~~] may be filed by such employing unit within twenty (20) days after notice of such determination was mailed to such employing unit's last known address.

(3) Any proceedings before the commission shall be heard and determined by the entire commission composed of three (3) members, except that no member of the commission shall participate in any case in which he is an interested party, and the chairman shall act alone in the absence or disqualification of any other member. The commission shall promptly notify the parties to any proceedings of its findings and decisions.

Section 11. KRS 341.540 is amended to read as follows:

(1) Any employing unit which succeeds to or acquires the organization, trade or business of a subject employer shall assume the resources and liabilities of the predecessor's reserve account, including *interest* [~~penalties~~], and shall continue the payment of all contributions and *interest* [~~penalties~~] due under this chapter, except that the successor or acquirer shall not be required to assume the liability of any delinquent contributions and *interest* [~~penalties~~] of a predecessor or predecessors unless the cabinet notifies the successor or acquirer of such delinquency within six (6) months after the department has notice of the succession or acquisition.

(2) The liability for delinquent contributions and *interest* [~~penalties~~] imposed upon the successor or acquirer by subsection (1) of this section shall be secondary to the liability of the predecessor or predecessors and if the delinquency has been reduced to judgment the order of execution on such judgment shall be as follows:

(a) Against the assets, both real and personal, of the predecessor or predecessors;

(b) Against the assets, both real and personal, of the business acquired; and

(c) Against the assets, both real and personal, of the successor or acquirer.

(3) Notwithstanding the provisions of subsection (1), any employing unit which succeeds to or acquires a portion of the organization, trade or business from a subject employer, and who is, or by reason of such succession or acquisition becomes, a subject employer, shall assume the position of such employer with respect to the resources and liabilities of such reserve account in proportion to the extent of such succession or acquisition as *proposed* [~~agreed upon~~] by the parties in interest *to the secretary for his approval or disapproval* [~~and approved by the secretary~~], and the taxable payroll, benefit charges and the potential benefit charges shall likewise be assumed by the successors or acquirers in interest in a like proportion. *In the absence of an approved agreement the secretary may, not sooner than three (3) calendar months following the date of succession or acquisition, establish the extent of succession based upon the proportion of gross payroll reported by the predecessor in the most recently completed calendar quarter preceding the date of succession or acquisition for workers employed by the successor subsequent to that date; or upon such other basis as may be set forth in regulation.*

(4) (a) The contribution rate of a successor or acquirer employing unit, whether in whole or in part, which was a subject employer prior to such succession or acquisition, shall not be affected by the transfer of the reserve account for the remainder of the rate year in which such succession or acquisition occurred.

(b) The contribution rate of a successor or acquirer employing unit, *either in whole or in part,* which was not a subject employer prior to such succession or acquisition [~~of a predecessor's reserve account, either in whole or in part~~], shall be, for the calendar year in which such succession or acquisition occurred, the same rate as that of its predecessor.

(c) The contribution rate for a successor or acquirer employing unit, which was not a subject employer prior to the simultaneous succession to or acquisition of two (2) or more predecessor reserve accounts, either in whole or in part, shall be the rate determined in accordance with the provisions of KRS 341.270, by combining the reserve accounts succeeded to or acquired as they existed as of the computation date for determining rates for the calendar year in which such succession or acquisition occurred.

(d) The contribution rate of a successor or acquirer employing unit which succeeds to or acquires, either in whole or in part, a predecessor's reserve account after a computation date but prior to the beginning of the calendar year immediately following such computation date shall be the rate determined, in accordance with KRS 341.270, by effecting the transfer of such reserve account as of the computation date immediately preceding the date of such succession or acquisition.

Section 12. KRS 341.570 is amended to read as follows:

(1) In any civil action to enforce the provisions of this chapter or in which the commission or the cabinet is an interested party, the commission or the cabinet may be represented by any qualified attorney who is designated by the secretary for that purpose. The expenses and compensation of such special attorney and any experts employed in connection with such proceedings shall be considered a proper cost of the administration of this chapter.

(2) All criminal actions for violation of any provision of this chapter, or of any rules or regulations issued under it, shall be prosecuted by the attorney general of this state, or, at his request and under his direction, by the county attorney, *or commonwealth attorney,* of any county in which the employing unit has a place of business or the violator resides.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

(1) Any person who performs labor or furnishes materials, for the erection, altering or repairing of a house or other structure or for any fixture or machinery therein, for the excavation of cellars, cisterns, vaults, wells or for the improvement in any manner of real property including the furnishing of agricultural lime, fertilizer, concrete pipe or drainage tile, crushed rock, gravel for roads or driveways, and materials used in the construction or maintenance of fences, by contract with, or by the written consent of, the owner, contractor, subcontractor, architect or authorized agent, shall have a lien thereon, and upon the land upon which the improvements were made or on any interest the owner has therein, to secure the amount thereof with interest as provided in KRS 360.040 and costs. The lien on the land or improvements shall be superior to any mortgage or encumbrance created subsequent to the beginning of the labor or the furnishing of the materials, and the lien, if asserted as hereinafter provided, shall relate back and take effect from the time of the commencement of the labor or the furnishing of the materials. The lien shall not be for a greater amount in the aggregate than the contract price of the original contractor, and should the aggregate amount of the liens exceed the price agreed upon between the original contractor and the owner there shall be a pro rata distribution of the original contract price among the lienholders.

(2) The lien shall not take precedence over a mortgage or other contract lien or bona fide conveyance for value without notice, duly recorded or lodged for record according to law, unless the person claiming the prior lien shall, before the recording of the mortgage or other contract lien or conveyance, file in the office of the county clerk of the county wherein he has furnished or expects to furnish labor or materials, a statement showing that he has furnished or expects to furnish labor or materials, and the amount in full thereof. The lien shall not, as against the holder of a mortgage or other contract lien or conveyance, exceed the amount of the lien claimed or expected to be claimed as set forth in the statement. The statement shall, in other respects, be in the form prescribed by KRS 376.080.

(3) No person who has not contracted directly with the owner or his agent shall acquire a lien under this section unless he notifies in writing the owner of the property to be held liable or his authorized agent, within seventy-five (75) days on claims amounting to less than $1,000 and one hundred twenty (120) days on claims in excess of $1,000 after the last item of material or labor is furnished, of his intention to hold the property liable and the amount for which he will claim a lien. (4) No person who has not contracted directly with the *owner* [~~owner-occupant~~] or his authorized agent shall acquire a lien under this section on an owner-occupied [~~single or double family~~] dwelling, [~~or~~] the appurtenances or additions thereto*, or upon other improvements to the real property or real property contiguous thereto and held by the same owner, upon which the owner-occupant's dwelling is located* unless he notifies in writing the *owner* [~~owner-occupant~~] of the property to be held liable or his authorized agent not more than ten (10) days after the first item of material or labor is furnished, of the delivery of the material or performance of labor and of his intention to hold the property liable and the amount for which he will claim a lien. It shall be sufficient to prove that the notice was mailed to the last known address of the *owner* [~~owner-occupant~~] of the property upon which the lien is claimed, or to his duly authorized agent. This notice is in lieu of the notice provided for in subsection (3). Notwithstanding the foregoing provisions of this subsection, the lien provided for under this section shall not be applicable to the extent that an *owner of property as described in this subsection* [~~owner-occupant of a single or double family dwelling~~] has, prior to receipt of the notice provided for in this subsection, paid the contractor, subcontractor, architect or authorized agent for work performed or materials furnished prior to such payment. The contractor or subcontractor cannot be the authorized agent under this subsection.

HCR 30, A CONCURRENT RESOLUTION establishing the Family Court Feasibility Task Force.

WHEREAS, the Kentucky General Assembly considers the American family to be the framework upon which a prosperous and healthy society is built and maintained in this nation and Commonwealth; and

As used in KRS 138.455 to 138.470, unless the context requires otherwise:

(1) "Dealer" means any person engaged in the sale of motor vehicles at retail;

(2) "Motor vehicle" means any vehicle that is propelled by other than muscular power and that is used for transportation of persons or property over the public highways of the state, except road rollers, mopeds,

vehicles that travel exclusively on rails, and vehicles propelled by electric power obtained from overhead wires;

(3) "Moped" means either a motorized bicycle whose frame design may include one (1) or more horizontal crossbars supporting a fuel tank so long as it also has pedals, or a motorized bicycle with a step through type frame which may or may not have pedals rated no more than two (2) brake horsepower, a cylinder capacity not exceeding fifty (50) cubic centimeters, an automatic transmission not requiring clutching or shifting by the operator after the drive system is engaged, and capable of a maximum speed of not more than thirty (30) miles per hour;

(4) Except as provided in subsection (5) of this section, "retail price" shall be determined as follows:

(a) For new motor vehicles "retail price" shall be ninety percent (90%) of the manufacturer's suggested retail price of the vehicle with all equipment and accessories, standard and optional, and transportation charges;

(b) For used motor vehicles whose values appear in the automotive reference manual prescribed by the revenue cabinet, "retail price" shall be the value given in such reference manual;

(c) For the older used motor vehicles whose values no longer appear in the automotive reference manual, "retail price" shall be determined as follows:

Number of Years Removed From Manual	Retail Price
1	75% of value of same make vehicle last appearing in manual
2	50% of value of same make vehicle last appearing in manual

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186.560 is amended to read as follows:

(1) The cabinet shall forthwith revoke the license of any operator of a motor vehicle upon receiving record of his conviction of any of the following offenses:

(a) *Murder or* manslaughter resulting from the operation of a motor vehicle;

(b) Driving a vehicle which is not a motor vehicle while under the influence of alcohol or any other substance which may impair one's driving ability;

(c) Perjury or the making of a false affidavit under KRS 186.400 to 186.640 or any law requiring the registration of motor vehicles or regulating their operation on highways;

(d) Any felony in the commission of which a motor vehicle is used;

(e) Conviction or forfeiture of bail upon three (3) charges of reckless driving within the preceding twelve (12) months;

(f) Conviction of driving a motor vehicle involved in an accident and failing to stop and disclose his identity at the scene of the accident;

(g) Conviction of theft of a motor vehicle or any of its parts, including the conviction of any person under the age of eighteen (18) years;

(h) Failure to have in full force and effect the security required by subtitle 39 of KRS Chapter 304 upon conviction of a second and each subsequent offense within any five (5) year period; and

(i) Conviction for fraudulent use of a driver's license or use of a fraudulent driver's license to purchase or attempt to purchase alcoholic beverages, as defined in KRS 241.010, in violation of KRS 244.085.

(2) If the person convicted of any offense named in subsection (1) of this section is not the holder of a license, the cabinet shall deny the person so convicted a license for the same period of time as though he had possessed a license which had been revoked. If through an inadvertence the defendant should be issued a license, the cabinet shall forthwith cancel it.

(3) The cabinet upon receiving a record of the conviction of any person upon a charge of operating a motor vehicle while the license of that person is denied or suspended, or revoked, or while his privilege to operate a motor vehicle is withdrawn, shall immediately extend the period of the first denial, suspension, revocation or withdrawal for an additional like period.

(4) *The revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle for a violation of subsection (1)(a) of this section shall be for a period of not less than five (5) nor more than fifteen (15) years. Revocations or denials under this section shall not be subject to any lessening of penalties authorized under any other provision of this section or any other statute.*

(5) In all other cases, the revocation or denial of a license or the withdrawal of the privilege of operating a motor vehicle under this section shall be for a period of six (6) months, except that, if the same person has had one (1) previous conviction of any offense enumerated in subsection (1) of this section, regardless of whether the person's license was revoked because of the previous conviction, the period of the revocation, denial or withdrawal shall be one (1) year; if the person has had more than one (1) previous conviction of the offenses considered collectively as enumerated in subsection (1) of this section, regardless of whether the person's license was revoked for any previous conviction, the period of revocation, denial or withdrawal shall be for not less than two (2) years. Provided, however, the cabinet, upon receipt of the written recommendation of the court in which any person has been convicted of violating KRS 189.520(1) or KRS 244.085(5) as relates to instances in which a driver's license or fraudulent driver's license was the identification used or attempted to be used in the commission of the offense, who has had no previous conviction of said offense, that said person's operator's license shall not be revoked, restricts said person's operator's license according to such

terms and conditions as the secretary in his discretion may require, provided said person has enrolled in such driver's education program as the cabinet shall require. In the event said person fails to satisfactorily complete said driver's education program or violates the restrictions on his operator's license, the cabinet shall forthwith revoke said operator's license for a period of six (6) months.

(6)[~~(5)~~] Persons convicted of a first offense violation of KRS 189A.010 may elect to attend the driver's education program established by this section, or (at the option of the defendant) a licensed comprehensive care center education program, and no other. Attendance at the school shall not permit the retention of the operator's license. Successful completion of the school shall reduce the period of operator's license suspension from six (6) months to thirty (30) days as specified in KRS 189A.070(1)(a). The cabinet shall permit driver's education programs approved by the cabinet to offer a nine (9) hour driver's education program which may be completed in one (1) day and which shall satisfy the provisions of this section.

(7)[~~(6)~~] License suspensions and revocations under KRS 189A.060, 189A.070, and 189A.080 shall be in addition to any other license revocation authorized by law or regulation. The powers of the transportation cabinet to revoke a license or lengthen the period of revocation shall not be affected by KRS Chapter 189A.

(8)[~~(7)~~] In order to secure the reinstatement of a license to operate a motor vehicle or motorcycle restored following a period of suspension or revocation pursuant to KRS 189A.060, 189A.070, and 189A.080 the person whose license is suspended or revoked shall comply with the fees and other procedures of the transportation cabinet with regard to the reinstatement of suspended or revoked licenses.

(9)[~~(8)~~] Any person or legal entity that seeks to offer, conduct or operate a driver's education program as provided in this section shall submit sufficient documentation to the cabinet in writing that such program is needed in the geographical area that is proposed to be served. The cabinet shall promulgate administrative regulations which specify what constitutes need for such programs in a given geographical area. The cabinet shall determine whether such need is shown to exist and shall establish by regulation an appeals procedure. The provisions of this subsection shall not apply to any driver's education program operating with the approval of the cabinet prior to July 15, 1986.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 100.117 is amended to read as follows:

(1) Any city or county may establish [~~a planning program as~~] an independent *planning* operation if the following required procedure is unsuccessful in establishing a joint planning unit encompassing the county and cities therein:[~~.~~]

(a)[~~(1)~~] A city shall interrogate the county and every other city therein to determine whether they desire to enter into an agreement to form a joint planning unit. The interrogation shall be in writing, addressed to the various legislative bodies stating proposed reasonable terms for combination and the reasoned purpose and objectives. The political subdivisions which have been interrogated shall have sixty (60) days in which to answer in writing and the city may assume that the answer is negative if no response is received within the sixty (60) days. If the county answers in the negative, then, *subject to the provisions of Section 3 of this Act and applicable succeeding sections of this chapter,* the city may engage in an independent planning operation *upon adoption of an ordinance creating an independent planning unit.* If the county responds affirmatively, then, *subject to the provisions of Section 3 of this Act and applicable succeeding sections of this chapter,* a joint planning unit shall be established *pursuant to KRS 100.121 and 100.127,* and no city located in such county may form an independent planning unit. If a city has been operating under an agreement under which its planning operations have been combined with one (1) or several counties or cities and the combination is broken, then it shall follow the procedure set forth in this subsection before it engages in an independent planning operation*; or*[~~.~~]

(b)[~~(2)~~] A county shall interrogate every incorporated city within its boundaries and otherwise be subject to following the procedure established for an independent city operation *as provided in paragraph (a) of subsection (1) of this section.*

(2)[~~(3)~~] In a county where independent planning units have been created in accordance with this section, another interrogation shall not be permitted for a period of four (4) years from the date of the previous letter of interrogation. If another interrogation is initiated, the required procedure as defined by this section, shall be followed. If the result of such an interrogation is creation of a joint planning unit, as permitted by KRS 100.121, then all the existing independent planning units shall be dissolved, and no city located in such county may form an independent planning unit. A period of one (1) year from the date of the letter of interrogation shall be permitted for the newly formed joint planning unit to come into existence, during which time the other necessary steps required by this chapter must be complied with and the dissolution of the independent units shall be effective upon compliance with requirements of this chapter, for creation of the joint planning unit, or at the end of the one (1) year period, whichever is first.

Section 2. KRS 100.127 is amended to read as follows:

(1) All agreements for joint or regional planning units shall be in writing, and shall describe the boundaries of the area involved, and shall contain all details which are necessary for the establishment and administration of the planning unit in regard to planning commission organization, preparation of plans, and aids to plan implementation. *Subject to the provisions of Section 3 of this Act,* the agreement shall be adopted as an ordinance

The county clerk may charge a fee of two and one-half dollars ($2.50) for the filing of the agreement. Combination under this subsection shall be permitted notwithstanding the fact that the governmental units are also involved in area planning under KRS 147.610 to 147.705. Combined planning operations shall be jointly financed, and the agreement shall state the method of proration of financial support.

In addition, any enlargement of a unit may be accomplished under the existing agreement by filing a copy of the agreement in the office of the county clerk of all member counties along with a statement as to when it was admitted to the unit. The clerk may charge a fee of two and one-half dollars ($2.50) for the filing.

(3) If the planning unit, or any part thereof, has adopted regulations for historical districts under KRS 100.201 and 100.203, the planning agreement may provide for the creation of a three (3) or five (5) member board to advise the zoning administrator regarding issuance of permits in such districts, the board being guided by the standards and restrictions of the community's comprehensive plan and by the historical district regulations adopted by the planning unit.

SECTION 3. A NEW SECTION OF KRS 100.127 TO 100.133 IS CREATED TO READ AS FOLLOWS:

(1) If any city or county desires to establish an independent planning operation or to enter into a joint or regional planning operation as provided in this chapter, the legislative body of each city and the fiscal court of each county involved shall enact an ordinance stating the intention of the city or county to create an independent planning unit or an ordinance stating the intention of the city and the county to enter into an agreement creating a joint or regional planning unit. No ordinance shall be enacted until after the sixty (60) day interrogatory period provided in KRS 100.117.

(2) If, following the publication of an ordinance by a city or county pursuant to subsection (1) of this section and within sixty (60) days thereof, at least twenty percent (20%) of the resident voters within each political subdivision included within the proposed planning unit petition their respective local legislative bodies in opposition to the proposed planning unit, an election shall be held at the next regular election occurring at least sixty (60) days after the petition is presented to the county clerk of the county in which the territory of the proposed planning unit is located. Within thirty (30) days after the petition is filed, the county clerk shall complete a certificate as to its sufficiency, specifying, if it is insufficient, the particulars wherein it is defective and shall send by registered mail a copy of the petition to each city legislative body and county fiscal court involved.

(3) If the county clerk finds the petition to be sufficient, the chief executive officer of each political subdivision to be included within the proposed planning unit shall deliver a certified copy of the ordinance creating the independent planning unit or a certified copy of the ordinance entering into a joint or regional planning unit to the county clerk of the county in which the territory of the proposed planning unit is located. The county clerk shall have printed on the ballot provided for use in each precinct embraced in whole or in part within the territory proposed to be included within the planning unit the question: "Are you in favor of establishing a planning operation as provided in KRS Chapter 100 for the (City of or County of) ....?" If only a part of any precinct is embraced within the territory proposed to be included within the planning unit, only those persons who reside within the territory proposed to be included within the planning unit shall be permitted to vote. The county clerk shall cause the sheriff to deliver to the election officers in each precinct copies of the ordinance proposing the creation of the planning unit.

(4) If less than fifty-one percent (51%) of the qualified voters in the area to be included within the proposed planning unit oppose establishing a planning operation, the legislative body may enact an ordinance creating the proposed planning unit.

(5) If fifty-one percent (51%) or more of the qualified voters in the area to be included within the proposed planning unit oppose establishing a planning operation, the ordinance proposing creation of the planning unit shall become ineffectual for any purpose.

(6) In not less than sixty (60) days after the enactment of the ordinance, if no petition has been received as set out herein, or within sixty (60) days of the certification of election results in which less than fifty-one

HB 350, AN ACT relating to crimes and punishments.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 218A.410 is amended to read as follows:

(1) The following are subject to forfeiture:

(a) Controlled substances listed in Schedule I that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state.

(b) Controlled substances listed in Schedule I, which are seized or come into the possession of the state, the owners of which are unknown, are contraband and shall be summarily forfeited to the state.

(c) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily destroyed or forfeited to the state. The failure, upon demand by the law enforcement agency or its authorized agent, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored, to produce an appropriate registration, or proof that he is the holder thereof, constitutes authority for the seizure and forfeiture of the plants.

(d) All substances, machinery or devices used for the manufacture, packaging, repackaging, or marking, and books, papers and records, and all vehicles owned and used by the seller or distributor for the manufacture, distribution, sale or transfer of substances in violation of KRS 218A.350 shall be seized and forfeited to the state. Substances manufactured, held, or distributed in violation of KRS 218A.350 shall be deemed contraband.

(e) All controlled substances which have been manufactured, distributed, dispensed, possessed, being held or acquired in violation of this chapter.

(f) All raw materials, products and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance in violation of this chapter.

(g) All property which is used, or intended for use, as a container for property described in paragraph (e) or (f) of this subsection.

(h) All conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, for the purpose of sale or receipt of property described in paragraph (e) or (f) of this subsection, but:

1. No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it is proven beyond a reasonable doubt that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter;

2. No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without his knowledge or consent;

3. A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if he neither had knowledge of nor consented to the act or omission;

[~~4. The forfeiture provisions of this paragraph shall not apply to any misdemeanor offense relating to marijuana.~~]

(i) All books, records, and research products and materials, including formulas, microfilm, tapes and data which are used, or intended for use, in violation of this chapter.

(j) Everything of value furnished, or intended to be furnished, in exchange for a controlled substance in violation of this chapter, all proceeds, including real and personal property, traceable to such an exchange, and all moneys, negotiable instruments, and securities used, or intended to be used, to facilitate any violation of this chapter; except that no property shall be forfeited under this paragraph, to the extent of the interest of an owner, by reason of any act or omission established by him to have been committed or omitted without his knowledge or consent. It shall be a rebuttable presumption that all moneys, coin and currency found in close proximity to forfeitable controlled substances, to forfeitable drug manufacturing or distributing paraphernalia, or to forfeitable records of the importation, manufacture or distribution of controlled substances, are presumed to be forfeitable under this paragraph. The burden of proof is upon claimants of personal property to rebut this presumption by clear and convincing evidence. The burden of proof is upon the law enforcement agency to prove by clear and convincing evidence that real property is forfeitable under this paragraph.

(k) All lands or real property which are used in the planting, cultivation or harvesting of marijuana.

Section 2. KRS 218A.415 is amended to read as follows:

(1) Property subject to forfeiture under this chapter may be seized by any law enforcement agency upon process issued by any court having jurisdiction over the property. Seizure without process may be made if:

(a) The seizure is incident to an arrest or a search under a search warrant;

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(c) The law enforcement agency has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(d) The law enforcement agency has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

(2) Property taken or detained under this section shall not be subject to replevin, but is deemed to be in the custody of the law enforcement agency subject only to the orders and decrees of the court having jurisdiction over the forfeiture proceedings. When property is seized under this chapter, the law enforcement agency may:

(a) Remove the property to a place designated by it; or

(b) Take custody of the property and remove it to an appropriate location for disposition in accordance with law.

(3) When property subject to forfeiture under this chapter is seized, the law enforcement agency shall report the fact of the seizure within ten (10) days to the Commonwealth attorney of the judicial circuit or district having jurisdiction in the county where the seizure was made. Within thirty (30) days from the date the Commonwealth attorney receives notice of the seizure, he shall cause to be filed in the circuit or district court for the county in which the property is seized or detained an action for forfeiture of such property as provided for in this section. In the event more than one (1) county has the right to file forfeiture proceedings, the county where the actual physical seizure was made shall take precedence over other counties or jurisdictions which may have claims pursuant to this chapter.

(4) Forfeiture proceedings shall be brought in the name of the state by the Commonwealth attorney of the judicial circuit or district in which the property was seized. The action shall describe the property, state its location, present custodian and name of the owner, if known, allege the essential elements of the violation which is claimed to exist, and shall conclude with a prayer of due process to enforce the forfeiture. Upon the filing of a forfeiture action, the court shall promptly cause process to issue to the present custodian in possession of the property described in the action commanding him to seize and hold that property for further order of the court.

(5) A copy of the action shall be served on the owner or lessee of the property, if known. If the owner is known, a copy of the action shall also be served upon any person having a duly recorded security interest in or lien upon that property. If the owner or lessee is unknown or resides out of the state or departs the state or cannot, after due diligence, be found within the state or conceals himself so as to avoid service, notice of the proceedings shall be published once a week for two (2) weeks in the newspaper of general circulation in which other legal advertisements are routinely published. Such publication shall be deemed notice to any and all persons having an interest in or right affected by such proceeding and from any resulting sale of the property, but shall not constitute notice to any person having a duly recorded security interest in or lien upon such property who is required to be served under this section unless that person is unknown or resides out of the state or departs the state or cannot, after due diligence, be found within the state or conceals himself to avoid service.

(6) At the expiration of thirty (30) days after such filing, if no claimant has appeared to defend the action, the court shall order the disposition of the seized property as provided for in this chapter. If the court determines that a claimant defending the action knew or by the exercise of ordinary care should have known that the property was to be used for an unlawful purpose subjecting it to forfeiture under this chapter, the court shall order the disposition of the seized property and that claimant shall have no claim upon the property or proceeds from its sale.

Section 3. KRS 218A.430 is amended to read as follows:

(1) The first *three* [~~one~~] hundred thousand dollars *($300,000)* [~~($100,000)~~] of money from forfeitures and property, including amounts paid pursuant to paragraph (3)(b)2. of KRS 218A.420, retained by law enforcement agencies of a city of the first class or of an urban-county government shall be retained by the city or urban-county government and used solely for police purposes related to controlled substances. Any forfeitures in excess of this amount shall revert to the fund created in KRS 218A.435.

(2) The first *three* [~~one~~] hundred thousand dollars *($300,000)* [~~($100,000)~~] of money from forfeitures and property including amounts paid pursuant to paragraph (3)(b)2. of KRS 218A.420, retained by county law enforcement agencies in counties containing a city of the first class shall be retained by the county and used solely for police purposes related to controlled substances. Any forfeitures in excess of this amount shall revert to the fund created in KRS 218A.435.

(3) The first *three* [~~one~~] hundred thousand dollars *($300,000)* [~~($100,000)~~] of money from forfeitures and property including amounts paid pursuant to paragraph (3)(b)3. of KRS 218A.420, retained by the Kentucky state police shall be retained by the state police and used solely for police purposes related to controlled substances. Any forfeitures in excess of this amount shall revert to the fund created in KRS 218A.435.

(4) The first *one hundred and* fifty thousand dollars *($150,000)* [~~($50,000)~~] of money from forfeitures and property, including amounts paid pursuant to paragraph (3)(b)1. or 2. of KRS 218A.420, retained by law enforcement agencies other than those specified in subsections (1) through (3) of this section shall be retained by the unit of government seizing such property and used solely for police purposes related to controlled substances. Any forfeitures in excess of this amount shall revert to the fund created in KRS 218A.435.

(5) Money seized and money for all property sold by any other seizing law enforcement agency pursuant to KRS 218A.420 shall be deposited in the fund created by KRS 218A.435.

(6) In calculating the forfeitures to be retained in subsections (1) through (4) of this section, the first forfeitures in any calendar year up to the amount specified in the applicable subsection shall be retained as provided in that subsection.

~~(c)~~] No owner, occupant or person having control or management of land on which marijuana has been planted, cultivated or harvested shall be found guilty of violating the provisions of this subsection, unless the Commonwealth proves that he knew of the planting, cultivating or harvesting of the marijuana.

(7) Any person who knowingly and unlawfully possesses a controlled substance classified in schedules I or II which is a narcotic drug or which is included in KRS 218A.070(1)(d) shall, for the first offense, be confined in the penitentiary for not less than one (1) year nor more than five (5) years or be fined not less than three thousand dollars ($3,000) nor more than five thousand dollars ($5,000), or both and for each subsequent offense shall be confined in the penitentiary for not less than five (5) years nor more than ten (10) years or be fined not less than five thousand dollars ($5,000) nor more than ten thousand dollars ($10,000), or both.

(a) Any person found guilty of possession of any controlled substance pursuant to this subsection shall for a first offense, be ordered to a facility designated by the secretary of the cabinet for human resources where a program of treatment and rehabilitation not to exceed one year in duration shall be prescribed. The person ordered to the designated facility shall present himself for registration and initiation of a treatment program within five (5) days of the date of sentencing. If, without good cause, the person fails to appear at the designated facility within the specified time, or if at any time during the program of treatment prescribed, the authorized clinical director of the facility finds that the person is unwilling to participate in his treatment and rehabilitation, the director shall notify the sentencing court. Upon receipt of notification, the court shall cause the person to be brought before it and may continue the order of treatment and rehabilitation, or may order confinement in the county jail for not more than one (1) year or a fine of not more than five hundred dollars ($500), or both. Upon discharge of the person from the facility by the secretary of the cabinet for human resources or his designee prior to the expiration of the one-year period or upon satisfactory completion of one (1) year of treatment, the person shall be deemed finally discharged from sentence. The secretary or his designee shall notify the sentencing court of the date of such discharge from the facility.

(b) The secretary of the cabinet for human resources or his designee shall inform each court of the identity and location of the facility to which such person is sentenced.

(c) Transportation to the facility shall be provided by the court when the court finds the person unable to convey himself to the facility within five days of sentencing by reason of physical infirmity or financial incapability.

(d) The sentencing court shall immediately notify the designated facility of the sentence and its effective date.

(f) Responsibility for payment for treatment services rendered to persons pursuant to this section shall be as under the statutes pertaining to payment of patients and others for services rendered by the cabinet for human resources unless the person and the facility shall arrange otherwise.

(h) Prior to the imposition of sentence upon conviction of a second or subsequent offense, the court shall obtain a report of case progress and recommendations regarding further treatment from the facility at which the person was treated following his first conviction. If such material is not available, the court shall notify the secretary of the cabinet for human resources, and the secretary shall cause the person to be examined by a psychiatrist employed by the cabinet to evaluate his mental condition and to make recommendations regarding treatment and rehabilitation. The psychiatrist making the examination shall submit a written report of his findings and recommendations regarding treatment and rehabilitation to the court which shall make the report available to the prosecuting attorney and the attorney for the defendant. The court shall take such reports into consideration in determining sentence. The secretary may decline to cause such examination to be made if the number of psychiatrists on duty in the cabinet is insufficient to spare one from his regular duties or if no such service may be purchased at regular cabinet rates, in such event the secretary shall notify the clerk of the court to that effect within three (3) days after receipt of notification by the court.

(i) For purposes of this section, an offense is considered a second or subsequent offense, if, prior to his conviction of the offense, the offender has at any time been convicted under this chapter or under any statute of the United States or of any state relating to the substances classified as controlled substances.

Voiding of conviction under this subsection and dismissal may occur only once with respect to any person.

(9) Any person who knowingly and unlawfully possesses for his own use or transfers less than eight (8) ounces of marijuana shall be confined in the county jail for not more than ninety (90) days or be fined not more than two hundred fifty dollars ($250).

The person ordered to the designated facility shall present himself for registration and initiation of a treatment program within five (5) days of the date of sentencing. If without good cause, the person fails to appear at the designated facility within the specified time, or if any time during the program of treatment prescribed, the authorized clinical director of the facility finds that the person is unwilling to participate in his treatment and rehabilitation, the director shall notify the sentencing court. Upon receipt of notification, the court shall cause the person to be brought before it and may continue the order of treatment and rehabilitation, or may order confinement in the county jail for not more than ninety (90) days or a fine of not more than two hundred fifty dollars ($250) or both. (f) Responsibility for payment for treatment services rendered to persons pursuant to this section shall be as under the statutes pertaining to payment by patients and others for services rendered by the cabinet for human resources unless the person and the facility shall arrange otherwise.

(g) None of the provisions of this chapter shall be deemed to preclude the court from exercising its usual discretion with regard to ordering probation or conditional discharge.

(h) In the case of any person who has been convicted of possession of marijuana, the court may set aside and void the conviction upon satisfactory completion of treatment, probation or other sentence, and issue to the person a certificate to that effect. A conviction voided under this subsection shall not be deemed a conviction for purposes of disqualifications or disabilities imposed by law upon conviction of a crime.

Chief Justice Robert F. Stephens addressed the General Assembly as follows:

Mr. Lt. Governor, Mr. Speaker, Members of the House, Members of the Senate, Members of the Judiciary, Cabinet Officers, Guests and Citizens of the Commonwealth:

It is my pleasure and my privilege, as well as my constitutional duty . to appear before you and to deliver to you - and to the citizens of Kentucky - my report, as Chief Justice, on the status of the Kentucky Court of Justice. This is my third appearance before you, and I can tell you, in summary, that because of your understanding, your interest and sufficient appropriations in the past, and also because of a lot of work and creativity by the employees of the Judiciary, that the present condition of the Judiciary in the Commonwealth is good. With your help and your encouragement, we have done much to take the best constitutional court structure and make it into the best functioning court system in the United States. The Kentucky Court of Justice is a model that is constantly studied and copied by many of our sister states. While together we have done much, there is, as you would expect, much more to do.

The caseload of the system is still increasing each year, although the growth rate of the increase is decreasing. As the General Assembly passes new laws, as the United States Congress passes new laws, as the United States Supreme Court renders new and binding opinions, and as the members of this present court open new legal vistas, our workload will continue to increase, moreover, as the economic, social and political climate of this country and this state changes, the difficulty and complexity of the matters before us increases. Judges - at all levels - are dealing with new and complex subjects, that 10 to 15 years ago, were non-existent in the Judicial System. They were not even subjects that were considered by courts.

Our Kentucky system of justice, of course, has experienced many problems as a result of this growth.

We have - with the help of the General Assembly - struggled to deal with the problems as they have surfaced - and, more importantly, we have tried to anticipate future problems to find viable and economical solutions therefor. Because of the worsening financial situation of the state, we no longer simply ask [or receive] money to throw at these problems. We have - and will continue - to use innovative ideas, creative techniques, and good management - to solve problems. We do not seek a "pat on the back" for this, because it is our duty to do so, in order to be fiscally responsible and responsive.

We are concentrating on the twin problems of court delay and increasing costs. One extremely effective technique to cope with both of those problems is the use of video-taping systems. I report to you that we now have 19 systems in place in various circuit courtrooms, and we will soon have 4 more. These systems of video cameras instantly record trials and the video tapes are the court record on appeal. Our commitment is to place video systems throughout the Commonwealth, subject to your support. Needless to say, the time for preparing a record on appeal has been reduced to literally nothing, and the cost of such a record has been reduced to next to nothing. This has benefitted the litigants who pay the cost, and it has also saved about $75,000 per year [from our budget] for the preparation of transcripts of evidence in indigent criminal appeals. Interestingly and importantly, the video taping system pays for itself by abolishing the need for salaried court reporters.

In addition - you have given us the funds to hire 21 law clerks for the Circuit Judges. We have allocated them to the judges with the heaviest caseloads. While there are no formal statistics to prove it, I can tell you that the quality of the work of those judges has improved greatly and the time for disposition of cases in those courts is decreasing rapidly. We are committed - with your help - to continue and extend that program. We believe that the presence of law clerks has obviated the necessity for any new Circuit Judges and I can report to those of you who have not seen our budget that we will not ask for any new Circuit Judges now, or in 1990.

Apropos to that, I would like to report to you that, in response to a 1986 legislative resolution, sponsored by Representative Bob Jones, a committee to investigate possible re-circuiting of Circuit Court Districts has been completed. Rather than further burden this General Assembly with a complex, and highly controversal bill, I have begun an administrative process which will, when finished, equalize the caseload of the Circuit Judges in this state. The disparity in case filings, from a low of 459 per year to a high of 1250 per year, will be changed so that virtually all of the 91 Circuit Judges will have a caseload of between 700 to 900 cases per year. This figure is the parameter that we feel is acceptable and takes into consideration such items as travel in a multi-county district, the difficulty of cases filed in particular circuits, and the varying legal cultures that are present in this state. As of today, we have completed and implemented a plan which will solve the extensive workload of the judge in the Boone and Gallatin Circuit, and the Circuit Judge in Oldham, Henry, and Trimble Counties. Circuit Judges from neighboring areas who have less than 700 cases per year will step in and handle the excess caseload in those 2 circuits. With any luck, we will have all of the efforts to equalize the caseload completed by July 1, 1988. Moreover, we will review the caseload figures every year and make any appropriate further adjustments.

Administrative procedures and policies have been implemented to speed up the decision making process in the Court of Appeals — which is, by far, the most overburdened of all our courts in the system. A special mandatory settlement and issue-narrowing conference has been extraordinarily successful. Twenty-six percent of the cases which have been before one of the two conference attorneys have been settled, prior to briefing and arguments. In addition, cases which are basically uncomplex have been identified and assigned to our so-called special appeals panel, at which three Court of Appeals Judges hear arguments without new briefs and in an informal atmosphere. The results have also been astounding. The caseload of the judges who sit on those special panels has been more than doubled and the disposition time of those cases has been reduced considerably.

My pledge to you is to continue to look for new and creative ways to deal with the problems that beset us. Let me give you one possibility which the Administrative Office of the Courts is now exploring. As you know, every government agency is being inundated with a paper flow of astronomical proportions. The Judicial System is an especial victim of this, and our problem is exacerbated by the fact that we must keep and store court records for years. New courthouse construction now costs about $100 per square foot. Much of this space is used for the storage of records. In order to find a possible solution, we are now negotiating with an electronics information company to create a system where all cases will be photographed, and placed on a laser disc. While I know little or nothing of electronics, I am told that, under this process, all of the court records of this state, since 1787, could be stored in one room less than the size of this chamber. We hope to have a pilot project in place this year — using some of our computer money — so that we can show you a working model in 1990. We are striving, by this technology, to create a paperless court.

Today is not the time to dwell on our monetary problems. I have been aware of the financial situation of the state for several years, as you have. The Court of Justice Budget — already introduced and already scrutinized by the Appropriations and Revenue Committee of the Senate and by the Appropriations and Revenue Subcommittee on Courts of the House — has been described as being "Very Austere." It is, and I hope you agree. Your interest in the past has made much progress possible and I trust you will be able to support our efforts in the future.

Under the specific provisions of the Kentucky Constitution, the Judicial branch of government is an independent, and equal branch of government, with the General Assembly and the Executive. Our job - among many other things - is to occasionally review Legislative enactments of the General Assembly. It is not an easy job for us to strike down a statute, particularly when its subject matter is a politically popular one. We do so because, under the Kentucky Constitution, it is part of our job. I would be remiss if I did not publicly say that in the eight plus years that I have been on this Court, when we declared a statute to be unconstitutional, I have yet to have any member of the General Assembly, either verbally or through the process of introducing legislation, show any recrimination or punitive reaction to our decision. By so doing, you have shown respect for the independency of the Judiciary. I congratulate you for this attitude.

The General Assembly is now addressing — and in my opinion, properly so — many of the evils of our system of elections in Kentucky. If I understand the bills, the election of judges will be included in the provisions of those statutes. For whatever it is worth, I totally concur and further congratulate you. The long arm of the special interests, the big money people - has traditionally extended its efforts to the election of Presidents, Governors, Legislators, Congressmen, County Judges, Mayors, and the like. Unfortunately, however, many of those special interests are now, even as we speak - taking dead aim on the third branch of government - the Judiciary. Economic, social, and political interests are seeking control of trial judges and appellate judges. In the case of the latter, efforts are being made to elect men and women to the bench whose philosophy reflects that of the contributor. Examples of these are numerous — and growing. In the famous Penzoil v. Texaco case, a large sum of money was given to the trial judge - prior to trial - ostensibly to assist him in his re-election campaign. In response, the other side gave an even larger sum to several Supreme Court Justices who would, presumely, review the decision of the trial judge. In Ohio, in the 1986 election, a total of nearly three million dollars was spent in the statewide election of the Chief Justice of that state. I can assure you that this pernicious practice will grow. In my opinion, this trend will destroy the traditional independence, fairness, and objectivity of the Judicial branch of government. It, above all, must be non-political, just, and fair in its decisions.

The legislation that the General Assembly has proposed will certainly help. I would like to suggest to you a constitutional amendment which I believe [along with most people who have researched the problem] will further help to take politics out of Judicial elections and which should, ultimately, improve the quality of justice. It deals with the selection of judges and is normally referred to as the "Missouri Plan". Basically it provides a method of filling judicial vacancies through the screening process of a nominating commission consisting of nine members — four lay people, appointed by the Governor, two from each of the major political parties; four attorneys elected by the bar in the particular Judicial district; and the Chief Justice. This particular procedure is similar to the one we have now, except the number of attorney members and lay members would be equal. The Commission would certify to the appointing authority — the Governor — three qualified people — for his or her action. When the appointive term is over, or when the Judge's regular term is over, his or her name would be submitted to the public with the simple question: "Should 'X' be retained as a Judge or the 'Y' Court?" If a majority of those voting say yes, the Judge is, in effect, retained in office. If a majority says no, the Judge is out, and the vacancy-filling process begins. I know the system has it objections and its detractors. It is certainly not perfect. But, in my judgment, it removes much of the influence of politics and the big money people. A majority of our sister states have this plan in some form and, by and large, they are well satisfied.

Hopefully, this will be submitted to the General Assembly for a possible constitutional amendment. I believe it is a much better plan than we now have and is consistent with your efforts to "clean-up" the elective process.

In conclusion, I want to thank the General Assembly for what you have done in the past. Our budget is normally only 2.4 to 2.6 percent of the entire General Fund Budget, and I suppose is not as important to you or to your constituents, as most others. But I remind you - that an independent, properly functioning court system is the greatest protection that can be afforded to the people against any incursion of their freedoms — whether from other governments, entities or from individuals. I only hope and trust that this General Assembly will continue to see that the Kentucky Court of Justice - a model in these United States - continues to so function.

However, a taxpayer may only receive a credit for qualified investments purchased during calendar years 1988, 1989 and 1990. The total amount of credit that a taxpayer may receive under this Act shall be determined by multiplying the consideration paid for all qualified investments purchased by the taxpayer by four-tenths (.4).

(2) The amount of credit that a taxpayer may receive under this Act for a particular taxable year shall not exceed the taxpayer's state tax liability, reduced by other credits to which the taxpayer is entitled, for that taxable year.

(3) If the amount determined in subsection (1) of this section exceeds the taxpayer's state tax liability for that tax year, then the taxpayer may carry the excess credit over to the immediately succeeding tax years. However, the credit carryover may not be used for any tax year that begins on or after January 1, 1994. The amount of the carryover from a tax year shall be reduced to the extent that the carryover is used by the taxpayer to obtain a credit under this Act for any subsequent tax year.

SECTION 6. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

SECTION 7. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) A credit to which a taxpayer is entitled under this Act shall be applied against the following state taxes owed by the taxpayer:

(b) The taxpayer's bank and trust company share tax liability or savings and loan tax liability for the tax year;

(c) The taxpayer's corporation license tax for the tax year.

(2) Whenever the tax paid by the taxpayer under any of the above listed tax provisions is a credit against the liability or a deduction in determining the tax base under another Kentucky tax provision, the credit or deduction shall be computed without regard to the credit to which a taxpayer is entitled under this Act.

SECTION 8. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

(1) To receive the credit provided by this Act, a taxpayer must:

(a) Claim the credit on the taxpayer's annual state tax return or returns in the manner prescribed by the revenue cabinet; and

When payments are made to the cabinet under this section, the amount collected shall be handled in exactly the same manner as if no credit had been allowed.

(2) The administration of subsection (1) of this section shall not be limited by the provisions of KRS 141.210.

SECTION 10. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

SB 175, AN ACT relating to waterworks in counties containing cities of the first class.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS 96.230 TO 96.310 IS CREATED TO READ AS FOLLOWS:

The board of waterworks may extend the waterwork corporation's facilities to provide water service to persons within and outside the city of the first class, including extensions into counties adjoining its county of origin. In extending service to persons not presently served within the city and county of the waterwork corporation's origin it may, but is not required to, make water line extensions recovering the cost thereof, KRS 96.539 notwithstanding, by assessment as provided in this section.

(1) The board of waterworks, acting on its own motion, may hold a public hearing to consider the extension of the waterwork corporation's facilities to provide water service to persons not currently served. Alternatively, in response to a petition signed by the majority of owners in an area not currently served by the waterwork corporation's service, which petition shall describe the area proposed to be served, the board of waterworks shall hold a public hearing to consider the benefits of extending its service to that area. Notice of the hearing shall be published in accordance with KRS Chapter 424. The board of waterworks shall designate a member of the board or an officer of the waterworks corporation to preside over the hearing. Following the public hearing, the board of waterworks shall determine whether it is feasible and beneficial to extend its service. If the board of waterworks determines that it is feasible and beneficial to extend its service, it shall refer the matter to the legislative body governing the area to which service shall be extended. If the legislative body determines that service should be extended, it shall pass an ordinance providing for the extension of service.

(2) The costs of such extension shall be apportioned by the ordinance against the property to which the

waterwork corporation's service will be made available by reason of such extension according to an equitable basis, considering the size, configuration and suitability as building sites of the lots or tracts to be served. Any of the following methods, or a combination thereof, may be used:

(a) The costs of such extension may be apportioned according to the number of square feet in any lot or tract abutting the publicly dedicated right-of-way in which the water line extension is located. The rate of apportionment shall be the same for each square foot in any lot or tract abutting a publicly dedicated right-of-way in which a water line extension is located, except the portions of any such lot or tract which lie a distance greater than a number of feet, as stated in the ordinance, from the water line extension, or which lie within a number of feet, as stated in the ordinance, from an existing water line located in a publicly dedicated right-of-way which also abuts such lot or tract, shall not be subject to assessment nor included in the calculations of the square footage of such lot or tract. The rate of apportionment shall be determined by dividing the costs of the extension by the assessable area of all lots or tracts abutting the publicly dedicated right-of-way in which a water line extension is located.

(b) The costs of such extension may be assessed against the lots or tracts according to the number of feet in the lot or tract fronting on the publicly dedicated right-of-way in which a water line extension is located. The rate of apportionment shall be the same for each such foot of frontage, and shall be determined by dividing the assessable costs of the water line extension by the total front footage of all lots or tracts fronting on the part of the publicly dedicated right-of-way in which a water line extension is located.

(c) The costs of such extension may be assessed against the lots or tracts abutting publicly dedicated rights-of-way in which water line extensions are located according to the value of any such lot or tract, without regard to any improvements on such lots or tracts, as determined as of the date of the most recent assessment by the property valuation administrator of the county in which such lots or tracts are located. The rate of apportionment shall be the same for each dollar of assessed value of lots or tracts abutting the parts of the publicly dedicated right-of-way in which the water line extension is located, except portions of such lots or tracts that are a distance greater than a number of feet, as stated in the ordinance, from the water line extension or that are within a number of feet, as stated in the ordinance, from an existing water line of the corporation located in a publicly dedicated right-of-way which also abuts such lot or tract shall not be assessed. The value of any lot or tract, portions of which are excluded from assessment, shall be determined by multiplying the value of the entire property by a ratio, the numerator of which is the number of square feet of the lot or tract to be assessed and the denominator of which is the number of square feet in the entire lot or tract. The rate of apportionment shall be determined by dividing the assessable costs of the water line extension by the total assessed value of all assessable lots or tracts abutting the parts of the publicly dedicated rights-of-way in which water line extensions are located.

(d) The costs of such extension may be assessed against the lots or tracts that may be served by the extension at a rate that is the same for each such lot or tract, where each such lot or tract is suitable for or limited to a single building site.

(e) If any lots or tracts abut on more than one (1) dedicated right-of-way in which a water line extension is made, such lots or tracts shall be assessed as if they abutted on only one (1) such right-of-way.

(f) In the event of a subdivision of a lot or tract assessed under this section, which subdivision requires a new water line extension, nothing herein shall prohibit the assessment of the newly subdivided lots or tracts, except those that abut a dedicated right-of-way with an existing water line.

(3) The waterwork corporation shall determine the percentage share of the total costs of the extension to be assessed against each lot or tract and shall notify each owner of such share to be assessed against his lot or tract. Any owner may, within thirty (30) days after receiving notice of the method of apportionment or the percentage share of the total costs to be assessed against his property, appeal the percentage share to be assessed against his property by filing a written appeal with the waterwork corporation setting forth the bases for the challenge. The president of the waterwork corporation shall appoint one (1) or more officers of the corporation to review such appeal, which review may include holding a hearing on the appeal. Any determination by the officer or officers that affects only the assessment of the aggrieved property owner shall not require further legislative action. If, however, as a result of the appeal, the hearing officer or officers recommend that the method of apportionment be changed, the matter shall be referred back to the legislative body that passed the ordinance provided for in subsection (1) of this section for consideration of an amendment thereto.

(4) The cost of property service connections from the water line extension to the property line as required shall be assessed against the individual lots or tracts to which such property service connections are furnished. The costs to be assessed for the property service connection shall be fixed by regulation of the board of waterworks

based on its experience of costs for such work. No lot or tract owner shall be required to connect to the water line extension by reason of this section, but such failure to connect to the water line extension shall not exempt such lot or tract owner from its proportionate share of the costs as provided in subsection (2) of this section.

(5) All lots or tracts abutting the publicly dedicated right-of-way in which the water line extension is located shall be assessed as provided in the ordinance, except property dedicated to use for public roadways and property owned by cities of the first class and any joint agencies of cities of the first class and the counties in which such cities are located, if the extension is located in the city of the first class.

(6) (a) The actual construction work to provide the water line extension and property service connections shall be done by, or under the control of, the board of waterworks.

(b) The total cost of the water line extension, which is assessed against property served under subsection (2) of this section, shall include not only the actual construction costs and the costs of any easements required for the water line extension, but also costs of surveys, designs, plans, specifications, notices, inspection, project legal and administrative services, and administration. However, costs included in the assessment which are other than actual construction costs and costs of easements shall not exceed fifteen percent (15%) of the actual construction costs and the costs of any easements of the project.

(7) A lien superior to all liens except the liens for state, county, city, school and road taxes and liens prior in time for other public improvements shall exist against the respective lots or tracts of land for the cost of the water line extension for apportionment as hereinafter provided and the interest due thereon, commencing with the date of issuance of the apportionment warrant.

(8) Upon completion of the water line extension, the board of waterworks shall issue all apportionment warrants against the properties assessed and shall immediately list the record owners thereof in alphabetical order upon a register kept for that purpose. Each apportionment warrant shall be payable to the waterworks corporation, or its assignee, in equal monthly installments, not exceeding two hundred forty (240) months, of principal and interest and shall be the obligation of the owners of and a lien upon the applicable lots or tracts until paid in full. The apportionment warrants may bear interest at an annual fixed rate as then determined by the board of waterworks pursuant to KRS 58.430. When the warrant has been paid in full, the holder thereof shall notify the board of waterworks, and it shall mark upon the register the fact of payment and release the lien. If any installment of principal of or interest on the warrant is not paid when due, the holder thereof may foreclose the lien securing the payment of the warrant in the same manner as mortgage liens are foreclosed.

(9) The lien shall exist from the date of the apportionment warrant. The board of waterworks shall cause such warrant or a notice thereof to be recorded in the office of the clerk of the county in which the affected property is located.

(10) After any water line extensions have been constructed in conformity with this section, the board of waterworks shall notify each affected property owner of the cost apportioned to his property at his address as shown at the time the notice is sent on the records of the property valuation administrator for the county in which the affected property is located. Failure of any property owner to receive this notice shall not affect the validity of the lien.

(11) If, by private agreement with the owners of lots or tracts, the waterworks corporation extends its water lines to those lots or tracts, and the private agreement provides for a lien on the lots or tracts to secure payment to the waterworks corporation of the cost of the extension, and a notice of such lien is recorded, that lien shall be superior to all liens except the liens for state, county, city, school and road taxes and liens prior in time for other public improvements.

The Committee Substitute to **SB 175** is as follows:

SB 175, AN ACT relating to waterworks in counties containing cities of the first class.

The board of waterworks may extend the waterwork corporation's facilities to provide water service to persons *within and outside the city of the first class, including extensions into counties adjoining its county of origin. In extending service to persons not presently served within the city and county of the waterwork corporation's origin it may, but is not required to, make water line extensions recovering the cost thereof, KRS 96.539 notwithstanding, by assessment as provided in this section.*

(1) The board of waterworks, acting on its own motion, may hold a public hearing to consider the extension of the waterwork corporation's facilities to provide water service to persons not currently served. Alternatively, in response to a petition signed by the majority of owners in an area not currently served by the waterwork corporation's service, which petition shall describe the area proposed to be served, the board of waterworks shall hold a public hearing to consider the benefits of extending its service to that area. Notice of the hearing shall be published in accordance with KRS Chapter 424. The board of waterworks shall designate a member of the board or an officer of the waterworks corporation to preside over the hearing. Following the public hearing, the board of waterworks shall determine whether it is feasible and beneficial to extend its service. If the board of waterworks determines that it is feasible and beneficial to extend its service, it shall refer the matter to the legislative body governing the area to which service shall be extended. If the legislative body determines that service should be extended, it shall pass an ordinance providing for the extension of service.

(2) The costs of such extension shall be apportioned by the ordinance against the property to which the waterwork corporation's service will be made available by reason of such extension according to an equitable basis, considering the size, configuration and suitability as building sites of the lots or tracts to be served. Any of the following methods, or a combination thereof, may be used:

(a) The costs of such extension may be apportioned according to the number of square feet in any lot or tract abutting the publicly dedicated right-of-way in which the water line extension is located. The rate of apportionment shall be the same for each square foot in any lot or tract abutting a publicly dedicated right-of-way in which a water line extension is located, except the portions of any such lot or tract which lie a distance greater than a number of feet, as stated in the ordinance, from the water line extension, or which lie within a number of feet, as stated in the ordinance, from an existing water line located in a publicly dedicated right-of-way which also abuts such lot or tract, shall not be subject to assessment nor included in the calculations of the square footage of such lot or tract. The rate of apportionment shall be determined by dividing the costs of the extension by the assessable area of all lots or tracts abutting the publicly dedicated right-of-way in which a water line extension is located.

(b) The costs of such extension may be assessed against the lots or tracts according to the number of feet in the lot or tract fronting on the publicly dedicated right-of-way in which a water line extension is located. The rate of apportionment shall be the same for each such foot of frontage, and shall be determined by dividing the assessable costs of the water line extension by the total front footage of all lots or tracts fronting on the part of the publicly dedicated right-of-way in which a water line extension is located.

(c) The costs of such extension may be assessed against the lots or tracts abutting publicly dedicated rights-of-way in which water line extensions are located according to the value of any such lot or tract, without regard to any improvements on such lots or tracts, as determined as of the date of the most recent assessment by the property valuation administrator of the county in which such lots or tracts are located. The rate of apportionment shall be the same for each dollar of assessed value of lots or tracts abutting the parts of the publicly dedicated right-of-way in which the water line extension is located, except portions of such lots or tracts that are a distance greater than a number of feet, as stated in the ordinance, from the water line extension or that are within a number of feet, as stated in the ordinance, from an existing water line of the corporation located in a publicly dedicated right-of-way which also abuts such lot or tract shall not be assessed. The value of any lot or tract, portions of which are excluded from assessment, shall be determined by multiplying the value of the entire property by a ratio, the numerator of which is the number of square feet of the lot or tract to be assessed and the denominator of which is the number of square feet in the entire lot or tract. The rate of apportionment shall be determined by dividing the assessable costs of the water line extension by the total assessed value of all assessable lots or tracts abutting the parts of the publicly dedicated rights-of-way in which water line extensions are located.

(d) The costs of such extension may be assessed against the lots or tracts that may be served by the extension at a rate that is the same for each such lot or tract, where each such lot or tract is suitable for or limited to a single building site.

(e) If any lots or tracts abut on more than one (1) dedicated right-of-way in which a water line extension is made, such lots or tracts shall be assessed as if they abutted on only one (1) such right-of-way.

(f) In the event of a subdivision of a lot or tract assessed under this section, which subdivision requires

a new water line extension, nothing herein shall prohibit the assessment of the newly subdivided lots or tracts, except those that abut a dedicated right-of-way with an existing water line.

(3) The waterwork corporation shall determine the percentage share of the total costs of the extension to be assessed against each lot or tract and shall notify each owner of such share to be assessed against his lot or tract. Any owner may, within thirty (30) days after receiving notice of the method of apportionment or the percentage share of the total costs to be assessed against his property, appeal the percentage share to be assessed against his property by filing a written appeal with the waterwork corporation setting forth the bases for the challenge. The president of the waterwork corporation shall appoint one (1) or more officers of the corporation to review such appeal, which review may include holding a hearing on the appeal. Any determination by the officer or officers that affects only the assessment of the aggrieved property owner shall not require further legislative action. If, however, as a result of the appeal, the hearing officer or officers recommend that the method of apportionment be changed, the matter shall be referred back to the legislative body that passed the ordinance provided for in subsection (1) of this section for consideration of an amendment thereto.

(4) The cost of property service connections from the water line extension to the property line as required shall be assessed against the individual lots or tracts to which such property service connections are furnished. The costs to be assessed for the property service connection shall be fixed by regulation of the board of waterworks based on its experience of costs for such work. No lot or tract owner shall be required to connect to the water line extension by reason of this section, but such failure to connect to the water line extension shall not exempt such lot or tract owner from its proportionate share of the costs as provided in subsection (2) of this section.

(5) All lots or tracts abutting the publicly dedicated right-of-way in which the water line extension is located shall be assessed as provided in the ordinance, except property dedicated to use for public roadways and property owned by cities of the first class and any joint agencies of cities of the first class and the counties in which such cities are located, if the extension is located in the city of the first class.

(6) (a) The actual construction work to provide the water line extension and property service connections shall be done by, or under the control of, the board of waterworks.

(b) The total cost of the water line extension, which is assessed against property served under subsection (2) of this section, shall include not only the actual construction costs and the costs of any easements required for the water line extension, but also costs of surveys, designs, plans, specifications, notices, inspection, project legal and administrative services, and administration. However, costs included in the assessment which are other than actual construction costs and costs of easements shall not exceed fifteen percent (15%) of the actual construction costs and the costs of any easements of the project.

(7) A lien superior to all liens except the liens for state, county, city, school and road taxes and liens prior in time for other public improvements shall exist against the respective lots or tracts of land for the cost of the water line extension for apportionment as hereinafter provided and the interest due thereon, commencing with the date of issuance of the apportionment warrant.

(8) Upon completion of the water line extension, the board of waterworks shall issue all apportionment warrants against the properties assessed and shall immediately list the record owners thereof in alphabetical order upon a register kept for that purpose. Each apportionment warrant shall be payable to the waterworks corporation, or its assignee, in equal monthly installments, not exceeding two hundred forty (240) months, of principal and interest and shall be the obligation of the owners of and a lien upon the applicable lots or tracts until paid in full. The apportionment warrants may bear interest at an annual fixed rate as then determined by the board of waterworks pursuant to KRS 58.430. When the warrant has been paid in full, the holder thereof shall notify the board of waterworks, and it shall mark upon the register the fact of payment and release the lien. If any installment of principal of or interest on the warrant is not paid when due, the holder thereof may foreclose the lien securing the payment of the warrant in the same manner as mortgage liens are foreclosed.

(9) The lien shall exist from the date of the apportionment warrant. The board of waterworks shall cause such warrant or a notice thereof to be recorded in the office of the clerk of the county in which the affected property is located.

(10) After any water line extensions have been constructed in conformity with this section, the board of waterworks shall notify each affected property owner of the cost apportioned to his property at his address as shown at the time the notice is sent on the records of the property valuation administrator for the county in which the affected property is located. Failure of any property owner to receive this notice shall not affect

the validity of the lien.

(11) If, by private agreement with the owners of lots or tracts, the waterworks corporation extends its water lines to those lots or tracts, and the private agreement provides for a lien on the lots or tracts to secure payment to the waterworks corporation of the cost of the extension, and a notice of such lien is recorded, that lien shall be superior to all liens except the liens for state, county, city, school and road taxes and liens prior in time for other public improvements.

Section 2. KRS 96.250 is amended to read as follows:

The board of waterworks shall annually elect a president, treasurer, secretary and chief engineer, who shall hold their offices for one (1) year, or until their successors have been elected and qualified, and devote all their time to the duties of their respective offices. The member elected president shall have had at least five (5) years executive or major administrative experience in public utility operation or administration. The offices of secretary and treasurer may at the election of the board, be combined in one (1) person. No member of the board except the president shall receive a salary, but the board may allow reasonable compensation to each member other than the president for attendance upon the meetings of the board. The president shall be elected from the members of the board. The president, secretary and treasurer, or the secretary-treasurer if the offices are combined in one (1) person, shall each give bond, with approved surety, in an amount fixed by the board, payable to the board and conditioned that the makers will faithfully perform the duties of their several offices. The board may appoint such other employes as it deems necessary or proper and may fix the compensation of its officers and employes*, provided, however, the board shall not be bound in fixing the compensation or providing for retirement benefits by the provisions of KRS 78.530 and KRS 65.156.*

Voiding of conviction under this subsection and dismissal may occur only once with respect to any person.

(9) Any person who knowingly and unlawfully possesses for his own use or transfers less than eight (8) ounces of marijuana shall be confined in the county jail for not more than ninety (90) days or be fined not more than two hundred fifty dollars ($250).

(f) Responsibility for payment for treatment services rendered to persons pursuant to this section shall be as under the statutes pertaining to payment by patients and others for services rendered by the cabinet for human resources unless the person and the facility shall arrange otherwise.

(g) None of the provisions of this chapter shall be deemed to preclude the court from exercising its usual discretion with regard to ordering probation or conditional discharge.

(h) In the case of any person who has been convicted of possession of marijuana, the court may set aside and void the conviction upon satisfactory completion of treatment, probation or other sentence, and issue to the person a certificate to that effect. HB 194, AN ACT relating to coal mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.090 is amended to read as follows:

(1) Under the provisions of this chapter and regulations adopted by the cabinet, an operator shall prepare and carry out a method of operation, plan of grading and backfilling and a reclamation plan for the area of land affected by his operation. In developing a method of operation, and the plans of backfilling, grading and reclamation, all measures shall be taken to eliminate damages to members of the public, their real and personal property, public roads, streams and all other public property from soil erosion, rolling stones and overburden, water pollution and hazards dangerous to life and property. The permit application containing the required plans and other information as required shall be submitted to the cabinet and, except for applications or renewals submitted in compliance with KRS 350.060(2), the cabinet shall notify the applicant by certified mail, return receipt requested within sixty-five (65) cumulative working days after receipt of a complete application if it is or is not acceptable. Provided, however, that in the event that applicable notice, hearing and conference procedures prevent a decision from being issued within the sixty-five (65) cumulative working day period, the cabinet shall have additional reasonable time to issue its decision, but not to exceed twenty (20) days from the completion of the notice, hearing and conference procedures. If the plan is not acceptable, the cabinet shall set forth the reasons for which the application or plans are not acceptable and it may propose modifications, delete areas or reject the entire application. Should the applicant disagree with the decision of the cabinet, he may, by written notice, request a hearing conducted by the cabinet [~~in the manner provided by KRS 224.083~~]. The cabinet shall notify the applicant by certified mail, return receipt requested within twenty (20) days after the hearing of its decision. Any person aggrieved by a final order of the cabinet may

appeal through the *circuit court of the county in which the mine is located* [~~courts as set forth in KRS 224.085~~].

(2) No operator shall throw, dump, pile or permit the dumping, piling or throwing or otherwise placing any overburden, stones, rocks, coal, particles of coal, earth, soil, dirt, debris, trees, wood, logs, or any other materials or substances of any kind or nature beyond or outside of the area of land which is under permit and for which bond has been posted under KRS 350.060 or place such materials herein described in such a way that normal erosion or slides brought about by natural physical causes will permit such materials to go beyond or outside of the area of land which is under permit and for which bond has been posted under KRS 350.060.

Section 2. KRS 350.255 is amended to read as follows:

(1) Any person may petition the secretary of the natural resources and environmental protection cabinet to initiate a proceeding for the issuance, amendment or repeal of any regulation under this chapter.

(a) Notice and an opportunity shall be provided for the petitioner and any person wishing to participate to be heard at a public hearing within thirty (30) days following the filing of the petition on the facts, technical justification and law alleged in the petition.

(b) The secretary shall render a final order in writing within thirty (30) days after the hearing granting or denying the petition on grounds that there is a reasonable basis for the petitioned rule change, or is not, or that it is required or prohibited by law and setting forth the reasons for the decision.

(c) The secretary shall initiate a rulemaking proceeding pursuant to KRS Chapter 13 within thirty (30) days after a petition is granted proposing the issuance, amendment or repeal of the petitioned regulations in conformity with the final order.

(d) Any participant in the petition proceedings may seek review in the circuit court of Franklin County of a final order of the secretary denying all or any portion of the action requested in a petition.

(2) The cabinet shall promulgate regulations pursuant to the provisions set forth in this chapter establishing formal and informal hearing and conference procedures whereby any such hearing or conference shall upon the written request of the operator, be held in the county or regional office where the surface coal mining operation is located, before an impartial hearing officer *appointed by the governor,* who is independent of any prosecutorial functions of the cabinet. The procedures developed pursuant to this subsection will provide that such hearings and conferences be held in the most expeditious manner possible within the minimum time constraints established under this chapter; all such actions shall be adjudicatory in nature; and no person who presided at a prior hearing or conference shall either preside at a subsequent hearing in the same matter or participate in any further decision or any subsequent administrative appeal. No regulation or administrative practice relating to conferences or hearings shall authorize the imposition or collection of a civil penalty, or the compromise of a dispute relating to an alleged violation, by any cabinet personnel other than an independent, impartial hearing officer in the course of a formal or informal hearing or conference.

Section 3. KRS 350.465 is amended to read as follows:

(1) The provisions of this section and regulations promulgated pursuant thereto (except with regard to the mining of clay, limestone, sand, gravel, fluorspar, stone, and rock asphalt) shall apply to the regulation of all surface coal mining and reclamation operations in the Commonwealth in the event that the Commonwealth receives from the United States department of interior and pursuant to the surface mining control and reclamation act of 1977 (PL 95-87) approval of a permanent state regulatory program, and the Commonwealth has promulgated regulations pursuant to this section.

(2) The natural resources and environmental protection cabinet is hereby authorized and directed to prepare, develop and promulgate a comprehensive permanent regulatory program for the implementation of the surface mining control and reclamation act of 1977 (PL 95-87) for the purpose of accepting and administering primary enforcement responsibilities pursuant to that act. The implementation of this section shall contain procedures similar to the surface mining control and reclamation act of 1977 (PL 95-87) and shall require surface coal mining operation performance standards no more stringent than provided for in that act. Nothing herein shall be construed to empower the cabinet to adopt a regulatory program in conflict with the policy and purposes of the surface mining control and reclamation act of 1977 (PL 95-87). To that end, the natural resources and environmental protection cabinet shall include in its permanent regulatory

program:

(a) Environmental protection performance standards to prevent or minimize the adverse environmental effects of surface coal mining and reclamation operations on the land and water resources of the Commonwealth.

(b) A procedure for designating as being unsuitable for mining certain lands because of their topographical, geological, hydrological, climatological, biological, or chemical characteristics or historical, cultural, scientific or aesthetic values.

(c) Procedures and regulations for the allowance of those persons having an interest which is or may be adversely affected to have the opportunity to be heard at every significant or critical part of the administrative and judicial process, including, but not limited to, the permit review and issuance process, the general enforcement process and hearings incident thereto, and the rulemaking procedures conducted by the cabinet; and procedures and regulations for persons having a valid legal interest which is or may be adversely affected by the setting, release, and inspection of bonds to have an opportunity to be heard at every significant or critical part of the administrative and judicial process relating to bonds. Such regulations shall provide reasonable procedures for notice and an opportunity to be heard, access to minesites, access to records, and other reasonable procedures to accomplish the purposes of this chapter.

(d) Procedures for the administrative and judicial review of all actions of the cabinet to administer and enforce the provisions of this chapter, including the award of costs and expenses (including attorney's fees and expert witness fees) by the cabinet or the court.

(e) Plans and procedures for the reclamation and restoration of land and water resources affected by mining which have been abandoned or inadequately reclaimed to the standards imposed by this section and for which no bond is held or legal obligation to reclaim continues. Such plan shall include provisions for the imposition of liens for necessary reclamation expenditures made on private property.

(f) Procedures for the assumption of the small operator assistance program pursuant to the surface mining control and reclamation act of 1977 (PL 95-87). The cabinet shall assume and implement that program and apply for and administer funds as may be provided pursuant to that act and such state funds as may be provided for the program.

(3) In addition to any other authority, power and duty vested in it by law, the cabinet shall have and exercise broad authority, power and duty to:

(a) Require those persons who wish to engage in surface coal mining and reclamation operations to submit application for a permit from the cabinet to conduct such operations, and to include in that application all information required by the cabinet pertaining to that operation.

(b) Issue, deny, or modify under such conditions as the cabinet may prescribe, permits to conduct surface coal mining and reclamation operations within the Commonwealth.

(c) Enter and inspect any permitted surface coal mining and reclamation operation or any known or suspected unpermitted mining operation for the purpose of ascertaining compliance with any provision of this chapter or of the permit.

(d) Order the cessation of mining activities, and if necessary impose affirmative abatement obligations, upon the operator when, upon inspection, the cabinet determines that this section or any permit condition is being or has been violated so as to constitute an imminent and inordinate peril to the welfare of the Commonwealth.

(e) Order an operator to comply with the requirements of this section or his permit if inspection reveals a violation of the conditions of his permit or of any provision of this section.

(f) Order an operator to appear and show cause why his permit should not be suspended or revoked and his bond forfeited if the cabinet determines that the operator or the permitted operation has a pattern of violations of this section or permit conditions, and has wilfully violated this section or permit conditions or a pattern of violations exists and that such violations are caused by the permittees' unwarranted failure to comply with this section or permit conditions.

(g) Require, increase, release or decrease, under such conditions as the cabinet may prescribe reclamation performance bonds and cause the forfeiture and collection of those bonds where the permittee has abandoned the operation or for which the permit under which the bond was given has been revoked or has expired without the required reclamation.

(h) To administratively impose, in lieu of those civil penalties provided for in KRS 350.990, civil penalties of up to five thousand dollars ($5,000) per day for violations of permit conditions, this section, or any orders of the cabinet and enforce the administrative assessment of such penalties by initiating civil action in the [~~Franklin~~] circuit court *of the county in which the mine is located* [~~or in any court having jurisdiction of the defendant~~].

(i) Conduct hearings and make investigations of any matter relating to the regulation of surface coal mining and reclamation operations, and provide for the assessment and payment of civil penalties [~~including the placement of proposed civil penalty assessments into an escrow account prior to a contest on the amount of the assessment,~~] consistent with the process of law.

(j) Provide for variances or exceptions consistent with KRS 350.450 from or in addition to mining performance standards, recognizing the specific characteristics inherent in:

1. Steep slope mining;

2. Mountaintop removal;

3. Relatively low acreage disturbance or annual coal production;

4. Prime farmland mining as defined by the United States department of agriculture, and to provide for other variances where land uses and watersheds will be improved; and

5. Post-mining uses different from and as beneficial as the pre-mining uses.

(k) Receive and expend funds or aid from whatever source to accomplish the purposes of this chapter.

(l) Propose and promulgate regulations to accomplish the purposes of this section.

(4) The cabinet shall not promulgate regulations which are inconsistent with the surface mining control and reclamation act of 1977 (PL 95-87).

(5) Any person who violates a provision of this section or the regulations promulgated pursuant thereto shall be subject to those penalties and remedies set forth in KRS 350.990 except as provided for in subsection (3)(h) herein.

Section 4. KRS 350.990 is amended to read as follows:

(1) Any person or operator who violates any of the provisions of this chapter or regulations adopted pursuant thereto or who fails to perform the duties imposed by these provisions, except the refusal or failure to obtain a permit or other authorization as provided herein, or who violates any determination or order promulgated pursuant to the provisions of this chapter, may be liable to a civil penalty of not more than five thousand dollars ($5,000) for said violation, and an additional civil penalty of not more than five thousand dollars ($5,000) for each day during which such violation continues, and in addition, may be enjoined from continuing such violations as hereinafter provided in this section; provided, however, that any operator or person who fails to abate a violation noted in a notice of noncompliance or an order for immediate compliance and cessation within the time period prescribed for such abatement shall be assessed a civil penalty of not less than seven hundred fifty dollars ($750) for each day during which such violation continues. A civil penalty of not more than five thousand dollars ($5,000) for each day shall be assessed against any person issued an order pursuant to KRS 350.130(4). Each day of continuing violation may be deemed a separate violation for purposes of penalty assessment. The cabinet shall develop a method for calculating monetary penalties and shall promulgate it as a regulation. The secretary or a designated representative, upon his or her own initiative or upon written request received within fifteen (15) days after the cabinet mails its proposed penalty assessment, may waive the use of such method for calculating monetary penalties if he or she determines that, taking

into account exceptional factors present in the particular case, the penalty is demonstrably unjust. The basis for every waiver shall be fully explained and documented in the records of the case. If the secretary or his or her designated representative waives the use of the formula, he or she shall determine the appropriate penalty upon consideration of the permittee's history of previous violations at the particular surface coal mining operation, the seriousness of the violation, whether the permittee was negligent, and the demonstrated good faith of the permittee charged in attempting to achieve rapid compliance after notification of the violation. Such penalties shall be recoverable in an action brought in the name of the Commonwealth of Kentucky by the cabinet's office of general counsel, or upon the secretary's request, by the attorney general. The [~~Franklin~~] circuit court *of the county in which the mine is located* shall hold [~~concurrent~~] jurisdiction and venue of all civil and injunctive actions instituted by the cabinet or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the cabinet promulgated pursuant thereto. All sums recovered shall be placed in the state treasury, except those moneys collected in excess of eight hundred thousand dollars ($800,000) in any fiscal year shall be deposited in a trust and agency account, entitled the abandoned mine land enhancement fund, for the purposes set forth in KRS 355.595. Five hundred thousand dollars ($500,000) of the moneys existing in the fund on September 1, 1986, shall be allocated to the bond pool fund established pursuant to KRS 350.700. If the total amount in the bond pool fund is less than one million five hundred thousand dollars ($1,500,000) on January 1, 1988, an additional two hundred fifty thousand dollars ($250,000) of the abandoned mine land enhancement fund may be loaned interest free to the bond pool fund. Repayment of the loan shall be made when the bond pool fund accumulates five million dollars ($5,000,000). The abandoned mine land enhancement fund shall be administered by the secretary in accordance with accounting practices as established by the finance and administration cabinet.

(2) Any person who engages in surface coal mining operations without first securing a permit, as provided in KRS 350.060, or any person who engages in coal exploration operations, exclusive of core drilling, without proper authorization, as required by the cabinet pursuant to KRS 350.057 or regulations promulgated pursuant thereto, or any person who engages in mining operations, without proper authorization as required by the cabinet pursuant to KRS 350.029 or regulations promulgated pursuant thereto, shall be liable to a civil penalty for damages to the Commonwealth of not less than five thousand dollars ($5,000) nor more than twenty-five thousand dollars ($25,000) and in addition, may be enjoined from continuing such violations as hereinafter provided. Each day shall constitute a separate violation. However, the penalties provided for in subsection (1) of this section shall apply in lieu of the penalties provided for in this subsection where an operator through inadvertence has exceeded the boundaries or expiration date of the permit in effect at that time.

(3) It shall be the duty of the cabinet's office of 3eneral counsel or, upon the secretary's request, of the attorney general to bring an action for the recovery of the penalties herein provided for and to bring an action for a restraining order, temporary or permanent injunction, against any operator or other person violating or threatening to violate any of the provisions of this chapter or violating or threatening to violate any order or determination promulgated pursuant to the provisions of this chapter. The [~~Franklin~~] circuit court *of the county in which the mine is located* shall hold [~~concurrent~~] jurisdiction and venue of all civil and injunctive actions instituted by the cabinet or by the attorney general on its behalf for the enforcement of the provisions of this chapter or the orders, rules, and regulations of the cabinet promulgated pursuant thereto.

(4) Any person who shall knowingly and willfully violate any of the provisions of this chapter, except as provided in subsection (5) of this section or any determination or order promulgated pursuant to the sections of this chapter which have become final shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than ten thousand dollars ($10,000) or by imprisonment for not more than one (1) year, or both. Each day on which such violation occurs may constitute a separate offense.

(5) Any person who, in violation of KRS 350.060, willfully and knowingly engages in surface coal mining operations without first obtaining a permit from the cabinet or any person who willfully and knowingly engages in coal exploration operations, exclusive of core drilling, without proper authorization, as required by the cabinet pursuant to KRS 350.057 or regulations promulgated pursuant thereto, or any person who willfully and knowingly engages in mining operations without proper authorization as required by the cabinet pursuant to KRS 350.029 or regulations promulgated pursuant thereto, with the intent to violate such laws shall be guilty of a Class D felony and upon conviction thereof shall be imprisoned for at least one (1) but not more than five (5) years and may be fined an amount not to exceed ten thousand dollars ($10,000).

(6) Any person who violates any of the provisions of KRS 350.600 or regulations promulgated pursuant thereto shall be subject to civil penalties of not more than twenty-five thousand dollars ($25,000). Each day of continuing violation shall be deemed a separate violation.

(7) Any person who knowingly makes any false statement, representation or certification, or knowingly fails to make any statement, representation, or certification in any application, record, report, plan, or other

document filed or required to be maintained by the cabinet, shall upon conviction be guilty of a misdemeanor and shall be imprisoned for a term of up to one (1) year, or be fined not more than ten thousand dollars ($10,000), or both.

(8) Except as permitted by law, any person who shall willfully resist, prevent, impede, or interfere with the secretary or other personnel of the cabinet in the performance of duties pursuant to this chapter shall, upon conviction, be fined not more than five thousand dollars ($5,000) or imprisoned for not more than one (1) year, or both.

(9) Whenever a corporate permittee violates any provision of this chapter or regulation issued pursuant thereto or fails or refuses to comply with any final order issued by the secretary, any director, officer, or agent of such corporation who willfully and knowingly authorized, ordered, or carried out such violation, failure or refusal shall be subject to the same civil penalties, fines, and imprisonment as may be imposed upon a person pursuant to this section.

(10) Any person found in violation of KRS 350.060(11) shall be fined not more than five hundred dollars ($500) for each violation, nor less than fifty dollars ($50).

(11) Upon notice by the secretary that any surety has failed to comply with the provisions of KRS 350.032(3), the commissioner of the Kentucky department of insurance shall revoke the surety's certificate of authority to conduct insurance business within the Commonwealth of Kentucky.

(12) The cabinet, upon written request by any person or operator subject to any penalty assessment under this section and pursuant to procedures, if any, set forth by regulation and after consultation with the local county fiscal court, may allow as an alternative to the payment of any assessed penalty under this section the performance of in-kind reclamation, environmental rehabilitation, or similar action to correct environmental pollution. The in-kind work shall not substitute for those remedial measures mandated by the cabinet for the correction of any violations. The estimated cost of the in-kind work shall be greater than the penalty assessment. The cabinet division of abandoned lands shall have the authority to approve proposed in-kind projects and to recommend such projects to the cabinet, and shall determine whether the estimated cost of the in-kind work exceeds the penalty assessment. For the purposes of this subsection, the cost of the in-kind work shall include only those expenditures for actual on-site reclamation or rehabilitation work, including direct equipment, personnel and material cost, but excluding administrative overhead or transportation costs. Failure to perform the in-kind work as agreed upon by the person or operator subject to the penalty assessment shall reinstate the liability of the person or operator for the full amount of the assessed penalty. The cabinet is authorized to prepare and promulgate such regulations as are necessary to implement and administer the provisions of this subsection.

The Committee Amendment No. 1 to **HB 194** is as follows:

Amend printed copy of **HB 194** on page 10, lines 4 through 7, by deleting the brackets and strike-throughs.

HB 495. AN ACT relating to underground coal mine safety.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 351.140 is amended to read as follows:

Each mine inspector shall give his entire time and attention to the duties of his office, which shall consist of the following:

(1) Inspecting mines and aiding, under the direction of the commissioner, in carrying out and enforcing the provisions of the law relating to the inspection of mines;

(2) Training officials and workmen in and about the mines in first aid and mine rescue methods;

(3) Advising officials and workmen in methods pertaining to safety in all its phases and in methods pertaining to the prevention of mine fires and explosions;

(4) Taking charge of mine rescue and recovery work whenever a mine fire, mine explosion or other serious accident occurs within his district, and the commissioner is not present, and assisting in such work in other districts when so directed by the commissioner;

(5) Reopening mines or portions of mines that have been sealed on account of fire or any other cause, when directed by the commissioner to do so;

(6) Inspecting each mine in his district at least once every six (6) months, or more often if practicable and if funds permit, and whenever any danger to the workmen may exist; making a personal examination of the interior of each mine with respect to ventilation, drainage, roof control, blasting, electricity, escapeways, and general security, and also a personal examination of the outside facilities of the mine; and in gassy mines below the water table, inspections shall be more frequent, and as often as practical whenever any danger to workmen is indicated by a previous inspection. Such inspections shall involve at least two (2) inspectors. The inspectors shall locate themselves in different sections of the mine in order to determine the effectiveness and reliability of the ventilation system. Each section of the mine shall be so inspected;

(7) *A safety committeeman designated by the safety committee at the mine shall accompany the inspector on each official inspection of the mine, and for the purpose of pay, time spent by the safety committeeman shall be considered constructive work;*

(8) It shall be permissible for a mine inspector to inspect any coal preparation plant or surface facility of any mining operation of coal and clay including any overland coal belts; and

(9)[~~(8)~~] A mine inspector shall have the express authority to enter upon the premises of and inspect any coal or clay mine, including any overland coal belts, at any reasonable time.

HB 608, AN ACT relating to surface mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.060 is amended to read as follows:

(1) No person shall engage in surface coal mining and reclamation operations without having first obtained from the cabinet a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period of not to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the cabinet may grant a permit for such longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.

(2) [~~All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the cabinet and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The natural resources and environmental protection cabinet shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight (8) month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.~~

~~(3) Any permit validly issued by the cabinet under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the cabinet within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit~~

~~beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered.~~

~~(4)~~] No permit or revision application shall be approved unless the application affirmatively demonstrates and the cabinet finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(3)[~~(5)~~] An operator desiring a permit to engage in surface coal mining operations shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant, *which shall be updated immediately if changed at any point prior to final bond release*;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) *The names and addresses of* [~~Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not~~] every officer, partner, director, *or person performing a function similar to a director*, or any individual owning of record [~~or beneficially (alone or with associates)~~] ten percent (10%) or more of any class of voting stock of the applicant, *and whether the applicant or any such person* is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify. *The permittee shall submit updates of this information as changes occur or as otherwise provided by administrative regulation; however, failure to submit such updated information shall constitute a violation of this chapter only upon the permittee's refusal or failure to timely submit such information to the cabinet upon request. Upon receipt of such updated information satisfactory to the cabinet, the cabinet shall promptly update its computer system containing such information*;

(h) A listing of any and all violations of this chapter, Public Law 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three (3) year period prior to the date of an application. Such a list shall indicate the final resolution of the violations; and

(i) Whether the area of land to be affected by the operation has been previously mined and is not in compliance with current reclamation standards, if so then identify the needed reclamation work.

(4)[~~(6)~~] The application for a permit shall be accompanied by an official document (and an affidavit attesting to the document's authenticity) which will evidence what particular business entity the applicant is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, then an affidavit so stating.

(5)[~~(7)~~] The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of a United States geological survey topographic map or such other map acceptable to the cabinet on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.

(6)[~~(8)~~] The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of an enlarged United States geological survey topographic map or such other map acceptable to the cabinet

meeting the requirements of paragraphs (a) to (i) of this subsection. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (10) of this section, except that the engineer shall not be required to certify the true ownership of property under paragraph (d) of this subsection;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining;

(d) Show the boundaries of surface properties and names of owners of the affected area and adjacent to any part of the affected area;

(e) Be of a scale of 1:24,000 or larger;

(f) Show the names, and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(g) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(h) Show the date on which the map was prepared, the north point and the quadrangle name; and

(i) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(7)[~~(9)~~] Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the cabinet of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(8)[~~(10)~~] All certifications required by this chapter to be made by professional engineers shall be done in the form prescribed by the cabinet and shall be reasonably specific as to the work being certified. The cabinet may reject any document or map as incomplete if it is not properly certified.

(9)[~~(11)~~] The application shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the transportation cabinet attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges. All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.

(10)[~~(12)~~] In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.

(11)[~~(13)~~] The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the cabinet for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the cabinet. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(12)[~~(14)~~] A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed three hundred seventy-five dollars ($375) plus a fee set by regulation but not to exceed seventy-five dollars ($75) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued; provided that if the cabinet approves an incremental bonding plan submitted by the applicant, the acreage fees may be paid in increments and at times corresponding to the approved plan. The operator shall file with the cabinet a bond payable to the Commonwealth of Kentucky with surety satisfactory to the cabinet in the penal sum to be determined by the cabinet for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the cabinet. In determining the amount of the bond the cabinet shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation, giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture. The cabinet shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. [~~Where the circumstances are such as to warrant an exception, the cabinet, in its discretion, may reduce the amount of the bond for a two (2) acre operation to less than the required minimum.~~]

(13)[~~(15)~~] Surface coal mining and reclamation operations which *affected* [~~affect~~] two (2) acres or less, *as defined by regulations of the cabinet, which were conducted pursuant to two-acre-or-less permits issued by the cabinet, which were commenced on or before June 5, 1987, and on which mining ceased on or before November 7, 1987,* shall be exempt from the requirements of this chapter, except *as follows. Reclamation of such operations shall be accomplished in accordance with administrative regulations promulgated by the cabinet for operations of two (2) acres or less. In* [~~that the cabinet shall promulgate reasonable minimal regulations for permitting, bonding, controlling offsite water quality, revegetation, refuse piles, and use of explosives; and shall prohibit disposal of soil over the outslope in an uncontrolled manner. Such regulations shall recognize the distinct difference between two (2) acre operations and other surface coal mining operations and shall be less stringent than those imposed on other surface coal mining operations affecting more than two (2) acres, and in~~] no event shall the cabinet require that the highwalls left by such operations be eliminated. *Bond shall be maintained until reclamation is successfully completed.* [~~In no event shall the bond be more than one thousand dollars ($1,000) per acre. The cabinet shall promulgate a short form application which will require the basic business information and a brief description of the method of operation. These applications shall be processed within thirty (30) calendar days.~~] All procedural provisions and the penalty provisions of KRS 350.990 shall, however, apply to operations conducted [~~and permits granted~~] pursuant to this subsection. The cabinet shall enforce this subsection consistent with this chapter except that the cabinet shall not issue orders requiring cessation of operations for mere failure to abate a violation.

(14)][~~(16)~~] The cabinet shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The cabinet shall recognize the distinct differences between the surface effects of underground mining and strip mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the cabinet shall require[~~, for underground mines that are greater than two (2) acres under subsection (15) of this section,~~] that all of the areas overlying underground workings be permitted but that the areas overlying underground workings not affected by operations and facilities occurring on the surface shall not be subject to the payment of acreage fees or bond requirements of subsection (14) of this section or of KRS 350.151[~~; provided, however, that applications for operations of two (2) acres or less filed under subsection (15) of this section shall clearly identify the boundaries of the proposed deep mine operation~~].

(15)[~~(17)~~] Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), subsequent to the fulfillment of the public notice requirements of this chapter unless it is established and written findings by the cabinet are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for said operation will continue in full force and effect for any renewal requested in such application as well as any additional bond the cabinet might require; or

(e) Any additional revised or updated information required by the cabinet has not been provided;

Prior to the approval of any renewal of permit the cabinet shall provide notice to the appropriate public authorities.

(16)[~~(18)~~] If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

(17)[~~(19)~~] Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred and twenty (120) days prior to the expiration of the valid permit.

(18)[~~(20)~~] Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the cabinet may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

(19)[~~(21)~~] Each application for a permit or revision for auger mining on a previously mined area must contain information to describe the area to be affected, to show that the proposed method of operation will result in stable post-mining conditions, and reduce or eliminate adverse environmental conditions created by previous mining activities. If the cabinet determines that the affected area cannot be stabilized and reclaimed subsequent to augering or that the operation will result in an adverse impact to the proposed or adjacent area, the permit or revision shall not be issued. The cabinet shall, consistent with all applicable requirements of this chapter, issue a permit or revision if the applicant demonstrates that the proposed coal mining operations will provide for reduction or elimination of the highwall, or reduction or abatement of adverse impacts resulting from past mining activities, or stabilization or enhancement of a previously mined area. The cabinet shall insure that all reasonably available spoil material will be used to backfill the highwall to the extent practical and feasible; provided, however, that in all cases the holes be properly sealed and backfilled to a minimum f four (4) feet above the coal seam being mined.

[~~(22) All operations involving the loading of coal which do not separate the coal from its impurities, and which are not located at or near the mine site, shall be exempt from the requirements of this chapter.~~]

The Committee Substitute to **HB 608** is as follows:

HB 608. AN ACT relating to surface mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.060 is amended to read as follows:

(1) No person shall engage in surface coal mining and reclamation operations without having first obtained from the cabinet a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period of not to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the cabinet may grant a permit for such longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.

(2) [~~All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the cabinet and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The natural resources and environmental protection cabinet shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight (8) month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.~~

~~(3) Any permit validly issued by the cabinet under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the cabinet within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered.~~

~~(4)~~] No permit or revision application shall be approved unless the application affirmatively demonstrates and the cabinet finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(3)[~~(5)~~] An operator desiring a permit to engage in surface coal mining operations shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant, *which shall be updated immediately if changed at any point prior to final bond release*;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) *The names and addresses of* [~~Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not~~] every officer, partner, director, *or person performing a function similar to a director of the applicant, together with the names and addresses of* [~~or~~] any individual owning of record [~~or beneficially (alone or with associates)~~] ten percent (10%) or more of any class of voting stock of the applicant, *and whether the applicant or any such person* is subject to any of the provisions of subsection (3) of KRS

350.130 and he shall so certify. *The permittee shall submit updates of this information as changes occur or as otherwise provided by administrative regulation; however, failure to submit such updated information shall constitute a violation of this chapter only upon the permittee's refusal or failure to timely submit such information to the cabinet upon request. Upon receipt of such updated information satisfactory to the cabinet, the cabinet shall promptly update its computer system containing such information;*

(h) A listing of any and all violations of this chapter, Public Law 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three (3) year period prior to the date of an application. Such a list shall indicate the final resolution of the violations; and

(i) Whether the area of land to be affected by the operation has been previously mined and is not in compliance with current reclamation standards, if so then identify the needed reclamation work.

(4)[~~(6)~~] The application for a permit shall be accompanied by an official document (and an affidavit attesting to the document's authenticity) which will evidence what particular business entity the applicant is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, then an affidavit so stating.

(5)[~~(7)~~] The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of a United States geological survey topographic map or such other map acceptable to the cabinet on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.

(6)[~~(8)~~] The application for a permit shall be accompanied by copies, in numbers satisfactory to the cabinet, of an enlarged United States geological survey topographic map or such other map acceptable to the cabinet meeting the requirements of paragraphs (a) to (i) of this subsection. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (10) of this section, except that the engineer shall not be required to certify the true ownership of property under paragraph (d) of this subsection;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining;

(d) Show the boundaries of surface properties and names of owners of the affected area and adjacent to any part of the affected area;

(e) Be of a scale of 1:24,000 or larger;

(f) Show the names, and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(g) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(h) Show the date on which the map was prepared, the north point and the quadrangle name; and

(i) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(7)[~~(9)~~] Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding

areas so that an assessment can be made by the cabinet of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(8)[~~(10)~~] All certifications required by this chapter to be made by professional engineers shall be done in the form prescribed by the cabinet and shall be reasonably specific as to the work being certified. The cabinet may reject any document or map as incomplete if it is not properly certified.

(9)[~~(11) The application shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the transportation cabinet attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges.~~] All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.

(10)[~~(12)~~] In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the requirements of this chapter and rules and regulations adopted pursuant thereto.

(11)[~~(13)~~] The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the cabinet for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the cabinet. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(12)[~~(14)~~] A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed three hundred seventy-five dollars ($375) plus a fee set by regulation but not to exceed seventy-five dollars ($75) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued; provided that if the cabinet approves an incremental bonding plan submitted by the applicant, the acreage fees may be paid in increments and at times corresponding to the approved plan. The operator shall file with the cabinet a bond payable to the Commonwealth of Kentucky with surety satisfactory to the cabinet in the penal sum to be determined by the cabinet for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the cabinet. In determining the amount of the bond the cabinet shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation, giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the cabinet in the event of forfeiture. The cabinet shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. [~~Where the circumstances are such as to warrant an exception, the cabinet, in its discretion, may reduce the amount of the bond for a two (2) acre operation to less than the required minimum.~~]

(13)[~~(15)~~] Surface coal mining and reclamation operations which *affected* [~~affect~~] two (2) acres or less, *as defined by regulations of the cabinet, which were conducted pursuant to two-acre-or-less permits issued by the cabinet, which were commenced on or before June 5, 1987, and on which mining ceased on or before November 7, 1987,* shall be exempt from the requirements of this chapter, except *as follows. Reclamation of such operations shall be accomplished in accordance with administrative regulations promulgated by the cabinet for operations of two (2) acres or less. Such regulations shall recognize the distinct difference between two (2) acre operations and other surface coal mining operations and shall be less stringent than those imposed on other surface coal mining operations affecting more than two (2) acres, and in~~] no

event shall the cabinet require that the highwalls left by such operations be eliminated. *Bond shall be maintained until reclamation is successfully completed.* [~~In no event shall the bond be more than one thousand dollars ($1,000) per acre. The cabinet shall promulgate a short form application which will require the basic business information and a brief description of the method of operation. These applications shall be processed within thirty (30) calendar days.~~] All procedural provisions and the penalty provisions of KRS 350.990 shall, however, apply to operations conducted [~~and permits granted~~] pursuant to this subsection. The cabinet shall enforce this subsection consistent with this chapter except that the cabinet shall not issue orders requiring cessation of operations for mere failure to abate a violation.

(14)][~~(16)~~] The cabinet shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The cabinet shall recognize the distinct differences between the surface effects of underground mining and strip mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the cabinet shall require[~~, for underground mines that are greater than two (2) acres under subsection (15) of this section,~~] that all of the areas overlying underground workings be permitted but that the areas overlying underground workings not affected by operations and facilities occurring on the surface shall not be subject to the payment of acreage fees or bond requirements of subsection (14) of this section or of KRS 350.151[~~; provided, however, that applications for operations of two (2) acres or less filed under subsection (15) of this section shall clearly identify the boundaries of the proposed deep mine operation~~].

(15)[~~(17)~~] Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), subsequent to the fulfillment of the public notice requirements of this chapter unless it is established and written findings by the cabinet are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for said operation will continue in full force and effect for any renewal requested in such application as well as any additional bond the cabinet might require; or

(e) Any additional revised or updated information required by the cabinet has not been provided;

Prior to the approval of any renewal of permit the cabinet shall provide notice to the appropriate public authorities.

(16)[~~(18)~~] If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

(17)[~~(19)~~] Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred and twenty (120) days prior to the expiration of the valid permit.

(18)[~~(20)~~] Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the cabinet may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

(19)[~~(21)~~] Each application for a permit or revision for auger mining on a previously mined area must contain information to describe the area to be affected, to show that the proposed method of operation will result in stable post-mining conditions, and reduce or eliminate adverse environmental conditions created by previous mining activities. If the cabinet determines that the affected area cannot be stabilized and reclaimed subsequent to augering or that the operation will result in an adverse impact to the proposed or adjacent area, the permit or revision shall not be issued. The cabinet shall, consistent with all applicable requirements of this chapter, issue a permit or revision if the applicant demonstrates that the proposed coal mining operations will provide for reduction or elimination of the highwall, or reduction or abatement of adverse impacts resulting from past mining activities, or stabilization or enhancement of a previously mined area. The cabinet shall insure that all reasonably available spoil material will be used to backfill the highwall to the extent practical and feasible; provided, however, that in all cases the holes be properly sealed and backfilled to a minimum of four (4) feet above the coal seam being mined.

(20)[~~(22)~~] All operations involving the loading of coal which do not separate the coal from its impurities, and which are not located at or near the mine site, shall be exempt from the requirements of this chapter.

Section 2. KRS 350.130 is amended to read as follows:

(1) When any of the requirements of this chapter or rules or regulations adopted pursuant thereto or the orders of the cabinet have not been complied with, the cabinet shall forthwith cause a notice of noncompliance to be issued upon the person or operator. The cabinet shall set forth in its notice a reasonable time period but not more than ninety (90) days for the abatement of the violation. If any person or operator has not abated the violation within the time prescribed in the notice of noncompliance, the secretary or other authorized personnel of the cabinet shall issue to said operator or person an order for immediate compliance and cessation of any mining activities or operations which are contributing to the violation. Such order shall require the person or operator to abate the violation in the most expeditious manner possible. The secretary is authorized to promulgate reasonable regulations for the implementation of this section. Such notice or order shall be handed to the person in charge of the operation, and the operator or person engaged in coal exploration operations or sent by certified mail, return receipt requested addressed to the permanent address shown on the application for a permit or if no address is shown on the application, then to the address known to the cabinet. The notice of noncompliance or order for immediate compliance and cessation shall specify in what respects the person or operator has failed to comply with this chapter or the regulations or orders of the cabiet and the remedial action required, the period of time established for abatement, and a reasonable description of the portion of the surface coal mining and reclamation operation to which the notice or order applies. If the person or operator has not reached an agreement with the cabinet or has not complied with the requirements set forth in the notice of noncompliance or order for immediate compliance and cessation within time limits set therein, the permit may be revoked or the operation terminated, after an opportunity for a hearing, by order of the cabinet and the performance bond, if any, shall then be forfeited to the cabinet, except as provided in subsection (2) of this section and in KRS 350.110, provided that failure to attend a hearing shall be excused for good cause shown.

(2) [~~When a bond is forfeited pursuant to the provisions of this chapter, the secretary shall give notice to the attorney general, who shall collect the forfeiture. Bond forfeitures collected in cases where the surface rights have been severed from the mineral rights shall be paid to the surface owner for the purpose of reclaiming in accordance with the provisions of this chapter the same area of land included under the bond; provided, that no payment shall be made until the reclamation has been accomplished in the manner required by the cabinet, to the extent of available forfeited funds, and no payment shall be made beyond the actual cost of reclamation. Provided further, that this section shall not apply in cases where the owner cannot be located, or does not desire or is unable to accomplish the work in the manner required by the cabinet.~~

~~(3)~~] An operator or person whose mining permit or operation has been revoked, suspended, or terminated or is at the time of the application in violation of this chapter or other applicable requirements as set forth in KRS 350.085 shall not be eligible to receive another permit or begin another operation or to have suspended permits or operations reinstated until he shall have complied with all the requirements of this chapter or submitted proof satisfactory to the cabinet under KRS 350.085 that such violation has been corrected or is in the process of being corrected in respect to all permits issued him, provided, further, that no operator or person shall be eligible to receive another permit or begin another operation who has forfeited any bond unless the land for which the bond was forfeited has been reclaimed without cost to the state or the operator or person has paid such sum as the cabinet finds is adequate to reclaim such lands. The cabinet shall not issue any permits to or allow future operations by any operator or person who has demonstrated a pattern of willful violations of this chapter of such nature and duration with such resulting irreparable damage to the environment as to indicate an intent not to comply with the provisions of this chapter, provided that no permit shall be denied on this basis without an opportunity for a hearing. The secretary shall promulgate regulations which implement this section. For the purposes of this section, if a corporate permittee has demonstrated a pattern of willful violations, then any subsequent application for a permit by that corporation, or any person who controls or has controlled that corporation, shall be denied.

(3)[~~(4)~~] In the exercise of the secretary's enforcement powers and authority under this chapter, the secretary, or an authorized representative of the cabinet, after inspection shall immediately order the cessation of such condition or operation when he determines that the condition or operation creates an imminent danger to the health or safety of the public or that the condition or operation is causing or can reasonably be expected to cause significant imminent environmental harm in violation of this chapter or the regulations pursuant to this chapter, or any permit condition. For purposes of this subsection, "imminent danger to the health and safety of the public" means the existence of any condition or practice, or any violation of a permit or other requirement of this chapter in a surface coal mining and reclamation operation, which condition, practice, or violation could reasonably be expected to cause substantial physical harm to persons outside the permit area before such condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not expose himself or herself to the danger during the time necessary for abatement.

(4)[~~(5)~~] Each provision of this section shall be interpreted and applied consistently with due process of law.

(5)[~~(6)~~] The secretary, or authorized representatives of the cabinet, shall have the power to vacate, amend, modify, or terminate notices of noncompliance and cessation orders, pursuant to regulations promulgated by the cabinet.

Section 3. KRS 350.131 is amended to read as follows:

(1) When the reclamation bond for an interim or pre-interim program permit is forfeited by the cabinet, and the entire forfeited amount is not necessary to establish proper drainage and revegetation on the permit area for which it was submitted, the cabinet may use any remaining funds to supplement [~~forfeited bonds for~~] reclamation of other *forfeited or released* permit areas, if such other permit areas endanger public health and safety.

(2) When the reclamation bond for a permanent program permit is forfeited by the cabinet, and the entire forfeited amount is more than the amount necessary to complete reclamation, the unused funds shall be returned to the party from whom they were collected, subject to the cabinet's right to attach or set-off such proceeds under other state laws.

SECTION 4. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

Consistent with 43 CFR Section 4.1160, et. seq., and Section 525 of the Surface Mining Control and Reclamation Act of 1977 (P. L. 95-87), prepayment of penalty shall not be required when the operator or permittee contests only the fact of the violation and not the penalty assessment amount.

HB 651, AN ACT relating to surface mining.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 350.010 is amended to read as follows:

As used in this chapter unless the context requires otherwise:

(1) "Surface coal mining operations" means activities conducted on the surface of lands in connection with a surface coal mine and surface impacts incident to an underground coal mine. Such activities include excavation for the purpose of obtaining coal including such common methods as contour, strip, auger, extended depth secondary recovery systems, mountaintop removal, box cut, open pit, and area mining, the use of explosives and blasting, and in situ distillation or retorting, leaching or other chemical or physical processing, and cleaning, concentrating or other processing or preparation, and the loading of coal at or near the mine site. Such activities shall not include the extraction of coal by a landowner for his own noncommercial use from land owned or leased by him; the extraction of coal as an incidental part of federal, state or local government financed highway or other construction under regulations established by the cabinet; the extraction of, or intent to

extract, two hundred fifty (250) tons or less of coal by any person by surface coal mining operations within twelve (12) successive calendar months; the extraction of coal incidental to the extraction of other minerals where coal does not exceed sixteen and two-thirds percent (16 2/3%) of the tonnage of minerals removed for purposes of commercial use or sale; or coal exploration subject to KRS 350.057. Surface coal mining operations shall also include the areas upon which such activities occur or where such activities disturb the natural land surface. Such areas shall also include any adjacent land the use of which is incidental to any such activities, all lands affected by the construction of new roads or the improvement or use of existing roads to gain access to the site of such activities and for haulage, and excavations, workings, impoundments, dams, ventilation shafts, entryways, refuse banks, dumps, stockpiles, overburden piles, spoil banks, culm banks, tailings, holes or depressions, repair areas, storage areas, processing areas, shipping areas and other areas upon which are sited structures, facilities, or other property or materials on the surface resulting from or incident to such activities. This definition includes the terms "strip mining" of coal and the "surface effects of underground mining" of coal as used in this chapter;

(2) "Strip mining" means the breaking of the surface soil in order to facilitate or accomplish the extraction or removal of minerals, ores, or other solid matter; any activity or process constituting all or part of a process for the extraction or removal of minerals, ores, and other solid matter from its original location; and the preparation, washing, cleaning, or other treatment of minerals, ores, or other solid matter so as to make them suitable for commercial, industrial, or construction use; but shall not include the extraction of coal by a landowner for his own noncommercial use from land owned or leased by him; the extraction of coal as an incidental part of federal, state or local government financed highway or other construction under regulations established by the cabinet; the extraction of, or intent to extract, two hundred fifty (250) tons or less of coal by any person by surface coal mining operations within twelve (12) successive calendar months; the extraction of coal incidental to the extraction of other minerals where coal does not exceed sixteen and two-thirds percent (16 2/3%) of the tonnage of minerals removed for purposes of commercial use or sale; coal exploration subject to KRS 350.057; nor shall it include the surface effects or surface impacts of underground coal mining;

(3) "Surface coal mining and reclamation operations" means surface coal mining operations and all activities necessary and incident to the reclamation of such operations as required by this chapter;

(4) "Overburden" means material of any nature, consolidated or unconsolidated, excluding topsoil, which lies above a natural deposit of coal and also means such material after removal from its natural state in the process of surface coal mining;

(5) "Area of land affected" means any area of land or water upon which surface coal mining and reclamation operations are conducted or located or are to be conducted or located;

(6) "Operations" means surface coal mining operations, all of the premises, facilities, roads and equipment used in the process of producing coal from a designated area or removing overburden for the purpose of determining the location, quality or quantity of a natural coal deposit or the activity to facilitate or accomplish the extraction or the removal of coal;

(7) "Method of operation" means the method or manner by which the cut or open pit is made, the overburden is placed or handled, water is controlled and other acts are performed by the operator in the process of uncovering and removing the coal;

(8) "Operator" means any person, partnership or corporation engaged in surface coal mining and reclamation operations;

(9) "Person" means any persons, partnership, corporation, association, society, joint stock company, firm, company or other business organization;

(10) "Cabinet" means the natural resources and environmental protection cabinet;

(11) "Secretary" means the secretary of the natural resources and environmental protection cabinet;

(12) "Reclamation" means the reconditioning of the area affected by surface coal mining operations under a plan approved by the cabinet;

(13) "Degree" when used in this chapter shall mean from the horizontal, and in each case shall be subject to a tolerance of five percent (5%) of error;

(14) "Bench" means the ledge, shelf or terrace formed in the contour method of strip mining;

(15) "Fill bench" means that portion of the bench which is formed by depositing overburden beyond the cut section;

(16) "Approximate original contour" means that surface configuration achieved by backfilling and grading of the mined area so that the reclaimed area, including any terracing or access roads, closely resembles the general surface configuration of the land prior to mining and blends into and complements the drainage pattern of the surrounding terrain, with all highwalls and spoil piles eliminated; water impoundments may be permitted where the cabinet determines that they are in compliance with KRS 350.455;

(17) "Certification" by a qualified registered professional engineer as required by this chapter and regulations promulgated hereunder means a good faith representation to the best of his or her knowledge and belief, based on adequate knowledge of the requirements of this chapter and regulations promulgated hereunder, related experience, best professional judgment, accepted engineering practices and recognized professional standards, and standard practice as it relates to direct participation by the registered professional engineer or supervision of the registered professional engineer's employes or subordinates. Such certification shall not be construed to constitute a warranty or guarantee.

(18) "Incidental boundary revision" means an extension to a permit area that is necessary for reasons unforeseen at the time the original permit application was prepared and that is small in relation to the surface mining permit area or surface operations area for underground mining activities.

(a) If an extension includes new areas from which coal will be removed, it shall be considered as an incidental boundary revision only if the extension is no more than fifteen percent (15%) of the permit area acreage. An incidental revision shall not exceed ten (10) acres.

(b) If an extension is for new areas not involving extraction of coal, it shall be considered an incidental boundary revision only if the extension is no more than ten percent (10%) of the permit area acreage.

(c) Cumulative acreage added by successive revisions shall not exceed the above limitations.

Section 2. KRS 350.130 is amended to read as follows:

(1) When any of the requirements of this chapter or rules or regulations adopted pursuant thereto or the orders of the cabinet have not been complied with, the cabinet shall forthwith cause a notice of noncompliance to be issued upon the person or operator. The cabinet shall set forth in its notice a reasonable time period but not more than ninety (90) days for the abatement of the violation. *If an operator feels reasonable time has not been granted for remedial action, he may request an on-sight inspection and review of the violation by supervisory personnel of the cabinet.* If any person or operator has not abated the violation within the time prescribed in the notice of noncompliance, the secretary or other authorized personnel of the cabinet shall issue to said operator or person an order for immediate compliance and cessation of any mining activities or operations which are contributing to the violation. Such order shall require the person or operator to abate the violation in the most expeditious manner possible. The secretary is authorized to promulgate reasonable regulations for the implementation of this section. Such notice or order shall be handed to the person in charge of the operation, and the operator or person engaged in coal exploration operations or sent by certified mail, return receipt requested addressed to the permanent address shown on the application for a permit or if no address is shown on the application, then to the address known to the cabinet. The notice of noncompliance or order for immediate compliance and cessation shall specify in what respects the person or operator has failed to comply with this chapter or the regulations or orders of the cabinet and the remedial action required, the period of time established for abatement, and a reasonable description of the portion of the surface coal mining and reclamation operation to which the notice or order applies. *If an operator feels a reasonable time has not been granted for remedial action, then he may request an on-sight inspection and review of the violation by supervisory personnel of the cabinet.* If the person or operator has not reached an agreement with the cabinet or has not complied with the requirements set forth in the notice of noncompliance or order for immediate compliance and cessation within time limits set therein, the permit may be revoked or the operation terminated, after an opportunity for a hearing, by order of the cabinet and the performance bond, if any, shall then be forfeited to the cabinet, except as provided in subsection (2) of this section and in KRS 350.110, provided

that failure to attend a hearing shall be excused for good cause shown.

(2) When a bond is forfeited pursuant to the provisions of this chapter, the secretary shall give notice to the attorney general, who shall collect the forfeiture. Bond forfeitures collected in cases where the surface rights have been severed from the mineral rights shall be paid to the surface owner for the purpose of reclaiming in accordance with the provisions of this chapter the same area of land included under the bond; provided, that no payment shall be made until the reclamation has been accomplished in the manner required by the cabinet, to the extent of available forfeited funds, and no payment shall be made beyond the actual cost of reclamation. Provided further, that this section shall not apply in cases where the owner cannot be located, or does not desire or is unable to accomplish the work in the manner required by the cabinet.

(3) An operator or person whose mining permit or operation has been revoked, suspended, or terminated or is at the time of the application in violation of this chapter or other applicable requirements as set forth in KRS 350.085 shall not be eligible to receive another permit or begin another operation or to have suspended permits or operations reinstated until he shall have complied with all the requirements of this chapter or submitted proof satisfactory to the cabinet under KRS 350.085 that such violation has been corrected or is in the process of being corrected in respect to all permits issued him, provided, further, that no operator or person shall be eligible to receive another permit or begin another operation who has forfeited any bond unless the land for which the bond was forfeited has been reclaimed without cost to the state or the operator or person has paid such sum as the cabinet finds is adequate to reclaim such lands. The cabinet shall not issue any permits to or allow future operations by any operator or person who has demonstrated a pattern of willful violations of this chapter of such nature and duration with such resulting irreparable damage to the environment as to indicate an intent not to comply with the provisions of this chapter, provided that no permit shall be denied on this basis without an opportunity for a hearing. The secretary shall promulgate regulations which implement this section. For the purposes of this section, if a corporate permittee has demonstrated a pattern of willful violations, then any subsequent application for a permit by that corporation, or any person who controls or has controlled that corporation, shall be denied.

(4) In the exercise of the secretary's enforcement powers and authority under this chapter, the secretary, or an authorized representative of the cabinet, after inspection shall immediately order the cessation of such condition or operation when he determines that the condition or operation creates an imminent danger to the health or safety of the public or that the condition or operation is causing or can reasonably be expected to cause significant imminent environmental harm in violation of this chapter or the regulations pursuant to this chapter, or any permit condition. For purposes of this subsection, "imminent danger to the health and safety of the public" means the existence of any condition or practice, or any violation of a permit or other requirement of this chapter in a surface coal mining and reclamation operation, which condition, practice, or violation could reasonably be expected to cause substantial physical harm to persons outside the permit area before such condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise to the peril, would not expose himself or herself to the danger during the time necessary for abatement.

(5) Each provision of this section shall be interpreted and applied consistently with due process of law.

(6) The secretary, or authorized representatives of the cabinet, shall have the power to vacate, amend, modify, or terminate notices of noncompliance and cessation orders, pursuant to regulations promulgated by the cabinet.

Section 3. KRS 350.465 is amended to read as follows:

(1) The provisions of this section and regulations promulgated pursuant thereto (except with regard to the mining of clay, limestone, sand, gravel, fluorspar, stone, and rock asphalt) shall apply to the regulation of all surface coal mining and reclamation operations in the Commonwealth in the event that the Commonwealth receives from the United States department of interior and pursuant to the surface mining control and reclamation act of 1977 (PL 95-87) approval of a permanent state regulatory program, and the Commonwealth has promulgated regulations pursuant to this section.

(2) The natural resources and environmental protection cabinet is hereby authorized and directed to prepare, develop and promulgate a comprehensive permanent regulatory program for the implementation of the surface mining control and reclamation act of 1977 (PL 95-87) for the purpose of accepting and administering primary enforcement responsibilities pursuant to that act. The implementation of this section shall contain procedures similar to the surface mining control and reclamation act of 1977 (PL 95-87) and shall require surface coal mining operation performance standards no more stringent than provided for in

that act. Nothing herein shall be construed to empower the cabinet to adopt a regulatory program in conflict with the policy and purposes of the surface mining control and reclamation act of 1977 (PL 95-87). To that end, the natural resources and environmental protection cabinet shall include in its permanent regulatory program:

(a) Environmental protection performance standards to prevent or minimize the adverse environmental effects of surface coal mining and reclamation operations on the land and water resources of the Commonwealth.

(b) A procedure for designating as being unsuitable for mining certain lands because of their topographical, geological, hydrological, climatological, biological, or chemical characteristics or historical, cultural, scientific or aesthetic values.

(c) Procedures and regulations for the allowance of those persons having an interest which is or may be adversely affected to have the opportunity to be heard at every significant or critical part of the administrative and judicial process, including, but not limited to, the permit review and issuance process, the general enforcement process and hearings incident thereto, and the rulemaking procedures conducted by the cabinet; and procedures and regulations for persons having a valid legal interest which is or may be adversely affected by the setting, release, and inspection of bonds to have an opportunity to be heard at every significant or critical part of the administrative and judicial process relating to bonds. Such regulations shall provide reasonable procedures for notice and an opportunity to be heard, access to minesites, access to records, and other reasonable procedures to accomplish the purposes of this chapter. *The duty of care for persons accompanying authorized representatives of the cabinet during inspections shall be upon the cabinet.*

(d) Procedures for the administrative and judicial review of all actions of the cabinet to administer and enforce the provisions of this chapter, including the award of costs and expenses (including attorney's fees and expert witness fees) by the cabinet or the court.

(e) Plans and procedures for the reclamation and restoration of land and water resources affected by mining which have been abandoned or inadequately reclaimed to the standards imposed by this section and for which no bond is held or legal obligation to reclaim continues. Such plan shall include provisions for the imposition of liens for necessary reclamation expenditures made on private property.

(f) Procedures for the assumption of the small operator assistance program pursuant to the surface mining control and reclamation act of 1977 (PL 95-87). The cabinet shall assume and implement that program and apply for and administer funds as may be provided pursuant to that act and such state funds as may be provided for the program.

(3) In addition to any other authority, power and duty vested in it by law, the cabinet shall have and exercise broad authority, power and duty to:

(a) Require those persons who wish to engage in surface coal mining and reclamation operations to submit application for a permit from the cabinet to conduct such operations, and to include in that application all information required by the cabinet pertaining to that operation.

(b) Issue, deny, or modify under such conditions as the cabinet may prescribe, permits to conduct surface coal mining and reclamation operations within the Commonwealth.

(c) Enter and inspect any permitted surface coal mining and reclamation operation or any known or suspected unpermitted mining operation for the purpose of ascertaining compliance with any provision of this chapter or of the permit.

(d) Order the cessation of mining activities, and if necessary impose affirmative abatement obligations, upon the operator when, upon inspection, the cabinet determines that this section or any permit condition is being or has been violated so as to constitute an imminent and inordinate peril to the welfare of the Commonwealth.

(e) Order an operator to comply with the requirements of this section or his permit if inspection reveals a violation of the conditions of his permit or of any provision of this section.

(f) Order an operator to appear and show cause why his permit should not be suspended or revoked and his bond forfeited if the cabinet determines that the operator or the permitted operation has a pattern of violations of this section or permit conditions, and has wilfully violated this section or permit conditions or a pattern of violations exists and that such violations are caused by the permittees' unwarranted failure to comply with this section or permit conditions.

(g) Require, increase, release or decrease, under such conditions as the cabinet may prescribe reclamation performance bonds and cause the forfeiture and collection of those bonds where the permittee has abandoned the operation or for which the permit under which the bond was given has been revoked or has expired without the required reclamation.

(h) To administratively impose, in lieu of those civil penalties provided for in KRS 350.990, civil penalties of up to five thousand dollars ($5,000) per day for violations of permit conditions, this section, or any orders of the cabinet and enforce the administrative assessment of such penalties by initiating civil action in the Franklin Circuit Court or in any court having jurisdiction of the defendant.

(i) Conduct hearings and make investigations of any matter relating to the regulation of surface coal mining and reclamation operations, and provide for the assessment and payment of civil penalties including the placement of proposed civil penalty assessments into an escrow account prior to a contest on the amount of the assessment, consistent with the process of law.

(j) Provide for variances or exceptions consistent with KRS 350.450 from or in addition to mining performance standards, recognizing the specific characteristics inherent in:

1. Steep slope mining;

2. Mountaintop removal;

3. Relatively low acreage disturbance or annual coal production;

4. Prime farmland mining as defined by the United States department of agriculture, and to provide for other variances where land uses and watersheds will be improved; and

5. Post-mining uses different from and as beneficial as the pre-mining uses.

(k) Receive and expend funds or aid from whatever source to accomplish the purposes of this chapter.

(l) Propose and promulgate regulations to accomplish the purposes of this section.

(4) The cabinet shall not promulgate regulations which are inconsistent with the surface mining control and reclamation act of 1977 (PL 95-87).

(5) Any person who violates a provision of this section or the regulations promulgated pursuant thereto shall be subject to those penalties and remedies set forth in KRS 350.990 except as provided for in subsection (3)(h) herein.

Section 4. KRS 350.405 is amended to read as follows:

(1) The operator shall restore the land affected to a condition capable of supporting the uses which it was capable of supporting prior to any mining, or higher or better uses of which there is reasonable likelihood, so long as such use or uses do not present any actual or probable hazard to public health or safety or pose any actual or probable threat of water diminution or pollution, and the permit applicant's declared proposed land use following reclamation is not deemed to be impractical or unreasonable, inconsistent with applicable land use policies and plans, involves unreasonable delay in implementation, or is violative of federal, state, or local law.

(2) Roads shall be reclaimed according to regulations promulgated by the cabinet, but the cabinet shall approve retention of a road as suitable for the approved post mining land use if the property owner desires.

Section 5. KRS 350.440 is amended to read as follows:

The operator shall place all excess spoil material resulting from surface coal mining and reclamation operations pursuant to this chapter in the following manner:

(1) Spoil is transported and placed in a controlled manner in position for concurrent compaction (where advisable) and in such a way as to assure mass stability and to prevent mass movement;

(2) The areas of disposal are within the bonded permit areas and all organic matter shall be removed immediately prior to spoil placement;

(3) Appropriate surface and internal drainage systems and diversion ditches are used so as to prevent spoil erosion and movement;

(4) The disposal area does not contain springs, natural watercourses, or wet-weather seeps unless lateral drains are constructed from the wet area to the main underdrains in such a manner that filtration of the water into the spoil pile will be prevented;

(5) If placed on a slope, the spoil is placed upon the most moderate slope among those upon which, in the judgment of the cabinet *with the concurrence of a cabinet engineer,* the spoil could be placed in compliance with all the requirements of this chapter and shall be placed, where possible, upon, or above, a natural terrace, bench, or berm, if such placement provides additional stability and prevents mass movement;

(6) Where the toe of the spoil rests on a downslope, a rock toe buttress of sufficient size to prevent mass movement is constructed;

(7) The final configuration is compatible with the natural drainage pattern and surroundings and suitable for intended uses;

(8) Design of the spoil disposal area is certified by a qualified registered professional engineer in conformance with professional standards; and

(9) All other provisions of this chapter are met.

SECTION 6. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

All underground mining activities shall be conducted in a manner which minimizes damage, destruction, or disruption of services provided by oil, gas, and water wells; oil, gas, and coal-slurry pipelines; railroads; electric and telephone lines; and water and sewage lines predating the permit which pass over, under, or through the permit area, unless otherwise approved by the owner of those facilities and the cabinet.

The Committee Substitute to **HB 651** is as follows:

(l) The cumulative acreage added by successive revisions shall not exceed the above limitations.

Section 2. KRS 350.130 is amended to read as follows:

(1) When any of the requirements of this chapter or rules or regulations adopted pursuant thereto or the orders of the cabinet have not been complied with, the cabinet shall forthwith cause a notice of noncompliance to be issued upon the person or operator. The cabinet shall set forth in its notice a reasonable time period but not more than ninety (90) days for the abatement of the violation. *If an operator feels reasonable time has not been granted for remedial action, he may request and the cabinet shall grant an on-site inspection and review of the violation by supervisory personnel of the cabinet.* If any person or operator has not abated the violation within the time prescribed in the notice of noncompliance, the secretary or other authorized personnel of the cabinet shall issue to said operator or person an order for immediate compliance and cessation of any mining activities or operations which are contributing to the violation. Such order shall require the person or operator to abate the violation in the most expeditious manner possible. The secretary is authorized to promulgate reasonable regulations for the implementation of this section. Such notice or order shall be handed to the person in charge of the operation, and the operator or person engaged in coal exploration operations or sent by certified mail, return receipt requested addressed to the permanent address shown on the application for a permit or if no address is shown on the application, then to the address known to the cabinet. The notice of noncompliance or order for immediate compliance and cessation shall specify in what respects the person or operator has failed to comply with this chapter or the regulations or orders of the cabinet and the remedial action required, the period of time established for abatement, and a reasonable description of the portion of the surface coal mining and reclamation operation to which the notice or order applies. *If an operator feels a reasonable time has not been granted for remedial action, then he may request and the cabinet shall grant an on-site inspection and review of the violation by supervisory personnel of the cabinet.* If the person or operator has not reached an agreement with the cabinet or has not complied with the requirements set forth in the notice of noncompliance or order for immediate compliance and cessation within time limits set therein, the permit may be revoked or the operation terminated, after an opportunity for a hearing, by order of the cabinet and the performance bond, if any, shall then be forfeited to the cabinet, except as provided in subsection (2) of this section and in KRS 350.110, provided that failure to attend a hearing shall be excused for good cause shown.

(2) When a bond is forfeited pursuant to the provisions of this chapter, the secretary shall give notice to the attorney general, who shall collect the forfeiture. Bond forfeitures collected in cases where the surface rights have been severed from the mineral rights shall be paid to the surface owner for the purpose of reclaiming in accordance with the provisions of this chapter the same area of land included under the bond; provided, that no payment shall be made until the reclamation has been accomplished in the manner required by the cabinet, to the extent of available forfeited funds, and no payment shall be made beyond the actual cost of reclamation. Provided further, that this section shall not apply in cases where the owner cannot be located, or does not desire or is unable to accomplish the work in the manner required by the cabinet.

(3) An operator or person whose mining permit or operation has been revoked, suspended, or terminated or is at the time of the application in violation of this chapter or other applicable requirements as set forth in KRS 350.085 shall not be eligible to receive another permit or begin another operation or to have suspended permits or operations reinstated until he shall have complied with all the requirements of this chapter or submitted proof satisfactory to the cabinet under KRS 350.085 that such violation has been corrected or is in the process of being corrected in respect to all permits issued him, provided, further, that no operator or person shall be eligible to receive another permit or begin another operation who has forfeited any bond unless the land for which the bond was forfeited has been reclaimed without cost to the state or the operator or person has paid such sum as the cabinet finds is adequate to reclaim such lands. The cabinet shall not issue any permits to or allow future operations by any operator or person who has demonstrated a pattern of willful violations of this chapter of such nature and duration with such resulting irreparable damage to the environment as to indicate an intent not to comply with the provisions of this chapter, provided that no permit shall be denied on this basis without an opportunity for a hearing. The secretary shall promulgate regulations which implement this section. For the purposes of this section, if a corporate permittee has demonstrated a pattern of willful violations, then any subsequent application for a permit by that corporation, or any person who controls or has controlled that corporation, shall be denied.

(4) In the exercise of the secretary's enforcement powers and authority under this chapter, the secretary, or an authorized representative of the cabinet, after inspection shall immediately order the cessation of such condition or operation when he determines that the condition or operation creates an imminent danger to the health or safety of the public or that the condition or operation is causing or can reasonably be expected to cause significant imminent environmental harm in violation of this chapter or the regulations pursuant to this chapter, or any permit condition. For purposes of this subsection, "imminent danger to the health and safety of the public" means the existence of any condition or practice, or any violation of a permit or other requirement of this chapter in a surface coal mining and reclamation operation, which condition, practice, or violation could reasonably be expected to cause substantial physical harm to persons outside the permit area before such condition, practice, or violation can be abated. A reasonable expectation of death or serious injury before abatement exists if a rational person, subjected to the same conditions or practices giving rise

to the peril, would not expose himself or herself to the danger during the time necessary for abatement.

(5) Each provision of this section shall be interpreted and applied consistently with due process of law.

(6) The secretary, or authorized representatives of the cabinet, shall have the power to vacate, amend, modify, or terminate notices of noncompliance and cessation orders, pursuant to regulations promulgated by the cabinet.

Section 3. KRS 350.465 is amended to read as follows:

(1) The provisions of this section and regulations promulgated pursuant thereto (except with regard to the mining of clay, limestone, sand, gravel, fluorspar, stone, and rock asphalt) shall apply to the regulation of all surface coal mining and reclamation operations in the Commonwealth in the event that the Commonwealth receives from the United States department of interior and pursuant to the surface mining control and reclamation act of 1977 (PL 95-87) approval of a permanent state regulatory program, and the Commonwealth has promulgated regulations pursuant to this section.

(2) The natural resources and environmental protection cabinet is hereby authorized and directed to prepare, develop and promulgate a comprehensive permanent regulatory program for the implementation of the surface mining control and reclamation act of 1977 (PL 95-87) for the purpose of accepting and administering primary enforcement responsibilities pursuant to that act. The implementation of this section shall contain procedures similar to the surface mining control and reclamation act of 1977 (PL 95-87) and shall require surface coal mining operation performance standards no more stringent than provided for in that act. Nothing herein shall be construed to empower the cabinet to adopt a regulatory program in conflict with the policy and purposes of the surface mining control and reclamation act of 1977 (PL 95-87). To that end, the natural resources and environmental protection cabinet shall include in its permanent regulatory program:

(a) Environmental protection performance standards to prevent or minimize the adverse environmental effects of surface coal mining and reclamation operations on the land and water resources of the Commonwealth.

(b) A procedure for designating as being unsuitable for mining certain lands because of their topographical, geological, hydrological, climatological, biological, or chemical characteristics or historical, cultural, scientific or aesthetic values.

(c) Procedures and regulations for the allowance of those persons having an interest which is or may be adversely affected to have the opportunity to be heard at every significant or critical part of the administrative and judicial process, including, but not limited to, the permit review and issuance process, the general enforcement process and hearings incident thereto, and the rulemaking procedures conducted by the cabinet; and procedures and regulations for persons having a valid legal interest which is or may be adversely affected by the setting, release, and inspection of bonds to have an opportunity to be heard at every significant or critical part of the administrative and judicial process relating to bonds. Such regulations shall provide reasonable procedures for notice and an opportunity to be heard, access to minesites, access to records, and other reasonable procedures to accomplish the purposes of this chapter. *The cabinet shall exercise due care for persons accompanying authorized representatives of the cabinet during inspections.*

(d) Procedures for the administrative and judicial review of all actions of the cabinet to administer and enforce the provisions of this chapter, including the award of costs and expenses (including attorney's fees and expert witness fees) by the cabinet or the court.

(e) Plans and procedures for the reclamation and restoration of land and water resources affected by mining which have been abandoned or inadequately reclaimed to the standards imposed by this section and for which no bond is held or legal obligation to reclaim continues. Such plan shall include provisions for the imposition of liens for necessary reclamation expenditures made on private property.

(f) Procedures for the assumption of the small operator assistance program pursuant to the surface mining control and reclamation act of 1977 (PL 95-87). The cabinet shall assume and implement that program and apply for and administer funds as may be provided pursuant to that act and such state funds as may be provided for the program.

(3) In addition to any other authority, power and duty vested in it by law, the cabinet shall have and exercise broad authority, power and duty to:

(a) Require those persons who wish to engage in surface coal mining and reclamation operations to submit application for a permit from the cabinet to conduct such operations, and to include in that application all information required by the cabinet pertaining to that operation.

(b) Issue, deny, or modify under such conditions as the cabinet may prescribe, permits to conduct surface coal mining and reclamation operations within the Commonwealth.

(c) Enter and inspect any permitted surface coal mining and reclamation operation or any known or suspected unpermitted mining operation for the purpose of ascertaining compliance with any provision of this chapter or of the permit.

(d) Order the cessation of mining activities, and if necessary impose affirmative abatement obligations, upon the operator when, upon inspection, the cabinet determines that this section or any permit condition is being or has been violated so as to constitute an imminent and inordinate peril to the welfare of the Commonwealth.

(e) Order an operator to comply with the requirements of this section or his permit if inspection reveals a violation of the conditions of his permit or of any provision of this section.

(f) Order an operator to appear and show cause why his permit should not be suspended or revoked and his bond forfeited if the cabinet determines that the operator or the permitted operation has a pattern of violations of this section or permit conditions, and has wilfully violated this section or permit conditions or a pattern of violations exists and that such violations are caused by the permittees' unwarranted failure to comply with this section or permit conditions.

(g) Require, increase, release or decrease, under such conditions as the cabinet may prescribe reclamation performance bonds and cause the forfeiture and collection of those bonds where the permittee has abandoned the operation or for which the permit under which the bond was given has been revoked or has expired without the required reclamation.

(h) To administratively impose, in lieu of those civil penalties provided for in KRS 350.990, civil penalties of up to five thousand dollars ($5,000) per day for violations of permit conditions, this section, or any orders of the cabinet and enforce the administrative assessment of such penalties by initiating civil action in the Franklin Circuit Court or in any court having jurisdiction of the defendant.

(i) Conduct hearings and make investigations of any matter relating to the regulation of surface coal mining and reclamation operations, and provide for the assessment and payment of civil penalties including the placement of proposed civil penalty assessments into an escrow account prior to a contest on the amount of the assessment, consistent with the process of law.

(j) Provide for variances or exceptions consistent with KRS 350.450 from or in addition to mining performance standards, recognizing the specific characteristics inherent in:

1. Steep slope mining;

2. Mountaintop removal;

3. Relatively low acreage disturbance or annual coal production;

4. Prime farmland mining as defined by the United States department of agriculture, and to provide for other variances where land uses and watersheds will be improved; and

5. Post-mining uses different from and as beneficial as the pre-mining uses.

(k) Receive and expend funds or aid from whatever source to accomplish the purposes of this chapter.

(l) Propose and promulgate regulations to accomplish the purposes of this section.

(4) The cabinet shall not promulgate regulations which are inconsistent with the surface mining control and reclamation act of 1977 (PL 95-87).

(5) Any person who violates a provision of this section or the regulations promulgated pursuant thereto shall be subject to those penalties and remedies set forth in KRS 350.990 except as provided for in subsection (3)(h) herein.

Section 4. KRS 350.405 is amended to read as follows:

(1) The operator shall restore the land affected to a condition capable of supporting the uses which it was capable of supporting prior to any mining, or higher or better uses of which there is reasonable likelihood, so long as such use or uses do not present any actual or probable hazard to public health or safety or pose any actual or probable threat of water diminution or pollution, and the permit applicant's declared proposed land use following reclamation is not deemed to be impractical or unreasonable, inconsistent with applicable land use policies and plans, involves unreasonable delay in implementation, or is violative of federal, state, or local law.

(2) Roads shall be reclaimed according to regulations promulgated by the cabinet, but the cabinet shall approve retention of a road as suitable for the approved post mining land use if the property owner desires.

Section 5. KRS 350.440 is amended to read as follows:

The operator shall place all excess spoil material resulting from surface coal mining and reclamation operations pursuant to this chapter in the following manner:

(1) Spoil is transported and placed in a controlled manner in position for concurrent compaction (where advisable) and in such a way as to assure mass stability and to prevent mass movement;

(2) The areas of disposal are within the bonded permit areas and all organic matter shall be removed immediately prior to spoil placement;

(3) Appropriate surface and internal drainage systems and diversion ditches are used so as to prevent spoil erosion and movement;

(4) The disposal area does not contain springs, natural watercourses, or wet-weather seeps unless lateral drains are constructed from the wet area to the main underdrains in such a manner that filtration of the water into the spoil pile will be prevented;

(5) If placed on a slope, the spoil is placed upon the most moderate slope among those upon which, in the judgment of the cabinet *with the concurrence of a cabinet engineer*, the spoil could be placed in compliance with all the requirements of this chapter and shall be placed, where possible, upon, or above, a natural terrace, bench, or berm, if such placement provides additional stability and prevents mass movement;

(6) Where the toe of the spoil rests on a downslope, a rock toe buttress of sufficient size to prevent mass movement is constructed;

(7) The final configuration is compatible with the natural drainage pattern and surroundings and suitable for intended uses;

(8) Design of the spoil disposal area is certified by a qualified registered professional engineer in conformance with professional standards; and

(9) All other provisions of this chapter are met.

SECTION 6. A NEW SECTION OF KRS CHAPTER 350 IS CREATED TO READ AS FOLLOWS:

(1) After the issuance of a permit by the cabinet, any use of the property so permitted or the surrounding property which would otherwise prohibit mining pursuant to KRS 350.085, shall not prohibit mining under the issued permit or any renewal thereof by the permittee or its successors or assigns.

(2) Unless stated to the contrary in the waiver, once a waiver of the prohibitions prescribed in KRS 350.085 is obtained, no further waivers shall be required by the cabinet of the permittee, its successors or assigns, for an amendment to or renewal of the permit, unless there is additional proposed surface mining disturbances within the prohibited distances as set forth in KRS 350.085.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 287.020 is amended to read as follows:

(1) The commissioner may prescribe, amend and repeal such rules, regulations, forms, *policy statements* and orders as are necessary to interpret and carry out the provisions and intent of this chapter. He shall devise a seal for his department, a description of which, together with an impression thereof and a certificate of approval by the governor, shall be filed in the office of the secretary of state. The seal shall be renewed whenever necessary.

(2) The commissioner of financial institutions and his deputies shall be allowed their necessary traveling and other expenses of conducting their office.

(3) The commissioner of financial institutions may prescribe, amend and repeal regulations *and policy statements* authorizing banks to engage in any banking activity in which such banks could engage were they operating as national banks at the time such authority is granted, provided that this subsection shall not apply to activities which are expressly prohibited or limited by the statutes of the Commonwealth.

(4) Nothing herein contained shall be construed to repeal, modify or alter the restrictions of KRS 287.105 relative to the leasing of motor vehicles, or of KRS 287.180 relative to the establishment of branches.

Section 2. KRS 287.061 is amended to read as follows:

(1) Whenever an application for approval of a corporation or facility provided for by KRS 287.050. 287.180, or 287.185 is made, notice of such application shall be published.

(2) Any interested party shall have the opportunity to make written comments on whether the criteria for approval set forth in the particular statutory section have been met. Such party *may inspect all public records relating to the application to the extent provided by KRS 61.870 to 61.884* [~~shall have access to all materials supplied by the applicant to the commissioner in connection with the application and all evidence assembled by the commissioner or his agents pertaining to said application~~].

(3) The commissioner may cause a hearing to be held if, in his judgment, such hearing is necessary to protect the rights of any party or otherwise advisable under the circumstances. Regardless of whether or not a hearing is held, the commissioner shall make the determinations required of him by the statutory sections mentioned in subsection (1) by means of a written order which sets forth the bases for his decision.

(4) When no hearing has been held and the commissioner has determined, by written order, that the proposed corporation or facility contemplated by the statutory sections mentioned in subsection (1) of this section should not be approved, he shall afford those parties seeking approval, and them only, a period of twenty (20) days after rendition of the order to request a public hearing. If a hearing is then held, he shall prepare a second written order which makes the particular determinations required by the above-mentioned statutory sections. This second order may contain bases for his determinations that are in addition to or different from those contained in the first order.

(5) Notice of hearings held pursuant to this section shall be given by advertising one (1) time in the newspaper with the largest circulation in the locality where the proposed corporation or facility is to be situated. Such advertisement shall state the nature and location of the proposed corporation or facility, as well as the name of the corporation or parties applying for approval. The notice shall also state that any interested parties who wish to make written comments on the application shall so indicate to the department in writing within twenty (20) days after publication of the notice.

Section 3. KRS 287.070 is amended to read as follows:

(1) *The minimum capital stock of any bank incorporated in this state after the effective date of this Act shall be three hundred thousand dollars ($300,000)* [~~The capital stock of any financial institution mentioned in KRS 287.040 organized prior to May 31, 1938 shall be maintained in the amount required by the law in effect on May 30, 1938~~].

(2) The minimum capital stock of any [~~bank or~~] trust company *incorporated in this state after the effective date of this Act shall be five hundred thousand dollars ($500,000)* [~~organized after May 30, 1938 shall be as follows, according to the city in which it is located:~~

~~Cities of up to 7,999 population~~	$ 25,000
Cities of 7,999 to 19,999 population	$ 50,000
Cities of 20,000 to 100,000 population	$100,000
Cities of over 100,000 population	$200,000]

(3) The minimum capital stock of *any interim or phantom bank which is created solely for the purpose of effectuating a merger or consolidation to facilitate the formation of a bank holding company or other corporate reorganization or recapitalization shall be three thousand dollars ($3,000)* [~~any combined bank and trust company, combined bank and real estate title insurance company or combined trust and real estate title insurance company or combined bank trust and real estate title insurance company, organized after May 30, 1938, shall be not less than twice the amount stated in subsection (2) of this section~~].

Section 4. KRS 287.095 is amended to read as follows:

(1) *Before* [~~At least sixty (60) days prior to~~] a change *occurs* [~~occurring~~] in the outstanding voting *securities* [~~stock~~] of any bank or trust company which will result in control or in a change in the control of the bank or trust company, *each* [~~the~~] proposed acquiring party [~~or parties~~] shall *file a report with* [~~report such facts to~~] the commissioner *unless the party is, or as a result of the change of control will become, a bank holding company as defined in KRS 287.900. No proposed change which is required to be reported to the commissioner pursuant to this subsection may be effected unless and until the commissioner approves the change. The commissioner shall approve the proposed change in control within sixty (60) days after receipt of the notice* [~~for approval~~] unless the commissioner finds that:

If there is any doubt as to whether a change in the outstanding voting *securities* [~~stock~~] is sufficient to result in control thereof or to effect a change in the control thereof, such doubt shall be resolved in favor of reporting the facts to the commissioner.

(3) *If* [~~Whenever~~] a bank makes a loan or loans, secured, or to be secured, by twenty-five percent (25%) or more of the outstanding voting *securities* [~~stock~~] of a bank, the president or other chief executive officer of the lending bank shall promptly report *the* [~~such~~] fact to the commissioner upon obtaining knowledge of *the* [~~such~~] loan or loans, except that no report need be made *if* [~~in those cases where~~] the borrower has been the owner of record of the *securities* [~~stock~~] for a period of one (1) year or more, or the *securities* [~~stock is~~] that of a newly organized bank prior to its opening.

(4) The reports required by subsections (1)[~~, (2)~~] and (3) of this section shall contain the following information to the extent that it is known by the person making the report:

Section 5. KRS 287.180 is amended to read as follows:

(1) Banks authorized under the laws of this state may, except as provided in subsection (2) of this section, exercise, only at their principal office, powers necessary to carry on the business of banking by discounting and negotiating notes, drafts, bills of exchange and other evidences of debt, and by purchasing bonds, receiving deposits and allowing interest thereon, buying and selling exchange, coin and bullion and lending money on personal or real security.

(2) Any corporation presently or hereafter engaged in the business of banking, and meeting the requirements of this subsection, may apply to the commissioner for permission to establish[~~, within the city in which either the principal office or an existing branch office which has been annexed into the city or acquired by merger is located and, subject to the limitation hereinafter imposed,~~] within the county in which its principal office is located a branch at which all of the powers conferred in subsection (1) of this section may be exercised. Before the commissioner shall approve or disapprove any application made under this subsection he shall ascertain and determine that the public convenience and advantage will be served and prompted thereby and that there is reasonable probability of the successful operation of such branch based upon the financial and managerial impact of the branch on the bank establishing the branch. No such branch shall be authorized or approved by the commissioner unless all of the following are complied with:

(a) No such corporation having a combined capital and surplus of less than one hundred thousand dollars ($100,000) shall be permitted to establish any branch. Any corporation applying for permission to establish a branch shall be required to have a minimum combined capital and surplus for each branch applied for in accordance with the following table:

Said population is to be determined by the last census or any future census of the United States;

(b) No *branch shall be established outside the county within which the principal office of the bank is located* [~~such corporation shall be permitted to establish a branch in any incorporated city, other than in the city in which either the principal office or an existing branch office which has been annexed into the city or acquired by merger is located, in which there is an existing bank. Nor shall any such corporation be permitted to establish a branch in any unincorporated area within a radius of one (1) mile of an existing bank located in such unincorporated area. As used in this subsection, an "existing bank" shall mean the principal office of a bank as distinguished from a branch thereof~~];

(c) The permission to open a branch shall lapse one (1) year after the commissioner has rendered a final order, as defined in KRS 287.062, unless it shall have been opened and business actually begun in good faith. If, for reasons beyond the control of the applicant, the branch is not opened within this time period, permission to open the branch may, with the approval of the commissioner, be extended for whatever period of time he deems to be necessary; and

(d) An application to establish a branch office shall be approved or disapproved by the commissioner based upon the facts existing at the date of filing of the application, except for the financial condition of the bank proposing to establish a branch office, which condition shall be subject to review until an order ruling on the application is made.

(3) Any corporation which on January 1, 1966, was engaged in operating an agency or branch bank, may continue to retain and operate the same under the general banking laws, and the requirements set forth in this section in respect to capital shall not apply to any such existing agency or branch bank but only as to those agencies or branch banks which may be established in the future pursuant to the terms of this section.

(4) The provisions of this section shall not be construed to prohibit the merger of banks in the same county and the operation by the merged corporation of such banks, nor to prohibit the sale of any bank to, and the purchase thereof by, any other bank in the same county and the operation of such bank by the purchasing bank as a branch, provided the commissioner shall determine that the public convenience and necessity will be served by such operation, and provided further that, at the time of such merger or purchase, each of the banks involved shall have been in operation for a period of five (5) years or more. The bank which does not survive the merger must surrender its charter.

(5) Any national banking association or any state bank member of the federal reserve system whose principal office is located in this state is hereby authorized to do all things and perform all acts which state banks are permitted to do or perform under this section, subject to the conditions and restrictions provided for banks as to exercise of such powers.

(6) When a branch or agency bank has once been established any operation thereof shall not be discontinued, and said branch or agency bank shall not be closed until after ninety (90) days' notice in writing to the commissioner. In the discretion of the commissioner said branch or agency bank proposing to discontinue operation may be required to give notice of the date when such operation will cease.

Section 6. KRS 287.280 is amended to read as follows:

(1) No bank or trust company shall permit any person to become indebted to it or to become obligated as guarantor or surety to it in an amount exceeding twenty per cent (20%) of its capital stock actually paid in and its actual amount of surplus, unless such person pledges with it good collateral security or executes to it a mortgage upon real or personal property which at the time is of more than the cash value of the indebtedness or obligation above all other encumbrances; but in no event shall the indebtedness or obligation of any person exceed thirty percent (30%) of the paid-in capital and actual surplus of the bank or trust company.

(2) No bank or trust company shall permit any of its directors or executive officers to become indebted to it or become obligated as guarantor or surety to it in an amount which exceeds that which any other person is authorized by this section to become indebted or obligated. ~~(b) As used in this section, "executive officer" means a person who participates or has authority to participate, other than in the capacity of a director, in major policymaking functions of the bank or trust company, whether or not the officer has an official title, the title designates the officer an assistant, or the officer is serving without salary or other compensation. The chairman of the board, the president, every vice-president, the cashier, the secretary, and the treasurer of a bank or trust company are considered executive officers, unless the officer is excluded, by resolution of the board of directors or by the bylaws of the bank or trust company, from participation, other than in the capacity of a director, in major policymaking functions of the bank or trust company, and the officer does not actually participate therein; and~~

~~(c) As used in this section, "related interest" means any corporation, partnership, trust (business or otherwise), association, joint venture, pool syndicate, sole proprietorship, unincorporated organization, or any other form of business entity not specifically listed herein that is controlled by a person or a political or campaign committee that is controlled by a person or the funds or services of which will benefit a person. Any of the foregoing entities or committee are controlled by a person if that person directly or indirectly, or acting through or in concert with one (1) or more persons:~~

(b) "Bank holding company," "company," and "control" have the meanings accorded them in the federal Bank Holding Company Act of 1956, as amended (12 U.S.C. section 1841, et seq.). (c) "Individual" means a natural person, partnership, association, business trust, voting trust, or similar organization. Individual does not include a corporation; and

(d) "Deposit" has the meaning accorded it in the Federal Deposit Insurance Act, as amended, and regulations promulgated thereunder; excluded, however, from deposits are all interbank deposits and all deposits in foreign branches and international banking facilities, as shown in the reports made by all banks to their respective supervisory authorities.

(e) A bank holding company shall be deemed to be located or have its principal place of business in the state or other jurisdiction in which the total deposits of all the bank holding company's banking subsidiaries are largest but it shall be subject to the regulatory authority of the department.

(f) A bank which is the result of a merger, consolidation or conversion shall be deemed to have been in existence since the earliest date any of the constitutent institutions to the merger, consolidation or conversion came into existence.

(2) Any individual, or any bank holding company having its principal place of business in this state, may acquire control of one (1) or more banks or bank holding companies wherever located, except that no individual, who on July 13, 1984, controls a bank or bank holding company wherever located, and no bank holding company wherever located, may acquire, directly or indirectly, control of a bank having its principal place of business in this state if the bank was chartered after July 13, 1984, and if, at the time of the acquisition, the bank has been in existence less than five (5) years. The provisions of this subsection shall not prohibit the organization of a one (1) bank holding company for the purpose of acquiring control of a bank even if the bank was chartered after July 13, 1984, and has been in existence less than five (5) years at the time

3. That the total bank acquisitions by a bank holding company shall not exceed in the aggregate fifteen (15) banks during the five (5) year period provided in this subsection.

(5) The limitations set forth in this section or any other provision of this chapter or any regulation promulgated thereunder, as now in effect or amended after July 13, 1984, shall not apply to the acquisition of a bank if, in his discretion, the commissioner, if the bank is organized under the laws of this state, or the comptroller of the currency, if the bank is a national bank, determines that an emergency exists and the acquisition is appropriate in order to prevent the probable failure of the bank which is closed or is in danger of closing.

(6) (a) Any bank holding company having its principal place of business in a state *other than* [~~which is contiguous to~~] this state may acquire control of any bank or bank holding company having its principal place of business in this state, if the state wherein the bank holding company has its principal place of business shall authorize the acquisition of control of a bank or bank holding company in that state by a bank holding company having its principal place of business in this state under conditions substantially no more restrictive than those imposed by this section.[~~;~~]

~~(c) For the purposes of this subsection, a bank holding company shall be deemed to be located or have its principal place of business in the state or other jurisdiction in which the total deposits of all the bank holding company's banking subsidiaries are largest.~~]

(7) The provisions of this section shall not be construed to prohibit or restrict the merger or consolidation of banks or bank holding companies having their principal places of business in the same county and the operation by the merged or consolidated corporation of the banks, nor to prohibit the sale of any bank or bank holding company to, and the purchase thereof by, any other bank or bank holding company with its principal place of business in the same county and the operation of the bank as a branch so long as the provisions of KRS 287.180(4) have been satisfied.

(8) A depositor with an account at a bank located in this state and controlled by a bank holding company may make deposits and withdrawals on its account at any of the bank holding company's affiliated banks located

in this state.

(2) A non-refundable fee shall accompany each application and shall be set by the commissioner in accordance with KRS 287.480.

(3) The commissioner may examine or elect to participate in a joint examination, with the applicable federal or state regulatory agency, of any holding company or nonbank subsidiary of the holding company that controls or is affiliated with a state-chartered bank.

(4) The commissioner may enter into cooperative agreements with federal or state regulatory authorities to examine an out-of-state bank that is controlled by a Kentucky bank holding company or is controlled by a bank holding company which includes a state-chartered bank, or accept reports of examinations of such out-of-state banks from federal or state regulatory authorities in lieu of conducting examinations.

(5) The commissioner may enter into cooperative agreements with federal or state regulatory authorities to exchange confidential information and reports of examination relating to interstate acquisitions of banks and bank holding companies.

(6) The cost of an examination shall be assessed against and paid by the company examined. The assessment for the examination shall be calculated in the same manner as that used for bank examinations.

(g) Covering agents writing only policies commonly referred to as mortgage redemption insurance, which consist of reducing term life insurance and accident and health insurance, if any, contained therein or sold in conjunction therewith;

(h) Covering agents writing crop-hail insurance only; and

(i) Covering agents writing mechanical breakdown insurance only.

(2) The fee for licenses is as specified in KRS 304.4-010.

Section 2. KRS 304.9-170 is amended to read as follows:

KRS 304.9-160 shall not apply and no such examination shall be required of:

(1) Any applicant for license covering the same kind or kinds of insurance as to which the applicant was licensed under a similar license in this state, other than a temporary license, within the twenty-four (24) months next preceding date of application, unless such previous license was revoked, suspended, or continuation thereof refused by the commissioner.

(2) In the commissioner's discretion, any applicant who has been licensed under a similar license in another state within twelve (12) months prior to his application for license in this state, and who files with the commissioner the certificate of the public official having supervision of insurance in such other state as to applicant's license and good conduct in such state.

upon his own interest or upon those of other persons with whom he is closely associated in capacities other than as an insurance agent, or solicitor.

(2) The commissioner shall not grant, renew, continue or permit to exist any license as agent, or solicitor as to any applicant therefor or licensee thereunder if he finds that the license has been or is being or will probably be used by the applicant or licensee principally for the purpose of writing "controlled business," that is:

(3) Such a license shall be deemed to have been, or intended to be, used principally for the purpose of writing controlled business if the commissioner finds that during any twelve (12) months' period the aggregate premiums accruing or to accrue from such controlled business have exceeded or probably will exceed the aggregate premiums accruing or to accrue on other business written or probably to be written by such applicant or licensee during the same period.

(4) This section shall not apply as to:

HB 318, AN ACT relating to teachers' loans and scholarships.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 164 IS CREATED TO READ AS FOLLOWS:

(1) It is the intent of the general assembly to establish a teacher scholarship program to attract and encourage the most academically talented students to become certified Kentucky teachers and render service in the public schools of the Commonwealth.

(2) The Kentucky higher education assistance authority is authorized, to the extent of appropriations and other funds available to it, including funds pursuant to subsection (8) of this section, to make teacher scholarships to persons enrolled or accepted for enrollment at colleges located in Kentucky, who declare an intention to enter the teaching profession in the public schools of the Commonwealth, and who are eligible under subsection (3) of this section. Each teacher scholarship shall be evidenced by a promissory note which requires repayment or cancellation pursuant to subsection (5) of this section.

(3) For purposes of this section, "eligible program of study" shall mean an undergraduate or graduate program of study, which is preparatory to teacher certification, or recertification in a critical shortage area, and which does not lead to a certificate, diploma, or degree in theology, divinity, or religious education. Kentucky residents who are enrolled or accepted for enrollment in an eligible program of study on a full-time basis at a participating institution shall be eligible to apply for teacher scholarships pursuant to this section, provided

that such persons:

(a) Rank academically in the top twenty percent (20%) of their high school graduating class or on the general educational development test; or

(b) Have attained a cumulative grade point average of at least the equivalent of 2.5 on a 4.0 scale for prior undergraduate studies; or

(c) Have certification to teach, have attained a cumulative grade point average of at least the equivalent of 2.5 on a 4.0 scale during the prior undergraduate studies and at least the equivalent of 3.0 on a 4.0 scale on any prior graduate studies, and agree to pursue appropriate recertification and to render qualified teaching service, upon completion of the recertification program, in a critical shortage area. For purposes of this section, a critical shortage area shall mean a situation of understaffing of teachers in particular subject matters, grade levels or geographic location as determined by the authority following consultation with the superintendent of public instruction.

(4) Persons who are enrolled at a participating institution in an eligible program of study and who have previously received teacher scholarships, pursuant to KRS 156.613 or this section, or math-science incentive loans, pursuant to KRS 156.611, not in excess of the aggregate limit prescribed by subsection (5)(a) of this section are eligible to apply for additional teacher scholarships so long as they:

(a) Have maintained continuous full-time enrollment, which during summer sessions shall constitute full-time enrollment for applicants pursuant to subsection (3)(c) of this section, exclusive of periods of approved deferment; and

(b) Have made satisfactory progress toward completion of the eligible program of study in accordance with standards prescribed by the participating institution; and

(c) Have attained a cumulative grade point average of at least the equivalent of 2.5 on a 4.0 scale during the prior undergraduate studies and at least the equivalent of 3.0 on a 4.0 scale on any prior graduate studies.

(5) (a) The Kentucky higher education assistance authority shall establish, by administrative regulation, the maximum annual amount of scholarship to be awarded under this section, provided that the aggregate amount of scholarships per individual shall not exceed twenty thousand dollars ($20,000), and the amount of each scholarship to be awarded shall not exceed the applicant's total cost of education minus other financial assistance received or expected to be received by the applicant during the academic period.

(b) The Kentucky higher education assistance authority shall award teacher scholarships only to eligible persons who agree to render service as certified teachers in the public schools of the Commonwealth for a major portion of the school day in at least seventy (70) school days during each semester of such service for up to four (4) consecutive years, exclusive of periods of approved deferment.

(c) In the event that the recipient of a teacher scholarship fails to complete an eligible program of study at a participating institution or fails to render qualifying teacher service in any semester, unless such failure is temporarily waived for cause by the Kentucky higher education assistance authority, then any remaining scholarship shall become a loan to be repaid by the recipient.

(d) Persons ceasing to be enrolled in an eligible program of study shall immediately become liable for payment to the authority for the sum of all teacher scholarships received and accrued interest thereon, unless a deferment has been granted for cause by the authority. Persons failing to meet teaching requirements of paragraph (b) of this subsection in any required semester shall immediately become liable to the authority for repayment of the sum of all outstanding teacher scholarships and accrued interest thereon, unless a deferment has been granted for cause by the authority. Persons liable for repayment of scholarships under this paragraph shall be liable for interest accruing from the dates on which the teacher scholarships were disbursed.

(e) The promissory notes of persons who actually render qualifying teacher service in accordance with subsection (5)(b) of this section shall be cancelled by the authority at a rate determined by the authority.

(f) The authority shall establish, by regulation, the terms and conditions for awarding, cancelling and repayment of such teacher scholarships including, but not limited to, the selection criteria, amount of scholarship

payments, deferments, the rate of repayment, the interest rate thereon, and the rate of cancellation of promissory notes.

(5) Notwithstanding any other statute to the contrary, the maximum interest rate applicable to repayment of a teacher scholarship under this section shall be twelve percent (12%) per annum, except that if a judgment is rendered to recover payment, such judgment shall bear interest at a rate of five percent (5%) greater than the rate actually charged on the promissory note.

(6) A repayment obligation imposed hereunder shall not be voidable by reason of the age of the recipient at the time of receiving the teacher scholarship.

(7) Failure to meet repayment obligations shall be cause for the revocation of a person's teaching certificate, subject to the procedures set forth in KRS 161.120.

(8) All monies repaid to the Kentucky higher education assistance authority shall be added to the appropriations made for purposes of this section, and such funds and unobligated appropriations shall not lapse.

(9) The authority shall execute appropriate contracts and promissory notes for administering this section. No teacher scholarship shall be awarded nor promissory note cancellation granted to any person who is in default on any obligation to the authority under any program administered by the authority pursuant to KRS 164.740 to 164.785.

(10) If available funds are insufficient for all requested scholarships for eligible applicants during any fiscal year, the authority shall give priority consideration to eligible applicants who previously received teacher scholarships and who have not completed their eligible program of study. If funds are insufficient to make all requested renewal scholarships to eligible applicants, the authority shall reduce all scholarship awards to the extent necessary to provide scholarships to all qualified renewal applicants.

SECTION 2. A NEW SECTION OF KRS CHAPTER 164 IS CREATED TO READ AS FOLLOWS:

The Kentucky higher education assistance authority is authorized to participate in and administer, within Kentucky, the Paul Douglas teacher scholarship program funded by the federal government pursuant to 20 U.S.C. Section 111(b). The authority shall execute such contracts and agreements with the United States government, educational institutions, and students as may be necessary to qualify the authority to participate in said program. The authority shall promulgate administrative regulations to govern the administration of this program which shall not be more restrictive than the requirements imposed by federal law and regulations or inconsistent with this chapter.

Section 3. The following KRS sections are repealed:

156.611 Legislative intent — Student loans for mathematics and science.

156.613 Legislative intent — Student loans for teacher education.

HB 482, AN ACT relating to speech pathologists and audiologists and declaring an emergency thereof.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 334A.040 is amended to read as follows:

(1) Nothing in this chapter, however, shall be construed to prevent a qualified person licensed in this state under any other law from engaging in the profession for which he is licensed.

(2) Nothing in this chapter shall be construed to prevent qualified hearing aid dispensers from engaging in those practices and procedures used solely for the fitting and selling of hearing aids.

(3) Nothing in this chapter shall be construed as restricting or preventing activities of a speech-language

pathology or audiology nature or the use of the official title of the position for which they were employed on the part of the following persons:

(a) Persons who [~~on August 1, 1986,~~] hold a valid and current credential as a speech and hearing specialist issued by the Kentucky state department of education [~~who have not obtained a master's degree in speech-language pathology or audiology or substantive equivalent~~] and who render speech-language pathology or audiology services exclusively in the public schools;

(b) Speech-language pathologists or audiologists employed by the federal government; providing such persons are performing such activities solely within the confines or under the jurisdiction of the organization in which they are employed and do not offer to render speech-language pathology or audiology services as defined in subsections (4) and (6) of KRS 334A.020 to the public outside of the institutions or organizations in which they are employed. However, such persons may, without obtaining a license under this chapter, consult or disseminate their research findings and scientific information to other such accredited academic institutions or governmental agencies. They also may offer lectures to the public for a fee, monetary or otherwise, without being licensed under this chapter; or

(c) Registered and practical nurses or others trained to perform audiometric testing under the direct supervision of a licensed physician or surgeon.

(4) Nothing in this chapter shall be construed as restricting the activities and services of a student or speech-language pathology intern pursuing a course of study leading to a degree in speech-language pathology at an accredited or approved college or university or an approved clinical training facility, provided these activities and services constitute a part of the planned course of study and that such persons are designated by such title as "speech-language pathology intern," "speech-language pathology trainee," or other such title clearly indicating the training status appropriate to his level of training under the supervision of a licensed speech-language pathologist.

(5) Nothing in this chapter shall be construed as restricting the activities and services of a student or audiology intern pursuing a course of study leading to a degree in audiology at an accredited or approved college or university or an approved clinical training facility, provided that these activities and services constitute a part of his planned course of study and that such persons are designated by such title as "audiology intern," "audiology trainee," or other such title clearly indicating the training status appropriate to his level of training, under supervision of a licensed audiologist.

(6) Nothing in this chapter shall be construed as restricting a speech-language pathologist or audiologist from another state from offering his speech-language pathology or audiology services in this state provided such services are performed for no more than five days in any calendar year and provided that person meets the qualifications and requirements stated in the section on qualifications, except that such person need not apply for licensure under this chapter. However, a person from another state who is licensed or certified as a speech-language pathologist or audiologist by a similar board of another state, or territory of the United States, or of a foreign country or province whose standards are equivalent to or higher than, at the date of his certification or licensure, the requirements of this chapter and regulations duly adopted hereunder, or a person who meets the qualifications and requirements, and resides in a state or territory of the United States, or a foreign country or province which does not grant certification or license to speech-language pathologists, may also offer speech-language pathology services in this state for a total of not more than thirty (30) days in any calendar year without making application for licensure under this chapter.

(7) Nothing in this chapter shall be construed as restricting a speech-language pathologist or audiologist who has all the qualifications necessary for licensure under this chapter, who is not certified or licensed by another administrative agency, and who has made application for licensure under this chapter from rendering speech-language pathology or audiology services within this state while awaiting licensure.

Section 2. KRS 334A.060 is amended to read as follows:

(1) [~~The board may waive the examination and educational requirements for those applicants who, on August 1, 1986 are actively engaged in the practice of speech-language pathology or audiology, hold a valid and current credential as a speech and hearing specialist issued by the Kentucky state department of education, and have obtained a master's degree in the area of speech-language pathology or substantive equivalent, upon proof of bona fide practice presented to the board in the manner prescribed by the board's regulations.~~

~~(2) The board may waive the examination and educational requirements for those applicants who, after August 1, 1986, are actively engaged in the practice of speech-language pathology or audiology exclusively in the public schools, hold a valid and current credential as a speech and hearing specialist issued by the Kentucky state department of education, and have not obtained a master's degree in the area of speech-language pathology or audiology or substantive equivalent, upon proof of bona fide practice presented to the board in the manner prescribed by the board's regulations, provided such applicants obtain a bachelor's degree in speech-language pathology or audiology by August 1, 1987 and further provided such applicants obtain a master's degree in speech-language pathology or audiology or substantive equivalent on or before August 1, 1991.~~

~~(3)~~] The board may waive the examination and grant a license to applicants who present proof of current licensure in a state which has standards that are at least equivalent to those of this state.

(2)[~~(4)~~] The board may waive the examination and grant a license to those who hold the Certificate of Clinical Competence of the American Speech and Hearing Association in the area for which they are applying for licensure.

Section 3. Whereas, there is a critical shortage of speech audiologists and pathologists with master's degrees and it has become increasingly difficult for local districts to hire persons with such qualifications, an emergency is declared to exist, and this Act shall become effective immediately upon its passage and approval by the Governor.

The Committee Substitute to **HB 482** is as follows:

HB 482, AN ACT relating to speech pathologists and audiologists and declaring an emergency thereof.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 334A IS CREATED TO READ AS FOLLOWS:

(1) A person who has a master's degree in the area of speech-language pathology or audiology or substantive equivalent course work as defined by the board's regulations and who has completed supervised direct clinical practicum with individuals presenting a variety of disorders of communication, the experience being obtained with a training institution or in one of its cooperating programs, shall apply for an interim license during the time that person is completing postgraduate professional experience as deemed necessary by the board. This postgraduate professional experience shall be completed under the supervision of a speech-language pathologist who holds a Kentucky license if the applicant is seeking interim licensure in speech-language pathology, or under an audiologist who holds a Kentucky license, if the applicant is seeking interim licensure in audiology. A person with interim licensure shall make every effort to take and pass an examination approved by the board. Upon completion of postgraduate professional experience as deemed necessary by the board, the speech-language pathologist or audiologist shall make immediate application to the board for permanent licensure if all requirements have been completed satisfactorily or for renewal of the interim license at the discretion of the board. Failure to do so shall result in forfeiture of the interim license.

(2) After August 1, 1986, any person who has a bachelor's degree in the area of speech-language pathology desiring to practice in the public schools shall apply to the board for a provisional license. This provisional license shall be valid for five (5) years or until August 1, 1994 whichever comes first provided the applicant is pursuing a program of study which will result in the applicant obtaining a master's degree in speech-language pathology or audiology or its substantive equivalent as defined by the board, and provided the applicant meets all other requirements for interim licensing. The provisional licensee may provide services only in the public schools in the Commonwealth. This provisional license shall be renewable annually for a maximum of five (5) years from the date the bachelor's degree was granted and may be extended by the board for a one (1) year period, only upon a showing of extraordinary circumstances.

(3) In order to best regulate the quality of professional service to children in the public schools of the Commonwealth, any speech language pathologist employed by the public schools shall apply for and maintain appropriate licensure until such time as the Kentucky council on teacher education and certification recommends and the state board of education adopts and maintains an administrative regulation requiring such speech language pathologists to meet the requirements of KRS 334A.050(2)(a) and (b).

Section 2. KRS 334A.040 is amended to read as follows:

(1) Nothing in this chapter, however, shall be construed to prevent a qualified person licensed in this state under any other law from engaging in the profession for which he is licensed.

(2) Nothing in this chapter shall be construed to prevent qualified hearing aid dispensers from engaging in those practices and procedures used solely for the fitting and selling of hearing aids.

No person shall be appointed to serve more than two (2) consecutive terms.

(2) The board shall reorganize annually and select a chairman. Four (4) members of the board shall constitute a quorum to do business. The board shall hold at least one (1) regular meeting each year. After expiration of the grace period, the board may renew each license upon payment of a renewal fee plus a delinquency fee which combined shall not exceed one hundred twenty-five dollars ($125). No person who applies for renewal, whose license has expired, shall be required to submit to any examination as a condition to renewal, provided such renewal application is made within five (5) years from the date of such expiration.

(2) A suspended license is subject to expiration and shall be renewed as provided in this chapter, but such renewal does not entitle the licensee while the license remains suspended, and until it is reinstated, to engage in the licensed activity, or in any other activity or conduct in violation of the order of judgment by which the license was suspended. A license revoked on disciplinary grounds is subject to expiration as

provided in this chapter, but it may not be renewed. If it is reinstated after its expiration, the licensee, as a condition of reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last preceding regular renewal date before the date on which it is reinstated, plus the delinquency fee, if any, accrued at the time of its revocation.

(d) The denial or withdrawal of approval for a teacher preparation program.

A preliminary, procedural, or intermediate commission action is subject to judicial review upon the review of the final commission action; except that a preliminary, procedural, or intermediate commission action is subject to immediate judicial review if review of the final commission action would not provide an adequate remedy. A person aggrieved by an allegedly unlawful or unreasonable failure to act by the commission shall be entitled to judicial review to compel commission action.

(2) A proceeding for judicial review shall be instituted by filing a petition in the Franklin circuit court within thirty (30) days after the person aggrieved knew or reasonably should have known of the action or failure to act by the commission. Copies of the petition for review shall be served upon the commission and all parties of record to the proceeding on which the final action or failure to act is based.

(3) On such conditions as may be required and to the extent necessary to prevent irreparable injury, a reviewing court may postpone the effective date of any commission action pending conclusion of the review proceedings.

(4) Review shall be conducted by the court without a jury and shall be confined to the record. To the extent necessary for its decision and when presented, the court shall decide all relevant questions of law, interpret constitutional and statutory provisions, and determine the meaning or applicability of a commission action. The court may remand a matter to the commission for further proceedings or affirm or modify an action of the commission without a remand. The court shall compel commission action when the commission has unlawfully or unreasonably failed to act. The court shall hold unlawful and set aside commission action, findings and conclusions found to be:

(a) In violation of constitutional or statutory right, power, privilege, immunity or limitation;

(b) Without observance of procedure required by this Act, the commission's regulations or other law;

(c) Unsupported by substantial evidence upon the record as a whole; or

(d) Arbitrary, capricious, or an abuse of discretion.

In making the foregoing determinations, the court shall review the whole record of those parts of it cited by a party, and due account shall be taken of the rule of prejudicial error.

Members may serve successive terms if [~~renominated and~~] re-appointed in the manner prescribed for membership. Vacancies shall be filled as they occur in a manner consistent with the provisions for initial appointments.

(3) At the first meeting held on or after July 1 of each year a chairman shall be elected by and from the membership. A member shall be eligible to serve no more than three (3) one (1) year terms in succession as chairman. Section 12. KRS 161.027 is amended to read as follows:

(1) [~~Effective July 1, 1986,~~] The state board of education, pursuant to KRS 161.025[~~(4)~~], shall by administrative regulation establish requirements for a preparation program in institutions of higher education for all new applicants for principal certification and establish criteria for admission to the program.

(2) The state board of education and the council on higher education shall evaluate the preparation programs for principals and maintain only those institutional programs that can demonstrate both the quality and the capability to enroll adequate numbers of students to justify the resources necessary for maintenance of a quality program.

(3) [~~Effective July 1, 1986,~~] The state board of education shall develop or select appropriate tests for applicants seeking certification as principals, including:

(a) A generic test to assure an acceptable level of communication skills, general knowledge and professional education concepts related to but not limited to instructional leadership, management and supervisory skills; and

(b) A specialized examination on the current instructional and administrative practices in Kentucky public education.

(4) The state board of education shall establish the minimum score for successful completion of examinations and shall establish a reasonable fee to be charged applicants for the actual cost of administration of the tests. The state board of education shall provide for confidentiality of examination scores.

(5) [~~Effective January 1, 1988,~~] The certification of principals shall require the successful completion of the examinations required by subsection (3) of this section. Upon successful completion of the approved preparation program and the examinations, the superintendent of public instruction shall issue to the applicant a statement of eligibility for internship valid for four (4) years. If the applicant does not participate in an internship program within the four (4) year period, the applicant must reestablish eligibility by repeating and passing the examinations in effect at that time. Upon obtaining employment for an internship position as principal or assistant principal within the period of eligibility, the applicant shall be issued the appropriate one (1) year certificate for the position.

(6) [~~By July 1, 1986,~~] The council on *school administrators* [~~teacher~~] education and certification shall develop and recommend to the superintendent of public instruction and the state board of education an internship program which shall provide for the supervision, assistance and assessment of beginning principals and assistant principals. The internship shall not be required of applicants who have completed within a ten (10) year period prior to making application at least two (2) years of successful experience as a principal in a school situation. [~~Effective September 1, 1986~~] The state board of education, by regulation, shall establish the internship program.

(7) Effective July 1, 1988, all applicants for principal certification, after successfully completing the examinations, shall successfully complete the internship program described in subsection (6) of this section for certification as a principal. If the principal's internship performance is judged to be less than satisfactory pursuant to regulations developed by the state board of education, the principal applicant shall be provided with an opportunity to repeat the internship one (1) time if the applicant is employed by a school district as a principal or assistant principal.

(8) Following successful completion of the internship program, the principal's certificate shall be extended for four (4) years. Renewal of the certificate shall require the completion of a continuing education requirement as prescribed by the state board of education.

Section 13. KRS 161.030 is amended to read as follows:

(1) The certification of *school administrators* [~~all teachers and other school personnel~~] is vested in the state board of education. When so certified, *school administrators* [~~teachers and other school personnel~~] shall not be required to have licensure, certification, or other forms of approval from any other state agency for the performance of their respective assignments within the common schools. All certificates authorized under KRS 161.010 to 161.126 shall be issued in accordance with the published rules and regulations of the state board of education.

(2) Certificates shall be issued to persons who have completed, at such colleges and universities as have been approved by the state board of education for the preparation of *administrative* [~~teachers and other~~] school personnel, the curricula prescribed by the Kentucky council on *administrators* [~~teacher~~] education and certification and approved by the state board of education for the certificates.

(3) Initial certification of all new teachers shall require the successful completion of appropriate written tests prior to certification. The tests shall be selected by the *commission on teaching standards and practices* [~~state board of education~~] and shall measure communication skills, general knowledge, professional education concepts and knowledge in the specific teaching field of the applicant. The state board of education shall determine the minimum acceptable level of achievement on each test. The tests shall measure those concepts, ideas, and facts which are being taught in teacher education programs in Kentucky. Upon successful completion of the tests and the approved teacher preparation program, a certificate valid for one (1) year shall be issued. If an out-of-state teacher with less than two (2) years experience comes to Kentucky after the deadline for taking the written tests, a temporary certificate may be issued for a period up to six (6) months provided the local board cannot fill the vacant position with a certified teacher. The teacher shall take the tests if they are administered during the period of the temporary certificate. The certificate shall be extended for the remainder of the year if the teacher successfully completes the tests. In the event the teacher fails the tests, the temporary certificate shall be valid only for the current semester.

(4) A reasonable fee to be paid by the teacher and directly related to the actual cost of the administration of the tests shall be established by the *commission* [~~state board of education~~]. Provisions shall be made for persons having less than minimum levels of performance on any test to repeat that test, and candidates shall be informed of their strengths and weaknesses in the specific performance areas. The *commission* [~~department of education~~] shall provide for confidentiality of the individual assessment scores. Scores shall be available only to the candidate and to the education officials who are responsible for determining whether established certification standards have been met. Scores shall be used only in the assessment for certification of new teachers and of out-of-state teachers with less than two (2) years of teaching experience who are seeking initial certification in Kentucky.

(5) All new teachers, and out-of-state teachers with less than two (2) years of successful teaching experience who are seeking initial certification in Kentucky shall serve a one (1) year internship. The teacher shall be a full-time employe or shall have an annual contract and serve on at least a half-time basis and shall have supervision, assistance, and assessment during the one (1) year internship. Successful completion shall be determined by a majority vote of the beginning teacher committee. The internship period shall be counted as experience for the purpose of continuing contract status, retirement eligibility and benefits for single salary experience increments. Upon successful completion of the beginning teacher program the one (1) year initial teaching certificate shall be extended for the remainder of the usual duration period established for that particular certificate by *commission* [~~state board of education~~] regulations.

(6) The beginning teacher committee shall be composed of three (3) persons who have successfully completed special training in the supervision and assessment of the performance of beginning teachers as provided in subsection (8) of this section. The committee shall consist of a resource teacher, the school principal of the school where the internship is served, and a teacher educator from a state-approved teacher training institution to be appointed by the president of that institution. In the event that more than two (2) teacher interns are employed in the same school, the principal's responsibility may be shared with an assistant principal who holds certification as a principal. In unusual situations the *commission* [~~superintendent of public instruction~~] may permit the assistant principal to serve in lieu of the principal on a beginning teacher committee. In the event the teacher training institution is unable to provide a member, the district superintendent shall appoint an instructional supervisor from the school district. The resource teacher shall be appointed by the *commission* [~~department of education~~] from a pool of qualified resource teachers, and, any statutes to the contrary notwithstanding and to the extent of available appropriations, shall be entitled to be paid a reasonable stipend by the *commission* [~~department of education~~] for work done outside normal working hours. Priority shall be given to resource teachers with the same certification as the teacher intern in the following order:

(1) Teachers in the same school;

(2) Teachers in the same district; and

(3) Teachers in an adjacent school district.

The committee shall meet with the beginning teacher a minimum of three (3) times per year for evaluation and recommendation with all committee members present. In addition, each member of the committee shall observe the beginning teacher in the classroom a minimum of three (3) times per year. If the teacher's first year performance is judged by the committee to be less than satisfactory, the teacher shall be provided with an opportunity to repeat the internship one (1) time if the teacher is employed by a school district.

(7) The resource teacher shall spend a minimum of seventy (70) hours working with the beginning teacher; twenty (20) of these hours shall be observing the beginning teacher in the classroom setting; fifty (50) of these hours shall be in consultation other than class time or attending assessment meetings. The resource teacher shall have completed at least four (4) years of successful teaching experience as attested to by his [~~or her~~] immediate supervisor or by having achieved tenure and be able to show evidence of continuing professional development by having achieved a master's degree or its equivalent or the accumulation of two thousand (2,000) hours of continuing professional activities.

(8) By contract with teacher education institutions in the Commonwealth, the *commission* [~~superintendent of public instruction~~] shall provide special training for persons who will be serving on the beginning teacher committees. Completion of special training shall be evidenced by successfully passing the examinations as prescribed by the *commission* [~~state board of education~~].

(9) In the event an applicant establishes eligibility for a one (1) year certificate under the provisions of subsection (3) of this section, but does not become employed on the basis needed to satisfy the one (1) year internship requirement, the applicant shall be eligible for the issuance of a certificate for substitute teaching as provided by the *commission* [~~regulations of the state board of education~~]. The applicant shall remain eligible for the one (1) year certificate as provided in subsection (3) and for the opportunity to serve the internship for a period of four (4) years after establishing eligibility. If the internship is not completed within the four (4) year period, the applicant must re-establish eligibility by repeating and passing the testing program in effect for new teachers at that time.

(10) The *commission* [~~state board of education~~] shall approve the curricula of any standard college or university, or of any department thereof for the training of teachers, when the curricula comply with the rules and regulations of the *commission* [~~state board of education~~] for the issuance of certificates and when the institution has met the terms and conditions *of the commission* [~~provided in KRS 161.010 to 161.120~~]. Any student who has completed any of these curricula as approved by the *commission* [~~state board of education~~], and who has completed the prescribed requirements for the issuance of certificates shall be granted a certificate corresponding to the curricula completed.

Section 14. KRS 161.042 is amended to read as follows:

(1) The *commission on teaching standards and practices* [~~state board of education~~] shall provide through regulation for the utilization of the common schools for the preparation of teacher education students from the colleges and universities.

(2) Within the provisions established by the *commission* [~~state board of education~~], local boards of education are authorized to enter into cooperative agreements, including financial arrangements, with colleges and universities for the purpose of providing professional laboratory experiences and student teaching experiences for students preparing for the education profession.

(3) A student teacher who is jointly assigned under agreement by a teacher education institution and a local board of education shall have the same legal status and protection as a certificated teacher employed within the school district and shall be responsible to the administrative staff of the school district and the supervising teacher to whom he is assigned.

(4) Teacher education students, other than student teachers, may be permitted through cooperative agreements between the local school district and the teacher education institution, to engage in supplementary instructional activities with pupils under the direction and supervision of the professional administrative and teaching staff of the school district.

Section 15. KRS 161.046 is amended to read as follows:

(1) For purposes of this section, "adjunct instructor" means an individual who has training or experience in a subject area where there is a critical teacher shortage on a statewide or local district basis and who has met the requirements for certification as an adjunct instructor established by the *commission on teaching standards and practices* [~~state board of education~~].

(2) *The commission* [~~By September 1, 1984 the state board of education~~] shall establish regulations governing the qualifications and utilization of adjunct instructors. These regulations shall specify the minimum essential competencies which must be demonstrated by persons seeking an adjunct instructor certificate and shall establish and require competency tests if deemed necessary.

(3) Holders of an adjunct instructor certificate shall be employed on an annual contract basis and shall not be eligible for continuing service status pursuant to KRS 161.740 or for the retirement provisions of KRS 161.220 through 161.714. The granting of successive annual contracts to the holder of an adjunct instructor certificate shall not give rise to a claim of expectation of continuing employment.

(4) Local school boards may contract with such certificated adjunct instructors for part-time services on an hourly, daily or other periodic basis as best meets the needs of the board. An adjunct instructor shall not fill a position for which a qualified teacher with a regular certificate is available at the time of the signing of the contract. An orientation program shall be developed and implemented for adjunct instructors by the local school board.

Section 16. KRS 161.115 is amended to read as follows:

The holder of any type of Kentucky teacher certification issued by the *commission on teaching standards and practices* [~~state board of education~~] may voluntarily, at the holder's option, have any certificate, certificate endorsement or subject specialization deleted from the official certification record upon application, subject to the following provisions:

(1) The application shall be submitted to the *commission* [~~state board of education~~] on a form furnished by the *commission* [~~board~~]. The form shall include the information required by this section and the applicant shall verify the information by affidavit. The application must be submitted between September 1 and December 1 and shall become effective on the following July 1. If the requirements of this section are satisfied, the *commission* [~~state board of education~~] shall notify the applicant and the applicant's employing school or school district on or before February 1 following submission of the application, that the decertification has been approved.

(2) No portion of the certification shall be deleted for any subject or assignment in which the teacher has had experience during the three (3) year period preceding the request in an amount equivalent to one (1) year of full-time employment (140 days) during which at least one (1) period per day was in the subject or assignment corresponding to the portion of the certification requested for deletion.

(3) If the certification for classroom teaching at the secondary level is to be retained, at least one (1) teaching major or one (1) area of concentration must be retained.

(4) A certificate which is a prerequisite or a concurrent requirement to the issuance of another certificate or certificate endorsement held by the applicant must be retained.

(5) Applications for restoration of areas of certification deleted under this section shall be submitted to the *commission* [~~state board of education~~] showing restored competency and proficiency by completion of twelve (12) semester hours of credit pertinent to the deleted areas as prescribed by an institution approved for teacher education. A transcript or other appropriate verification of completion of the twelve (12) semester hours of credit from the institution approved for teacher education shall be accepted as evidence showing restoration of competency and proficiency in the areas of certification.

Section 17. KRS 161.100 is amended to read as follows:

When a district board of education satisfies the *commission on teaching standards and practices* [~~state board of education~~] that it is impossible to secure qualified teachers for a position in a school under the control of the district board, the *commission* [~~state board for elementary and secondary education~~] may[~~, on approval of the superintendent of public instruction,~~] issue emergency certificates to persons who meet the qualifications determined by the *commission* [~~state board for elementary and secondary education~~] for emergency certificates. An emergency certificate shall be valid only for the specific job for which issued and for the current school term. The *commission* [~~state board for elementary and secondary education~~] may require the passing of a written examination before an emergency certificate is issued. The examination shall be prepared and administered and the papers graded *by the commission* [~~in the state department of education under the direction of the superintendent of public instruction,~~] in accordance with rules and regulations approved by the *commission* [~~state board for elementary and secondary education~~].

Section 18. KRS 156.090 is amended to read as follows:

The *commission on teaching standards and practices and the* state board of education[~~, upon the recommendation of the superintendent of public instruction,~~] shall publish bulletins containing information on the kinds and grades of certificates issued, the rules and regulations governing the issuance of each kind and grade of certificate, schools offering teacher-training courses, the renewal of certificates, the transfer of certificates to and from other states, the acceptance of credentials from institutions of other states, and such other information relating to the training and certification of *professional educators* [~~teachers~~] as *they deem* [~~it deems~~] advisable.

Section 19. KRS 158.750 is amended to read as follows:

(1) [~~By January 1, 1987,~~] The state board of education shall assure that each pupil in the public schools of the Commonwealth is taught and is mastering the essential skills necessary to function in each basic skills area defined by KRS 158.650 to 158.730. The state board of education shall:

(a) [~~By July 15, 1984,~~] Determine the essential skills necessary for pupils to successfully complete each grade level. The essential skills shall be established for each of the basic skills areas established by KRS 158.650 to 158.730 for kindergarten and grades one (1) through twelve (12), though such essential skills established for kindergarten shall not be required for all the basic skills areas. Parents, teachers, administrators and representatives of groups interested in education shall be consulted in determining the essential skills. At least every four (4) years, the essential skills shall be reviewed and revised if necessary;

(b) Prior to the 1984-85 school year, disseminate the essential skills to local school districts and require the essential skills be taught to each pupil, at each grade level, in each public school;

(c) [~~By April 1, 1985,~~] Develop and disseminate tests to determine mastery of essential skills for mathematics and reading for each grade level to local school districts for administration prior to the end of the 1984-85 school year. Tests to determine mastery of essential skills for all basic skills areas set forth in KRS 158.650 to 158.730 shall be developed for each grade level and disseminated to all local school districts for administration prior to the end of the 1985-86 school year and after the one hundred and sixtieth (160th) day and before the one hundred and seventieth (170th) day of instruction in all school years thereafter through the 1987-88 school year. Following the complete testing and reporting cycle for 1987-88, requirements for administration, scoring and reporting of this test shall no longer be authorized without approval of the general assembly; and

(d) Score or cause to be scored all tests specified in paragraph (c) of this subsection, compile and analyze results, and assist local school districts interpreting tests results and in developing programs to improve academic performance. Students shall be classified as masters, partial masters and nonmasters of the essential skills.

(2) The superintendent shall report to the 1988 general assembly on the feasibility and advisability of administering the essential skills test at the beginning of the school year.

(3) Pupils identified as exceptional children pursuant to KRS 157.200 may be exempt from the requirements of this section if such exemption is in compliance with state board of education regulations and is recommended by the admissions and release committee. Exemptions shall be included in the pupil's individual educational plan.

(4) (a) Based on the results of the essential skills test, the department of education shall determine the number and type of units needed for each district to provide a remedial instruction program for the pupils who fail to meet mastery and notify the districts of their tentative allotment based on pupil need. In the event a greater number of units are needed than are appropriated in the biennial budget, the department of education shall adjust the allotment to districts in a manner which is proportionate to the need as indicated by the essential skills test results;

(b) Supplemental classroom units, to include only a salary allotment and current operating expense allotment, as defined in KRS 157.360, shall be allotted to local school districts to provide a remedial instruction program for each thirteen (13) pupils who at the end of their kindergarten, first, or second grade years are nonmasters of the essential skills as determined by state board of education regulations; and

The supplemental classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

Section 20. KRS 156.611 is amended to read as follows:

(1) The teaching fields of mathematics and science, staffed with teachers having a major or area of concentration in mathematics, biology, chemistry, earth science, physics, mathematics-physical sciences, natural sciences, or geology, are fields in which there exist critical shortages of teachers in grades seven (7) through twelve (12). It is hereby declared to be the intention of the general assembly to attract and retain qualified teachers to those fields by awarding incentive scholarships to persons declaring an intention to serve in such teaching fields and who actually render service to the Commonwealth in such fields while possessing a regular teaching certificate with an appropriate major or area of concentration.

(2) To the extent of appropriations available, persons enrolled at institutions of higher education approved by the state board of education to offer teacher education programs, who have been admitted to a teacher education program leading to a major or area of concentration as set forth in subsection (1) of this section, shall be eligible for student loans to be applied to the costs of their college education. Persons already certified, but who do not possess an appropriate major or area of concentration as set forth in subsection (1) of this section shall also qualify for such loans to obtain appropriate summer school credits at approved institutions.

(3) A student initially receiving a loan during his sophomore year shall be eligible for a maximum of three (3) annual loans. A junior establishing initial eligibility shall be eligible for a maximum of two (2) loans, and a senior shall be eligible for one (1) loan. Certified teachers attending summer school shall be eligible for loans for a maximum of three (3) summer school sessions.

(4) The maximum annual loan shall be set by the Kentucky higher education assistance authority at an amount not to exceed the average cost of room, board, tuition, and fees at the state-supported colleges and universities, except that a summer school loan shall equal one-third (1/3) of such amount for each summer school session attended.

(5) The loans of persons who actually render service as certified teachers in the Commonwealth for a major portion of the school day in the critical shortage fields recognized in subsection (1) of this section, for at least seventy (70) school days during each of six (6) school semesters immediately after obtaining an appropriate major or area of concentration, shall be converted to interest free scholarships. Conversion shall be based on two (2) semesters of service for each year a loan was received. One (1) semester of service is required for each loan for summer school attendance.

(6) Persons failing to complete an appropriate program of studies shall immediately become liable to the authority for the sum of all outstanding loans, except in the case of a deferral of debt for cause by the authority, after which period of deferral studies will be resumed. Persons failing to meet teaching requirements in any required semester shall immediately become liable to the authority for one-half (1/2) the amount of the corresponding loan received, except in the case of persons receiving loans for summer school attendance, who shall become liable for the amount of the loan applicable to a single summer school session, and except in the case of a deferral of debt for cause by the authority, after which period of deferral teaching duties required hereunder will be resumed. Persons liable for repayment of loans shall also be liable for interest for the entire period of the loan at a rate to be determined at the time the loan is granted.

(7) Any statutes to the contrary notwithstanding, a loan made pursuant to this section shall not be voidable by reason of the age of the borrower at the time of receiving the loan.

(8) Failure to repay any loan and interest that becomes due shall be cause for the revocation of a person's teaching certificate, subject to the procedures set forth *by the commission on teaching standards and practices* [~~in KRS 161.120~~].

(9) All loans and interest repaid to the Kentucky higher education assistance authority hereunder shall be added to the appropriations made for purposes of this section, and said appropriations shall not lapse.

(10) The authority shall promulgate regulations for administering this section. The authority shall execute appropriate contracts and promissory notes with loan recipients, and the authority may contract with any other appropriate organization or unit of government for the administration of this section.

(11) If insufficient funds are available for requested loans to qualified persons during any fiscal year, the authority shall make pro rata reductions in the loans made to qualifying applicants. Priority consideration shall be given to persons receiving previous loans and participating in the program. A local school district superintendent, who by statute is a state officer, shall not serve as a director or officer of a bank, trust company, or savings or loan association which has his school district funds on deposit.

Section 21. KRS 161.760 is amended to read as follows:

(1) Each board of education shall cause notice to be given annually not later than July 1 to each teacher who holds a contract valid for the succeeding school year, stating the best estimate as to the salary to be paid such teacher during such year. Such salary shall not be lower than the salary paid during the preceding school year unless such reduction be a part of a uniform plan affecting all teachers in the entire district, or unless there is a reduction of responsibilities. Nothing herein shall prevent increases of salary after the board's annual notice has been given. All teachers who refuse assignment shall notify the superintendent in writing not later than July 15.

(2) Transfer or change in appointment of teachers after July 15 shall be made only to fill vacancies created by illness, death or resignations; to reduce or increase personnel because of a shift in school population; to make personnel adjustments after consolidation or merger; or to assign personnel according to their certification pursuant to KRS 161.010 to *161.115* [~~161.120~~] and regulations adopted thereunder, provided, in the latter instance, that the teacher was appointed to a position outside his or her field of certification in the previous year.

(3) Upon recommendation of the superintendent and approval of the board of education reduction of responsibility for a teacher may be accompanied by a corresponding reduction in salary provided that written notification setting forth the specific reason or reasons for reduction in responsibility shall be furnished to the teacher not later than May 15.

(4) Employment of a teacher, under either a limited or a continuing contract, is employment in the school district only and not in a particular position or school.

Section 22. KRS 161.120 is amended to read as follows:

Any certificate issued under KRS 161.010 to 161.100, or any certificate or license issued under any previous law to superintendents, principals, [~~teachers,~~] supervisors, directors of pupil personnel or other administrative, supervisory [~~or instructional~~] employes may be revoked by the state board for elementary and secondary education, on the written recommendation of the superintendent of public instruction, for immorality, misconduct in office, incompetency or wilful neglect of duty, or upon the determination that a certificate applicant presented or declared false information toward obtaining the issuance or renewal of any type of teacher certification. Unless otherwise provided by the general assembly in a budget bill, the allotments of classroom units in this subsection shall be made on the average daily attendance for the end of the previous school year in public school grades kindergarten through twelve (12) except as provided in subsections (9) and (10) of this section.

(3) [~~(a) Effective until July 1, 1986, the superintendent of public instruction shall enforce maximum class sizes for every academic course requirement of the state board of education in kindergarten and grades one (1) through six (6) except in vocal and instrumental music, art, physical education and special education~~

~~classes. The maximum number of pupils enrolled in a class shall be calculated by adding four (4) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget. The superintendent of public instruction, upon approval of the state board of education, shall adopt regulations for enforcing this provision. These regulations shall include procedures whereby a superintendent may request an exemption from the state board of education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in kindergarten and grades one (1) through six (6).~~

~~(b)~~] Effective July 1, 1986, the superintendent of public instruction shall enforce maximum class sizes for every academic course requirement of the state board of education in kindergarten and grades one (1) through eight (8) except in [~~vocal and instrumental music, art,~~] physical education and special education classes. Except in classes combining pupils from two (2) or more grade levels, the maximum number of pupils enrolled in a class shall be calculated by adding three (3) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget in kindergarten and grades one (1) through six (6) and by adding four (4) to the average daily attendance figure upon which funding of the unit is appropriated in the biennial budget in grades seven (7) and eight (8). The superintendent of public instruction, upon approval of the state board of education, shall adopt regulations for enforcing this provision. These regulations shall include procedures whereby a superintendent may request an exemption from the state board of education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in kindergarten and grades one (1) through eight (8).

(4) In classes with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes.

(5) If a local school district through its admission and release committee determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such school or agency, contingent upon approval by the state superintendent of public instruction and pursuant to KRS 158.130.

(6) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers employed in such a center shall be considered as employes of each school district which is a party to the agreement.

(7) Allotments of classroom units except those allotted in accordance with subsection (8) of this section, shall be increased when the average daily attendance in kindergarten and grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in kindergarten and grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(8) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those allotted in accordance with subsection (7) of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(9) (a) Unless otherwise provided by the general assembly in a budget bill, in allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board of education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan

of vocational education as approved by the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(b) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the office of vocational education in the department of education. Salary allotments for vocational agriculture units shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(c) Each teacher of agriculture employed twelve (12) months per year shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include: a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the state department of education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the state superintendent of public instruction a completed report of summer tasks for each vocational agriculture teacher employed for twelve (12) months. Twenty percent (20%) of the approved twelve (12) month vocational agriculture programs shall be audited annually by the state department of education to determine that the summer plan has been properly executed.

(10) (a) Through the 1987-88 school year, one (1) classroom unit shall be included upon the employment of each teacher approved to teach exceptional children in accordance with the provisions of law and Kentucky administrative regulations of the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor;

(b) Effective with the 1988-89 school year and each year thereafter, one (1) classroom unit for exceptional children properly identified in the prior year in accordance with the provisions of law and Kentucky administrative regulations of the state board of education shall be allotted for each six (6) children identified as emotionally disturbed, hearing impaired, trainable mentally handicapped, or severely and profoundly mentally handicapped, each sixty (60) children identified as having communication disorders of speech and language but not counted in any other area of exceptionality, and each twelve (12) additional exceptional children in all other categories referenced in KRS 157.200. Portions of units shall be allotted by tenths of units when the number of children do not total the required number for a whole unit. Calculations for units for exceptional children shall not be based on average daily attendance. A local school district may organize and administer classroom units to best meet the needs of its exceptional children pursuant to KRS 157.224(2). The superintendent of public instruction shall enforce minimum and maximum class sizes as provided in administrative regulations. No local school district shall receive classroom units for exceptional children for more than fifteen percent (15%) of their prior year's average daily attendance for the 1988-89 school year and for more than twelve percent (12%) of their prior year's average daily attendance for the 1989-90 school year and each year thereafter without state board of education approval based on unique or unusual district characteristics including but not limited to federal census population being substantially higher than the district's student enrollment;

(c) In addition to the classroom units allotted in paragraphs (a) and (b) of this subsection, if a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390, a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for one hundred eighty-five (185) days plus the current expense and capital outlay allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit; and

(d) The superintendent of public instruction shall limit approval of additional private agencies for participation in state funding for the above-cited program to those funds appropriated for this purpose in each biennial budget.

(11) (a) In allotting classroom units for home and hospital instruction, one (1) unit excluding the capital outlay allotment, shall be allotted for each ten (10) children in average daily attendance in the current school year who have been properly identified according to state board of education regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the department of education; and

(b) Pursuant to regulations of the department of education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by regulation to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, a reasonable allotment for travel expenses to and from instructional assignments, but such formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the department of education.

(12) Unless otherwise provided by the general assembly in a budget bill, in allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2), (9), and (10) of this section shall be divided by nine (9) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(13) In allotting classroom units for supervisors of instruction, one-half (1/2) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), (9) and (10) of this section; one (1) unit shall be allotted each district which is allotted fifty (50) to one hundred (100) classroom units, one (1) unit shall be allotted for each one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

(14) Unless otherwise provided by the general assembly in a budget bill, in allotting classroom units for directors of pupil personnel, one (1) classroom unit shall be allotted each district which is allotted thirty-six (36) to one hundred sixty-five and nine-tenths (165.9) classroom units under subsection (2) of this section and a unit for each additional two hundred and sixty-six (266) classroom units or fraction thereof allotted under subsection (2) of this section. For districts having fewer than thirty-six (36) classroom units, a proportionate fraction of a classroom unit shall be allotted.

(15) In allotting classroom units for superintendent, one (1) unit shall be allotted each school district.

(16) In allotting classroom units for gifted and talented children, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for gifted and talented children. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without the approval of the governor.

(17) Effective with the 1988-89 school year and each year thereafter, in allotting classroom units for related services for exceptional children, one (1) classroom unit shall be allotted for each five hundred (500) exceptional children properly identified in the prior year in accordance with the provisions of law and Kentucky administrative regulations of the state board of education. Classroom units for related services for exceptional children shall be used for approved certified or licensed personnel to provide the support services required to assist exceptional children to benefit from special education. Units may be used for special education directors or supervisors certified in special education and personnel to conduct the related services defined in KRS 157.200(4). Units shall be allotted proportionately and districts may provide related services through joint agreements. Nothing in this subsection shall prohibit a district from using units generated in subsections (12) and (13) of this section for related services for exceptional children.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186.178 is amended to read as follows:

(1) Upon application and payment of an additional license fee of twenty-five dollars ($25.00) *per plate*, owners of motor vehicles required to be registered under the provisions of KRS 186.050(1) or (3)(a) who are duly elected members of the general assembly shall be issued *no more than two (2)* [~~an additional~~] five (5) year license *plates for use on no more than two (2) vehicles owned by the applicant, and the design of which, in lieu of the usual registration number, shall be as follows: the upper one fourth section shall indicate whether the applicant is a senator or representative (i.e. STATE SENATOR or STATE REPRESENTATIVE); the lower one fourth section shall have the word KENTUCKY and the licensing period for which the plate is issued; the remaining middle section shall have the seal of the Commonwealth of Kentucky on the far left and the district number of the applicant in the center* [~~plate upon which shall be inscribed, in lieu of the usual registration number, letters indicating whether applicant is a senator or representative followed by the number of applicant's senatorial or representative district (i.e. SENATE-38 or HOUSE-30), and in place of the county name, the word "LEGISLATURE," and the licensing period for which the plate is issued~~].

(2) Any person who has been sworn as a member of the general assembly, or who has received his certificate of election to the general assembly and whose election is not being challenged, may apply for the special legislative license plate authorized by this section, provided the term of office to which he was elected shall not expire before the end of the licensing period, and provided that he has complied with all other laws of this state relating to the registration and licensing of motor vehicles.

(3) Applications shall be filed with the county clerk of the county in which the legislator resides and the clerk shall forward the applications along with the *appropriate* [~~twenty-five dollar ($25)~~] fee promptly to the transportation cabinet, noting thereon the current registration number of the vehicle for which *a* [~~the~~] special legislative plate is being sought. The cabinet shall send the legislative plate to the county clerk in the county in which the applicant would be required to register his motor vehicle. The county clerk of the county of residence shall issue *the* [~~said~~] legislative license plate and receive thirteen dollars fifty cents ($13.50) *for each vehicle registered*, of which two dollars ($2) shall constitute the clerk's fee and eleven dollars fifty cents ($11.50) shall constitute the cabinet's fee. Annually thereafter upon application as provided above and after payment of twelve dollars fifty cents ($12.50) *per vehicle registered*, two dollars ($2) of which shall constitute the clerk's fee, the clerk shall issue a decal to renew the vehicle's registration. Such decal shall be affixed to the five (5) year registration plate.

(4) Upon the sale or transfer of a vehicle bearing such special legislative license plate, the owner shall remove same and return it and certificate of title and registration to the county clerk. The clerk shall issue a regular license plate and certificate of title and registration. This vehicle can then be transferred as provided in KRS Chapter 186.

(5) When *a* [~~said~~] legislative plate has been presented to the clerk, he shall reissue *it* [~~same~~] for a one dollar ($1) clerk's fee and free from payment to the transportation cabinet for use on any other vehicle owned by the same person purchasing the legislative plate for the current period. The license plate and decal on this other vehicle shall be turned in to the county clerk, who will forward the license plate to Frankfort.

(6) In the event *a* [~~the~~] legislative plate, within five (5) years of the date of its issue, deteriorates to the point where the inscriptions thereon are not discernible, the owner may obtain a replacement plate free of charge.

(7) Special legislative registration under this section shall expire on December 31 of the year purchased.

(8) The secretary of the transportation cabinet shall make such reasonable rules and regulations, and prescribe such forms, as are deemed necessary to further the purpose of this section.

(1) Any owner of a motor vehicle required to be registered under the provisions of KRS 186.050(1) or (3)(a), except taxicabs, airport limousines and U-Drive-Its, may, in addition to registration under KRS 186.050(1) or (3)(a), obtain a personalized license plate. A personalized plate shall not be issued unless an application accompanied by a fee of twenty-five dollars ($25.00) is received by the transportation cabinet on or before September 1 preceding the year in which the plate or renewal thereof is to be issued. Any payments required to be made under this section shall be in the form of a certified check, cashier's check or a money order. The application and the twenty-five dollar ($25) fee is to be forwarded immediately to the transportation cabinet. Personalized plates issued under this section expire December 31 each year.

No personalized plate shall be issued if, in the discretion of the cabinet, it carries such letter or number combinations which might carry connotations offensive to good taste and decency. The owner must make a new application and pay a new fee each year he desires to obtain a personalized plate. Once an owner obtains a personalized plate, he will have first priority on that plate for each of the following years that he makes timely and proper application. *All personalized license plates issued pursuant to this section after December 31, 1988, shall have the same design as the license plates described by KRS 186.240(4).*

(3) The cabinet shall send the personalized plate to the county clerk in the county in which the applicant would be required to register his motor vehicle. The county clerk of the county of residence shall issue said personalized license plate and receive thirteen dollars fifty cents ($13.50), of which two dollars ($2) shall constitute the clerk's fee and eleven dollars fifty cents ($11.50) shall constitute the cabinet's fee.

(4) (a) Upon the sale or transfer of such motor vehicle bearing such personalized plate, the owner shall remove same and return it and the certificate of title and registration to the county clerk. The clerk shall issue a regular license plate and certificate of title and registration. This vehicle can then be transferred as provided by KRS Chapter 186.

(b) When said personalized plate has been presented to the clerk, he shall reissue same free of charge by the transportation cabinet and upon payment of a one dollar ($1) clerk's fee, for use on any other vehicle of the same classification and category owned by the same person purchasing the personalized plate for the current license period. The license plate and decal on this other vehicle shall be turned in to the county clerk, who will forward the license plate to Frankfort.

(5) In the event a personalized plate deteriorates, if he has not transferred a vehicle during the current license period, the owner may obtain a regular plate free.

(6) The secretary of the transportation cabinet may make such rules and regulations as he deems necessary to further the purposes of this section.

HB 589. AN ACT relating to acquisition of natural areas and providing funding therefor.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 146 IS CREATED TO READ AS FOLLOWS:

The general assembly hereby recognizes the benefit to the citizens of Kentucky of the acquisition and maintenance of certain natural areas for use as state parks, recreation areas, state forests, nature preserves, wildlife management areas and wetlands. It is, therefore, in the public interest to promote and fund the conservation of such areas.

SECTION 2. A NEW SECTION OF KRS CHAPTER 146 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby established a Kentucky conservation and recreation land acquisition board, referred to hereafter as "the board", which shall administer the Kentucky conservation and recreation land acquisition fund established in this Act and shall administer and approve all grants payable from the fund. The board shall consist of the commissioner of the department of agriculture, the commissioner of the department of fish and wildlife resources, the director of the Kentucky nature preserves commission, the secretary of the natural resources and environmental protection cabinet and the secretary of the tourism cabinet or their appointees, and two (2) members from the public sector appointed by the governor. The board shall receive staff support from the department for local government in the finance and administration cabinet.

(2) The board, in conjunction with the department for local government, shall promulgate such administrative regulations as are deemed necessary for application for funds from state agencies, review of proposed projects and approval of grants. Grants shall be made in amounts, for purposes, and to such state agencies as the board shall select. In choosing among competing purposes or expenditures, the board shall be guided by the principles set forth in the Kentucky statewide comprehensive outdoor recreation plan. The board shall either allow monies paid into the fund to accumulate or shall expend the whole or any part of the principal. The board shall use the fund to take advantage of federal or private funds available on a matching basis.

(3) Upon application to the board, cities and counties that experience lost property tax revenues from property rendered tax-exempt pursuant to this Act shall receive annual reimbursement from the fund in the amount of the lost revenue up to three hundred thousand dollars ($300,000). In any year in which funds are not available to fully reimburse such cities and counties, the board shall make payments on a proportional basis.

SECTION 3. A NEW SECTION OF KRS CHAPTER 146 IS CREATED TO READ AS FOLLOWS:

As used in this Act, the areas to be acquired and maintained shall be defined as follows:

(1) "Natural area" means any area of land and water in public or private ownership, which either retains or has reestablished to some degree in the judgment of the board its natural character, though it need not be completely natural or undisturbed, or which has natural flora, fauna, biological, ecological, geological, scenic or archaeological features for scientific research, education, aesthetic enjoyment and habitat for plant and animal species and other natural objects.

(2) "Wetlands" means land that has a predominance of hydric soils and is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support, and that under normal circumstances does support, a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions.

SECTION 4. A NEW SECTION OF KRS CHAPTER 146 IS CREATED TO READ AS FOLLOWS:

State agencies may acquire natural areas and wetlands as defined in this Act as well as acquire access and buffer land deemed necessary by the Kentucky conservation and recreation land acquisition board established by this Act. Acquisition of land and expenditure of maintenance funds using proceeds provided by this Act or from other sources shall be approved by the board prior to such action.

SECTION 5. A NEW SECTION OF KRS CHAPTER 146 IS CREATED TO READ AS FOLLOWS:

(1) There is hereby established in the state treasury a fund entitled "Kentucky conservation and recreation land acquisition fund." The fund shall primarily receive monies from the real estate transfer tax as provided herein but may also receive state appropriations, gifts, grants, federal funds and tax receipts. The fund shall be disbursed by the state treasurer upon the warrant of the secretary of the finance and administration cabinet.

(2) Monies in the fund shall be used exclusively for the purposes set out in this Act and as deemed appropriate by the Kentucky conservation and recreation land acquisition board established herein.

(3) Monies in the fund shall not lapse at the end of the fiscal year. Any investment income accruing to the fund shall also remain in the fund at the end of the fiscal year and be available for expenditure as deemed appropriate by the board.

Section 6. KRS 142.050 is amended to read as follows:

(1) As used in this section, unless the context otherwise requires:

(a) "Deed" means any document, instrument or writing (other than a will and other than a lease or easement), regardless of where made, executed or delivered whereby any real property in Kentucky, or any interest therein, is conveyed, vested, granted, bargained, sold, transferred or assigned.

(b) "Value" means:

1. In the case of any deed not a gift, the amount of the full actual consideration therefor, paid or to be paid, including the amount of any lien or liens thereon; and

2. In the case of a gift, or any deed with nominal consideration or without stated consideration, the estimated price the property would bring in an open market and under the then prevailing market conditions in a sale between a willing seller and a willing buyer, both conversant with the property and with prevailing general price levels.

(2) A tax upon the grantor named in the deed is imposed at the rate of *one dollar ($1.00)* [~~fifty cents (50)~~] for each $500 of value or fraction thereof, which value is declared in the deed upon the privilege of transferring title to real property.

(3) (a) If any deed evidencing a transfer of title subject to the tax herein imposed is offered for recordation, the county clerk shall ascertain and compute the amount of the tax due thereon and shall collect such amount as prerequisite to acceptance of the deed for recordation.

(b) The amount of tax shall be computed on the basis of the value of the transferred property as set forth in the deed.

(c) The tax required to be levied by this section shall be collected only once on each transaction and in the county in which the deed is required to be recorded by KRS 382.110(1).

(4) The county clerk shall collect the amount due and certify the date of payment and the amount of collection on the deed. The county clerk shall retain five percent (5%) as his fee for collection and remit [~~the balance~~] every three (3) months *one-half (1/2) of the balance* to the county treasurer, who shall deposit the money in the county general fund *and one-half (1/2) of the balance to the secretary of revenue who shall deposit the monies as they are received into the Kentucky conservation and recreation land acquisition fund.*

(5) The revenue cabinet may prescribe such rules and regulations as it may deem necessary to carry out the purposes of this section.

(6) Any county clerk who willfully shall record any deed upon which a tax is imposed by this section without collecting the proper amount of tax and certifying the date and amount of collection on the deed as required by this section based on the declared value indicated in the affidavit appended to such deed shall, upon conviction, be fined $50 for each offense.

(7) Any person who shall present for recording any deed which contains a false statement of the full actual consideration, or who shall execute an affidavit which contains a false statement of the full actual consideration or, in the case of a gift, the full estimated value of the property, shall, upon conviction, be subject to a fine of not more than $100 or to imprisonment for not more than thirty (30) days or to both such fine and imprisonment for each offense.

(8) The tax imposed by this section shall not apply to a transfer of title:

(a) Recorded prior to March 27, 1968;

(b) To (in the event of a deed of gift or deed with nominal consideration) or from the United States of America, this state, any city or county within this state, or any instrumentality, agency, or subdivision hereof;

(2) Any county clerk who fails to pay over any taxes collected by him on motor vehicles as required by subsection (1) of this section shall be required to pay a penalty of one percent (1%) for each thirty (30) day period or fraction thereof, plus interest at the legal rate per annum of such taxes.

(3) The county clerk may be granted an extension, not to exceed fifteen (15) days, for filing the monthly report to each district required by this section.

(4) In the event a motor vehicle is registered in a county other than that in which the vehicle had a taxable situs as of the most recent assessment date, the county clerk in the new county of registration shall be charged with collecting the ad valorem taxes due for the state, county, city, urban-county government, school and special tax districts in which the vehicle had situs. (6) The cabinet shall provide procedures governing receipt and disbursement of all moneys collected under subsections (4) and (5) of this section.

Section 2. KRS 160.500 is amended to read as follows:

(1) School taxes shall be collected by the sheriff for county school districts and by the regular tax collector of the city or special tax collector for the independent school districts at the same time and in the same manner as other local taxes are collected, except as provided in this section and in KRS 160.510. The bond of the regular or special tax collector shall be made to cover his duties as the tax collector of the school district or districts for which he collects taxes. The tax collector shall be entitled to a fee equal to his expense but not less than one and one-half percent (1 1/2%) and not to exceed the rate of four percent (4%) for the collection of school taxes, which fee may be charged only for collecting or receiving school taxes or school funds received from the local school levy. No allowance shall be made for the collection of school taxes to any collecting officer who continues to collect taxes after his term that would not be allowed him had he collected the taxes during his term.

(2) An independent school district may select a special tax collector to collect its school taxes, and in the event such independent school district does so select a special tax collector, a majority of the members of the independent school district board of education shall fix a fee for such special tax collector at a rate of not less than one and one-half percent (1 1/2%) and not more than four percent (4%) of the school taxes or school funds collected by such special tax collector from the local school levy in such independent school district. The special tax collector shall be required to execute bond in the same manner as provided in KRS 160.560 for the execution of a treasurer's bond, and the penal sum of the bond shall not be less than the

The clerk shall be allowed a fee not to exceed three cents (3) for each separate school tax bill, to be paid by the independent district board of education.

(4) The county clerk shall be the ad valorem tax collector for motor vehicle taxes for county and independent school districts, and shall be allowed a commission of *four percent (4%)* [~~two percent (2%)~~] of all such moneys collected for any school district, *which commission shall be deducted monthly before payment to the depository of the district board of education.*

(5) For collections related to January 1, 1984 assessments other than motor vehicles, no county or independent school district shall fix a fee for the sheriff or special tax collector at a lesser percentage rate than was fixed in the prior year.

Section 3. KRS 160.510 is amended to read as follows:

The tax collector shall, on or before the tenth day of each month, pay to the depository of the district board of education the amount of school tax collected up to and including the last day of the preceding month, *less the collection fee of the tax collector, which shall be deducted before payment to the depository of the district board of education.* The amount so paid together with the classes of property from which it was received shall be reported in writing to the treasurer of the board. The report shall be accompanied by a duplicate of the receipt for the money given to the tax collector by the depository. The tax collector shall make final settlement with the district board of education at the same time he makes final settlement with the local taxing authority to which he is responsible. Blanks for such purposes shall be furnished by the state board of education.

HB 635, AN ACT relating to water districts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 74 IS CREATED TO READ AS FOLLOWS:

This section establishes the procedure whereby the governing bodies which control the area of a water district may elect to regulate the affairs of the district in lieu of state regulation by the public service commission.

(1) As used in this section:

(a) The term "district" or "water district" means any special district organized under this chapter, including districts or commissions which provide water, sewer, gas, or any combination of these services; and

(b) The term "governing body" means the fiscal court of a county or the legislative body of a city.

(2) The board of commissioners of the water district may, upon its own motion, or at the request of a fiscal court which governs all or part of the area of the district, undertake an investigation of the feasibility and desirability of transfering regulatory responsibility for the district from the state public service commission to local government. The investigation shall consider, but not by way of limitation, the cost of regulation and the timeliness of decisions, the need for and availability of professional expertise within the regulatory body, and the effect of a transfer, if any, on customers' bills. If the board of commissioners concludes from its investigation that the district and its customers will benefit from a transfer to local regulation, it shall present its recommendations to the governing body or bodies which control the territory of the water district. The board of commissioners shall present a written report with its recommendations, containing the findings of its investigation, a plan for local regulation of the water district in accordance with subsections (4) and (5) of this section, and such other facts or studies as may help the local governing bodies to formulate a proper decision regarding the transfer of regulatory control.

(3) Upon receipt of the written report and recommendations of the water district board, the fiscal court of a water district which lies entirely within one (1) county shall schedule a public hearing on the matter of assuming local regulatory control over the water district, shall notify the public service commission, and shall advertise the hearing as provided in KRS 424.130. If the water district extends into more than one (1) county, or includes an incorporated city, the governing bodies may elect to hold a single combined hearing on the proposal.

(4) If the whole area of the water district lies within the unincorporated area of one (1) county, and the fiscal court determines to undertake regulation of the district, the fiscal court may, by ordinance, place the water district under its jurisdiction for a renewable period of ten (10) years. The ordinance shall at minimum set out the procedures for fiscal court approval of district utility rates, service expansions and financing, and shall provide for adequate public notice of any proposed action, a procedure to determine when public hearings will be held, and a procedure to resolve disputes between the district and utility customers.

(5) If the water district extends beyond the area of a single county, or includes the area of an incorporated city, then the local governing bodies may enter into a joint agreement as provided by KRS 65.210 to 65.300 to regulate the water district. The agreement shall be enacted by ordinance by each governing body which controls an area within the boundaries of the water district. The agreement may specify that the regulation of the water district shall be undertaken by one (1) county fiscal court on behalf of the several governing bodies, or by a body comprised of the whole membership of the governing bodies, but shall not create a board or commission to regulate the district. The agreement shall at minimum set out the procedures for local government approval of the district utility rates, service, expansions, and financing, for a renewable term of ten (10) years, shall provide for adequate public notice of any proposed action, a procedure to determine when public hearings will be held, and a procedure to resolve disputes between the district and utility customers.

(6) Upon final enactment of the ordinance or joint agreement, the public service commission shall be notified of the action, and asked to release the water district from its jurisdiction on the effective date of the ordinance, which shall be ninety (90) days after final passage unless a later date is specified in the ordinance. Upon receipt of notice, the public service commission shall take the necessary steps to remove the water district from its regulation and to transfer such documents as are requested to the new regulatory body.

(7) The provisions of this section refer only to regulation by the public service commission of Kentucky under KRS Chapter 278, and do not affect the responsibility of other state agencies to inspect, oversee, or regulate any water district operation.

Section 2. KRS 278.015 is amended to read as follows:

Unless the local legislative body or bodies which govern the area served by a water district elect to regulate the district under Section 1 of this Act, [~~Notwithstanding any of the provisions of KRS Chapter 74~~] any water district, combined water, gas or sewer district, or water commission shall be a public utility and shall be subject to the jurisdiction of the public service commission in the same manner and to the same extent as any other utility as defined in KRS 278.010, except when a wholesale supplier selling water to a water district, combined water, gas or sewer district, or water commission increases its rates, the water district, combined water, gas or sewer district shall have the authority to increase its rates commensurate with the wholesale supplier without prior approval by the commission. Within twenty (20) days after any such increase in rates, the district shall file its revised tariffs with the commission, together with a copy of the notice from its wholesale supplier showing the increase in the rate charged to the utility, and a statement of the volume of purchased water used to calculate the increase in rates. The commission shall approve the filing or establish revised rates by order no later than thirty (30) days after the above documents are filed with it. Prior to or at the time of the first billing of the new rates, the district shall give notice to its customers of the increase.

HB 644, AN ACT relating to community action agencies.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 273.415 is amended to read as follows:

(1) A community action agency shall be organized and shall operate subject to the provisions of KRS 273.405 to 273.453. To the extent KRS 273.405 to 273.453 are inconsistent with the provisions of this chapter, the provisions of KRS 273.405 to 273.453 shall be controlling.

(2) A community action agency shall be organized and operate subject to the provisions of KRS 65.210 through 65.300 and KRS 273.405 to 273.453.

(3) One (1) or more community action agencies may form a separate organization to provide a specific service that would be otherwise unavailable to low income persons within the community action agencies' service area. The board of any organization so formed shall include local elected officials from the service area, representatives of the private sector in the service area and representatives of the community action agencies in the service area to ensure the representation of the low income and target residents. Any organization so formed, serving as an instrumentality of one (1) or more community action agencies, shall be eligible for associate membership in any association of community action agencies consistent with group bylaws, and shall be eligible for benefits such as group insurance and retirement programs for which community action agencies are eligible, subject to approval by the association.

When property is returned to an owner pursuant to this section and its identity has been obscured by another person in violation of KRS 514.120 the court shall provide a document to the owner relieving him of liability for its continued possession. This document shall serve as evidence of compliance with KRS 514.120 by the owner or any person to whom he lawfully disposes of the property.
